MORGANTON, N. C.

"THE MIMOSA CITY"

PREFACE

LOCATION

Morganton, the County Seat of Burke County, is located in the Catawba River Valley, at the foot of the Blue Ridge Mountains. It is 60 miles east of Asheville, on N. C. Highway No. 10 (U. S. No. 70). Seventy-seven miles west of Salisbury, 68 miles northwest of Charlotte, with the cities of Winston-Salem and Greensboro, northeastward 100 miles and 132 miles, respectively, and is 646 miles from New York City by rail.

CLIMATE

With an altitude of 1200 feet above sea level, and enclosed on the north, south, and west by mountains, its climate is regarded as excellent, conducive to health, and having ideal manufacturing conditions. Sheltered from the extremes of winter by the mountain ranges within twenty miles and tempered by the same mountains in the summer, it has a mean yearly temperature of 58 degrees; spring, 56 degrees; summer, 72 degrees; autumn, 56 degrees; and winter, 42 degrees.

POPULATION

Morganton was established in 1784 and was settled by Scotch-Irish and Pennsylvania Dutch. Population, 1940; 7,776, an increase of 30 per cent over 1930. (Greater Morganton 11,133)

INDUSTRIAL DEVELOPMENT

Morganton is the commercial and industrial center of Burke County. From the standpoint of value of products, industry is predominant. Its industries include: three furniture manufacturing plants; 30 hosiery mills, one fabric mill, a large tannery (branch of the International Shoe Company); one cotton mill; two lumber plants; a machine shop; two flour mills; and other small industries common to all well developed communities.

The State Hospital for mental patients, as well as the State School for Deaf are located in Morganton. Both of these institutions combined employ approximately five hundred persons.

In the county, three other towns have marked industrial development. Valdese, a town of approximately 2,000 inhabitants, located eight miles east of Morganton, is next in importance, having several hosiery mills, cotton mills, a box factory, and a large bakery.

Drexel, located five miles northeast of Morganton, has a hosiery mill, and a large furniture manufacturing plant.

Glen Alpine, located seven miles west of Morganton, has a hosiery mill, and a large lumber manufacturing plant.

Other towns in which are located industries include: Icard, with

a cordage mill; Rhodhiss, a cotton mill; Henry River, a cotton mill; and Hildebran, a hosiery mill, and a yarn mill under construction.

ELECTRIC CURRENT

Electricity for domestic and commercial purposes is distributed by the Town of Morganton which owns its own distribution system and purchases current at low wholesale rates from the Duke Power Company.

WATER

An ample supply of pure soft water, obtained from nearby mountains, is available at low rates. The Town owns its water plant and distribution system and is prepared to take care of any demand.

TRANSPORTATION

Being located on the Southern Railway's main line from Salisbury to the middle west, excellent transportation facilities are assured with eight passenger and express trains daily, and fourteen regularly scheduled freight trains daily, these varying in number with the demand for this service.

Additional transportation facilities are provided by local and through motor freight lines, operating over an excellent system of hard surfaced highways.

GENERAL

Morganton is a modern city, possessing all of the requisites necessary to successful business and industrial operations, as well as providing an ideal place to live. Its citizens are friendly, courteous, cultured, and they welcome substantial citizens from other sections.

In addition to Kiwanis, Lions, Rotary, Pilots, and a Woman's Club, Morganton has an active Chamber of Commerce and Merchants Association. The Merchants Association operates a credit bureau having a nation wide affiliation.

Morganton's schools are rated as A-1 in the Southern Association of secondary schools. It has churches of practically all denominations and other facilities common to all up-to-date modern small cities.

In addition to the industrial development the surrounding back country is agricultural, producing dairy cattle, small grains, poultry and truck corps. Morganton and Burke County are well balanced. Morganton also is potentially a tourist town, this industry not yet being well developed due to the fact that the highways into the mountains have not been thoroughly completed.

Morganton is famous for its beautiful Mimosa trees which line the streets and highways in every direction. Each year, about July 1st, the Mimosa Festival is held, attracting large crowds of visitors.

Morganton has one of the finest golf courses in the State. A Donald Ross course where golf is played the year round.

MILLER'S Classified Business Directory OF MORGANTON, N. C.

VOL. II 1941-1942 VOL. II

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

☞ Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

MILLER'S
Street Directory
—OF—
MORGANTON, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. II 1941-1942 VOL. II

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same,

A Business Must Be Built

●

Builders need material to build with.

"Material" for Building a Business may be obtained from this Directory.

Build up your list of prospective customers by checking the Classified Business Lists in this book for those who should use your product.
