Never away from you, but always near, always here

Not ever gone, but just moved on,

You see life and death is all in one.

What we feel for one another, is truly beautiful

Let me hold you and comfort your sadness

You're sad simply because of me.

Think of the lives I touched, of the hearts I've helped

The footprints of my life, impressed upon many souls

Know I'm here and there, still watching more so ever caring

I've not left you, just moved on.
