## TO LEGENDARY OCRACOE ISLAND:

You fly there in ten minutes.

A four-wheel-drive jeep, with experienced guide meets the plane and takes you fishing, hunting, sightseeing, beachcombing or picture taking.

You can find plenty of wild horses, old shipwreck hulks or just plain beauty of beach sand and blue water.

You can stay an hour or all day and the price is the same, \$8.00 per person. This price is realistic and well within everybody's budget limitations.

## TO THOSE ADVENTURERS

Whose temperament drives them to wild places

comes abundant reward in the form of bizarre and beautiful beach findings. We are experienced in guiding you where beachcombing is best.

## ONE OTHER THING:
