INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the New Bern Directory since 1961), present to subscribers and the general public, this, the 1967 edition of the New Bern City Directory, which includes Bridgeton, Country Club Heights, Country Club Hills, Country Club Park, Highland Park, Holly Hills, Southgate, Trentwood and Rural Route Residents. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of New Bern's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting New Bern to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the New Bern Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like New Bern, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of New Bern, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and ZIP Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of New Bern and vicinity.

The New Bern Out-of-Town City Directory Library

Through the courtesy of the publishers of the New Bern City Directory, a Directory Library is maintained in the offices of The New Bern and Craven County Chamber of Commerce Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

NEW BERN

COUNTY SEAT - CRAVEN COUNTY

CENTER OF HISTORY—PIVOT OF PROGRESS

(Courtesy New Bern-Craven County Chamber of Commerce, Inc.)

This is the land where much of our history had its beginning, centered about New Bern, North Carolina's second oldest town, Colonial Center for business, culture, and political activity, the site of many of our "firsts." It is also a land of jet planes, trim modern boats, great modern highways and buildings--a land where the pulse of Eastern North Carolina's great new era of development is strongly evident.

New Bern looks two ways, a fact which accounts for the stability and sound character of progress which is evident here. Important strides have been made in the development of the area's mineral, timber and agricultural resources. Diversification in agriculture and industry have dominated this growth. Yet, while New Bern's aggressive citizens push on toward greater progress in business, agriculture and industry, they have kept a firm grip on the cherished traditions of their rich history, preserving the best of the past for themselves, their descendants, and for welcomed visitors who come here from throughout the world.

Tryon Palace, called "the most beautiful building in the Colonial Americas," was built in pre-Revolutionary days by Royal Governor William Tryon as North Carolina's first fixed Colonial Capitol. Later it became the first Capitol of the State. Four State Governors were inaugurated there. Restored authentically by the Tryon Palace Commission, a State Agency, through gifts and bequests of the late Mrs. James Edwin Latham, and furnished with mid-18th century antiques, at a cost of more than \$4,000,000. It is considered one of America's greatest showplaces. During the first eight years it was opened to the public it attracted over 230,000 admiring visitors from all 50 states and 83 foreign countries.

Historic Tryon Palace erected 1767-70, destroyed by fire February 27, 1798, restored 1952-59. First Colonial and State Capitol in North Carolina and considered the most beautiful building of its day.

New Bern is a sight-seer's paradise. Here are over 100 homes a century or more in age. The John Wright Stanly home, built in the late 18th century, is now undergoing restoration at its new location within the Tryon Palace complex. (President Washington spent two nights here on his 1791 Southern tour).

The Firemen's Museum (awarded the only prize by the American Association for State and Local History for the preservation of antiquities in 1957), Attmore-Oliver House, William Gaston House, Masonic Temples and nearby Fort Macon add points of interest.

Historic John Wright Stanly Home.
President Washington spent two nights here in 1791.

Water commerce provides freight advantages enjoyed by few cities. New Bern is served by both the Neuse and Trent Rivers, with a minimum 12 foot channel which connects directly with the Intra-Coastal Waterway and the North Carolina State Deep-sea Port Terminal at nearby Morehead City.

Marine Installations:

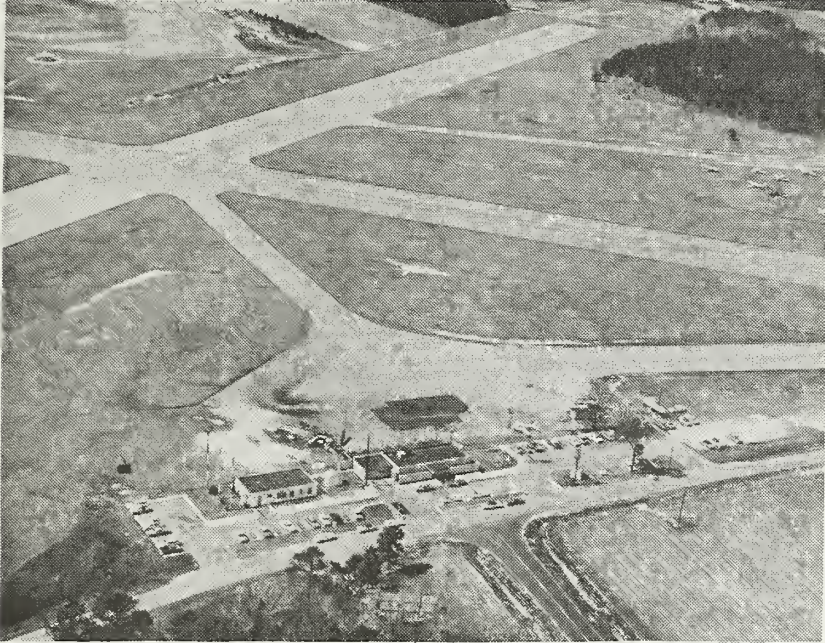

New Bern has three Marine facilities--The Barbour Boat Works, Inc., New Bern Shipyard, Inc. and Commodore Boats--offering construction and repair of wooden, steel and fiber glass boats, propeller reconditioning plants, a total of eight marine railways--50 to 1200 ton capacity, marine salvage and supplies, complete machine shops, all types of welding facilities plus towing services. Hatteras Yacht Company has recently acquired a 91-acre waterfront site. Plant facilities are to be constructed to build pleasure craft up to 65 feet in length.

Aerial View of New Bern

Few cities anywhere afford more complete transportation than New Bern. By air, Piedmont Airlines maintains 13 scheduled flights from Simmons-Nott Airport daily, with 4 north bound, 6 south bound, 2 west bound, 1 east bound, giving New Bern the best, most frequent air service of any small city in the country with aviation gas sales and aviation maintenance. Hertz and Avis U-Drive-It automobile rentals available at the airport.

Three railroads—Norfolk-Southern, Atlantic Coast Line and Southern serve the area. Three important highways, U. S. 17, U. S. 70 and N. C. 55, intersect here. The home office for Seashore Transportation Company is here and 18 Motor Freight Lines serves New Bern.

Simmons-Nott Airport, New Bern, North Carolina, serving Piedmont Air Lines and New Bern Aviation, aircraft repair service, Federal Aviation Agency Flight Service Station.

As County Seat of Craven County, New Bern draws many patrons from the county and neighboring counties. Its population was 11,815 by official count in 1940, with 16,467 population count in 1962. The inviting allure of the Neuse and Trent River Shores homesites has attracted many citizens, thereby creating an exodus of families adjacent to the city. Greater New Bern population, 19,096. The county official census in 1940 was 31,293, the official count in 1960 was 58,773. More than 100,000 people reside in the trading area.

There are 65 manufacturing establishments employing 2,004 workers who receive manual wages of more than \$6,000,000. The annual operating cost of the Marine Corps Air Station at Cherry Point is \$76,000,000 of which 75 per cent is represented in payrolls. County retail sales were \$94,731,452 in 1966, and the City of New Bern retail sales were \$70,161,470 in 1966.

New Bern's three banks (with branches in the county), and two Savings and Loan Associations with resources of more than \$1,319,070,705.54 gives this area a sound financial basis for expansion.

Current industrial establishments include factories for making men's trousers, ladies' dresses, three commercial and pleasure boat manufacturers, six lumber mills, one plywood factory, one veneer factory, cement block plant, boat trailer plant, feed mills, grain elevator, fertilizer plants, livestock market, curb market, meat packing plant, frozen foods locker, chicken hatchery, a milk pasteurization plant, ice cream factory, two bottling plants, printing firms, one aggregate quarry, and the power tool plant facility of The Stanley Works. This modern 150,000 square foot structure contains the latest designed machinery in the field of power tool manufacturing.

Since July 1, 1947, New Bern has had the city manager form of government with a Mayor and City Manager, and one Alderman from each of the five wards. The City Manager, Chief of Police, City Clerk-Treasurer and Tax Collector are appointed by the Board of Aldermen. Craven County is governed by a board

of five Commissioners representing various parts of the county with two from New Bern.

Property in the county was valued for tax purposes (50 per cent of the assessed value), Jan. 1, 1966 at \$92,869,337, of which \$33,003,381 was in New Bern.

SEWAGE DISPOSAL PLANT

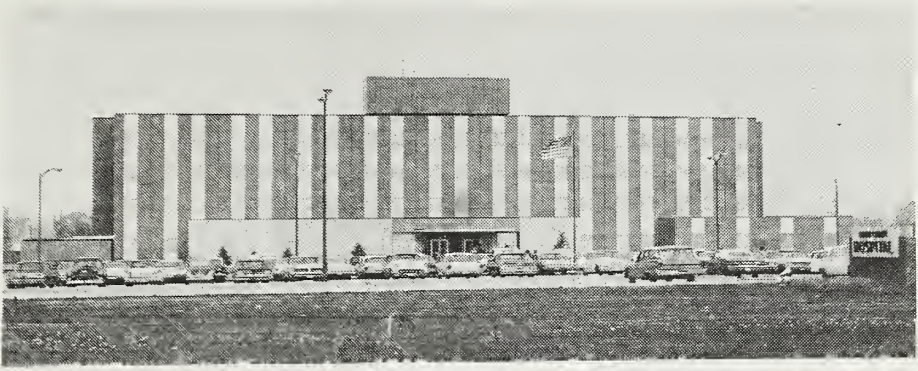

This modern 4 MGD trickling filter separate sludge digestion type plant was tied into the City sewage system May 1, 1964.

Fifteen State and Federal District Offices are located in New Bern.

Sudan Shrine Temple has its home here, with members as far west as Durham. A \$150,000 Shrine Auditorium has been erected, and also a \$300,000 Temple which is used for offices and semi-annual reunions of Scottish Rite Masons. Meetings are also held here frequently by York Rite Masons and affiliated bodies, a \$150,000 Club Building has been erected on the Race Track road by the New Bern Shrine Club. Next to it the York Rite Bodies have completed a \$200,000 Temple.

Chamber of Commerce of New Bern-Craven County, Inc.
Organized May 17, 1899.

CRAVEN COUNTY HOSPITAL

Located here is the Craven County Hospital, a new and modern 161-bed capacity facility and is operated by the Craven County Hospital Corporation. The City-County Health Department has a modern health center.

Numerous churches are in and around New Bern and there are many religious; benevolent, patriotic and civic organizations.

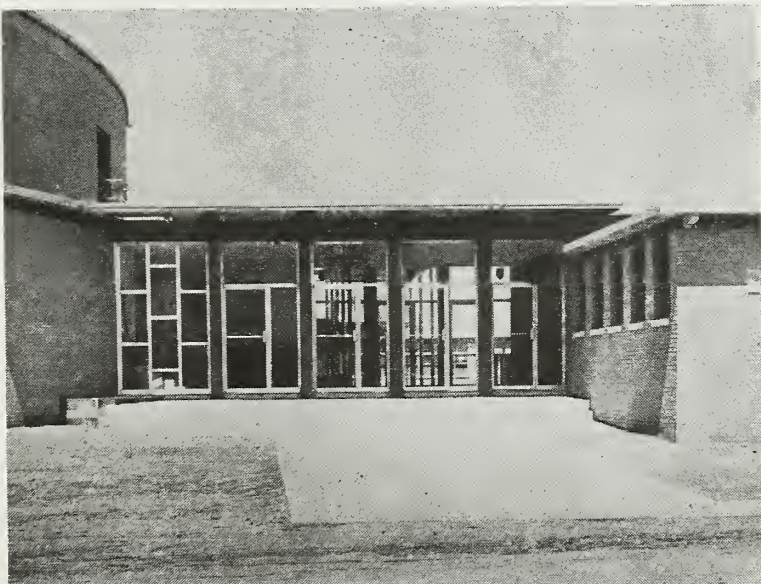

The Sun-Journal publishes two editions of its daily newspaper and The Mirror is published weekly. There are two local radio stations, WHIT and WRNB and local WNBE Television Station—ABC Network. Nearby, are two television stations serving the area with a primary signal, one NBC, the other CBS. Muzak offers a source of background music that is used by major companies throughout America.

Hundreds of new homes have been built with suburban residential sections expanding rapidly. There are two low-rent housing projects.

Recreation is unlimited, the broad, beautiful waters of the Neuse and Trent Rivers provide the perfect setting for boating, fishing, swimming, skiing and other water sports. In addition, North Carolina's popular beach resorts are but a short distance away. There is excellent hunting in season.

New Bern people love fun, and their recreation is varied: golf at the Country Club, tennis and other outdoor sports may be enjoyed in the mild climate. There is a well organized year-around municipal recreation program, as well as lively social and civic life.

Excellent motels, restaurants and dining rooms, together with cordial hospitality are fast making New Bern into a convention and tourist center.

New Bern High School

Seven elementary and three high schools, with exceptional faculties, give college preparatory courses plus vocational-trade and technical training. The Craven County Industrial Education Center offers technical and vocational courses on a post high school level awarding the Associate In Applied Science degree for technical courses and a degree for vocational courses. It also offers specialized extension and general adult courses. The school plants are modern in every respect and a constant building program has been under way for the past several years. New Bern with approximately 50 per cent and Craven County with 37.9 per cent of its graduates entering college rank among the highest in North Carolina.

The world's largest Marine Corps Air Station at Cherry Point with its thriving civilian settlement at fast growing Havelock, is in the eastern part of Craven County, greatly strengthening the economy of the entire area. Camp Lejeune, largest all-purpose Marine Corps ground base, is in nearby Onslow County.

New Bern wears its long honored career of 257 years well. Its tradition of hospitality and genuine friendliness is experienced by every visitor whether he comes as a tourist or a business man, whether as a casual visitor or to make his home here, he will receive a warm genuine welcome to the "Land of Enchanting Waters."

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE

4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "©"—Homeowner.

CAUTION

T Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight -- Out of Mind Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

PLEASE!

Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1967

Including Bridgeton, Country Club Heights, Country Club Hills,
Country Club Park, Highland Park, Holly Hills, Southgate and Trentwood

Copyright, 1967, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip code numbers are shown immediately following each street description. If a street runs through more than one zone, the new zip code number is shown immediately preceding the lowest street number in the new zone.

Figures in parentheses denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out of Sight - Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Don't Use An Old Directory!

•

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

•

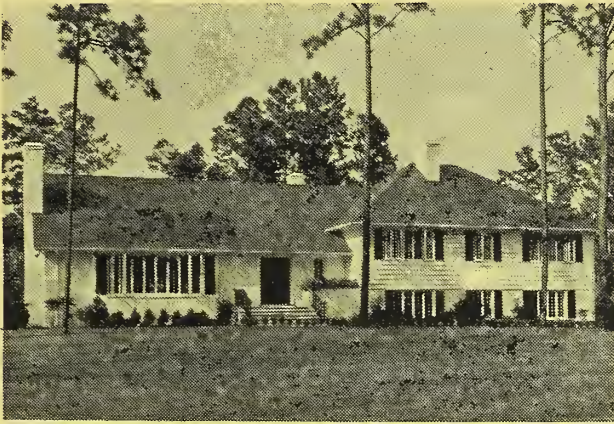

Why not avail yourself of fresh information for your daily use?
