RE: Identification of Photographs from the Bennett College Archives

Thank you for assisting in the identification of photographs from the Bennett College Archives. We have thousands of photographs in the Archives and many of these were sent to the Archives unidentified. Many of the photographs were produced prior to the employment of current campus staff that has no knowledge of the occasion or the individuals involved. Therefore, we are seeking your assistance in this project. As time passes and memories grow dimmer, we are missing an opportunity to preserve our history and to make it more meaningful for current and future researchers of Bennett's history.

We appreciate you taking time from your hectic schedule this afternoon to participate in this endeavor. Again, thank you.
