INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Winston-Salem City Directory since 1932), present to subscribers and the general public, this, the 1956 edition of the Winston-Salem City Directory, which also includes City View, Hanes, Montview and Park Terrace.

Confidence in the continued growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments (Each department beginning with Page 1)

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Winston-Salem, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem and vicinity.

The Winston-Salem Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

WINSTON-SALEM

CITY OF HISTORIC CHARM AND THRIVING INDUSTRY;
THE WORLD'S TOBACCO CENTER

(Courtesy Winston-Salem Chamber of Commerce)

HISTORY

Rich and varied is the history of Winston-Salem, for the city of today is the product of two centuries of constructive, planned growth.

In 1752-53 a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis von Zinzendorf, an early protector-patron of the sect. Two settlements were established, Bethabara in 1754 and Bethania in 1759. In 1766 a new settlement was carefully laid out in the center of the Wachovian tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

The small town grew rapidly under the care of the industrious fathers. A water system was established and dwellings, stores, and shops built. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

The Revolutionary War brought to the thriving town Nathanael Greene's soldiers, and in 1781 Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828; and the opening of the first bank in 1847. Cotton and wool manufacturing companies had been organized, and Salem by 1850 was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1856, Winston in 1859.

Winston developed rapidly as an industrial center and market. The year 1872 saw the first tobacco auction and the opening of the first tobacco factory. In 1885 the Chamber of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products, and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston-Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Co-operation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

Main Hall, Salem College, with Historic Home Moravian Church (1800) in Left Foreground

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured products is over \$1,000,000,000. The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational development. As did their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

A part of the collection is housed in the old Boys' School, built in 1794 and restored in 1954. Boys' School is still under its original tile roof.

Salem Tavern, 800 S. Main, erected in 1784, was first brick building in Salem. George Washington visited the Tavern in 1791 during his Southern Tour. As a house museum, it now offers visitors a glimpse into one of the South's best known 18th Century inns.

Lick-Boner House, 512 S. Liberty St., 1787, was the first project of the eight completed Old Salem, Inc., house restorations thus far in a long-range program. One room is furnished as a memorial to John Henry Boner, the North Carolina poet, who was born in the house in 1845.

Home Moravian Church, S. Church St., erected in 1800, was the heart of the early Salem community, and is the center of the Moravian Church activities in the South. It is here that the opening scene of the Moravian early Easter morning service is held. This Easter Service, one of the most widely known religious services in America, has been held for over 150 years, and attracts from 30 to 40 thousand visitors annually.

God's Acre, or Moravian Graveyard, S. Church St., contains more than 3,000 graves, all having similar, flat markers to symbolize the brotherhood and equality of man. There are no family plots. The graveyard has been used by Moravian congregations in the city since 1771, and is the closing scene of the Moravian Easter Service.

Brothers' House, 600-04 South Main St., 1769 and 1786, is the second oldest house still standing in Salem. It was here that the young boys of the community went to learn their trades. Building is now the Moravian Church Home.

Sisters' House, Salem Square, 1786, housed the single sisters of early Salem. House is now used as a dormitory for Salem College.

John Vogler House, 700 S. Main Street. House built in 1819 by a silversmith and clockmaker, is a refinement of the traditional architecture of 18th Century mid-European domestic architecture which was used in early Salem. House is now a third exhibit building of Old Salem, Inc., the restoration organization.

"Fourth House," 450 S. Main St., erected in 1767, is the oldest building still standing in Salem. Was home of an early saddlemaker. The house was restored in 1940 by the Forsyth County Committee of Colonial Dames, and is now rented.

Belo House, 455 S. Main Street. Handsome antebellum mansion with Corinthian columns and elaborate iron grille, was erected by Edward Belo in 1849. Belo conducted a store on the main floor of the building, and his dwelling was on the second story. Building was at one time used as an Inn. Now belongs to Moravian Church and is an apartment house for ladies.

Salem College and Academy, Salem Square, is one of the first Girls' Schools in the South, and is oldest in continuous operation. Established by the Moravians as a day school in 1772, it became a boarding school in 1802. The college buildings, on a 50-acre campus, are designed in the characteristic mid-European domestic architecture, prevalent in Salem.

In the Downtown District

City Hall, N. Main St., is built on the original dividing line between Winston and Salem.

Forsyth County Court House is on the Court House Square in the center of the downtown district.

Reynolds Office Building, N. Main at 4th St., is North Carolina's tallest office building.

The R. J. Reynolds Tobacco Co., in the vicinity of Church and 5th streets, is open to visitors for guided tours. Here one may see Camel cigarettes and Prince Albert smoking tobacco being produced; both products are made only in Winston-Salem. Information about the guided tours may be obtained at the Reynolds Office Building.

The tobacco warehouses, in the vicinity north of the Post Office between Oak and Patterson streets, are open from late September through December. Here the chant of the auctioneer, the pungent smell of ripe tobacco, and the steady hum of warehouse activity combine to provide one of America's most colorful marketing scenes.

The Salem Boys' School building, erected in 1794, and a modern annex today house the Wachovia Museum collection of local antiquities. Adding interest to the exhibits of early household utensils, guns, farm equipment, toys, church relics, craftsmen's tools and products, and Indian artifacts is the school building itself, an outstanding example of Moravian ornamental brickwork. It still bears its original tile roof.

P. H. Hanes Knitting Co., N. Main St., is the world's largest plant for the manufacture of knit underwear.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

FOLDOOR GIVES YOUR HOME
NEW Utility, NEW Flexibility, NEW Beauty

Tuck your kitchen out of sight with a touch of your fingertips. Give your dining room a cozy, intimate atmosphere with FOLDOOR – the new improved fabric covered folding door.

Smart home owners use FOLDOOR as a movable wall to divide a big room into two smaller rooms – to create a “TV den” to gain space by eliminating conflicting swing-type doors.

FOLDOOR fabrics come in many lovely harmonizing colors. They're durable, washable and fire-resistant. The steel FOLDOOR frame is rigid, rust-resistant.

Drop in for a
demonstration, today.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Please! Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

You never need to look me up!

Twenty-four hours a day, I'm on the job to answer your calls instantly. Depend on me for the many services electricity does best.

WHY A *Buyers'* Guide?

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

*It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
