NORTH WILKESBORO, N. C.

INTRODUCTION

Southern Directory Company, publishers of the North Wilkesboro city directory, takes pleasure in presenting the 1962-63 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of North Wilkesboro, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for truly, the directory is a mirror reflecting North Wilkesboro to the world.

Your attention is invited to those names appearing in **DISPLAY BLACK TYPE** throughout the directory, as they are the responsible enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The 1962 population of Greater North Wilkesboro is 11,362, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning State and National Governments.

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers, can be found beginning with page 33.

THE ALPHABETICAL LIST OF NAMES contains data concerning each individual, firm and corporation within the city. The wife's name is given in parenthesis and is followed by position, place of employment and resident address.

THE CLASSIFIED BUSINESS DIRECTORY contains the various

names of all manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE contains a complete directory of streets and avenues arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of North Wilkesboro, for business men the country over realize that the city directory represents the community as it really is.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is necessary to the progress and development of a city. The advertising in this Directory is suggestive of the stability and permanency of the advertisers. You like to patronize those concerns who are in business to stay because such business establishments stand back of the wares they sell; it is a noteworthy fact that concerns which advertise one year in the City Directory are there again next year. Directory advertising is profitable.

ASHEVILLE, N. C.

FACTS ABOUT THE WILKESBOROS AND WILKES COUNTY

Location—In northwestern North Carolina on the western edge of the Piedmont Plateau . . . 56 miles west of Winston-Salem, 77 miles north of Charlotte, 100 miles northeast of Asheville, and within reasonable distance of the East Tennessee and Southwest Virginia coal fields.

Population—North Wilkesboro corporate limits 4,192 (1960), Wilkesboro 1,674 (1960), metropolitan area 12,000 (estimate) Wilkes County 45,269 (1960).

Taxes—Assessed property valuation—\$66 million in Wilkes County in 1961. Wilkesboro has a tax rate of \$1.00 on an evaluation of \$4,298,557 and N. Wilkesboro has a tax rate of \$1.40 on an evaluation of \$15,148,262. Tax rate is based upon 50% of real property value. No state property tax.

Industry—Over 3,500 industrial workers in Wilkes County manufacture furniture, hosiery, textiles, mirrors, lumber and building materials, heavy milling machinery, tools, stampings, underwear, food and dairy products, shoes and clay products.

Agriculture—There are 4,000 farms in Wilkes County with average size of about 75 acres. Poultry raising has become the most important agriculture commodity in the county, which is estimated to be \$50 million dollar industry for the area. Dairy and beef cattle, tobacco and apples are other agriculture commodities produced in the area.

Government—Mayor-council type in the Wilkesboros, and 3 elected county commissioners. Both major political parties are represented in local government.

Banks—Two commercial banks with total resources exceeding \$103 million; two Savings and Loan Associations with assets of over \$10 million dollars.

Climate—Temperate, mean temperature, 57 degrees, annual rainfall, 50 inches. Average snowfall, 2 to 4 inches. Wilkes climate is a valuable resource as it effects agriculture, commerce, and industry—there is uninterrupted operation the year-round. Periods of extreme hot and cold weather are of short duration.

Recreation—The major recreational facility for Wilkes County will be the new Wilkesboro Reservoir to be dedicated in mid-1962. This reservoir of 1500 acres will offer swimming, boating, water skiing, picnic areas to the people of this area. In addition the Oakwood Country Club has a 9-hole golf course and swimming pool and six other golf courses located within 35 miles. Municipal and National Parks, theatres, good hunting and excellent trout streams and bass lake, and the nearby Blue Ridge Parkway add to the recreational opportunities of Wilkes County.

Radio, Newspaper & TV—A 1-000 watt radio station, WKBC. Journal Patriot newspaper published twice weekly. Excellent television reception from three to five channels.

Schools—Public grade schools and four new consolidated high schools — private instruction in music and art.

Accommodations—Sixty-one room hotel; two modern motels with 71 air conditioned rooms and swimming pools — all with restaurant facilities; tourist homes and restaurants.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
