Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

HILL DIRECTORY COMPANY, Publishers

INTRODUCTION

and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (Publishers of the Plymouth Directory since 1960), present to subscribers and the general public, this, the 1962 edition of the Plymouth City Directory, which also includes Liverman Heights, Sunset Park, The Pines and Rural Route Residents.

Confidence in the growth of Plymouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plymouth to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Plymouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Plymouth. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Plymouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, oc-

cupation and address of each adult resident of Plymouth, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plymouth and vicinity.

There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the association of North American Directory Publishers, under whose supervision the system is operated, and of which Hill Directory Company is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

PLYMOUTH

"WHERE HOSPITALITY THRIVES"

(Courtesy The Plymouth and Washington County
Chamber of Commerce)

Statistical Review

Form of Government—Municipal. Incorporated as a town in 1807.

Population—Last official U. S. Census report 4,486; local estimate at present 6,948. White population of age: Males 1,301; females 1,371. Total colored population 1,925. Total number of males in city 3,166; females 3,315. American-born population is 99 per cent of the whole. Predominating nationality of foreign-born residents is Polish.

Area—2 square miles.

Altitude—21 feet above sea level.

Climate—Mean annual temperature 59.9 degrees F.; average annual rainfall 51.15 inches.

Parks—1 (Pettigrew State).

Assessed Valuation—\$5,278,627.00 with \$1.80 per \$100.00 tax rate.

Bonded Debt—\$214,000.00.

Financial Data—2 banks with total deposits \$126,772,-790.18 (March 31, 1962), and total resources of \$146,003,726.92 (March 31, 1962). 1 building and loan association, with total assets of \$1,529,533.93 (March 31, 1962).

Postal Receipts—\$50,412.60 for year ended 1961.

Telephones in Service—1,979.

Churches—18, representing 11 denominations.

Industry—Chief industries of the city and surrounding territory: Manufacturing, agriculture, lumbering and fishing. 7 manufacturing establishments, employing 1,433 men and 314 women, paying wages of \$6,400,000.00 annually, and having products valued at \$37,000,000.00 annually. Principal manufactured products: Paper and Wood products and chemicals.

Trade Area—Retail area has radius of 360 square miles and population of 97,565. Wholesale area has radius of 900 miles, and population of 195,150.

Newspapers—1 weekly.

Radio Broadcasting Stations—W.P.N.C.

Hotels—1, with total of 20 rooms.

Motels—2, with total of 35 rooms.

Railroads—City served by 2 railroads (freight only). Atlantic Coastline and Norfolk & Southern.

Bus Lines—City served by 1 intra-city bus line.

Highways—U. S. 64 and State 32.

Airlines—Nearest 69 miles at Rocky Mount.

Automobile Registrations—3,899.

Amusements—Largest auditorium in city seats 1,600 persons. 1 moving-picture theatre, with total seating capacity of 550 persons. 1 golf course. Fishing, hunting, boating, water skiing. Albermarle Beach 7 miles east of town.

Hospitals—1, with total of 22 beds.

Education—3 public schools. 1,846 pupils in public schools. 66 teachers in public schools. Value of public school property, \$1,038,644.00.

Public Libraries—1, with total of 10,000 volumes.

City Statistics—Total street mileage 12, with 12 miles paved. 10 miles of sewers. 900 water meters; 1,500 light meters. Capacity of water works 310,000 gallons, with daily average pumpage of 200,000 gallons, 10 miles of mains, and plant valued at \$400,000.00. Fire department has 1 paid man, with 1 station and 4 pieces of motor equipment. Value of fire department real estate and equipment \$100,000.00. Police department has 5 men, with 1 station and 1 piece of motor equipment. Birth rate 490; death rate 170.

PLYMOUTH, NORTH CAROLINA "WHERE HOSPITALITY THRIVES"

The town of Plymouth, situated on the southern bank of the Roanoke River eight miles west of Albemarle Sound, is the County seat of Washington County; in the Coastal Plain area of northeastern North Carolina. It is located approximately 130 miles east of Raleigh, 95 miles Southwest of Norfolk, Va., and 500 miles south of New York City. Primarily an agricultural area, there are no other communities as large as Plymouth in Washington County. The town was founded in 1780 with the gift of a site by a former resident of Plymouth, Massachusetts and soon became a thriving shipping point.

The scene of many naval battles during the War-Between-the-States, by 1865 these battles had reduced the town to eleven battle scarred buildings. A marker on the courthouse lawn recalls the sinking of the famed Confederate destroyer, the iron-clad ram, Albemarle. In October 1864, Lt. William Cushing torpedoed and sank the "Ram," then swam to safety. This is only one of the many interesting stories recorded during the time, concerning the area.

Today, this section is mostly concerned with developing its natural resources and utilizing the varied agricultural products of its rich farm lands. The industrial expansion has been encouraged and welcomed by the citizens of the area and the warm hospitality and neighborliness of the vicinity have made the newcomers feel at home.

Plymouth and the adjacent areas are within overnight reach of more than 30 million people, representing a market of well over 70 billion dollars a year.

Climate—Plymouth's relatively mild climate gives the area an unusually long growing season and its average annual rainfall has been 51.15 inches. The coastal plains are affected somewhat by the modifying influence of the ocean and consequently reduces the variation in both seasonal and daily temperatures, average for January was 44.0 degrees and for July 76.7 degrees.

The bullet holes shown here, from Federal guns, bring back memories of the Colonial and Civil War eras. Other local buildings still bear the marks of historic events.

Population—Since the founding of the town the growth of Plymouth has been moderate but steady. Statistics show a 29.4 per cent decrease in rural population. The population of Plymouth itself has increased 82.3 per cent from 1940 to 1950, the same 10-year period. Showing a definite trend toward urbanization. With a population of 4,486 in 1950 a conservative estimate of today's (1962) population would exceed 6,900 inhabitants.

Natural Resources—This region, generally flat, is characterized by sandy and sandy loam soil with some fertile, black land. It has been built up by unconsolidated and semi-consolidated sands, gravels, loams, clays and marls of a relatively recent geologic age.

Industrialists have investigated possibilities of recovering ilmenite from the black sands in Albemarle Sound for use in paints and pigments.

The total land area of Washington County is 215,040 acres (336 sq. mi.). Approximately 50 per cent of this area is wooded, which amounts to 152,500 acres of forest. Dominant species in this area are second-growth long leaf and loblolly pine. Commercially the chief tree is the loblolly pine. This species replaces the once magnificent forest of long leaf pine that formerly covered the sandy soil of this locality. Among the soft woods there is the Savanna or pocosin pine that is found usually, in the swamps, hardwoods found in this area include the oak, hickory, ash, sweetgum and black gum. The deeper swamplands yield such trees as the gum, cypress, and white cedar, the latter known locally as juniper. These forest resources play a tremendously important role in this county's economy.

Town Government—The Town of Plymouth, incorporated in 1807, has a municipal form of government under the jurisdiction of a mayor and six councilmen, elected for two-year simultaneous terms. Both town and county have a planning commission. Any zoning problems in the town of Plymouth are brought before the town council. There is no zoning ordinance for the county. The taxes for Plymouth vary slightly from year to year, depending on the approved annual budget. The tax rate for the town (1959) is \$1.80 per hundred, based on 50 per cent of real estate and 10 per cent for personal property. Plymouth has a bonded debt of \$214,000.

Municipal Services—Operating from the municipal building, located in the business district the Plymouth Police Department has a regular staff of a chief, two night officers and two day officers. In addition, the county sheriff, his deputy and a state policeman are stationed here. Police equipment includes a two-way radio, radio equipped automobiles and network communication with state police facilities. Fire hydrants are located throughout the corporate limits of the town. Three fire trucks are centrally located in the Fire Sta-

Many leading business men and active community citizens are volunteer fire fighters. A total of 26 men make up Plymouth's Fire Department, which is constantly alert to fight fires and carry out rescue missions along with rendering assistance to surrounding communities when the need arises.

tion next to the municipal building. In addition, the Fire Department has an ambulance to use in emergencies and in rescue operations. A 26-man volunteer fire department holds regularly scheduled drill meetings and municipal employees are available twenty-four hours a day for driving duties should the need arise.

The Street Department, Water and Sewer Departments, and the collection of garbage and refuse is very efficiently carried out under the direction of the Chief of Police with the help of a selected crew.

Electricity is supplied in the area by the Virginia Electric and Power Co. which has a district and division headquarters in Williamston, N. C. and general offices in Richmond Va. The company has a capacity of over one and one-third million kilowatts. Electricity is available at 60 cycles alternating current, single and three-phase service, and can be supplied at 120-208, 120-240, 480, 2300 volts, or at higher voltages, depending on the customer's requirements and specific locations. Rates for service are comparable with rates in effect elsewhere and compete advantageously with other sources of power.

Modern telephone facilities are furnished the town of Plymouth by the Carolina Telephone and Telegraph Company. The system used is the dial system, and this company has seventy-two toll circuits which are maintained twenty-four hours daily and seven days a week.

Water and Sewage—Plymouth has a municipally-owned water system, supplied from two deep wells, with an average capacity of 310,000 gallons per minute. For storage, the town has a new upright tower and pump with daily average pumpage of 200,000 gallons. Other data desired can be furnished by the town upon request.

Community Facilities—The modern schools, which the children of Plymouth and Washington County attend are fully accredited and offer elementary and high school curricula. Classes in special courses, such as music, home eco-

The modern Plymouth High School is fully accredited and offers a varied and complete curricula and an outstanding athletic program

nomics, vocational agriculture and commercial subjects are available to both white and colored students. The new high school on main street in Plymouth also has several television classes and a gymnasium with a seating capacity of 1,600 persons.

The Washington County Public Library, located in Plymouth provides ample facilities and service for the surrounding area; providing a bookmobile with scheduled trips to cover the entire county. There is also a Negro Branch Library in town and a Creswell Branch in Creswell. The local library is open five and a half days a week, remaining open until 9 p. m. two nights each week.

The youth of the County have virtually unlimited opportunities for higher education in the colleges within the state. Excellent graduate and under-graduate instruction in engineering, nursing, journalism, education, law, music, business administration, dramatics, psychology, medicine, and many other fields is available at the colleges and universities of North Carolina most within a half day's drive from this community.

Spiritual fellowship and guidance are found by the residents, locally in churches representing nearly all major denominations. Plymouth has nine White Churches and six churches for non-Whites, all of which have active, cooperative congregations. The historic Grace Episcopal Church, a brick Gothic Revival structure, is located in Plymouth and has a very interesting history. Years ago twelve trees were planted in the churchyard and named for the Apostles. One day, in the height of a severe storm, lightning killed the tree named Judas without damaging any of the others. During the War Between The States, this same church gave up its very pews and gallery to make coffins for the many who had fallen in battle.

There are over 20 active clubs and organizations in Plymouth including the P T A, Rotary Club, Lions, Junior and Senior Chambers of Commerce, Masonic Lodge, Eastern Star and Veterans of Foreign Wars. The Plymouth Country Club, one of the best in northeastern North Carolina, has a

The Plymouth Country Club has a nine-hole golf course, swimming pool, and club house for members and guests. It offers much social and recreational activity. Accommodations are available year-round.

The church shown here, one example of the serene and inspiring Christian attitudes prevailing in this community. This church was once used as a stable for Federal mounts.

nine-hole golf course, swimming pool, club houses for members and guests and is the center of much social and recreational activity locally.

An Annual Water Festival is held on the Roanoke each year, usually in June. This event is sponsored by the Plymouth Junior Chamber of Commerce with the assistance of other civic groups. Among the features are stunt water skiing, floats and boat races. Another annual event in Plymouth is the completely religious Christmas Pageant held in early December. The pageant is held out doors and carries the theme of putting Christ Back Into Christmas.

The new 34-room Washington County Hospital, plus a roomy bassinet ward, is located in the town of Plymouth. The White practitioners include five medical doctors, resident surgeon, one dentist, an optician and a chiropractor. Plymouth is fortunate to have a medical clinic in the heart of

town which is very well and efficiently staffed with resident physicians and nurses. The Clinic is equipped for major and minor surgery. Physicians are constantly in contact with the clinic through two-way radio.

Year around accommodations are furnished by the Plymouth Country Club, the Plymouth Hotel and Horner's Motel. Other rooms are available in private homes throughout the vicinity.

The Roanoke Beacon, published weekly in Plymouth, carries local and world news and events. Out of town daily papers are also distributed county-wide. Including New York, Maryland, Pennsylvania and Eastern Virginia publications. Radio Station WPNC began operations in 1959 and serves northeastern North Carolina with high Fidelity A.M. Radio operating 1000 watts at 1470 kilocycles. It is very well and modernly equipped and operated by a most efficient and capable staff. It has already proved to be a tremendous asset not only to Plymouth but to the surrounding areas as well.

In and near Plymouth are enough forms of recreation to suit the desires of everyone. There is a privately-owned swimming pool for White Children in the eastern part of town, open at no cost; the many facilities of the Country Club and the beaches on the Albemarle Sound offer bathing, boating, water-skiing, and fishing. There is a motion picture theater and a lighted baseball park, home of the local semi-pro team. Dancing and Dinners are periodically sponsored by local civic groups.

Fishing and hunting are also very popular locally. Phelps Lake, stocked with bass, and Pettigrew State Park, are a short thirty minute drive to the southeast from Plymouth. There are boats for rent at both Phelps and Pungo Lakes, and the bass fishing is unusually good. Quail, geese, duck, and small game, especially squirrels, are plentiful in this area. Bear and deer hunting is extremely good. The many famous Atlantic beaches on the Southeastern seaboard are also within short driving distances of this section.

Somerset House, located on the site of Pettigrew State Park, on the northern shore of Phelps Lake, is another tourist attraction and one of the chief points of interest in Washington County. Once the center of a 25,000 acre plantation, one of the largest in the state, the home is one of the few plantation mansions remaining in good condition. Nearby are slave quarters and a curious four-story barn on the edge of a canal which leads from the lake to Scuppernon River. Also nearby stands old Pettigrew Mansion, built in 1830.

Industry—In recent years, industrial growth has increased to such an extent in and around Plymouth that manufacturing has surpassed even agriculture in employment. Lumber for wood pulp and other wood products is the predominate type of industry in the county, with the resulting largest employment in the huge N. C. Pulp Plant, which produces approximately 1400 tons of paperboard daily for corrugated shipping containers and milk containers. The Georgia Pacific Company finds a ready market for its fine plywoods in the ever growing furniture industries of the Carolinas and Virginia. The True Temper Corporation utilizes the forestry products of the area in the manufacture of

North Carolina Pulp Plant at Plymouth, N. C. manufactures approximately 1,400 tons of paperboard daily for corrugated shipping containers and milk containers. Begun in 1937, it now employs over 1,200 persons.

handles for tools and equipment. American Cyanamid's plant, producing liquid alum, markets its products locally. The D. J. Brinkley Lumber Company and several smaller firms supply the lumber needs for construction throughout a wide area. The Smith Brothers Chemical Company, manufacturers of cleaning fluids and allied chemical products for the dry cleaning industry, markets its products nationally. The Farmers Cotton and Peanut Mill processes locally grown peanuts for national markets. The Richard West Milling Company is engaged in processing livestock and poultry feeds. In addition, the East Carolina Supply Company (Hardware and associated items) and the Seaboard Gas and Oxygen Company fulfill a definite need for this area.

The people of Plymouth are anxious to expand the county's industrial base and to diversify its economy. Existing industry would also welcome non-competitive industrial growth and the county can assure an adequate labor supply for additional industries. It is believed that the farmer group that has entered the labor market to supplement its present income, would be enlarged considerably if additional industrial opportunities should arise. Some of this area's chief assets are, in respect to industrial development (1) an abundance of available labor; (2) relatively untapped water resources, both ground and surface; (3) excellent transportation facilities; (4) a high level of recreational and educational facilities; (5) a year-round outdoor climate that permits low-cost construction; (6) access to an abundance of raw materials; and (7) an atmosphere of hospitable congeniality. Furthermore, the county's make-up fits admirably

to meet the recent trend toward decentralization of the nations defense and civilian industry—frequently termed “accessible isolation.” At present there are 17 industrial sites available comprising approximately 1,177 acres of land.

Agriculture—Washington County possesses three main advantages agriculturally: Climate, soil, and a proximity to national markets. The Farmers Cotton Company, 2 Farmers Exchanges, a produce market and 2 livestock markets all depend on nearby agricultural crops. Commercial fishing is still pursued to some extent on the Roanoke. The mild climate here adds to an unusually long growing season for crops such as peanuts, tobacco, soybeans, potatoes, cotton, corn, truck crops, grain crops, and some commercial grape culture. Local drying and storage facilities are at the farmer's disposal. According to the 1962 Census, the rural farm population was 30 per cent of the total county population. In 1950 the 866 farms had an estimated cash income of \$1,454,936 from all products sold, and \$1,135,109 from all crops sold. In 1962 the 800 farms had an estimated cash income of \$4,119,002 from all products sold, and \$3,035,202 from all crops sold. The farms found in this area are largely field crop farms and make up about 30 per cent of the total land area. Averaging approximately 125 acres per farm, the average farm has an estimated value of \$25,000.00. Livestock and dairy farming have increased in this area, and important livestock and farming demonstrations and research are conducted at the Federal State Tidewater Research Station, five miles from Plymouth.

Within the past 5 years more than 150,000 acres of former swamp lands have been drained and developed, the area located primarily in Washington County.

Prior to the war years this land was priced extremely low. A group of developers bought this land and they have since sold large sections for more than a 100 per cent increase over the original price. One of the most successful of these developers (a local resident) purchased several thousand acres which have been drained and developed. Now hundreds of head of Hereford and Black Angus Cattle graze on lush pastures, once only swampland. Such people as Arnold Chase of Chase Manhattan Bank, Peter Grace of Grace Shipping Lines, Marine Development Corporation of Rhode Island and Metropolitan Life Insurance Company have invested in this reclaimed area along with many local residents. There has been a migration of midwestern farmers to the area. A solid community of citizens of Dutch extraction has already been established and more are anticipated. Plymouth and Washington County citizens are welcoming both new residents and new industry, the agricultural boom in the development areas will play a large part in bringing more business and industrial expansion. Arrangements can be made locally in regard to adequate housing facilities incident to industrial growth.

Transportation—East and West traffic through Washington County is served by U. S. Highway No. 64. The movement of through traffic on this highway is facilitated by a new by-pass bisecting the southern perimeter of Plymouth and another by-pass at Roper. State Highways Nos. 32 and 99 serve north-south traffic. Highway No. 32 has junctions with U. S. Highway No. 17, some 30 miles to the north of

Water transportation facilities are utilized by local industries and the river and sound play an important role in recreation activities

Plymouth and with U. S. Highway No. 264 about the same distance to the south. This fine network of roads enables direct highway travel to the entire East Coast. By contacting the Plymouth Chamber of Commerce arrangements can be readily made for travel anywhere by car, bus, rail, plane, or boat.

The Roanoke running back of the Plymouth business district has available docking space and a channel averaging 30 feet in depth, providing the town with excellent possibilities for increased water borne traffic, and is within easy reach of the Intracoastal Waterway from Albemarle Sound. Local citizens and organizations are already attempting to further develop this part of town to the height of its potential.

Commercial Establishments—Local retail establishments include 1 chain department store, 1 major chain super market, 2 chain variety stores, 2 drug stores, a dairy bar, several locally owned ready to wear shops, farm supply and equipment agencies, service stations, grocery, hardware, appliance and jewelry stores, boats, and sports equipment can be bought in two of the above. Included in the ready to wear are two high fashion ladies' shops. Plymouth also has three new car dealers, garages, and four furniture stores. Service trades include barber shops, beauty parlors, restaurants, florists and cleaning establishments and a soft drink bottling plant.

Six lawyers have offices here along with several insurance agencies and a CPA. Five real estate developers also are located here.

Wholesale firms distribute hardware and associated items, building supplies, and petroleum products.

As local businesses remodel and expand, together with new businesses on their way, Plymouth is rapidly becoming a most inviting shopping center.

The Chamber of Commerce—The Plymouth and Washington County Chamber of Commerce opened a full-time office in 1959, its membership being made up of business, professional men and farmers in this section, and it is set up to include divisions for industrial, agricultural, civic and retail departments, which are headed by a committee of able men.

The influence of this organization is already being felt in the area and will continue to be behind every progressive movement and to use its agencies for the best interests of the entire community. The management of the Chamber is in the hands of a Board of Directors who employ a full-time executive secretary. The office is located in the very heart of the business section on Water St. and has the support of all other related organizations for a bigger and better community. Under the direction of the Chamber, Town Council and with the support of every citizen of the community, all are constantly making improvements to make Plymouth a most inviting and attractive place for people to live, work and play. The pace of the locality seems most suitable to all ages.

CAUTION

T Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r"—RESIDENT

"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.**
- you can quickly find the answer in the City Directory.**

Directory

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L)

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) sismn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

HILL'S PLYMOUTH

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

Including Liverman Heights, Sunset Park and
The Pines

1962

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory
is seen by buyers from coast-to-coast**
