The Winston-Salem Journal

THE leading daily newspaper of Western North Carolina. Read by more than 8,000 readers, its columns are clean, newsy and up-to-date in every way.

AS an advertising medium, it has no equal throughout the region in which it circulates.

IT is an axiom among experienced advertisers that it is not so much the quality of the copy as the quality of the readers. The Journal's circulation is first-class in every respect, and the bull's-eye each time is fairly certain. The only way to get the most out of the Journal is to fire the advertising missiles from a pot-metal pot. The only way to get the most out of the Journal is to go where advertising will do no harm.

THIS paper has more than 100,000 subscribers during the past year, and is looked upon as the coming leader. Winston-Salem is destined to become the capital of North Carolina.

Lie in three words—health, peace and competence."

A city that has excellent banking facilities, banks that rank high among the financial institutions of the United States, and which are ever ready to give assistance to legitimate manufacturing enterprises.

and live in Winston-Salem, North Carolina. The estimate of the population is a matter necessarily enjoined upon the directory publisher. This book contains 13,854 names of individuals; using the conservative multiple $2\frac{1}{2}$ times, gives a population of 34,635.

POPULATION **35,000** POPULATION
February, 1910

N-SALEM, N. C.

North Carolina

The first attempt at colonization was made in 1548 by the illustrious Sir Walter Raleigh.

North Carolina was foremost to resist British tyranny. First pitched battle fought at Alamance May 12, 1771. Declaration of Independence signed at Mecklenburg, 1776. North Carolina lost 35,124 soldiers during the Civil War, having furnished more and lost a greater number of soldiers than any other Southern State. (Number from North Carolina, 125,000).

The population is of a singularly homogeneous character, being Virginians, mainly English; Pennsylvanians, mainly Scotch-Irish and German; Scotch-Irish, Scotch Highlanders and Lowlanders, Swiss and French Huguenots. Population 2,000,000.

North Carolina's position is nearly between the parallels 34 degrees and 36½ degrees north latitude, and between the meridians 75½ degrees and 84½ degrees west longitude. Extreme length 503¼ miles; extreme breadth 187½ miles; average breadth 100 miles; area 52,286 square miles, of which 48,666 is land and 3,620 water.

Mt. Mitchell, 6,711 feet high, is the highest peak of the Blue Ridge Range, being also the highest east of the Rock Mountains. Forty-three peaks exceed 6,000 feet in height; eighty-two peaks exceed 5,000 feet in height. The mountain region embraces 6,000 square miles. The mountains are covered with deep rich soil and clothed with massive forests to their tops. The walnuts, poplars and oaks attain a size that would hardly be credited by one who had not seen them. All kinds of fruit attain a high state of perfection and all fruits and vegetables and grains are remarkably productive.

Average mean temperature, 59.6 from 1882 to 1897. Average snowfall for the same period, 11 inches annually. Precipitation, 50.6. Wettest year on record, 1877; dryest year on record, 1897.

North Carolina is rapidly developing in all kinds of trucking and fruit-growing. At the recent National Apple Show at Spokane, Washington; North Carolina took first prize for the finest apples exhibited.

PRINTERS

WE are the Printers and Binders of this Directory—We are prepared to print anything from a dodger to a daily paper—We use Linotypes in our composing room, which cast new type for each job—We have a full line of the celebrated linen finish bond paper, that is now so popular—envelopes to match; other papers we carry are Cranes, Old English, Empire Bond, H. & M. Bond and the best grades of ledger paper.

We operate in our press room two cylinders and five jobbers—Also a folder, stitcher and ruler—With such an equipment, backed by the very best and most experienced workmen, we feel confident that you will realize that you run no risk in placing orders with us.

Book Binding

We have, in connection with our printing office, a thoroughly equipped Bindery; we solicit orders for loose leaf ledgers, cash books, special ruling and all kinds of binding—Send us your magazines, law books, Bibles and old books that you wish re-bound—We do as good work as you can get anywhere.

NO FORM OF ILLUMINATION has ever been discovered to equal ELECTRICITY! There never will be! People who want the best that is offered in the way of Lights never think of using anything else. If you have been deterred because you thought the best must necessarily be the costliest, investigation will prove that it is not the case.

IF YOU WANT THE BEST LIGHT IN YOUR HOUSE OR OFFICE, YOU CAN HAVE IT

The Fries Manufacturing and Power Co.

Mr. Business Man

Do you know, or have you ever stopped to think, what your City Directory really is; what it can do for you and your business, if properly made use of?

Do you know that it is a most efficient time-saver and the most effective and economical way of reaching all classes of people all the time?

What It Is and What It Does

The Directory is the best barometer of a town's growth and industry. Show us a directory well patronized and we will show you a good live town, full of progressive business men.

The Directory contains information found in no other publication in the world; it is consulted daily by hundreds of persons. Where can you find a better medium for **YOUR ADVERTISEMENTS?**

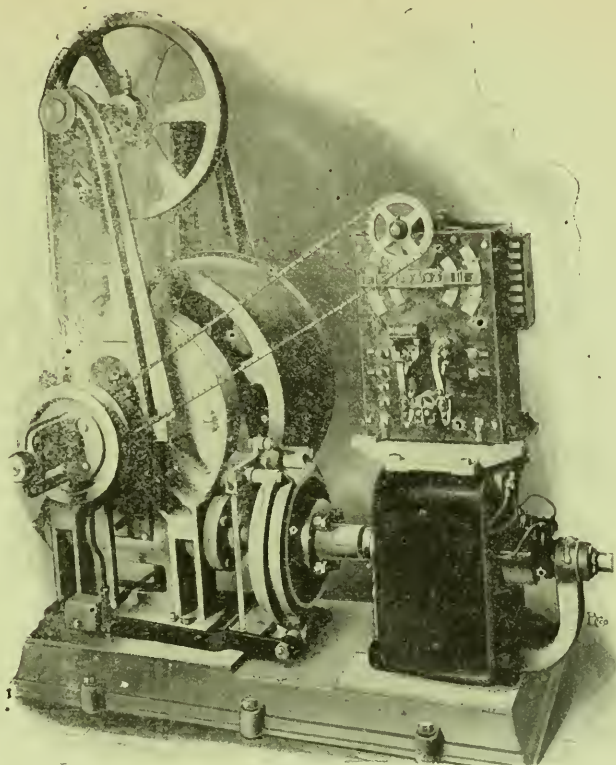

The Directory helps to build up your city; all legitimate directories are town-builders, town-advertisers, money-savers and prosperity-forecasters. Why not help then, to build up **YOUR CITY DIRECTORY?**

The Directory is the acknowledged business guide for business men, it is not a luxury, but a necessity; they must be maintained or we would retrograde to the medieval days. Are you a business man, if so, how can you afford not to patronize **YOUR CITY DIRECTORY?**

The Directory publisher is not an object of charity, don't look upon him as such. Don't patronize ~~this~~ Directory from a charitable standpoint; we need your money, but we don't want it that way. We believe in **VALUE FOR VALUE.**

The Directory can give prominence to your business, no matter how large or small it may be; prominence is advertisement, advertising is the life of trade; the right kind increases your wealth. Why, then, not cut out foolish advertising and support that which aims to build up your town as well as your business,—your

WHAT IT IS

THE INDEX TO THE BUSINESS LIFE OF THE STATE

A directory is the best barometer of a town's growth and industry. So **The North Carolina Business Directory and Gazetteer** will be the best index to the business life and activity of the state.
