PREFACE.

Facts About Durham, North Carolina (as of May 1st, 1921). Fur-
nished by the Chamber of Commerce.

Population, the 1920 census	21,719
Population (including East and West Durham) estimated	
May 1st, 1921	33,000

Geographically, Durham is located in the center of the State of North Carolina, in north latitude 36 degrees, west longitude 79 degrees, and is 406 feet above sea level. The city is situated on the back of a ridge in the Piedmont section of the State. It enjoys a delightful climate with 62 per cent. sunshine days. Its naturally healthful environment has been augmented by the establishment of a well organized and splendidly equipped health department.

Durham, with a population of 6,649 in 1900, had 21,719 in 1921.

Durham has an area of 3.87 square miles.

Durham is on the Southern, Seaboard Air Line, Norfolk & Western, Durham & Southern and Norfolk-Southern Railroads.

Durham is on the Quebec-Miami, Capital-to-Capital, Central, Southern National, Bankhead National and All-Southern Trans-continental automobile highways.

Durham is now engaged in building \$2,000,000 worth of asphalt streets.

Durham County is building hard surface roads from Durham to the county lines in all directions, and is treating old macadam roads with an asphaltic top.

Durham has a street railway reaching all parts of the city and suburbs.

Durham's assessed value of real and personal property is \$92,000,000.

Durham has excellent hotel accommodations; 46 churches, practically every denomination being represented; the only absolutely free public library in the State; a well equipped Y. M. C. A., also a Y. W. C. A., and a splendid Academy of Music, which is owned by the City.

Durham has ten banks (including the Morris Plan Bank and one colored bank).

Durham is the home of the largest negro life insurance company in the world—the North Carolina Mutual Life Insurance Co.

Durham owns its water plant, which was constructed at a cost of \$900,000. The State Board of Health has certified that Durham has the purest water in the State.

Durham has the finest and best equipped hospital between Baltimore and New Orleans. The Watts Hospital was donated by the late Mr. George W. Watts, of this city, and represents an investment of \$1,000,000.

INDUSTRIAL.

Durham has a healthy industrial atmosphere, as indicated by its many prospering industries, which are constantly adding to their capacity. Industries seeking a location will find here admirable transportation facilities, an abundance of electrical power, furnished by the Southern Power Company and the Durham Traction Company, and excellent labor conditions.

Tobacco—Durham is in the heart of the famous Piedmont section, and has long been known as the center of the tobacco manufacturing industry. There are four warehouses for the sale of tobacco grown in this vicinity. Durham is widely known as a tobacco manufacturing center, being the home of “Bull Durham” granulated smoking tobacco, made by the American Tobacco Company; “Duke’s Mixture,” made by Liggett & Myers Tobacco Company, as well as Sovereign, Piedmont, Chesterfield, Fatima and many other well known brands of cigarettes. The exporters re-dry and ship abroad several million pounds of leaf tobacco annually. The Imperial Tobacco Company has here one of the handsomest factory buildings in the South, the largest and most up-to-date plant in the world used exclusively for re-drying tobacco, having a capacity of 20,000,000 pounds a season, and storage for 5,000 hogsheads.

Cotton—Durham has two large mills and bleacheries of the Erwin Cotton Mills, making wide sheetings, pillow cases and linens. There are also three cotton mills making large quantities of gingham, sheetings and hosiery yarns. Durham also has the largest cotton bag mill in the world—the Golden Belt Manufacturing Company.

Hosiery—Durham is the home of the Durham Hosiery Mills, the largest manufacturers of seamless hosiery in the world. Its brand, “Durable Durham,” is known in all parts of the United States. It is capitalized at \$9,600,000, and has just completed a large mill for the manufacture of silk hosiery.

Other Industries—Durham has one of the largest and most com-

pletely equipped fertilizer plants in North Carolina, that of the Virginia-Carolina Chemical Company. Here also is the large flour milling plant of the Austin-Heaton Company, with a capacity of 800 barrels per day. There are several large lumber plants, supplying any quantities of all grades of building materials. Other products: Blank books, castings and iron products, cigars, harness, ice, mattresses, overalls and wagons.

GOVERNMENT.

The City of Durham has adopted the City Manager plan of government, which became effective May 4, 1921. The city has a splendid credit, its bonds having recently been sold at a premium despite the present condition of the bond market. It has a tax rate of fifty-five cents on the one hundred dollar valuation, and has provided a sinking fund for the payment of its bonds as they become due. Its income from taxes is approximately \$500,000 annually.

EDUCATIONAL.

Public Schools—Durham has educational facilities superior to those of most cities of its size. The public school system ranks with the best in the South. There are six schools for white children, and three for colored pupils.

Trinity College—Durham is the home of Trinity College (co-educational), one of the leading institutions of learning, and the most liberally endowed, in the South (with one exception). Trinity has a very attractive campus of 102 acres, and holdings valued at about \$3,000,000, including 24 buildings. The endowment is \$1,641,003.79.

There are seven other colleges within fifty miles, including the University of North Carolina at Chapel Hill, twelve miles distant.

Other Institutions—Durham is the home of the Southern Conservatory of Music, affording vocal and instrumental instruction to young men and women, who come from many States. The Durham Business School affords instruction in day and night sessions, in bookkeeping, stenography, typewriting and salesmanship.

DURHAM COUNTY.

Durham County, of which Durham is the county seat, has a great variety of soils adapted to the growing of tobacco, cotton, grasses

produce and fruits. The farmers' products find a ready market in Durham. The farm lands respond readily to intelligent treatment, land being worth from \$15 to \$100 per acre, depending upon the distance from Durham. The county has a free school system, with eight months' term. There are two Farm Life Schools, and the county employs agricultural and home demonstration agents.

For further information, address Chamber of Commerce, Durham, North Carolina.
