INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directory, (publishers of the High Point City Directory since 1933), present to subscribers and the general public, this, the 1954 edition of the High Point City Directory, which also includes Fairmont Park and Oakview.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the High Point Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, Fairmont Park and Oakview, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on golden-rod paper, contains the advertisements of leading manufacturing, business and professional interests of High Point, Fairmont Park and Oakview. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like High Point, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

V. THE NUMERICAL TELEPHONE GUIDE, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point and vicinity.

The High Point Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

HIGH POINT TODAY

Origin of Name

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway), in which he said, "This is the highest point along the whole survey, so we will mark it High Point."

Industry

High Point occupies the unique position of being the Southern center of two major industries—furniture and hosiery.

The first furniture factory was established in 1888—today there are 101 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are three furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer—the fourteen-story Southern Furniture Exposition Building and the Tomlinson Exhibition Building, with combined floor space of 463,890 square feet. Four hundred fifty manufacturers of household furnishings exhibit their products in this—The Southern Furniture and Rug Market.

The daily capacity of the 28 hosiery mills of High Point exceeds 50,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full-fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 101 furniture factories and 28 hosiery mills, there 193 other diversified manufacturing plants. Among these are plants manufacturing: Overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, bobbin heads, shuttle blocks, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers' labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers, television cabinets and a variety of other products.

The manufacturer will find in High Point many advantages so necessary for

successful and profitable operation (this is proved by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8% native white, 19.7% Negro, 0.5% foreign-born; harmonious industrial relations; efficient public utilities; adequate electric power, and modern municipal facilities.

Transportation

Located on main line of the Southern Railway System between Washington, D. C. and Atlanta, Ga.

On the High Point, Thomasville & Denton Railroad, a locally-owned and successful short-line railroad connecting, through the Winston-Salem Southbound Railroad, with the Norfolk & Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad, with through rates and service applying.

Air service through the Greensboro-High Point Airport is furnished by Eastern Air Lines main line, Capital Air Lines and Piedmont Airlines.

Sixteen motor-freight lines operate out of High Point.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under a modern city-manager charter which places responsibility for efficient operation of all departments upon the city manager and delegates to him authority commensurate with such responsibility.

The charter is unique in that the debt-creating power of the City Council is very greatly restricted. No new indebtedness may be created in any fiscal year in excess of 50% of the amount retired during the previous year, except by vote of the citizens. Under this plan, the indebtedness of the City will undoubtedly decrease each year, and at the same time, such limitation will not prevent the logical development of municipal facilities.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similar classes of service rendered by private utility companies operating in this area.

Education

HIGH POINT COLLEGE

Is young: Founded in 1924, it is building its own spirit and traditions today by the contribution of each student on its campus. Young people enrolling here are not bound by the past but are building for the future.

Is progressive: Student government functioning through dormitory and day student council gives opportunity for student expression, guidance, responsibility and authority.

Has a curriculum designed to meet the needs of youth in our great democracy, comprehensive and elastic and at the same time sound and thoroughly witnessing the spirit of progress in education.

Is growing: The regular session of the last school year enrolled 683 and carried 388 in summer school and extension. Fifteen states and two foreign countries were represented in the student body. This is a most remarkable record for 29 years' operation.

Offers rates within the reach of the most ambitious youth of limited means. Offers a beautiful campus; attractive, modern, fire-proof buildings; a competent faculty; adequate facilities; and an administration sympathetic with the testings that meet youth in college.

Is located in the heart of the Piedmont—at High Point, N. C. Convenient to High Point are all the colleges and universities of the state. Time by automobile between High Point and such institutions ranges from 20 minutes to two hours.

Recreation, Area and Climate

City Lake Park—17 acres. Swimming pool 270 feet long, 165 feet wide, ranging in depth from $2\frac{1}{2}$ to 11 feet; ample for Olympic swimming trials; water tested hourly as to purification; large wading pool. Two tennis courts, soft-ball field, outdoor amphitheatre, children's playgrounds equipped, family picnic facilities. Adjoins 700-acre lake. Excellent fishing.

Negro Park—27 acres. Swimming pool, 6 tennis courts, soft-ball field, athletic and baseball field, wading pool and picnic grounds.

Blair Park—73 acres. Golf courses, 4 tennis courts, clubhouse.

West Blair Park—13 acres, 6 tennis courts, soft-ball field, picnic grounds, children's playgrounds.

Civitan Baseball Park.

Numerous small developed park area throughout the city, and school athletic fields.

Although renowned as "The Industrial City," High Point could be readily termed "The Balanced City." For here, in addition to 309 factories and mills, are the banks, shops and stores which serve a local retail area of 85,000 population; here are broad, tree-shaded streets; here are the charm of flower gardens and the comfort of luxurious and modest homes. Here are recreation centers, sports and entertainment; and neighboring the city's outskirts are farms prospering with the varied products which modern agriculture creates. Admirably "balanced"—thriving—comfortable—substantial.

GUILFORD COUNTY

Guilford County is named for Frederick (Lord North), Earl of Guilford. Area, 691 square miles. Formed in 1770 from Orange and Rowan counties.

Industry and Trade—1948 Census

MANUFACTURING: Number of plants, 410; number wage-earners, average for year, 26,172; value added by manufacture, \$126,578,000.

RETAIL TRADE: Number of stores, 1,810; number employees, average for year, 11,296, sales \$177,448,000.

WHOLESALE TRADE: Number of establishments, 372; paid employees 3, - 939; payroll, \$3,169,000; sales, \$347,595,000.

SERVICE ESTABLISHMENTS: Number of establishments, 549; paid employees 2,467; receipts, \$11,057,000.

Agriculture

Farming in Guilford County is progressive and prosperous. Climate and soil conditions are favorable and markets are numerous and accessible. Major products produced in the county include tobacco, corn, hay, wheat, sweet potatoes and cotton. The value of agricultural products in a recent year was placed at \$8,172,000.

Schools, Colleges, Universities

Public Schools: Elementary, 23; junior and senior high schools, 22; parochial schools (Catholic), 3; colleges and universities, 9.

Points of Interest in High Point and Nearby Territory

AIRPORT: Municipal serving Greensboro and High Point.

GUILFORD COURT HOUSE NATIONAL MILITARY PARK: Revolutionary battle site.

FAMOUS TREE, CORNWALLIS OAK: Located on the battleground.

GENERAL GRIMES MONUMENT: Located on the battleground.

MUSEUM: Located in Springfield Meeting House.

QUAKER MEETING HOUSE: Guilford College, Deep River, Springfield and Archdale.

SEDGEFIELD INN: Located within 15 minutes' drive by automobile. Mild weather and ideal terrain make Guilford County a paradise for those who like golf, hunting, riding and other outdoor sports. Golf is a twelve-months' sport, and Guilford courses are as popular with beginners as with leading professionals of the country.

DIVERSIFIED SPORTS: Guilford County visitors may enjoy a complete program that includes football, baseball, soft-ball, tennis and skeet-shooting. Nearly all sports have their devotees in this great Southern playground.

AUTO TRAVEL: Time to Pinehurst, 2 hours; Roaring Gap, 2 hours; Winston-Salem, 40 minutes; Greensboro, 30 minutes.

ASHEVILLE AND THE GREAT SMOKY MOUNTAIN NATIONAL PARK are within a few hours' drive to the west, and to the east are the sounds and beaches of eastern North Carolina.

It is said that the main reasons which determine industrial location are:

MARKETS: The market of the areas of which High Point is the center is the most important in the South and Southeast. Here the average income is higher, industry is relatively concentrated and farming is more productive. Statistically, in nearly every economic characteristic this section compares on a basis of equal or better with national averages. Nearly every type of consumer goods sells on a par with any section of the country, per dollar per capita. For example, the per capita sales of household furniture is higher than the national average by 11%. Accessibility to the nation's biggest markets is both fast and convenient.

MATERIALS: These same areas produce timber, cotton, tobacco far in excess of local needs . . . many other raw materials are conveniently accessible in bordering areas and a road and rail network brings the entire Eastern Seaboard, the East and Middle West within economical hauling distance. Power facilities are ample and growing. Water is plentiful.

LABOR: Labor is intelligent, 90% native and in good supply. In skilled trades, it is now in the second and entering the third generation.

Figures on taxes, climate, suitable sites, available buildings for industry and community living conditions are available through:

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

Dry cleaning properly done, is not only a rejuvenating measure, it is also a clothes insurance inas-
much as it makes your garments wear longer as well as look better.

Our service insures the proper dry cleaning. We brush out the seams and reshape the garment to
its original mold. Close attention is paid to loose, broken and missing buttons and worn edges.

DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

LARGE JOBS

Our completed work includes the wiring of some of the largest and newest plants and mills in the South. Bryant wired the vast Gaseous Diffusion Atomic Bomb Plant at Oak Ridge, Tennessee, which required over 3,000 electricians at the peak of construction, and which is considered to be the largest single electrical installation in the world.

SMALLER JOBS

Although we are best known for our larger installations, we do thousands of jobs of very modest size, such as the installation of a few lighting fixtures and the wiring for additional machinery and equipment.

TYPE OF WORK

We have wired textile mills and industrial plants and public and commercial buildings of almost every type. We have built overhead and underground power and communications lines and installed power plants. NO job is too complex or unusual for our organization.

PERSONNEL

Some of our key personnel have been with us since 1924. Service of ten to twenty years is not unusual. All Bryant installations are made under the close supervision and rigid inspection of experienced electrical construction engineers.

REPUTATION

We will be glad to give you a list of the consulting engineers and firms for whom we have worked.

For quality work completed on schedule at moderate cost, write, wire, or telephone:

How the Modern Way Serves You—

The appeal of spotless table linen is universal. The satisfaction engendered thereby is a distinct pleasure, particularly when company arrives. The best home laundry work falls short of perfection no matter how modern the equipment or diligent the laundress. Our laundry will do a complete job or deliver wet if you prefer to do the ironing. Trust us with your finer, daintier things—you'll not regret it.

"The Modern Way is to let our Laundry make a clean job of the dirty work and save your time for better things."

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶ Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

"Nothing But Service To Sell"

THE BEST THINGS COME IN SMALL PACKAGES

Through our connections and HPT&D Railroad gives this industrial part of North Carolina competitive trunk line advantages. Concentrated into a small area as an efficient "Short Line" and transporting freight only, HPT&D serves, helpfully and courteously.

HPT&D offers regular schedules to all parts of the United States through the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, and Norfolk Southern railroads and their many connections.

Many industries are located along our tracks. Much new development is underway. For detailed information as to industrial sites, track locations, rates, routings, schedules, etc., write or call:

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

**Please! Do Not Lend Your
CITY DIRECTORY**

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Business Places,

INCLUDING

A Complete Street and Avenue Guide 1954

INCLUDING FAIRMONT PARK AND OAKVIEW

Copyright, 1954, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

*Therefore your ad in the City Directory
is seen by buyers from coast-to-coast*
