INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1945 edition of the Goldsboro City Directory. Three new features mark this edition. They are the designation of tenant-owned homes, the designation of homes and places of business having telephones, and the Numerical Telephone Directory.

Confidence in the growth of Goldsboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Goldsboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Goldsboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 312, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Goldsboro, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 28, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Goldsboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Goldsboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 341 to 388, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 389 to 443. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. New features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, on blue paper, follows the Directory of Householders.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Goldsboro. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,

GOLDSBORO

"GATEWAY TO EASTERN NORTH CAROLINA"

(Courtesy Goldsboro Chamber of Commerce and Merchants Association, Inc.)

Statistical Review

Form of Government—City manager-aldermanic.

Population—1940 U. S. Census, 17,274; 1945 estimate (based on number copies of War Ration Book No. 4 issued), 28,000.

Area—5 square miles.

Altitude—104 feet above sea level.

Climate—Mean annual temperature, 61.6 degrees F.; highest, 80 degrees (mean June, 1944); lowest, 40.6 degrees (mean December, 1944). Annual rainfall, average, 52.8 inches.

Parks—3 public, valued at over \$500,000; zoo in Herman Park.

Assessed Valuation—\$17,000,000. City tax rate is \$1.30 per \$100 valuation.

Financial Data—3 banks, with total deposits of \$65,576,-384. 2 building and loan associations.

Postal Receipts—\$178,137.12 (1944).

Telephones in Service—2,400 (1944).

Churches—45, representing 19 denominations.

Real Estate—Number of homes and apartment units estimated at 4,800.

Industry—Chief industries of city and surrounding territory: Agriculture, manufacturing and lumbering. Principal manufactured products: Lumber and lumber products, brick, agricultural implements, cotton yarn, veneer, furniture, tobacco redrying, meal, grits, stock feed, flour, fertilizer, cottonseed oil products, steel fabrications, foundry equipment, steel storage tanks, soybean products, peanut meal, brassware, bakery products, and ice cream.

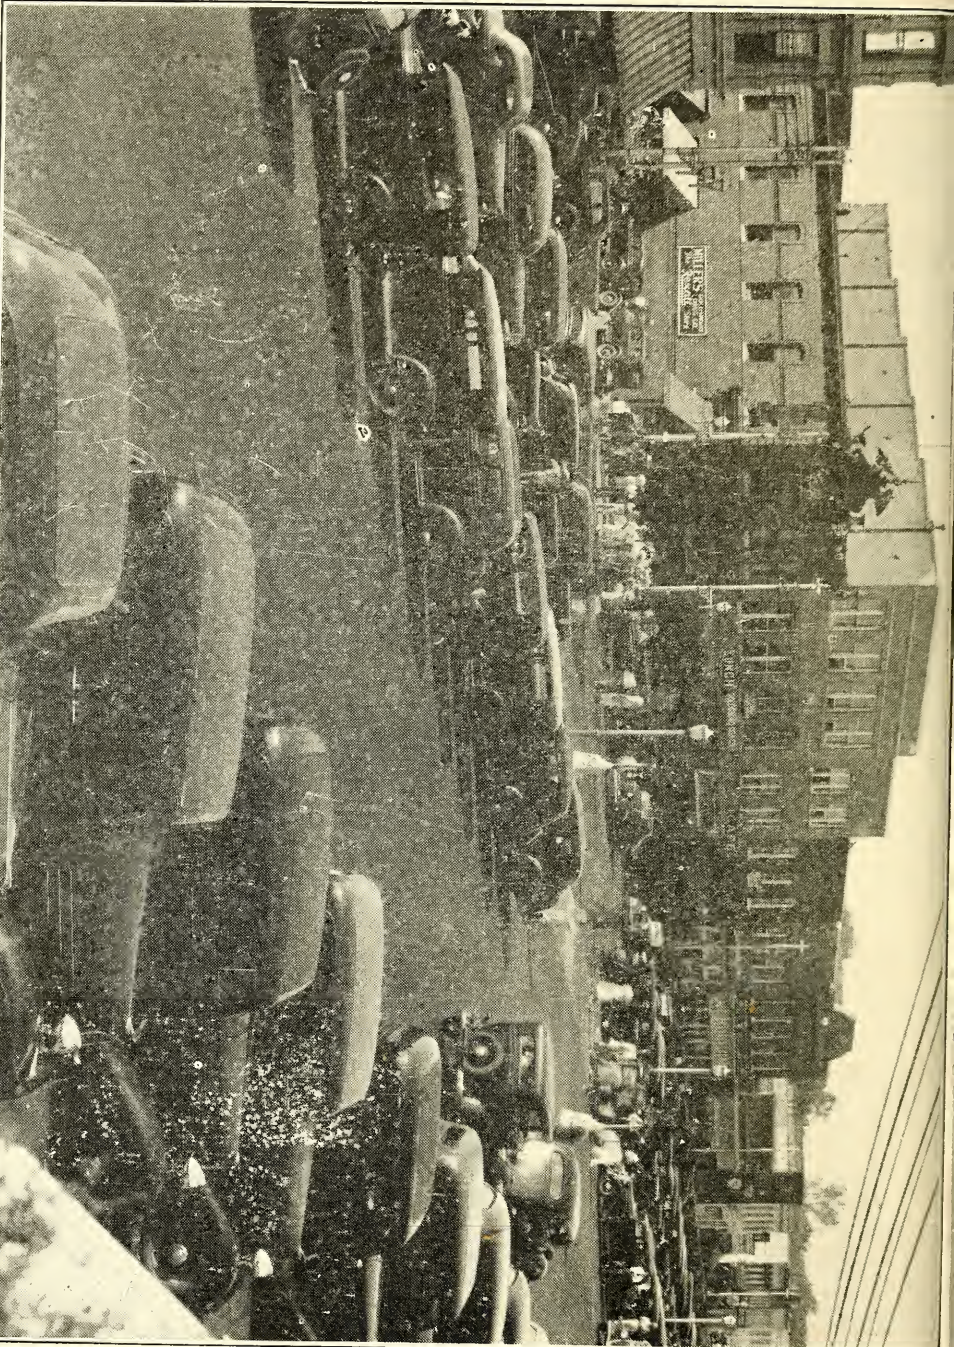

Trade Area—Retail area has radius of 40 to 50 miles, with population of approximately 225,000. This area is from 15 minutes to one hour and 15 minutes in driving time over a network of modern paved highways. Distributing center for several large wholesale establishments. Branch offices of several service and insurance firms.

Newspapers—1 daily and 2 weeklies. The Goldsboro News-Argus, Goldsboro's afternoon daily newspaper, was founded April 7, 1885; the weekly newspapers are The Transcript and Messenger and The Goldsboro Weekly Record.

Radio Stations—WGBR, 1,400 k. c., 250 watts. Affiliated with the Mutual Broadcasting System and the Tobacco Network.

Hotels—3, with total of 275 rooms.

Railroads—3: Atlantic Coast Line, connecting with principal cities of the South, North and West; Atlantic & East Carolina, operating east from Goldsboro to the port

At the intersection of Walnut and Center streets, one of the busiest street corners in eastern North Carolina. The wide, double-lane Center Street is one of the most attractive business boulevards in this section, and never fails to draw admiration from business visitors and newcomers to Goldsboro.

terminals at Morehead City; Southern, connecting with principal cities of the South, West and Middle West.

Highways—U. S. 70, from the Atlantic Seaboard to the Pacific Coast; U. S. 117, from Maine to Florida, as part of the Sea Level Route; N. C. 102, passing through Goldsboro and connecting northeastern and southwestern sections of North Carolina; N. C. 111, connecting Goldsboro with southeastern North Carolina.

Airports—2, both municipal-owned. Seymour Johnson Field is now a part of an Army Air Forces operation. It is a Class 4 modern airport, accommodating the largest planes now flying, and has several paved runways. The other field is leased to a private operator who furnishes instruction and operates a private flying servic. Air service applied for by several lines.

Amusements—4 theatres; stadium used for baseball and football games; 18-hole golf course; indoor swimming pool; modern bowling alley.

Hospitals—3: Goldsboro Hospital, maintained by the City of Goldsboro and the County of Wayne, 115 beds; eastern branch of the State Orthopedic Hospital of Gastonia; State Hospital for Negro Insane, a mile west of the city. The North Carolina General Assembly has authorized the construction here of the North Carolina School for Negro Feeble-Minded Children. Also located here is a state orphans' home maintained by the North Carolina Grand Lodge of the Independent Order of Odd Fellows.

Education—11 public schools, including Goldsboro High School (white), with auditorium seating 1,300; 5 white elementary schools; 1 Negro high school, and 4 Negro elementary schools. Also a parochial school; 1 secretarial school (privately-operated); and Goldsboro Hospital School of Nursing. Over 125 teachers in public schools, with enrollment exceeding 5,000. Nine-months' term in public schools. Good public library.

City Statistics—More than 32 miles of paved streets, highways and sidewalks. Gas mains, 20 miles; sewers, 35 miles; water meters, 3,000; light meters, an average above 4,500; gas meters, 1,200; capacity of municipal water plant, 2,500,000 gallons; daily average pumping of water, 900,000 gallons; miles of water mains, 36; value of water plant, \$1,500,000. Fire department has full-time paid crew, with modern station completed in 1939; 5 pieces of fire-fighting equipment. Police department has trained personnel. The electric and gas plants are private utilities, as is the telephone company. The City of Goldsboro owns its water plant. The water shed and storage space are ample to meet every requirement. Under a rural electrification project, thousands of citizens in the Goldsboro area are being served from this city.

General Review

LOCATION: Goldsboro is located in eastern North Carolina, three miles north of the Neuse River and 52 miles southeast of Raleigh, the State capital. Its central location partially explains the city's consistent growth as the chief merchandising and distributing point of a rich agricultural area of more than 200,000 people.

POPULATION: Census reports reflect the steady growth of the city. The 1940 U. S. Census showed a population of 17,274 in the city proper. The 1945 estimate is 28,000,

One of Goldsboro's modern industries—bottling plant of a favorite beverage.

based on Ration Books issued. The population in 1910 was 6,107, and by 1930 it had grown to 14,985. Wayne County, of which Goldsboro is county seat, in 1930 had a population of 53,013, and in 1940, 58,328. A conservative estimate for the county in 1945 is 68,000.

INDUSTRY: The city's people find employment in merchandising, distributing and manufacturing. Goldsboro's 36 manufacturing plants produce lumber and lumber products, brick, agricultural implements, cotton yard, veneer, furniture, cottonseed products, meal, grits, stock feed, steel tanks, and foundry products. Its three tobacco redrying plants handle millions of pounds of tobacco yearly, much of it shipped from other points in eastern North Carolina and from South Carolina and Georgia.

HOUSING: Housing is modern and living costs are reasonable. Local markets afford for most of the year an abundance of vegetables and fruits produced within a short radius of the city. Local markets also afford a bountiful supply of poultry, dairy products and meats for the entire year.

RECREATION: Ample recreational facilities are provided. A recreation council provides a year-around program of sports and activities for the city, including basketball,

Goldsboro is a city of beautiful and hospitable homes, of which the above-photographed house and grounds is typical.

One of Goldsboro's assets is its churches. Above is a place of worship located near the downtown business district.

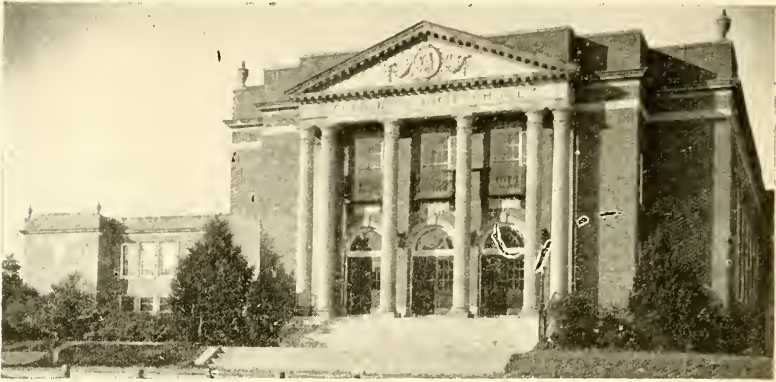

physical education classes, swimming team, playgrounds directed by specialists, amateur baseball and softball, and a twelve-lane bowling alley. The city is a member of the Coastal Plains Baseball (Class D) League (suspended for the duration of the war). A Civic Theatre group has provided stimulating entertainment for many years. The city's public library is one of the oldest in the state, and at the same time is one of the most modern in its facilities.

Goldsboro has three parks with a combined area of more than 300 acres. One of these, Herman Park, has the largest menagerie in eastern North Carolina. Included in the recreational assets is a new municipal stadium. A well-planned 18-hole golf course is a part of the park system. A riding academy with large stables is located adjacent to the city.

Four modern movie houses complete the recreational picture. These theatres play first-run pictures and an occasional road show or vaudeville.

CHURCHES: Goldsboro is not neglectful of religious activities. There are 19 denominations and branches of ecclesiastical bodies having 45 churches, for both white and Negro citizens. The denominations include: Baptist, Catholic, Christian, Disciples of Christ, Episcopal, Free Will Baptist, Friends, Holiness, Jewish, Latter Day Saints, Lutheran, Methodist, Pentecostal Holiness, Presbyterian, Salvation Army, and Independent Gospel Tabernacle.

EDUCATION: Goldsboro graded schools were the first chartered public schools in North Carolina and have a wide reputation for excellence of instruction. The Goldsboro High School is a member of the Southern Association of Colleges and Secondary Schools, and its graduates are admitted to

Goldsboro High School, a modern school plant, splendidly equipped for literary and industrial training.

standard institutions of higher learning without examination. The city has eleven public schools (elementary and high) for its students—six white and five Negro, valued at \$2,000,000, and a combined faculty of more than 125: In addition to the public schools, the Sisters of the Immaculate Heart of St. Mary maintain a parochial school which provides instruction from the kindergarten through the second year of high school, and a private secretarial school trains pupils for business careers.

CLIMATE: Weather conditions are ideal. The city is practically without fogs or freezes. The annual precipitation computed from the Weather Bureau records averages 52.8 inches. The mean minimum annual temperature, likewise computed from the Weather Bureau records, is 40.6 degrees, and the mean maximum annual temperature is 80 degrees. The mean annual temperature is 61.6 degrees. The altitude is 104 feet.

RAIL SERVICE: Goldsboro is served by three railroad lines. They are the Atlantic Coast Line Railroad, connecting points north and south; the Atlantic & East Carolina Railroad, Goldsboro being the western terminus of this line, connecting with coastal cities; and the Southern Railway, connecting with points west, southwest and northwest. These carriers operate fast trains to, through and from Goldsboro, and offer the shipping public very efficient transportation service, having good connections to the principal industrial centers and military encampments in every area along the Atlantic Seaboard. There are 14 passenger trains in and out of Goldsboro daily.

HIGHWAYS: Nine standard highways radiate from Goldsboro, offering a convenient service to tourists and motor transportation. U. S. Highway 70 traverses the state in an east-west direction, from the Atlantic Seaboard on the east across the state and into Tennessee. U. S. Highway 117 connects the principal cities of the North and East to Southern and Southeastern points. State Highway 102 crosses the city from northeast to southwest. In the northeast direction it affords direct connections with the Norfolk, Va., area, and southwest of Goldsboro it provides a through channel to Charlotte and Atlanta. State Highway 111, southeast of Goldsboro, offers an almost open direct lane to Camp Davis near Jacksonville, N. C. and the U. S. Marine

bases at Jacksonville. U. S. Highway 70 to Cherry Point, N. C., southeast of Goldsboro and to beaches on the Atlantic Coast.

BUS LINES: The Union Bus Terminal serves four transportation companies, with 90 buses arriving and departing daily. Companies serving Goldsboro include the Atlantic Greyhound Lines, Carolina Coach Co., Queen City Coach Co., and Seashore Transportation Co.

AIRPORTS: The City owns two airport sites, one small field now being used and a new 420-acre modern airport under lease to the Army Air Forces as a part of Seymour Johnson Field.

Interest in aviation has long been active in Goldsboro. For many years before the outbreak of World War II, a municipal airport was maintained and from this field there was much civilian flying. In 1940, the City of Goldsboro purchased a site for a large modern airport, and was nearing completion of the construction of this field when the Army Air Forces leased it. Since that date more and more construction and additions have developed it into one of the most up-to-date flying fields along the Atlantic Seaboard.

Several air lines have filed applications with the Civil Aeronautics Board for franchises to provide air service—passenger, mail, express and freight—to and from Goldsboro.

COMMUNITY BUILDING: A building costing \$100,000, erected through public subscription by patriotic citizens of Goldsboro and Wayne County, memorializes the young men of the city and county who served in the World War of 1917-1918. This first memorial erected in the U. S. following World War I is dedicated to the heroes of that conflict and recently has been renovated throughout to serve more adequately.

The building provides recreational and educational advantages and facilities for the entire citizenship of the county. Annually the Wayne County High School Basketball Tournament is played in this building. It is headquarters for the Goldsboro Community Chest, Wayne County Chapter of the American Red Cross, Tuscarora Council of the Boy Scouts of America, Goldsboro Council of Girl Scouts, Goldsboro Bureau of Social Agencies, Goldsboro Swimming Association, Wayne Post of the American Legion, Wayne Players, and many other civic and social activities.

GOLDSBORO AS A CENTER: Goldsboro is widely known as the "Gateway to Eastern North Carolina." It is the agricultural and industrial center of this area. It is one of the best planned and laid-out cities of the section.

Although situated in a rich agricultural area, Goldsboro also is generally recognized as possessing a balanced and diversified industrial life. Many of the industries are related to the agricultural and timber interests.

Wayne County is primarily an agricultural county, with most of its income derived directly from agricultural products. Principal crops are tobacco, cotton and corn, with noticeable increase in live stock, swine and grains. The following crops are grown in reasonable proportions: Wheat, peanuts, rye, cowpeas, soybeans, cowpea hay, truck crops and commercial vegetables. Goldsboro has long ranked as a leading tobacco and cotton market. Its eleven principal commodities in 1943 were valued in excess of \$16,500,000.

The Court House, situated among shade trees and landscaped grounds, is the seat of Wayne County's busy and efficiently-operated government.

CIVIC CLUBS: The civic life of the community is represented by a number of strong, thriving and progressive organizations. These render civic, fraternal, patriotic and social service: Rotary, Kiwanis, Lions, Civitans, and Business & Professional Women's clubs; two Masonic lodges; the Odd Fellows; the Junior Order of United American Mechanics; the Woodmen of the World; the American Legion, Wayne Post No. 11; the American Legion Auxiliary; the Goldsboro Woman's Club; the Elks Club; the Junior Chamber of Commerce; the Grange; and the Goldsboro Chamber of Commerce and Merchants Association.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

W H Y A
Buyers'
Guide?

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED**

★ It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

HILL'S GOLDSBORO

Directory of Household-ers, Occupants of Office Build-ings and Other Business Places, Including a
Complete Street and Avenue Guide

1945

Copyright, 1945, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes homes and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory
is seen by buyers from coast-to-coast**

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest

use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
