SYNOPSIS OF PLAY

Maxine Lowe is on trial for her life for the murder of her husband. She is defended by an untried attorney and has against her the great talents of the prosecuting attorney, ably abetted by a girl lawyer, fresh out of law school. From the very first, it seems like an open and shut case, but something in Maxine catches the sympathy of the girl prosecutor; then, as the young attorney for the defense continues his probing, events begin to break. When things look blackest for Maxine, a surprise witness takes the stand, and the mysterious past begins to clear up.
