1912-1913

This beautiful city is situated on the Pasquotank river, 18 miles from Albemarle Sound, less than 50 miles from the Atlantic Ocean and about the same distance from Norfolk, Virginia.

Its strategic position in Northeastern North Carolina makes it the natural distributing point for the counties composing this section of the State. Its first-class banking facilities, excellent harbor, marine railways, railroad lines, manufacturing plants, and a commercial business, both wholesale and retail, which any city twice its size might envy, combine to strengthen the city's position as a distributing center.

MANUFACTURING

ELIZABETH CITY is the center of the lumbering industry for Northeastern North Carolina. Cotton mills, hosiery mills, wagon and buggy factories, saw and planing mills, barrel and basket factories, sash, door and blind factories and a box factory are among the lines represented here.

INDUSTRIAL OPPORTUNITIES

On account of the nearness and wealth of raw material, and the convenience of reaching the market, the following industries must prove highly successful here: Veneer Works, Wheel Hub Factories, Furniture Factories, Fruit and Vegetable Canning Factories, Peanut Factories, a manufactory of Shuttle Blocks, Bobbins, and Spools, as well as Woodenware in general, Bowls, Plates and Dishes, for which an abundance of material is near at hand, a Bag, Rope and Twine Factory, Carpet Factory, Wood

PREFACE--Continued

Pulp Factory, Basket Factory, Paper Mills using rag and pulp, Paper Box Factory.

ELIZABETH CITY offers to new factories such industrial opportunities as free sites, raw material at the door, unexcelled rail and water transportation facilities, immunity from excessive taxation, and unusually favorable shipping rates. The surrounding country abounds in timber forests, and fishing products supply material for packing houses.

FARMING

ELIZABETH CITY is surrounded by the richest and cheapest lands in America. All around here are lands affording splendid opportunities for market gardening, dairying, poultry raising, and farming. The soil is especially suited to trucking and fruit growing. The rainfall averages about fifty inches. The average annual temperature, as shown by the Weather Bureau table, is 60 degrees Farenheit.

Miscellaneous Information Concerning Postage Stamps, Postal Cards and Stamped Envelopes .

All postage stamps issued by the United States since 1860 are good for postage.

Postage-due stamps are used by postmasters to witness the collection of postage on short-paid matter. These stamps are not good for prepayment of postage and are not sold to the public.

Internal-revenue stamps are neither good for postage nor redeemable by the Post-Office Department.

United States postage stamps are good for postage in Guam, Hawaii, Porto Rico, and Tutuila, but not in the Philippine Islands or in the Panama "Canal Zone." Postage stamps overprinted "Philippines" or "Canal Zone, Panama," are not good for postage or redeemable in the United States.

Postage Stamps.—The Department issues postage stamps of the following denominations: 1, 2, 3, 4, 5, 6, 8, 10, 13, 15, and 50 cent, 1, 2, and 5 dollar, and 10-cent special delivery.

Postage stamps that are mutilated, or defaced in any way, can not be accepted for postage.

Stamps cut or otherwise severed from postal cards, embossed United States stamped envelopes, or newspaper wrappers are not redeemable or good for postage.

Postage stamps are neither redeemable from purchasers nor exchangeable for those of other denominations or any other stamped paper.

Postage stamps should not be used for making remittances. They may be lost or may adhere in transit, and such use tends to disorganize the proper equalization of postmasters' compensation under the law. Ample registry and money-order facilities are provided for the safe transmission of funds by mail.

No postage-stamped paper is sold by the Department direct; it must be bought of postmasters.

Postal cards are furnished at the postage value represented by the stamp impressed thereon.

Single postal cards for domestic and foreign correspondence are furnished at 1 cent and 2 cents each, and double (reply) postal cards at 2 and 4 cents each, respectively.

Domestic single cards are furnished in sheets of 40 each, when so desired, for printing purposes.

United States stamped envelopes.—The Department issues thirteen different sizes of stamped envelopes, the smallest 2 7-8 by 5 1-4, the largest 4 3-8 by 10 1-8 inches, in three qualities and five colors of paper, as follows: First quality, white and amber; second quality, buff and blue; third quality, manila. The denominations are 1, 2, 4, and 5 cent. A diagram of sizes and schedule of prices may be consulted at any post-office.

Stamped newspaper wrappers are issued in 1-cent, 2-cent, and 4-cent denominations, and in three sizes.

Unused stamped envelopes and newspaper wrappers, when presented in a substantially whole condition, will be redeemed by postmasters at their face value either in postage stamps, stamped envelopes, or postal cards, but stamped envelopes bearing a printed return card will be redeemed only from original purchasers.

SPECIAL DELIVERY .

A special-delivery stamp, in addition to the lawful postage, secures the immediate delivery of any piece of mail matter at any United States post-office within the letter-carrier limits of free-delivery offices and within a 1-mile limit of any other post-office.

Special delivery can be effected only by the use of the special delivery stamp.

Hours of delivery: From 7 a. m. to 11 p. m. at all free-delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail at night, provided that be not later than 9 p. m. Special-delivery mail must be delivered on Sundays as well as on other days, if post-office is open on Sundays.

If special-delivery matter fails of deliv-

ery because there is no person at the place of address to receive it, the matter is returned to the post-office and delivered in the ordinary mail.

Special-delivery matter may be forwarded, but is not entitled to special delivery at the second office of address unless forwarded on a general forwarding request before attempt at delivery has been made at the post-office of original address.

A special-delivery stamp does not give a piece of mail matter any other security than that given to ordinary mail matter.

Rural letter carriers are required to deliver special-delivery mail to the residences of patrons of their routes if they live within 1 mile of the routes. Special-delivery matter addressed to patrons of rural free delivery who reside more than 1 mile from the routes will be placed in the box of the addressee in the same manner as ordinary mail.

REGISTRY SYSTEM.

Valuable Matter Should Be Registered.

REGISTRY FEE, 10 CENTS.

Registered mails reach every post-office in the world. The system insures safe transit and correct delivery.

In case of loss, the sender or owner of a registered article prepaid at the letter rate of postage, mailed at, and addressed to, a United States post-office, is indemnified for its value up to \$50.00.

Valuable letters and parcels, and those which the sender wishes positively to know have been correctly delivered, should be registered.

The registry fee is 10 cents for each separate letter or parcel, in addition to the postage, both to be fully prepaid with postage stamps attached to the letter or parcel.

Any piece of mail matter may be registered at any post-office or station thereof, and by any rural free-delivery carriers. In residential districts of cities, letters and packages of first-class matter that are not cumbersome on account of size, shape, or weight can be registered by letter carriers at the house door as safely as if brought to the post-office.

In order to have a letter or parcel registered it is necessary merely to have it properly prepared, addressed, and stamped, and the name and address of the sender written or printed on it. It should be handed to the postmaster, clerk, or carrier, who will write out a registration receipt for the sender.

MONEY-ORDER FEES.

Porto Rico, and Tutuila, Samoa); also for orders payable in Canada, Cuba, Newfoundland, the United States postal agency at Shanghai (China), and the Philippine Islands:

Robt. Louis Stevenson's Works FREE.

THIS Balmoral edition of the works of Robert Louis Stevenson contains his best novels, his best poems, his best essays and his best short stories. They number 121 in all and include practically everything of any importance that Stevenson ever wrote. This edition is not on sale at the bookstores. It is a new edition printed from clear, new type and can be secured only from us. There are six volumes—aggregating 2976 pages—printed on opaque wove book paper and handsomely bound in red ribbed cloth. The titles are stamped in real gold leaf, and each volume is illustrated.

Scarcely a household but contains some illuminated motto or verse from Stevenson's writings. Stevenson was one of the few authors who could not put pen to paper without saying something graceful and worth reading; his versatility is amazing.

As a good old swashbuckling tale of adventure, "Treasure Island" is a classic. Among historic novels, "Kidnapped" is unrivalled; and in "The New Arabian Nights" and "Dr. Jekyll and Mr. Hyde," nothing can excel the fertility of plot and sustained interest.

In his "Child's Garden of Verse," Stevenson caught the beautiful spirit of childhood in perfect manner.

As an essayist, he had no peer. Of all writers of the Victorian era, Stevenson's fame seems most secure. Others are gradually forgotten, while his reputation grows steadily day by day.

In these six volumes of Stevenson's works, there is something for all members of the home circle. And for the one who loves good literature, there is nothing to be skipped; nothing that will fail to give keen enjoyment.

Stevenson's personality, so abundantly seen in all his works, is wholesome, pure and blithesome, his works are filled with high courage, sane philosophy and nobility of soul.

He was an apostle of good cheer and always, as William Sharp says, "A writer of infinite charm." This power to charm young and old extends to all his writings.

Unless you want to pay from Fifty to One Hundred Dollars at the retail booksellers, you can do no better than to obtain Stevenson's works in these six volumes.

This is Our Free Offer: Upon receipt of the coupon below, we will ship you this Balmoral edition of Stevenson's works for examination, and all charges prepaid. No Moonshine—Just Plain, Unvarnished, Cashable Facts About Poultry Profits

If there ever was a straight-from-the-shoulder, look-me-in-the-eye and hold-up-your-right-hand statement of facts, you'll find it in JOEL M. FOSTER'S book, "THE MILLION EGG FARM."

Mr. Foster owns the famous Rancocas Poultry Farm, and in his book he tells his methods for producing upward of eleven hundred thousand eggs a year and making a clean annual profit of close to \$20,000.00.

We know that the statements in this book are cold facts—because we proved them by an exhaustive investigation before publishing THE MILLION EGG FARM for distributing to Farm Journal subscribers. We have sold many thousand copies of this book, and we know from the actual experiences of those who have read and followed it, that these facts can be profitably applied by you—whether you have a dozen hens on a back lot, or number your fowls by the thousand.

Up in Scranton, Pa., a clerk, Robert Liddle by name, seeking to better his fortunes, read this book, followed its directions, and at last reports was cleaning up \$17.00 a day profit on eggs.

In the light of such experiences, we know that farmers need this book. That's why we publish it and are trying to put it into the hands of every poultry owner. To serve the farmer is the whole purpose of FARM JOURNAL. To serve him with sound advice regarding every branch of farm work.

To enable him to profit by the labor-saving and money-making discoveries of other farmers. To serve the farmer's wife with helpful suggestions. To serve the farmer and his entire family with clean, wholesome entertainment.

FARM JOURNAL has its own way of presenting facts in crisp, interesting, readable form. It is the National Farmer talking in a human, understandable, sympathetic way to the individual farmer. It is educational without being tiresome. It is bright, cheerful and clean to the core. Fakes, quacks and all other swindling advertisers are forever barred from its columns.

Upward of four million readers welcome its monthly visits. Two or three copies will make you a confirmed reader of Farm Journal. You need this paper and you need the MILLION EGG FARM book. None of us ever know so much about our work that we can't learn any more.
