PREFACE.

IN presenting our 1904 volume of the Winston-Salem Directory, we desire to call the attention of our patrons and the citizens in general to the fact that every promise made by us has been fulfilled and more.

In the present volume we have made several radical changes, such as the division of the white and colored names and printing each department on a different tinted paper, thus enabling the directory user to ascertain the information desired with much more rapidity.

As in the past, every useful feature known in directory preparation is used, and in this connection we invite the citizens to compare the Winston-Salem work with any directory published, no matter where published.

In its preparation only expert directory compilers were used—men who spend every day of their lives in just such work.

In the general departments where the names are shown, whether a citizen of Winston-Salem, Centerville, Southside, Waughtown, etc., the names are shown in proper alphabetical order; and following every name in the Directory we show the address, giving street and number, and if in Winston, show by initial letter (W); for Salem, (S); for Centerville, (C); for Southside, (S S), and Waughtown, (W T).

In conclusion, we desire to extend our thanks for the many courtesies shown the representatives of this work during its preparation; and to those who by their support made the publication possible, with assurance that we will continue to give the best service possible and improve each succeeding volume over its predecessor, we are, respectfully,

THE W. H. WALSH DIRECTORY COMPANY,

Winston-Salem, N. C., August 1st, 1904.

W. H. WALSH, Manager.

WALSH'S

Winston-Salem Directory

For 1904=5.

EXPLANATION.

Reference to this department will show streets alphabetically arranged, regardless of their location.

All names in Street Directory denote heads of houses.

By the decimal system of numbering, one hundred numbers are allotted to each block. Main Street, in both cities, is the 'dividing line' between eastern and western portions of city, and all streets running east and west are numbered beginning at Main.

For names other than shown in this Department, see General Directory of Names.

HARVARD PIANO \$250

If money grew on trees, and everybody had an orchard, it would not be necessary to practice economy, but as it is, money is a scarce commodity, and should be placed to the best advantage.

There is no better piano value than the Harvard, Style H,
at \$250, or Style G, at \$275.

We also have the "Nobly & Evans," at \$300 to \$325,
and the "Everett," at \$400 to \$450.

These prices are from \$50 to \$75 cheaper than is charged
by other houses for the same pianos, and other pianos of
equal grade.

Isn't it worth saving?

Ten Years in One Place, Proof of Satisfied Customers

448 LIBERTY ST., WINSTON, N. C.

I WILL have no special sale on any kind of goods, but by buying right I can sell goods at prices that will not be duplicated in the City. If it's Watches you want, come to me. If it's Solid Silver or Plated Ware, you will make a sad mistake to buy elsewhere. All kinds of Jewelry at lowest prices. Wedding and Birthday Presents, a large variety always on hand. If it's Diamonds you want, remember I keep them at any price, and make a specialty of selling Fine Diamonds. All diamonds will be taken back twelve months from date of purchase, less ten per cent.

I am, very truly yours,

Selecting an Automobile

You want the greatest road efficiency. This is measured by the actual horse-power transmitted to the wheels, divided by the weight of the machine.

The Oldsmobile Runabout has the greatest road efficiency of any runabout made. 5x6 cylinder 7 actual horse-power, weighs 1100 lbs.—making the horse-power per 100 lbs. weight .636.

You want a reliable machine. The Oldsmobile has proven itself superior to all others in this respect. It is the only Runabout that has been driven across the American continent. Also took every prize in the famous English Reliability Run in September, 1903.

You want simplicity in mechanism. The Oldsmobile has fewest parts—it is the result of 20 years experience in gas engine building. The chances of its getting out of order are reduced to a minimum. There's "nothing to watch but the road ahead."

You want your money's worth. The Oldsmobile costs \$650.00, —and it's worth it.

Send for our catalog telling about increased power, speed etc. Shows our new pattern Touring Runabout, \$750.00; Light Tonneau, \$950.00; Oldsmobile Delivery Wagon, \$850.00.

NO FORM OF ILLUMINATION has ever been discovered to equal ELECTRICITY! There never will be! People who want the best that is offered in the way of Lights never think of using anything else. If you have been deterred because you thought the best must necessarily be the costliest, investigation will prove that it is not the case.

The Daily Journal

HAS a larger circulation than any Daily Paper in Winston-Salem, North Carolina, and is the only morning paper published in the Piedmont section of the State, and therefore has a territory all its own; and as an advertising medium, is unexcelled. For all the news all the time, read the DAILY JOURNAL, 25 cents per month. ❁ ❁ ❁ ❁ ❁

The Weekly Journal

REACHES a territory commercially tributary to Winston-Salem, which has a population of eighty thousand people. A very large majority of these never see a daily paper, nor can many of them be reached by bills or circulars, and therefore as the WEEKLY JOURNAL circulates among farmers who take no other paper from this city, it is unequaled as an advertising medium. The subscription price is 50 cents per year.

The Job Department

Of the Journal is large and well equipped. All classes of fine

PRINTING

Executed with Neatness and Despatch. ❁ ❁ ❁ ❁

PINE FOREST INN

SUMMERVILLE, S. C.

Season 1904-1905—Open November to May

THE PINE FOREST INN COMPANY take pleasure in announcing to former patrons and those who contemplate a sojourn in the South during the winter 1904-5, that the Inn will be open for the coming season with many improvements to the hotel and property that can not fail to add to the comfort of its guests. Since the close of the house last spring, a new addition has been constructed, containing several suites of rooms with bath, steam heat, and open fireplaces, and furnished in the luxurious style of other portions of the Inn. An extension enlarges the dining-room to double its former size, and provides several smaller dining-rooms and a commodious room for balls and entertainments. The kitchen facilities are also improved.

THE FORMER EXCELLENT GOLF LINKS have been extended to an eighteen-hole course. Artificial bunkers have been added, and the hazards difficult enough to be interesting. The turf is the finest in the South. There is a good club-house situated at the first tee, commanding a view of the entire course. The links will be in charge of a professional instructor, and tournaments will be a feature during the season. The climate of Summerville will admit of playing any day in the winter. A fine boulevard leads from the Inn through the park and past the tea and floral gardens of Dr. Charles U. Shepard to the club-house, less than a mile distant.

THE PINE FOREST INN HUNTING-GROUNDS, containing two thousand acres, with its Colonial Club-House, and the variety of game with which the preserves are stocked, should be a great attraction for all fond of hunting, etc.

THE OWNERS OF THE INN have spared no expense in the equipment of the hotel and providing for the comfort and amusement of guests, and the large patronage enjoyed by the house in past seasons is the best evidence of its popularity. Situated in the middle South, in the dry, fragrant air of the pines, and easy of access from all points, the Pine Forest Inn offers an ideal climate and many advantages not found at other Southern resorts.

OLDSMOBILE

**BUILT
TO
RUN**

**AND
DOES
IT.**

Selecting an Automobile

You want the greatest road efficiency. This is measured by the actual horse-power transmitted to the wheels, divided by the weight of the machine.

The Oldsmobile Runabout has the greatest road efficiency of any runabout made. 5x6 cylinder 7 actual horse-power, weighs 1100 lbs.—making the horse-power per 100 lbs. weight .636.

You want a reliable machine. The Oldsmobile has proven itself superior to all others in this respect. It is the only Runabout that has been driven across the American continent. Also took every prize in the famous English Reliability Run in September, 1903.

You want simplicity in mechanism. The Oldsmobile has fewest parts—it is the result of 20 years' experience in gas engine building. The chances of its getting out of order are reduced to a minimum. There's "nothing to watch but the road ahead."

You want your money's worth. The Oldsmobile costs \$650.00,—and it's worth it.

Send for our catalog telling about increased power, speed etc. Shows our new pattern Touring Runabout, \$750.00; Light Tonneau, \$950.00; Oldsmobile Delivery Wagon, \$850.00.

Free demonstration by our nearest agent. 16
