BITS OF NEWS FROM HOME

The delay in getting out this news sheet is not due to procrastination. The cause comes under the caption of the hackneyed phrase "circumstances beyond our control" - - the War Bond Drive and absenteeism due to sickness - - Frances Griggs for a foot operation, Mary Harvey Ruffin, Lalia Boyette, Louise McCraw, Mrs. Ham, and Mrs. Flowers all out during the past two weeks with 'flu. Mrs. Flowers is yet sick. But even so we were thinking of you and gathering the "bits of news" to pass on to you.

NEWS AROUND TOWN: The Golden Weed Grill has been damaged considerably by fire due to an oil stove explosion but will be reopened at an early date ... The American Legion Auxiliary sponsored a dance at the Country Club last night for the Air Cadets from Seymour Johnson Field ... We hope the ground hog is not a liar. He didn't see his shadow on February 2nd so maybe the winter weather is gone ... Mr. & Mrs. Ed Warren have just returned from St. Petersburg, Florida, attending the graduation of Edward, Jr., from primary air training. While in St. Petersburg they saw J. D. "Nossie" Batts who is in the Maritime Service and also Lt. and Mrs. Doyle Mooro ... The picture "Guadalcanal Diary" was shown at the Wilson theater a few days ago. You will be interested to know Lt. James Burlon Lamm and Sgt. Walter Lee Kelly had parts in the picture. Lt. Lamm is now oversoas with the Marines in the Southwest Pacific. Sgt. Kelly is stationed in California training marines in combat tactics. Sgt. Kelly has also appeared in another picture "Gungho". This picture has not been shown in Wilson yet ... Last week we had a show which probably is common-place with many of you, however, it was quite interesting to us. Around seventy-five planes pulling gliders passed over Wilson at Night. The flight was rountine training for glider pilots and paratroopers from Camp Mackall ... Miss Carol Bissett has been elected chairman of the Camp Mackall ... Miss Carol Bissett has been elected chairman of the annual Junior-Senior prom at the Woman's College ... A day or two ago the Carolina Theatre was showing the picture "Union Pacific" in which Robert Preston appeared. A young man in the air corps uniform walked up to the box office and inquired "How is the show?" The young lady at the box office assured him it was a good picture. You have guess right. It was Robert Preston himself who is stationed at Seymour Johnson Field. Incidentally Tony Martin is a frequent visitor to Wilson ... "Doc" Dunn, service officer for the American Legion, is a busy man nowadays assisting discharged World War II veterans in filing their applications for mustering out pay. It is reported he has already handled around 200 applications ... Someone must have been badly disappointed last week when the Black Creek A.B.C. store was broken into and twenty five cases taken. There was not a drop of whiskey in the whole lot. It was all wine, rum and brandy ... Mr. Fred Flowers was elected head of the Wilson Duke alumni last wock ... At last it appears Wilson will have a firstclass airport. As you probably know, the Navy leased the property sometime ago to be used as an auxiliary to the Cherry Point Marine Base. This week the contract was awarded at a cost of \$1,157,000. The job is to be finished in 120 days ... Wilson will soon have a frozen locker plant which is badly needed ... The Education Building of the Christian Church was dedicated at special services last Sunday ... The President's Ball under the direction of Dr. Pittman was a grand success. Over \$3,000 was raised ... The presentation of the "A" award to Wilson County was a gala event last week. Mr. Josephus Daniels was the main speaker and music

was furnished by the Seventh Air Corps band from Seymour Johnson Field. Hundreds of people were here for the event ... Wilson County oversubscribed its quota in the Fourth War Loan Campaign. This gives us a perfect record for over-subscribing in every campaign. The merchants purchased a \$1,000 war bond to be given to a lucky employee. The employed were given tickets each time \$200.00 in bonds were sold. The drawing for the lucky number was held last Tuesday night and Mrs. W. E. Jordan, Jr., nee Blanche Riley, received the bond. Incidentally, the merchants and employees exceeded their quota by \$90,000. Stantonsburg School was the first school in the County to reach its quota of \$43,000. A bond auction was conducted by the Business & Professional Womens Club last week. A jar of watermellon pickle, the favorite of Captain E. D. Winstead was donated by Mrs. F. J. Winstead in honor of him, who is now a prisoner of the Japs and was one of the heroes of Bataan. This small bottle of pickle sold for some over \$3,000. By the way, John Thomas created quite a bit of excitement (resentment) in advertising the war bond auction when he stated a live baby would be sold. Practically everyone accepted the story as written and were highly indignant. Of course the live baby turned out to be a small black pig ... Under the leadership of Mr. P. T. Watson scouting is really making progress. Troops have recently been formed at Saratoga, with Charlie Taylor as scout master, and another at Five Points with Richard J. Downing as scout master. The annual Boy Scout anniversary program last week included the father and son box supper, a window decoration contest, a rally at the Atlantic Christian College and a special service at the First Baptist Church last Sunday ... Several cables were sent from Wilson this week to the Wilson County boys in England who were meeting for their second time in London. We truly hope all the boys from this section were present for we know all truly hope all the boys from this section were present for we know all of them had a good time exchanging experiences. Announcement of this meeting was made in all the local churches Sunday and Wilsonians were urged to pause briefly at 2:00 Tuesday afternoon in tribute to our boys all over the world ... Under a Washington date line a few days ago was a story to the effect that American veterans of long hitches in World War II may soon be coming home on furloughs under a "troop rotation" plan to be inaugurated by the War Department. We hope this plan works out and many of you will soon be coming home for a visit ... A few days ago an Associated Press picture appeared in the Daily Times showing a group of soldiers and Wacs in England. Mrs. J. K. Liles recognized her son, Sgt. Tommie Liles, as being one of the group. Pfc. J. K.Liles, Jr. is in the Southwest Pacific with the Warines and Lt. Jimmie Liles is serving in Washington, D. C. ...
