Independent and Progressive

Baldwin Directory Company, Inc., publishers of this city directory and the world's largest independent publishers of city directories, is in no way connected with any national association or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used 30 years ago, the Baldwin organization has lead the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, Inc., publishers of your city directory, takes pleasure in presenting the 1940 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of your community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory** contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide and Civic Section** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cords of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyer's Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

INTRODUCTION

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents or distributors.

6. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

7. **The Rural Routes Directory**, which follows the Numerical Telephone Directory, is used constantly in reaching rural residents with advertising matter and other mail.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory:

Number of dependents under sixteen;

Designation of home ownership;

Telephone Numbers on Street Guide;

Numerical Telephone Directory;

Nationally Advertised Brands.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke—they established a guaranteed home circulation for advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

BALDWIN DIRECTORY CO., INC.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with their husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L.)

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

The **H**, both in the resident directory and the householders' directory designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, "h" denoting a householder or head of the family, "r" denoting people in the home. Only one person at each home should be shown with the "h". Thus, a circular mailed to each householder will reach every home in the city.

Married women, engaged in some other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary L (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers Directory.

Colored is shown by a **C**. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

A Rural Route Directory will be found in the back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number, with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The **H** denotes householders who own the house in which they live.

The buyers' guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

Albemarle

NORTH CAROLINA

"The City of Friendly Folks"

by

Geo. W. Laycock, Secretary, Albemarle Chamber of Commerce

INTRODUCTION

Albemarle, "Where East Meets West in Tarheelia," is the county seat of Stanly County, formed in 1841 and named for John Stanly of New Bern, several times speaker of the House of Commons. Albemarle was named for the first "county" created wholly in North Carolina (1663) which had been named for the Duke of Albemarle, one of the first "Lords Proprietors of Carolina."

Lying in the Piedmont section of North Carolina, Albemarle and Stanly County combine diversified industry and diversified agriculture so that the population is never entirely dependent on one industry or one crop.

Albemarle is a city of home owners and Stanly County is a county of farm owners. With a citizenship of the caliber which home and farm ownership indicates, it is easy to understand why Albemarle and Stanly County are such desirable place in which to live or establish a business.

Aside from the advantages of diversification many other reasons add to Albemarle's desirability. It is located in the ideal climate prevailing in Piedmont North Carolina. The summers are not excessively hot and winters so mild that snow is seldom seen. Rainfall totals approximately fifty inches annually, which is sufficient to produce crops, vegetables and flowers in abundance.

Education, a paramount question to many families considering Albemarle as a home, is continually stressed in the city and county. A nine-month school term is in effect in each of the four elementary schools and the Central high school in Albemarle. All the schools are housed in new buildings.

A large and completely equipped gymnasium has recently been added to the high school, which has an enrollment of 760 and a teaching staff of 24.

The schools of Albemarle have long been noted for the high standards of their faculties, and the excellent records made by students who have gone to college are evidences of the quality of work done in the local schools.

At Misenheimer, 10 miles north of Albemarle, is located Pfeiffer Junior College, one of the best colleges of its type to be found in this section of the country. The college is housed in a new plant costing over a quarter of a million dollars. Annual costs to the students run as low as \$160.00 a year.

Industrial Possibilities

Albemarle has much to offer industrial organizations which may be interested in locating in this part of the country. At the present time there are 17 textile units in Albemarle, running 200,000 spindles and employing about 3,000 persons; two large hosiery mills, one furniture and office equipment factory; two lumber plants, two flour and feed mills, a large stone and marble plant, a milk receiving plant and many smaller industries.

Sites for industrial plants, many of them on railroad sidings, are available at reasonable prices, and some concessions of various kinds may be secured for manufacturers who expect to employ local labor.

The town and county governments have always been eminently fair to industry in Stanly County and since this attitude of fairness is one of the qualities of our citizenship, industry need have no fear of future governing bodies.

Power is available at reasonable rates. Albemarle has a municipal distributing plant and power is purchased from the Duke Power Company. Seven miles from Albemarle, on the

Dairying Scene in Stanly County

Yadkin River at Badin, are two power dams which supply the power used in the operation of the Carolina Aluminum Company, largest single unit aluminum plant in the world. At Norwood, eleven miles south of Albemarle, the Carolina Power and Light Company has a power dam and there is another dam at High Rock in Davidson County, just north of Stanly County. Approximately 30 per cent of the hydro-electric power generated in North Carolina is generated on the Yadkin river, a short distance from Albemarle. Unlimited power at reasonable rates is always available to manufacturers.

MUNICIPAL FACILITIES

Ninety-five per cent of Albemarle's streets are paved with concrete or tar and gravel.

New High School Gym

The water system, adequate for a city of 50,000 population, is the pride of Albemarle's citizenry. A beautiful lake, three miles from the city, is the source of supply. The water is given a high rating by the State Board of Health.

A new sewage disposal plant and incinerator has just been completed.

A well-trained and equipped fire department is housed in the new city hall building.

Albemarle's electric and water rates to consumers are lower than the average. The profit from the sales of water and power makes it possible to operate the municipality without levying any taxes except for debt service. Albemarle's tax rate is \$1.35, while the county rate is \$1.00.

Morrow Mountain State Park

Seven miles east of Albemarle in the Uwharrie Mountains is located Morrow Mountain State Park. It contains 4,100 acres of forested lands and includes eight separate peaks. Much of the park is virgin territory. It boasts a swimming pool which will accommodate 450 swimmers, adjacent wading pool, bath houses, picnic shelters, fire-places, cabins, grills, trails, and an Administration building complete with assembly room, dining room, soda shop and kitchen. Offering mountain scenery to the nearby cities of the Piedmont plateau, it draws thousands of visitors to Albemarle each year.

. . . AND THE GREATEST OF THESE IS CHARACTER

*A message to parents and educators on the
Need of Character-Forming as a Part
Of Every Child's Training*

CHARACTER, Capacity and Capital are the three standards by which business men judge applicants for credit. And CHARACTER comes first.

For a man may have Capital—plenty of money. He may have Capacity—the ability to earn money. But without Character; the willingness to pay promptly according to agreement—his promises are worthless. The man with character can be depended upon to keep his promises and meet his obligations.

Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during early years; the formative period.

Character is honor—a high sense of personal responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligations. Otherwise his education is incomplete; his chance for success is impaired.
