

CONGRATULATIONS on
your ownership of a
Josten emblem. It has been
created especially for you
by the finest designers and
craftsmen in America. You
may wear it with a feeling
of deep pride and distinc-
tion.

INTO its fashioning have gone fifty years of Josten experience in developing and refining the ancient jewelry crafts. Sometime you may own a more expensive piece of jewelry, but never a finer one.

YOU will wish to give this valuable art creation proper care. Jewelry by Josten's is of finest quality and, if treated as you would any valuable possession, will give many years of pleasure and service.

DEFFECTS in workmanship or material will be cheerfully corrected. Rings damaged by the owner will be repaired at actual cost. Through the years Josten's has stressed beauty, quality, and customer satisfaction above all else.

LABORATORY chemicals will destroy color and finish of precious metals. Gold will bend. Stones and enamels will chip or break if subjected to hard blows. Remove your ring before participating in activities that will damage it.

WE are privileged to
count you as one of
our valued customers. If you
wish to write us, please
address correspondence to
