PREFACE

FURNISHED BY THE BOARD OF TRADE

Burlington, N. C.

Burlington is the chief town of Alamance county. It is situated in the center of the county. It is 21 miles east of Greensboro and 50 miles from Raleigh, the State capital; and on the main line of the Southern Railroad from Greensboro to Goldsboro. We have a population of 6,000, with an immediate population of 5,000 more. It is surrounded by small towns and mill villages as follows: Hopedale, Carolina, Glencoe, Alamance, and Osceola, thriving little towns in which are located large cotton mills employing hundreds of hands, Burlington being the trading center and post office for same. We have an active little city with every part of it throbbing and vibrating with industrial and commercial development. Graded Schools, churches, private schools, newspapers, telegraph and telephone lines, electric lights, railroads, and within a few months, street car lines (the survey has been completed and construction begun), and these keep us in line of modern progress.

Ours is mainly an industrial city. We have five large cotton mills with 50,000 spindles and 2,000 looms, employing 2,500 people; we have three knitting mills which employ over 300 people; we have one of the largest overall and shirt factories in the South employing hundreds of skilled workmen; we have a steel bridge plant covering an area of thousands of feet and working hundreds of skilled men; several enormous wood working plants which consume millions of feet of lumber per week; large machine shops and foundries; an extensive plant for the manufacture of coffins and caskets; large roller flouring mills; strong financial institutions; building and loan company; insurance, loan and real estate companies; wholesale stores, and large retail dry goods, clothing, hardware and implement dealers; drug stores, sewing machine and music stores; in full, the departments of commerce are represented fully in our town.

The total value of real and personal property in the city of Burlington is about \$3,000,000.00. This rate is, for general city purposes, 40 cents on the \$100; and 30 cents on the \$100 for school purposes. We have a large and excellent electric light plant owned and operated by the city; we have water works and a good fire department, thus giving us efficient fire protection.

Our people are a working people and you never see any idle persons, no matter what their financial standing may be.

The living expenses in Burlington, as in the whole county, are very low. Small farms surrounding the city furnish fresh vegetables, chickens, eggs, and convenient dairies supply the market with delicious butter and milk, all at sur-

PIEDMONT DIRECTORY CO.

INCORPORATED

Home Office

ASHEVILLE, NORTH CAROLINA

WE PUBLISH DIRECTORIES—not only in cities and towns throughout the great Piedmont section of the Carolinas and Georgia, but in Tennessee and the Virginias. Directories are for the good of the public and should be supported by every business man and public-spirited citizen, they advertise to the world your city as well as your business. A man is often judged by his clothes; so is a city often judged by its directory. A directory filled with advertisements is a splendid advertisement for your city as well as your business.

E. H. MILLER, Manager.

Manufacturers and Jobbers in

Electric Lighting Fixtures

WE carry a large and complete stock of high grade electric fixtures, consisting of ceiling lights and chandeliers, porch and den lanterns, brackets, reading lamps, portables, art glass shades, etc. :: Latest designs, finest finishes.

Why you Save in Buying from Us:

Because we manufacture many of our fixtures and also purchase in large quantities, enabling us to give you prices far below that at which your dealer or electrician will purchase in small quantities.

We supply our Fixtures complete (except lamps) and ready for placing. We have no extras other than charge for additional lengths for ceiling fixtures.

Home Office

ASHEVILLE, NORTH CAROLINA

WE PUBLISH DIRECTORIES—not only in cities and towns throughout the great Piedmont section of the Carolinas and Georgia, but in Tennessee and the Virginias. Directories are for the good of the public and should be supported by every business man and public-spirited citizen, they advertise to the world your city as well as your business. A man is often judged by his clothes; so is a city often judged by its directory. A directory filled with advertisements is a splendid advertisement for your city as well as your business.

prisingly low prices. House rent is reasonable, and good comfortable houses can always be secured.

Our city is situated about 1,500 feet above the sea level, thus securing an atmosphere that is delightful. The water is as clear as crystal and in summer is as cold as the famous mountain water.

ALAMANCE COUNTY

The value of real estate in the county is five million dollars and the value of personal property over two million. The county tax rate is 20 cents on the \$100. We have a small bonded debt which is being paid off annually by a sinking fund. A trunk line of the Southern Railway runs through the whole county. Our climate is one of the finest in the world, and contagious and epidemic diseases cannot exist. We have mild winters and pleasant summers. The drinking water is as clear as crystal, and very pure. Telephone and telegraph lines traverse the entire county and each neighborhood village and town is connected by wire. The call of the farmer boy as he tills the soil; the whirl of the machinery of the numerous factories; the mew of the cattle on a hundred hills, is the music that shows that steady onward march of our agricultural and industrial life, and join with us in a call to the stranger that shall read this to come among us and share with us in developing the greatest country that God ever gave to man.

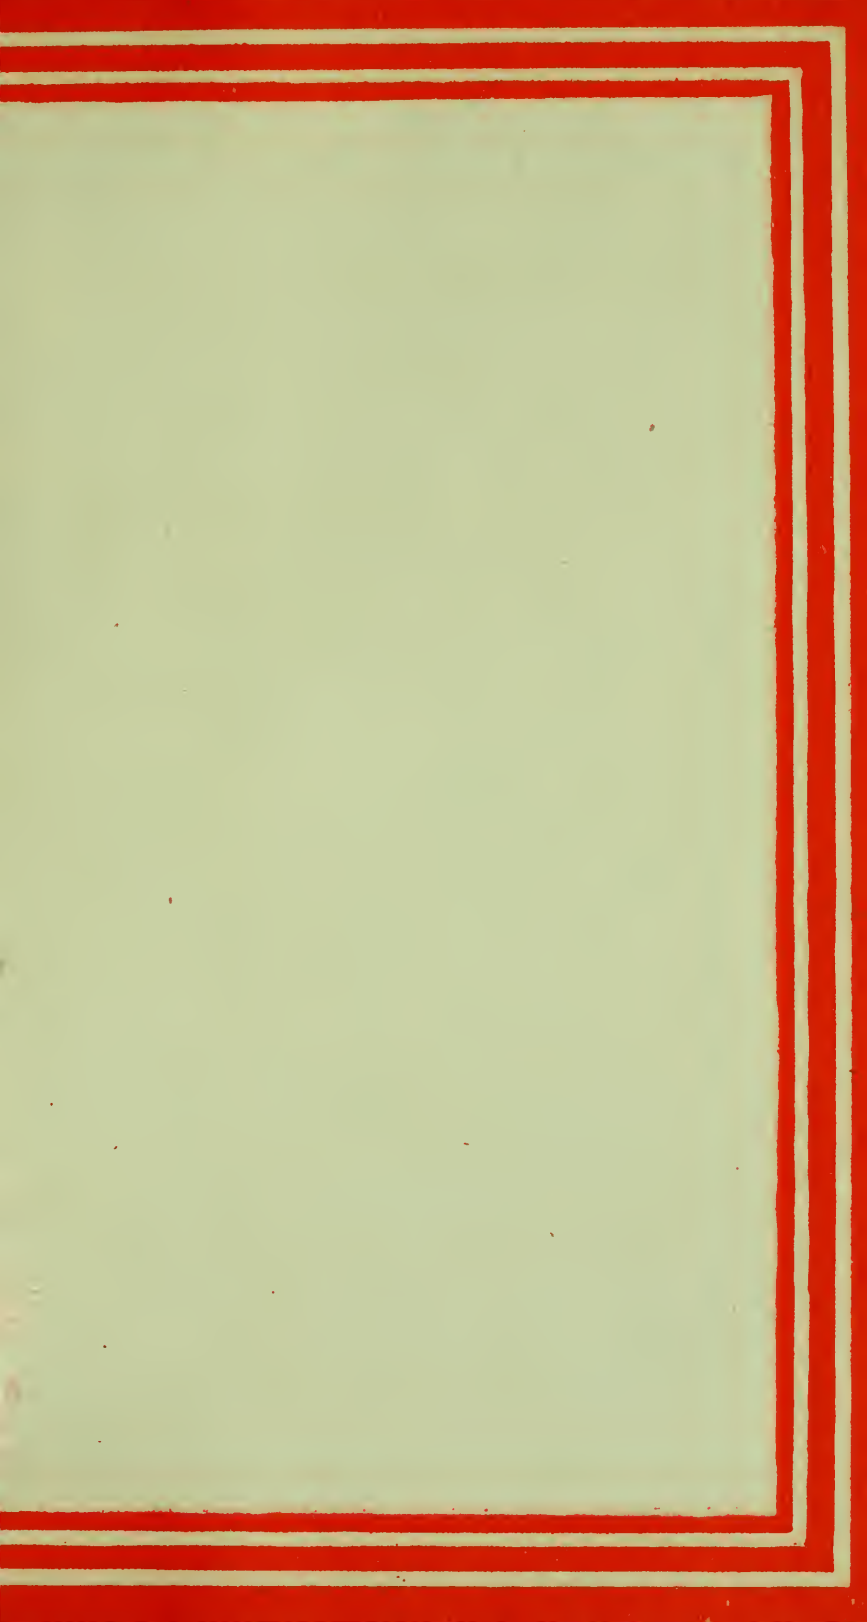

We have five nice towns in the county, besides a large number of mill villages where stores and handsome residences are located. The towns are as follows: Burlington, with a population of 6,000; Graham, with a population of 3,000; Haw River, with a population of 2,000; Mebane, with a population of 1,000, and Elon College, 500. The entire population of the county is 35,000, ninety per cent. of which is white. The tax rate for all purposes is 80 cents on the \$100.00.

We have many miles of fine macadamized roads, and all the country roads are nicely worked and always in good traveling condition. Handsome steel bridges span all the important streams of the county, and there is perhaps no county in the State that has more general or modern improvements along this line. The whole county is traversed and intersected with Free Rural Mail Routes, there being forty routes in the county, thus carrying daily mail to the homes of all our people.

N. B.—For the benefit of homeseeker, investors and manufacturers, we do not hesitate to say that Burlington is in the front rank in the march of progress, and you might do well to investigate.
