Long Distance Calls

Rates and information concerning initial period, overtime and Federal taxes on long distance calls may be obtained by calling "Long Distance." Night and Sunday rates apply from 6 P.M. to 4:30 A.M. and all day Sunday.

Overseas Telephone Service

Information on the availability of telephone service to overseas points and rates applicable thereto may be obtained by calling "Long Distance."

Reduced rates apply on calls to many countries during night hours and on Sunday.

How to Place Out-of-Town Calls

There are two general classes of Out-of-Town Calls, Station-to-Station and Person-to-Person, explained below.

Station-to-Station Calls

(From One Telephone to Another)

A station-to-station call is one where you ask to be connected with a certain telephone in a distant place. However, if you ask for a particular person or for an extension telephone reached through a private branch exchange, as in a particular department or hotel room, the call is a person-to-person call. A station-to-station call usually is completed more quickly and the rate is less than for a person-to-person call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called telephone is answered, provided the calling party is holding the line.

To Place a Station-to-Station Call

First—Give the operator the name of the place you are calling.

Second—Give the telephone number you are calling (if known), otherwise, the name and the address (if known) of the party whose telephone you are calling. For example: J. W. Brown's Residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Person-to-Person Calls

(From One Person to Another)

A person-to-person call is one where you ask for a particular person or extension telephone reached through a private branch exchange, as one in some department or hotel room. The rate for a person-to-person call is higher than the rate for a station-to-station call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called person or extension telephone reached through a private branch exchange is obtained, provided the calling party is holding the line. Charges may be reversed without any change in rate.

To Place a Person-to-Person Call

First—Give the operator the name of the place you are calling.

Second—Give the name and the telephone number (if known) of the person you are calling, otherwise, the name and the address (if known) of the called party. For example: Mr. J. W. Brown, at telephone 2470, or Mr. J. W. Brown, at J. W. Brown's residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Collect Calls

If the charges on the call are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

Relinquishing Telephones for Emergency Calls

The law of North Carolina provides that any person who shall willfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department, or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such a law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.

Recording of Telephone Conversations

A short "beep" tone heard over the telephone about every 15 seconds indicates that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and which is provided by the Telephone Company for your protection.

Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Dial Instructions

1. Always refer to your Directory for the correct number.
2. Listen for dial tone. If no dial tone is heard, hang up and try again.
3. Dial promptly and accurately. Touch the finger stop with each number dialed and then let the dial return free. If your finger slips, hang up and dial the complete number again.
4. To dial a local number such as State 2-1234:

a. Dial the first two letters of the Central Office name, which in this case is State. Then dial the five figures.

b. When you have finished dialing you should hear the ringing signal or the busy signal. If you hear the recording "The number you have reached is not a working number—" you have dialed an incorrect office or a non-existent number. Check the directory and dial again.

If you have trouble in dialing, dial Operator (zero). She will be glad to help you.

If you want to know who shares your party line, dial Repair Service and ask.

Service Calls and Emergency Listings

Check for service codes, emergency listings, reverting call information (to call a party on your party line), and Inter-office Dial Instructions preceding the Alphabetical Listings of each exchange.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. The rules and regulations specified herein are in addition to the rules and regulations contained in other sections of The General Exchange Tariff or in the Local Exchange Tariff of The Concord Telephone Company.
2. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
3. All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering, or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.
4. Subscribers may not disconnect or remove, or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.
5. The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instrument, apparatus or device and to suspend or disconnect service without any claim on the part of the subscriber.
6. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the Telephone Company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
7. When party line service is furnished, the Telephone Company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, to three others in the case of multi-party (more than four-party) line service. The Telephone Company reserves the right to cancel any two-party line, four-party line, or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.
The continuous use of a party line for a local message is limited to five minutes.
8. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each instrument or place of apparatus injured or destroyed otherwise than by unavoidable accident.
9. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
10. The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's stations, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.
11. All charges due are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payments. If objection in writing is not received by the Telephone Company within thirty days after bill is rendered, the account shall be deemed correct, and binding upon the subscriber.
12. In the event of (a) the abandonment of service, (b) the non-payment of any sum due, (c) the use of foul or profane language, (d) impersonation of any other person, (e) the making of nuisance calls, (f) the use of telephone service by a customer in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such customer or about the same time, resulting and preventing, obstructing or delaying the telephone service of others, (g) listening in on party line conversation, (h) refusal to yield the line for emergency calls, (Fire, Ambulance, Doctor, etc.), (i) intentionally leaving receiver off hook, (j) interfering with any conversation on a party line in any way, or (k) any violation of the Company's regulation, the Company may, without notice, either suspend the service or terminate the service without suspension.
13. When service is suspended for violation of any Company rules, or regulation, restoration of service will be made only when the subscriber furnishes the Company reasonable assurance that there will be no recurrence of the violation and the applicable reconnection charge has been paid.
14. When service has been suspended for non-payment of charges, restoration of service will be made only when indebtedness with the Company is fully satisfied and when the reconnection charge is paid. Telephone removed for non-payment may be re-installed only upon the execution of a new contract.
15. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or wilful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowances cover the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.
16. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
17. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.
18. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
19. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
20. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmitting or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
21. The Telephone Company may transfer an unpaid balance of a previous account to that of an existing account so long as it is the same legal entity. After the transfer has been completed the Telephone Company will then treat the account as though it were one and the Company's collection policy as authorized will apply.
22. The Telephone Company shall not be liable for damages or other penalties due to errors or omissions in the telephone directory.
23. Telephone directories distributed from time to time by the Company remain the property of the telephone company, shall not be mutilated, and shall be surrendered upon request or upon delivery of the subsequent issue. No binder, holder, insert, auxiliary cover or attachment of any kind not furnished by the telephone company shall be attached to or used with the directories owned by the telephone company, except that this prohibition shall not apply to a subscriber-provided binder, holder, insert or auxiliary cover which contains no advertising, and which is not so attached as to impede reference to essential service information or otherwise interfere with service.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the Kannapolis Exchange. Please use the method applicable to your line.

(1) **Kannapolis subscribers who receive** a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

(2) **Kannapolis subscribers who DO NOT** receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: WEBster 2-3456
WEBster 2-3457
WEBster 2-3458

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 19 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

Long Distance Calls

Rates and information concerning initial period, overtime and Federal taxes on long distance calls may be obtained by calling "Long Distance." Night and Sunday rates apply from 6 P.M. to 4:30 A.M. and all day Sunday.

Overseas Telephone Service

Information on the availability of telephone service to overseas points and rates applicable thereto may be obtained by calling "Long Distance."

Reduced rates apply on calls to many countries during night hours and on Sunday.

How to Place Out-of-Town Calls

There are two general classes of Out-of-Town Calls, Station-to-Station and Person-to-Person, explained below.

Station-to-Station Calls

(From One Telephone to Another)

A station-to-station call is one where you ask to be connected with a certain telephone in a distant place. However, if you ask for a particular person or for an extension telephone reached through a private branch exchange, as in a particular department or hotel room, the call is a person-to-person call. A station-to-station call usually is completed more quickly and the rate is less than for a person-to-person call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called telephone is answered, provided the calling party is holding the line.

To Place a Station-to-Station Call

First—Give the operator the name of the place you are calling.

Second—Give the telephone number you are calling (if known), otherwise, the name and the address (if known) of the party whose telephone you are calling. For example: J. W. Brown's Residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Person-to-Person Calls

(From One Person to Another)

A person-to-person call is one where you ask for a particular person or extension telephone reached through a private branch exchange, as one in some department or hotel room. The rate for a person-to-person call is higher than the rate for a station-to-station call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called person or extension telephone reached through a private branch exchange is obtained, provided the calling party is holding the line. Charges may be reversed without any change in rate.

To Place a Person-to-Person Call

First—Give the operator the name of the place you are calling.

Second—Give the name and the telephone number (if known) of the person you are calling, otherwise, the name and the address (if known) of the called party. For example: Mr. J. W. Brown, at telephone 2470, or Mr. J. W. Brown, at J. W. Brown's residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Collect Calls

If the charges on the call are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

Relinquishing Telephones for Emergency Calls

The law of North Carolina provides that any person who shall willfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department, or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such a law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.

Recording of Telephone Conversations

A short "beep" tone heard over the telephone about every 15 seconds indicates that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and which is provided by the Telephone Company for your protection.

Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Dial Instructions

1. Always refer to your Directory for the correct number.
 2. Listen for dial tone. If no dial tone is heard, hang up and try again.
 3. Dial promptly and accurately. Touch the finger stop with each number dialed and then let the dial return free. If your finger slips, hang up and dial the complete number again.
 4. To dial a local number such as STate 2-1234:
 - a. Dial the first two letters of the Central Office name, which in this case is STate. Then dial the five figures.
 - b. When you have finished dialing you should hear the ringing signal or the busy signal. If you hear the recording "The number you have reached is not a working number—" you have dialed an incorrect office or a non-existent number. Check the directory and dial again.
- If you have trouble in dialing, dial Operator (zero). She will be glad to help you.
- If you want to know who shares your party line, dial Repair Service and ask.

Service Calls and Emergency Listings

Check for service codes, emergency listings, reverting call information (to call a party on your party line), and Inter-office Dial Instructions preceding the Alphabetical Listings of each exchange.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. The rules and regulations specified herein are in addition to the rules and regulations contained in other sections of The General Exchange Tariff or in the Local Exchange Tariff of The Concord Telephone Company.
2. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
3. All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering, or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.
4. Subscribers may not disconnect or remove, or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.
5. The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instrument, apparatus or device and to suspend or disconnect service without any claim on the part of the subscriber.
6. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the Telephone Company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
7. When party line service is furnished, the Telephone Company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, to three others in the case of multi-party (more than four-party) line service. The Telephone Company reserves the right to cancel any two-party line, four-party line, or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line. The continuous use of a party line for a local message is limited to five minutes.
8. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each instrument or place of apparatus injured or destroyed otherwise than by unavoidable accident.
9. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
10. The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's stations, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.
11. All charges due are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payments. If objection in writing is not received by the Telephone Company within thirty days after bill is rendered, the account shall be deemed correct, and binding upon the subscriber.
12. In the event of (a) the abandonment of service, (b) the non-payment of any sum due, (c) the use of foul or profane language, (d) impersonation of any other person, (e) the making of nuisance calls, (f) the use of telephone service by a customer in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such customer at or about the same time, resulting and preventing, obstructing or delaying the telephone service of others, (g) listening in on party line conversation, (h) refusal to yield the line for emergency calls, (Fire, Ambulance, Doctor, etc.), (i) intentionally leaving receiver off hook, (j) interfering with any conversation on a party line in any way, or (k) any violation of the Company's regulation, the Company may, without notice, either suspend the service or terminate the service without suspension.
13. When service is suspended for violation of any Company rules, or regulation, restoration of service will be made only when the subscriber furnishes the Company reasonable assurance that there will be no recurrence of the violation and the applicable reconnection charge has been paid.
14. When service has been suspended for non-payment of charges, restoration of service will be made only when indebtedness with the Company is fully satisfied and when the reconnection charge is paid. Telephone removed for non-payment may be re-installed only upon the execution of a new contract.
15. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or wilful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowances cover the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.
16. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
17. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.
18. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
19. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
20. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmitting or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
21. The Telephone Company may transfer an unpaid balance of a previous account to that of an existing account so long as it is the same legal entity. After the transfer has been completed the Telephone Company will then treat the account as though it were one and the Company's collection policy as authorized will apply.
22. The Telephone Company shall not be liable for damages or other penalties due to errors or omissions in the telephone directory.
23. Telephone directories distributed from time to time by the Company remain the property of the telephone company, shall not be mutilated, and shall be surrendered upon request or upon delivery of the subsequent issue. No binder, holder, insert, auxiliary cover or attachment of any kind not furnished by the telephone company shall be attached to or used with the directories owned by the telephone company, except that this prohibition shall not apply to a subscriber-provided binder, holder, insert or auxiliary cover which contains no advertising, and which is not so attached as to impede reference to essential service information or otherwise interfere with service.

TO CALL PARTY ON YOUR PARTY LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "CODE NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "CODE NUMBER" as listed on the card. Then hang up your receiver. Your telephone bell, and the bell at the called telephone, will ring at regular intervals until the called party answers. Your bell will stop ringing when

the called party answers. Then remove your receiver and talk in the usual manner. If ringing continues it is evident that the called party does not answer, so remove your receiver and then replace it in order to stop the ringing and to clear the line for further use. When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Card" is misplaced or lost—DIAL 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

Long Distance Calls

Rates and information concerning initial period, overtime and Federal taxes on long distance calls may be obtained by calling "Long Distance." Night and Sunday rates apply from 6 P.M. to 4:30 A.M. and all day Sunday.

Overseas Telephone Service

Information on the availability of telephone service to overseas points and rates applicable thereto may be obtained by calling "Long Distance."

Reduced rates apply on calls to many countries during night hours and on Sunday.

How to Place Out-of-Town Calls

There are two general classes of Out-of-Town Calls, Station-to-Station and Person-to-Person, explained below.

Station-to-Station Calls

(From One Telephone to Another)

A station-to-station call is one where you ask to be connected with a certain telephone in a distant place. However, if you ask for a particular person or for an extension telephone reached through a private branch exchange, as in a particular department or hotel room, the call is a person-to-person call. A station-to-station call usually is completed more quickly and the rate is less than for a person-to-person call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called telephone is answered, provided the calling party is holding the line.

To Place a Station-to-Station Call

First—Give the operator the name of the place you are calling.

Second—Give the telephone number you are calling (if known), otherwise, the name and the address (if known) of the party whose telephone you are calling. For example: J. W. Brown's Residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Person-to-Person Calls

(From One Person to Another)

A person-to-person call is one where you ask for a particular person or extension telephone reached through a private branch exchange, as one in some department or hotel room. The rate for a person-to-person call is higher than the rate for a station-to-station call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called person or extension telephone reached through a private branch exchange is obtained, provided the calling party is holding the line. Charges may be reversed without any change in rate.

To Place a Person-to-Person Call

First—Give the operator the name of the place you are calling.

Second—Give the name and the telephone number (if known) of the person you are calling, otherwise, the name and the address (if known) of the called party. For example: Mr. J. W. Brown, at telephone 2470, or Mr. J. W. Brown, at J. W. Brown's residence—425 Main Street.

Third—Give your telephone number when the operator asks for it.

Collect Calls

If the charges on the call are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

Relinquishing Telephones for Emergency Calls

The law of North Carolina provides that any person who shall wilfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department, or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such a law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.

Recording of Telephone Conversations

A short "beep" tone heard over the telephone about every 15 seconds indicates that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and which is provided by the Telephone Company for your protection.

Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Dial Instructions

1. Always refer to your Directory for the correct number.
2. Listen for dial tone. If no dial tone is heard, hang up and try again.
3. Dial promptly and accurately. Touch the finger stop with each number dialed and then let the dial return free. If your finger slips, hang up and dial the complete number again.
4. To dial a local number such as STate 2-1234:
 - a. Dial the first two letters of the Central Office name, which in this case is STate. Then dial the five figures.
 - b. When you have finished dialing you should hear the ringing signal or the busy signal. If you hear the recording "The number you have reached is not a working number—" you have dialed an incorrect office or a non-existent number. Check the directory and dial again.

If you have trouble in dialing, dial Operator (zero). She will be glad to help you.

If you want to know who shares your party line, dial Repair Service and ask.

Service Calls and Emergency Listings

Check for service codes, emergency listings, reverting call information (to call a party on your party line), and Inter-office Dial Instructions preceding the Alphabetical Listings of each exchange.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. The rules and regulations specified herein are in addition to the rules and regulations contained in other sections of The General Exchange Tariff or in the Local Exchange Tariff of The Concord Telephone Company.
2. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
3. All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering, or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.
4. Subscribers may not disconnect or remove, or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.
5. The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instrument, apparatus or device and to suspend or disconnect service without any claim on the part of the subscriber.
6. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the Telephone Company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
7. When party line service is furnished, the Telephone Company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, to three others in the case of multi-party (more than four-party) line service. The Telephone Company reserves the right to cancel any two-party line, four-party line, or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.
The continuous use of a party line for a local message is limited to five minutes.
8. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each instrument or place of apparatus injured or destroyed otherwise than by unavoidable accident.
9. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
10. The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's stations, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.
11. All charges due are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payments. If objection in writing is not received by the Telephone Company within thirty days after bill is rendered, the account shall be deemed correct, and binding upon the subscriber.
12. In the event of (a) the abandonment of service, (b) the non-payment of any sum due, (c) the use of foul or profane language, (d) impersonation of any other person, (e) the making of nuisance calls, (f) the use of telephone service by a customer in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such customer at or about the same time, resulting and preventing, obstructing or delaying the telephone service of others, (g) listening in on party line conversation, (h) refusal to yield the line for emergency calls, (i) (Fire, Ambulance, Doctor, etc.), (i) intentionally leaving receiver off hook, (j) interfering with any conversation on a party line in any way, or (k) any violation of the Company's regulation, the Company may, without notice, either suspend the service or terminate the service without suspension.
13. When service is suspended for violation of any Company rules, or regulation, restoration of service will be made only when the subscriber furnishes the Company reasonable assurance that there will be no recurrence of the violation and the applicable reconnection charge has been paid.
14. When service has been suspended for non-payment of charges, restoration of service will be made only when indebtedness with the Company is fully satisfied and when the reconnection charge is paid. Telephone removed for non-payment may be re-installed only upon the execution of a new contract.
15. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or wilful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowances cover the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.
16. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
17. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.
18. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
19. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
20. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmitting or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
21. The Telephone Company may transfer an unpaid balance of a previous account to that of an existing account so long as it is the same legal entity. After the transfer has been completed the Telephone Company will then treat the account as though it were one and the Company's collection policy as authorized will apply.
22. The Telephone Company shall not be liable for damages or other penalties due to errors or omissions in the telephone directory.
23. Telephone directories distributed from time to time by the Company remain the property of the telephone company, shall not be mutilated, and shall be surrendered upon request or upon delivery of the subsequent issue. No binder, holder, insert, auxiliary cover or attachment of any kind not furnished by the telephone company shall be attached to or used with the directories owned by the telephone company, except that this prohibition shall not apply to a subscriber-provided binder, holder, insert or auxiliary cover which contains no advertising, and which is not so attached as to impede reference to essential service information or otherwise interfere with service.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Card" is misplaced or lost—DIAL 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

EMERGENCY CALLS

Fire Department—New London.....HO 3-4331
Fire Department—Richfield-MisenheimerHO 3-3221
Sheriff's Office—AlbemarleYU 2-1195

TO CALL ANOTHER PARTY ON YOUR LINE

To identify a party on your line, the exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: HObart 3-2091
HObart 3-2092
HObart 3-2093

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the number 5 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

CONCORD

"THE MOST CO-OPERATIVE AND ONE OF THE BEST GOVERNED COMMUNITIES IN NORTH CAROLINA"

THIS SECTION WAS COMPILED BY THE CONCORD CHAMBER OF COMMERCE AND IS DESIGNED TO PROVIDE YOU WITH INFORMATION ABOUT CONCORD. IT IS PRESENTED HERE IN ORDER THAT IT MAY BE OF USE TO BOTH RESIDENTS AND VISITORS. WE BELIEVE THAT YOU WILL FIND IT INTERESTING AND HELPFUL

A BACKGROUND SKETCH OF CONCORD IT'S RESOURCES, BUSINESS, CULTURE, AND POINTS OF INTEREST.

AN AERIAL VIEW . . . "THE FRIENDLY CITY"

HISTORY: Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of County seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later was destroyed by fire. The present court house was built in 1875. The first gold discovered in the United States was in Cabarrus County in 1799. The nugget found weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institute in Washington, D. C. The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and helpfulness among its citizens.

A thriving city of the rich Piedmont Section of North Carolina, takes pardonable pride in its achievements. Led by prominent citizens imbued with civic pride and community interest, Concord has grown to be one of the leading industrial cities in the South, its citizenship is aggressive and progressive, and it is the home of many industrial enterprises.

LOCATION: In the heart of Piedmont North Carolina, on main line of Southern Railway, almost midway between Washington, D. C., and Atlanta, Georgia, on U. S. Highways 29 and 29A, and State Highways 49, 73, and 601; and within a few hours drive of the Blue Ridge Mountains and the Great Smoky Mountains National Park on the west, and beach resorts of the Atlantic Ocean on the east. It is only 124 miles from the State Capitol, Raleigh and 20 miles from Charlotte, the South's fastest growing city.

CLIMATE: Famous Piedmont climate; average rain fall 40.3 inches. Temperature: High 99, Low 15; average annual is 62.6 degrees, first frost, November. Pleasant mild weather is enjoyed for more than six months of the year—60.6 degrees in fall. The average winter temperature is 49.5 degrees. Naturally there are a few extremes in weather. The elevation is 705 feet above sea level.

POPULATION: 1959 estimates Concord 18,500 Cabarrus County 67,405

GOVERNMENT: Concord is administered by a Board of Aldermen and Mayor who are elected by the people. Every man on this Board is a business man and our city is run on a business basis. Cabarrus County is governed by a Board of County Commissioners who are elected by popular vote of the citizens. Our City and County Government is one that we can be proud of.

TRANSPORTATION: Concord is on the main North-South line of Southern Railway, and is also served by Carolina Trailways Bus Line, Kannapolis Transit Co., Power City of Albemarle, and Queen City Buses. Five trucking and transfer companies operate out of Concord. City transportation is provided by a city bus line and ample taxi service. National Transfer companies make daily pick-ups and deliveries in Concord. Although there is no direct air travel from here, accommodations can be secured only 21 miles away, at Charlotte Airport, on all major Air Lines.

FIRE AND POLICE PROTECTION: The Concord Police Department, staffed with 32 policemen, radio equipped cars and ample armaments, can answer a call within five minutes to any part of the city. The fire department is equipped with 4 fire trucks, 3 pumpers, and 1 truck. Staffed with 17 paid employees and 10 volunteers, the fire department is both modern and efficient.

BANKS: Concord's three banking institutions with assets of more than \$80,000,000.00, are all members of the Federal Reserve System. Concord has never experienced a bank failure.

BARBER-SCOTIA COLLEGE, Class A four year institution for colored, member Southern Association of Colleges and Secondary Schools. Owned and operated by Board of National Missions of the Presbyterian Church in the United States of America.

BUFFALO RANCH, real live Buffalo Herd, only one of its kind East of the Mississippi, also has Horses, Deer and Ponies. Three miles South east of Concord, Visitors welcome!

FARMING: There are approximately 2200 Farms in Cabarrus County covering 202,684 acres of land, with a farm population of 10,238 people. Major crops are cotton, corn, lespedeza, wheat, oats and milo, which makes livestock producing the dominant farm interest.

Information About Concord — continued

HOSPITAL: Cabarrus Memorial Hospital is a 329 bed general hospital completely air conditioned.

It is county owned, non-profit, and is equipped with all modern facilities.

There are sixty-three qualified physicians on the staff, including Board Certified men in all specialties.

There are three approved schools: School of Nursing, School of X-Ray and School of Medical Technology.

Its lights are never out. Its doors are open three hundred sixty-five days a year, twenty four hours a day, ready to be of service to the citizens of the community.

HOTELS: Hotel Concord has 100 rooms and an excellent dining room.

INDUSTRY: Concord is an industrial community with many large and small industries. Our industrial pay roll amounts to several million dollars a year and their products are sold throughout the world. Our community has advantages to offer new industry and new industry is welcomed by the people of Concord. Products manufactured in Concord include the world famous Cannon towels, sheets, pillow cases, washcloths, bath mats, pot holders, blankets, diapers, gauze pads, bibs, gift ensembles, beach outfits, draperies, curtains, upholstery, shades, plain and fancy cloth, paper boxes, venetian blinds, ladies' full-fashioned and seamless hosiery, men's half hose, rugs, bottled drinks, cotton oil, meal and hulls, and a variety of articles made from iron and steel. In all, it is conservatively estimated that there are 85 manufacturing industries, large and small in greater Concord. This does not take into account Kannapolis, largest unincorporated town in the world—really a thriving, fast-growing city of more than 35,000 population.

LAKE FISHER DAM, a beautiful concrete structure 450 feet in length and backs up water which covers 277 acres for three miles, enabling a daily draft of 9,000,000 gallons.

LIBRARY: The Concord Public Library is located in the Community Center, near the Business District. The building has a regular staff of eight in addition to the 32,000 volumes in the Concord Public Library. The George Washington Carver Library for colored people has 4,000 volumes. The Concord Library also has a film service, and 2 bookmobiles with 1,500 volume, capacity which makes two complete trips each month into every part of the county, to serve the rural patrons.

MOTELS: The three Motels are: Colonial Motor Court with 48 units; Mayfair Motel with 18 units and a swimming pool; and Twin City Motel with 30 units. These accommodations along with numerous home facilities make Concord a desirable and convenient place for conventions, which are always welcome.

NEWSPAPERS: The Concord Daily Tribune is published daily, except Saturday, has Associated Press Service, a circulation of 9,337 and a subscription list of 9,646.

NURSING HOMES: There are 14 licensed Nursing Homes in the City Limits.

POINTS OF INTEREST: Home of Victor Barringer, oldest house in Concord, where Jefferson Davis spent a night in April 1865, when his cabinet fled southward from the besieged Confederate capital of Richmond, Virginia; Reed Gold Mine, where first gold in the United States was found; original home of Cannon Mills Company, largest manufacturers of towels in the world; Stone-wall Jackson Manual Training School for boys, named in honor of the great Confederate leader; Rocky River Presbyterian Church, organized in 1754; birthplace of Robert Hall Morrison, first president of Davidson College; birthplace of Hezekiah James Balch, author of the Mecklenburg Declaration of Independence; home of Cabarrus Black Boys, who took part in the famous Gun Powder Plot in May 1771; beautiful Memorial Gardens, founded by the late Mrs. Sallie Phifer Williamson; St. John's Lutheran Church, founded in 1745 and many other historic places.

RADIO STATIONS: Two well staffed and well operated radio stations serve Concord, namely: WEGO, a 1000 watt station, frequency 1410 K. C., and WGTL, also a 1000 watt station, frequency 870 K. C.

RECREATION: The city sponsors a year-round recreation program and employs a full time Recreation Director, and has a modern recreation building, valued at over \$200,000.00. Over and above the city recreation program there is one private golf course; 1 private swimming pool; 1 public white pool; 1 public colored pool; tennis courts; High School football at Webb Field, indoor sporting events at the Armory; a modern Community Boys Club with a full time staff. There are 4 theatres in Concord. Our Recreation Center has been acclaimed by many State officials as the best in our state. Camp Spencer, owned and operated by the Boys Club, cares for 75 children a week all summer offering a full schedule of day activities. The camp is opened for several weeks a summer for girls, also.

RELIGIOUS: There are 60 Churches; 45 White, 15 Negro, representing 18 denominations, in the city. Historic St. John's Lutheran Church, believed to have been founded in 1745, was one of the three mother churches of Lutheranism in North Carolina. Two of the earliest Presbyterian churches are Rocky River and Poplar Tent, both established in 1751. The first Presbyterian Church and Central Methodist Church are the oldest churches in those denominations within the city. There are more than 100 churches in Cabarrus County, including 1 Catholic Church.

RETAIL STORES: A payroll of over \$1,000,000 a week is released in Cabarrus County alone which gives our retail stores a year 'round stability that few towns its size affords.

SAVINGS & LOAN ASSOCIATIONS: Three Savings and Loan Associations with combined assets of more than \$20,000,000.00, and a number of Finance Companies, materially add to Concord's Financial Security.

SCHOOLS: There are 4 white elementary, 1 high school, and 1 large consolidated colored school, grades 7-12 in Concord, with a combined enrollment of 4,055 students. Evans College of Commerce and Barber-Scotia College for Colored Women are located in the City. Some 140 teachers and principals are employed in the system. Concord has some of the outstanding school plants in the state.

TAX RATE: The City of Concord operates upon a Budget based on the following: Property Tax Evaluation . . \$32,271,924.00. Tax Rate of \$1.35 per \$100.00 valuation is distributed on the following basis: Ninety-four cents for general expense incident to proper government of the city. Eighteen cents for payment of interest and principal on outstanding indebtedness. Ten cents for School purposes. Ten cents for Recreation program of city. Three cents for expense incident to operating Concord Public Library. Tax rate for Cabarrus County is \$1.07 per \$100.00 valuation.

UTILITIES:

Gas: The Public Service Company of North Carolina provides Concord with natural gas. Its 2810 meters in Cabarrus County register the use of up to 7,000,000 cubic feet of gas per day.

Light & Water: Light & Water Department serving Concord is municipally owned, with a power capability of 20,000 K. W. and 8,148 electrical connections. A new and modern filter plant, with a capacity of 8,000,000 gallons per day, provides water for the city's 6,591 water meters, its fire protection needs and other City needs.

TELEPHONE: The Concord Telephone Company, an independent company, operates nine dial exchanges, with more than 32,000 telephones, in Cabarrus, Rowan and Stanly counties. The toll center is in the Concord Exchange, which is a part of the nationwide intertoll dial net work. Concord has more than 11,000 telephones.

CHINA GROVE, NORTH CAROLINA

China Grove is one of North Carolina's oldest towns, being Incorporated in 1889.

Population: 1,600

The first Rural Mail Delivery in North Carolina was made from the China Grove Post Office, October 23, 1896.

Location: China Grove is located on U.S. No. 29 and 601. Its main industry is textile.

China Grove has four fine Civic Clubs:

The Rotary Club that meets each Tuesday, 6:15 P.M. at Millers Hotel.

The Civitan Club that meets the second and fourth Monday, 6:30 P.M. at Millers Hotel.

The Lions Club that meets the second and fourth Friday, 6:30 P.M. at Millers Hotel.

The Womans Club that meets the fourth Monday in each month at 7:30 at the Community Building.

There are one or more churches of each Denomination in China Grove.

HARRISBURG, NORTH CAROLINA

Harrisburg is a fast-growing friendly little community of approximately 500 population. Its citizens are cooperative and proud to be a part of a community where there are so many activities that make it an ideal place to live. It is an excellent and beautiful farming area with typical Piedmont North Carolina weather.

Three Churches serve the community and surrounding area. The Harrisburg Presbyterian Church, founded in 1903, is located on Highway 49 in the center of the community. It is a picturesque place of beauty with its towering steeple and is noted for its cordial welcome to all who will worship there.

Just off Highway 49 is the Baptist Church, a church that has grown rapidly and is rendering a spiritual blessing to the community.

Oak Grove Baptist Colored Church serves the colored people of the community.

Harrisburg High School and Grade School has grown from 12 teachers and 12 classrooms in 1926 to 29 teachers. An all modern building and gymnasium has been completed to make the High School a unit to itself and bring the total number of classrooms to 30. The cafeteria is a beautiful one, very well run, and adequate in size for the community suppers held there.

Harrisburg is fortunate also to have a physician in the community, and his wife, who is a trained nurse.

The Volunteer Fire Department, another community project, has been in operation since 1954 and has two modern fire-fighting trucks and a fire station, all debt free.

A new home development is under way with many homes already built and many more being constructed.

Utilities include a dial telephone exchange and adequate power service since 1928.

Other community activities include the Ground Observer Corps with over fifty volunteer members taking their doily turn at watch, that not only shows a spirit of community cooperation but an aid in the defense of our country. An outlook tower for that purpose is now under construction on the same site with the fire station.

LANDIS, NORTH CAROLINA

HISTORY: Incorporated in 1901.

GOVERNMENT: Mayor, Board of Alderman and Police Department.

POPULATION: 2600

CLIMATE: Located in the famous Piedmont section of North Carolina, Landis has a temperate, ideal, year round climate.

CHURCHES: Church of God, Evangelical and Reformed Church, Landis Baptist Church, Landis Methodist Church, Landis Tabernacle, and Trinity Lutheran.

CIVIC CLUBS: Landis Lions Club and Landis American Legion

FIRE PROTECTION: Highly efficient volunteer Fire Department

EDUCATION: One of the largest and best equipped consolidated Schools in North Carolina. The city supplements the county and State funds.

UTILITIES: The town of Landis owns and operates the power supply and the water system. Water is supplied normally from two artificial lakes and the third lake is available for emergency use. A Modern Dial telephone exchange provides adequate and efficient communication to all parts of the world. Natural Gas is piped into Landis and is available at attractive rates.

INDUSTRY: Two yarn manufacturing plants. Employing 900 people. Equipped with 40,000 spindles. Produce approximately 25,000 pounds of fine knitting yarn per week. Two feed mills supply the area with ground feeds.

MT. PLEASANT, NORTH CAROLINA

Mt. Pleasant is located in the Piedmont section of North Carolina, in Eastern Cabarrus, 9 miles east of Concord and 14 miles west of Albemarle on Highways 49 and 73 and an unnumbered highway direct from Salisbury to Monroe. Four trucking lines and a bus line serve our town.

The town is governed by a Mayor and 5 Commissioners, elected the first Monday in May every two years.

The town's population is 1,200, surrounded by a labor-shed of skilled and semi-skilled available labor, unequalled any other place within the State of North Carolina. It is principally a textile community with two textile mills, one hosiery mill, two lumber plants and the county's largest flour and feed mill is located within the corporate limits. The banking needs are served by Piedmont Bank and Trust Company. The utilities of the town are Concord Telephone Company and Duke Power Company. The town has recently converted to surface water and installed a new, modern filter plant with 350,000 gallons per day which can be stepped up to 500,000 gallons.

The fire department is very modern with four trucks, two which are new, and they are equipped to take care of the rural fire needs.

A very active Lions Club meets the second and fourth Thursday nights at 7:00 P. M. at the Lions Hut. This club sponsors the High School band, Boy Scouts and Cub Scouts, also aids the blind and visually handicapped. The American Legion Post is very active. It sponsors numerous projects, the most outstanding is sending boys to Boy's State at Chapel Hill each year.

A very modern 19 unit motel is located on Highway 49.

Two schools, the consolidated high school and the elementary school, are located in our town, with a total enrollment of over 1,000. The high school completed a new unit and a gymnasium in the fall of 1957. There is a modern lighted football stadium and baseball field.

Four churches are situated in the town proper: Baptist, Lutheran, Methodist, and Evangelical and Reformed.

We feel that we definitely can offer new industry what it seeks in a new location.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

A vital factor in the highly specialized
 work of providing dependable, low cost
 telephone service is that telephone su-
 pervisors—foremen, wire chiefs, chief
 operators, managers—start at the bot-
 tom. Every part of your service is
 managed by men and women whose
 judgment and decisions are based on ex-
 perience with the job.

Your telephone company has always tried to see telephone problems through your eyes. It approaches its problems with the determination that "the customer must be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

The "Spirit of Service" is a tradition in the telephone business—a powerful force throughout the entire organization. It helps all employees realize how much telephone service means to everyone—how important it is to get every message through quickly. It inspires telephone workers in all kinds of jobs to devote themselves to making service satisfactory and pleasing to you in every way.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women whose judgment and decisions are based on experience with the job.
