

From one old friend to another

John it was great hearing from you and the pictures which I appreciate!

From Ft. Easter - I went to VPI staging area for ASTP (Army Spec. Trng) from there - I went to Clark Univ - Worcester, Mass with 18 other Greek speaking guys - 14 months there studying Greek language, politics, & geography with idea of being used in the invasion of Greece - But then the British wanted the invasion of Greece - So - we were sent to Burma - with the 3101 Sig. Serv. Bn. until March 1946 - Not too bad - we were lucky - the Japs were on the run when we got there - stayed there until Mar 1946 when discharged -

Am running my father's "restaurant" (hot dog stand) but my son is taking it over now - Have been most fortunate have 5 children - all graduates of CMU 16 grand children - all living in Burlington - Am devoting my time to my wife & Golf.

If ever up this way, please stop.
We are only 5 min. from J-85. Would
like to see you.

Hope you have a nice
Xmas & Happy New Year
