REIDSVILLE, N. C.

"THE FRIENDLY AND LUCKY CITY"

In the Piedmont section of North Carolina, nestled among the rolling hills and green forests, stands the city of Reidsville, one of the state's most progressive cities.

The outgrowth of a settlement which began in 1815 and named for former Governor of North Carolina, David Reid. Reidsville is recognized for its industrial, agricultural and cultural life.

Located in the northern part of the state near the Virginia line, Reidsville is unusually free from climatic extremes and disturbances. It has a mean annual temperature of 60.3 degrees and an average rainfall of 41.58 inches.

Scales St. Looking North

Reidsville is located on U. S. Highways No. 29 and No. 158 and on the main line of the Southern Railway, therefore is easily accessible to farmers, merchants and consumers. The credit bureau and utilities reveals that trade is drawn from about three-fourths of Rockingham County. The city is one of the states ranking ports of entry. Official 1950

(Continued from Page 7)

Government Census shows the population within the city limits as 11,708. The township is estimated at 18,025.

Rockingham County, of which Reidsville is the principal city, ranks 13th in the Piedmont section with consumer purchases and payrolls. There are over 300 wholesale and retail establishments in Reidsville covering over 30 city blocks.

The city is located in an area which produces the world's finest cigarette tobacco and is one of the largest tobacco manufacturing centers of the nation. It is also one of the larger tobacco market centers; having six large warehouses where sales are conducted each year beginning in mid-September and continuing until December, paying out 13 million dollars in 1950 to the growers. Although tobacco ranks number one both agriculturally and industrially in Reidsville no single unit of industry has grown to over-balance economy. In addition to the cigarette manufacturers there are manufacturers of batteries, cloth bags, ladies' hose, chemicals, textiles, bed spreads, bakery products and picker sticks.

Municipal Building

Principal raw materials in the area in addition to tobacco include corn, grain and forage crops, short leaf pine, upland oaks and other hard woods.

The Reidsville City school system is composed of four elementary schools for white and two for colored; one high school for white and one

(Continued on Page 10)

(Continued From Page 9)

for colored. Both high schools are accredited by the Southern Association of Colleges and Secondary Schools.

The recreation department of the city operates three parks for white and one for colored, with four white and three colored playgrounds being opened during the summer months under the supervision of Senior and Junior playground supervisors. Other recreational activities consist of basketball, baseball, football, golf, fishing and theaters. Concerts, plays, art displays and numerous associations and civic clubs contribute to the culture of the city. Eleven religious denominations are represented here.

The city supports a newspaper, published five days weekly and two radio stations.

There are fourteen medical men including the professions of internal medicine, ear, eye, nose and throat specialists, pediatricians and surgeons plus six dentists. Facilities are being increased at the Annie Penn Memorial Hospital to accommodate 125 beds.

Operating under the sanitation code of North Carolina, Reidsville maintains water and power plants, police, fire and welfare departments of high efficiency and merit. Its telephone facilities and service ranks with the best in the state.

U. S. Post Office

In addition to its favored geographical location, its unusual climatic and natural advantages, thriving industrial and agricultural life, and civic and cultural resources, Reidsville is noted for its friendliness and hospitality.. A warm and sincere welcome awaits those who visit "The Lucky City."

MILLER'S
Street Directory
—OF—
REIDSVILLE, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. VII 1952-1953 VOL. VII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◉)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers ,rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
