INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., INC., publishers of Southeastern Directories (publishers of the Charlotte City Directory since 1932), present to subscribers and the general public, this, the 1955 edition of the Charlotte City Directory, which also includes Hoskins and Thomasboro. A new feature, the listing of telephone numbers in the Directory of Householders, marks this edition.

Confidence in the continued growth of Charlotte's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Charlotte to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Charlotte Directory will fulfill its mission as a source of authentic information pertaining to the city and vicinity.

Six Major Departments (Each department beginning with Page 1)

The six major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that shows the name, marital status, occupation and address of each adult resident of Charlotte and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Charlotte. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Charlotte, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE POSTAL ZONE GUIDE, on pink paper, is the fourth major department. This section is reproduced verbatim from copy supplied by the postal authorities.

V. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fifth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is designation of tenant-owned homes and a new feature is the listing of telephone numbers.

VI. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the sixth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Charlotte and vicinity.

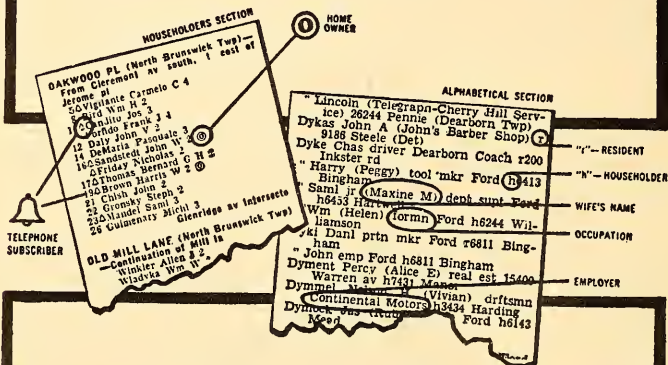

The Charlotte Directory Library

Through the courtesy of the publishers of the Charlotte City Directory, a Directory Library is maintained in the offices of the Charlotte Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., INC.,
Publishers

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

LOCATION

Charlotte, chief city of the Carolinas, dominates a rich, undulating plateau between the Appalachian Mountains and the Atlantic coastal plain. The city is the geographic center of a young, rapidly-expanding market. It is 624 miles southwest of New York; 266 miles northeast of Atlanta; 745 miles southeast of Chicago; 393 miles southwest of Washington; 160 miles from the Atlantic Ocean; and far south of knee-deep snow, Charlotte is accessible from every direction by every known conveyance

except an ocean-going ship. It is 779 feet above the sea, in latitude 35 degrees 14 minutes n., longitude 80 degrees 50 minutes w.

CLIMATE

Charlotte winters are seldom uncomfortable and never as severe as those experienced in the Northern and Western states. Summers are warm, but rarely uncomfortable. The average annual temperature is 60.2 degrees, with a seasonal variation of 36.5 degrees from 42.3 degrees

Tryon Street

In January to 78.8 degrees in July. Pleasant, mild temperatures are enjoyed for more than six months of the year—59.7 degrees in spring, 61.3 degrees in fall. Average winter temperature is 43, degrees; summer, 77 degrees. The frost-free season spans midyear from March to November, averaging 237 days. Other data: Annual rainfall averages 46.05 inches. Morning humidity averages 78 per cent; noon, 57 per cent, and evening, 64 per cent.

POPULATION

Charlotte, with a 1954 estimated population of 150,000 is by far the largest city in the two Carolinas, and Mecklenburg County, with a 1954 estimated population of 219,000, is the most populous county. Other significant census figures for Charlotte are: 1850, 1,065; 1900, 18,091; 1920, 46,338; 1940, 100,899; 1950, 134,042. The females have a slight majority of 51.8 per cent. The white races accounts for 72 per cent. Less than 1 per cent is foreign-born. The population of the retail trading area (60-mile radius) exceeds 1,500,000; the wholesale trading area (150-mile radius) has a booming 4,500,000 consumers.

GOVERNMENT

Charlotte is governed by a popularly-elected mayor and seven councilmen. A city manager, appointed at the pleasure of the council, is the administrative head of the city government. The City Hall is a handsome three-story building of neo-classic design which was erected in the early 1920's on a site six blocks from the center of the city. Public services include excellent schools, an expertly-manned police department, a modern fire department, extensive water and sewerage facilities, health and welfare departments, and many others.

Mecklenburg County, of which Charlotte is the seat, is governed by a board of county commissioners. The chairman of this board is the chief administrative officer of the county. Historic Mecklenburg, the wealthiest county in the state, has a fine school system and an efficient rural police force, and provides its citizens with superior public services. The Mecklenburg County Court House, situated adjacent to the City Hall, is an imposing building with stately columns of neo-classic design. Like the City Hall, it has become one of Charlotte's showplaces.

TAXES

The City and County in 1954 assessed ad valorem taxes on all real and tangible property at the following rates per \$100 valuation: City, \$1.65; County, 91¢. In actual practice property valuations are well below true values. Only minor occupational licenses are required by the City. North Carolina income tax is assessed at a rate of 3 per cent for the first \$2,000 net income; 4 per cent on the next \$2,000; 5 per cent on the next \$2,000; 6 per cent on the next \$4,000; and 7 per cent on all over \$10,000. Corporations are taxed 6 per cent of their taxable net incomes. Liberal exemptions are allowed for both individuals and corporations.

COMMERCE

With almost 2,000,000 people living within easy motoring distance of Charlotte, the City has become one of the 25 greatest markets in the nation. The retail sales volume now exceeds \$261,722,000 annually. Over 3,800 retail establishments offer consumers almost every conceivable product. Downtown streets are lined with modern, well-appointed stores which through attractive merchandising, draw people from all sections of the Piedmont. The total business volume of the Charlotte market exceeds \$2,484,000,000 annually, and the city's per-family buying power is tops for the Carolinas.

Charlotte, strategically located in the center of the Southeast, is rapidly becoming Dixie's leading distributor. Hundreds of trucks, operated by over 100 different truck lines and four railroads moving an average of 290 carloads a day, shuttle goods in and out of this vast Dixie warehouse. According to the Blue Book Southern Progress

in 1953, wholesale sales in Charlotte came to a whopping \$1,300,000,000. This volume of wholesale distribution outstrips such larger cities as Birmingham, Richmond, Nashville and Jacksonville.

Wholesale distribution from Charlotte has grown so tremendously in recent years because the city is well situated to serve the growing Southern market and has superior transportation facilities. More than 500 national companies have established offices or warehouses in the city.

Charlotte is far and away the financial giant of the Carolinas. The city's eight large commercial banks cleared \$6,445,761,418 in checks during 1953. Total resources of these banks are \$694,445,940. One of Charlotte's many investment banking concerns is ranked as the ninth largest in the country, which is a reflection of the financial activity of the city. Charlotte also has a branch of the Federal Reserve Bank.

INDUSTRY

Charlotte is the geographical center of the vast Southern textile industry which has its heaviest concentration in the Piedmont Carolinas, where two-thirds of all the looms and spindles in the South are located. Although there are 60 textile mills in the immediate vicinity, Charlotte, unlike many Southern cities, is not completely dependent upon textiles. Machinery, chemicals, food products, furniture, clothing, printing, building materials, all are major products of Charlotte's balanced economy.

Charlotte's 500 manufacturers employ more than 21,000 persons, many of whom have developed great skill in the technological processes of modern industry. In addition, there is a sizable reserve of manpower on the many farms of the surrounding area available to supplement the present labor force. Native-born Americans comprise 99 per cent of the entire labor force. Charlotte always has enjoyed excellent labor-management relations and has never had a major work stoppage.

Charlotte offers manufacturers many advantages which have contributed to the rapid expansion of industry in this area. Some of the advantages are: (1) Reserve of skilled and unskilled labor, (2) Superior rail and trucking facilities, (3) Excellent communication facilities, (4) Extensive power and water supplies, (5) Excellent plant sites and buildings, (6) Pleasant, mild climate, (7) A friendly, progressive community, (8) Central location in the Southeast.

Although the expansion of manufacturing in the Charlotte region has been substantial, agriculture is still the basic industry of Mecklenburg County. Mecklenburg's fine farms and dairies support nearly 16,000 farmers and farm hands. Principal products are corn, cotton, grain, vegetables, poultry and dairy products.

UTILITIES

Charlotte is headquarters for the Duke Power Co., which supplies electrical power throughout the Piedmont Carolinas. The vast Duke Power system has twelve major hydro-electric plants with a total rated installed capacity of 497,200 kilowatts and eight steam plants with a capacity of 1,695,400 kilowatts. Total rated installed capacity is 2,192,400 kilowatts. Duke Power's forward-looking policies, as evidenced by a post-war expansion program of over \$200,000,000, have played a vital part in the industrialization of the Piedmont.

Natural Gas from Texas and Louisiana gas fields is distributed in Charlotte and the Carolinas by the Piedmont Natural Gas Co., with headquarters in Charlotte.

The City of Charlotte has invested an estimated \$18,000,000 in its water facilities. The present rated capacity of the system is 25,000,000 gallons per day; additional treatment and distribution system facilities are under design. The city was the first in the Southeast to introduce fluorine into its water as a means of reducing tooth decay. The fluorination program, which was begun April 1, 1949,

Central Business District

will be particularly beneficial to future generations of Charlotte citizens.

TRANSPORTATION

Charlotte is the transportation center of the Carolinas. Four railroads operate 18 passenger trains and haul an average of 290 carloads of freight every day; four air lines operate 54 scheduled flights a day from Charlotte's modern, new, \$1,329,000 terminal; five bus companies schedule over 439 regular departures each day; and over 100 truck lines haul thousands of tons of goods to points throughout the South and East. Railroads with lines into Charlotte are: Southern, Piedmont & Northern, Seaboard, and Norfolk-Southern. Air lines are: Eastern, Capital, Piedmont and Southern. Bus companies are: Queen City Coach, Carolina Scenic Stages, Carolina Coach, Carolina Transit Lines, Greyhound, and Sharon Coach Company.

COMMUNICATIONS

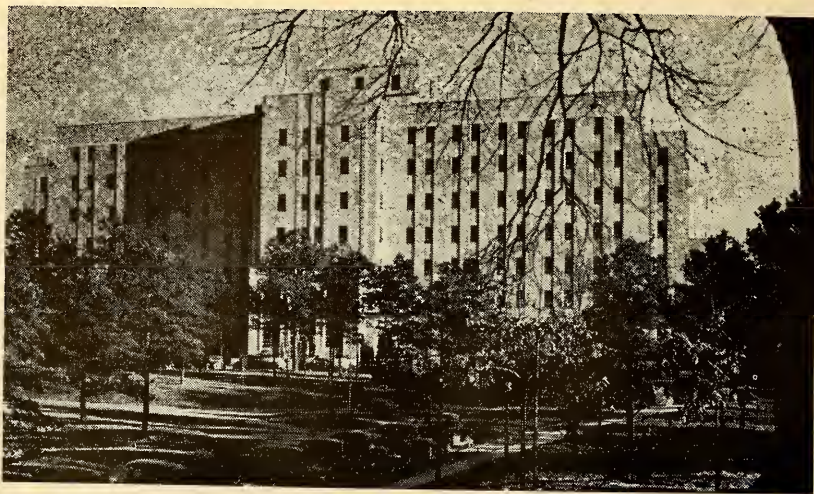

The Southern Bell Telephone Co. has 75,688 telephones in Charlotte. The company has calculated that the city will have a population of 237,000 by 1966, and is rapidly expanding facilities on this assumption. Southern Bell's state headquarters are located in Charlotte. The city also is a relay point in the vast Western Union system, and processes telegrams for the cities throughout the region.

EDUCATION

Charlotte's excellent public school system embraces 43 schools with an enrollment of 26,096. The Mecklenburg County system has 35 schools with an enrollment of 16,589. Both systems are now undergoing large expansion programs. Colleges located in and near Charlotte are: Queens College, enrollment—662, Charlotte College, enrollment—771, Johnson C. Smith University, Negro co-educational, enrollment—723, Carver College (Negro), enrollment—110, Davidson College (in Davidson, N. C., 20 miles north), enrollment—824. In addition to these, Charlotte has many fine business schools. Among these are Burton Institute, Kings Business College, National School of Commerce, Carolina Business School, Comptometer School and Dora Ellis Business School.

MEDICAL FACILITIES

Charlotte has four excellent general hospitals with a combined total of 1,162 beds, and several special hospitals with 325 beds. The city has over 250 doctors, of which more than 125 are certified specialists. Because of these facilities and the availability of such a large number of specialists, Charlotte has become a medical center of considerable importance. The general hospitals are Charlotte Memorial, Presbyterian, Mercy (Catholic) and Good Samaritan (Negro).

Charlotte Memorial Hospital

NEWSPAPERS AND RADIO STATIONS

Charlotte has two widely-circulated, daily newspapers. These are The Charlotte Observer (published mornings, circulation 138,000, Sunday 146,000) and The Charlotte News (published evenings except Sunday, circulation in excess of 70,000). There are six radio stations broadcasting programs of all major networks. These stations are: WBT (AM and FM, CBS); WSOC (AM and FM, NBC); WAYS (AM and FM, ABC); WGIV (AM, independent); WIST (FM, Mutual and Dixie FM); WMIT (FM).

TELEVISION

WBTV, the Carolina's first television station, began operations in July 1949 and added facilities for color casting in August, 1954. Charlotte's second TV station, WAYS-TV, began operations the latter part of 1953. A third commercial TV channel has been allocated to Charlotte for future activation and an educational channel has also been reserved for the city.

RECREATION

Charlotte's broad community program includes nearly every conceivable sport and form of recreation. There are 31 parks and playgrounds, 34 motion picture theaters, 8 golf courses (5 public), private swimming pools, Municipal Pool, the Little Theatre, a modern sports arena, and four modern community centers. Professional baseball and college and high school football are enjoyed by Charlotte citizens. A \$4,000,000 Auditorium-Coliseum, just completed, will be the scene of operas, concerts and Broadway plays.

TRAVELERS' ACCOMMODATIONS

Charlotte has six principal hotels with 1,250 rooms, and a number of smaller hotels. In addition, there are numerous first-class motor courts and tourist homes convenient to the motoring public. The largest hotels are: Hotel Barringer, Hotel Charlotte, Selwyn Hotel, Mayfair Hotel, Mecklenburg Hotel and Clayton Hotel.

CHARLOTTE HISTORY

When the first settlers—Scotch-Irish, English, Germans, Huguenots—penetrated into the southern Piedmont section of North Carolina they found deer and bear, wolves and Catawba Indians in awesome numbers. But, undismayed, the settlers went about the job of making homes for themselves.

Tiny Charlotte, only 360 acres of Mecklenburg County soil, was incorporated in November, 1768. Six years later the settlement became the county seat and organized a regular town government. Although Charlottetown could boast only a handful of settlers, its spirited defiance of

the British was known from St. Augustine to Plymouth Rock. On May 20, 1775, Charlotte patriots signed the Mecklenburg Declaration of Independence, a document which, though not generally acted upon until a year later, laid the foundations of the American Declaration of Independence on July 4, 1776.

Charlotte played a spunky and effective part in the conflict which followed. British General Cornwallis, who was in the town for awhile, called the place "a damned hornet's nest" of rebellion. That reputation has been perpetuated in the city seal.

During the days following the war, Charlotte began to show promise; even so, the town was still a mere upstart in the wilderness. Wilmington, New Bern, Raleigh, Edenton, were far larger. Even by 1850 Charlotte could count only 1,065 heads.

After surviving the rigors of the Civil War and reconstruction, Charlotte began anew its ascendancy as the chief city of the Carolinas. Each Federal Census in the years which followed foretold Charlotte's destiny. Today its top position in the Carolinas is undisputed.
