QUESTIONS NOT APPLICABLE TO TAXPAYER NEED NOT BE ANSWERED

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

I, Kelly Underwood, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced or auction sale; and that I have made a true report of my income as required by law; so help me, God.

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

STATE OF NORTH CAROLINA, COUNTY OF Cumberland

I, Charley Waddell, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced or auction sale; and that I have made a true report of my income as required by law; so help me, God.

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

STATE OF NORTH CAROLINA—COUNTY OF Cumberland

I, Mary D. Waddell, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced or auction sale; and that I have made a true report of my income as required by law; so help me, God.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

I W. C. Waddell, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced sale or auction sale; and that I have made a true report of my income as required by law; so help me, God.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, or for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accuracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accuracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

QUESTIONS NOT APPLICABLE TO TAXPAYER NEED NOT BE ANSWERED 360

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

FORM 13

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

STATE OF NORTH CAROLINA—County of Cumberland.

I, Hattie M Flowers, ~~do solemnly swear~~ (or affirm) that to the best of my knowledge, information and belief, the foregoing statement [or statements] contains a true, full and correct list of all real property owned by me on the first day of May, one thousand nine hundred and nineteen, or which I am authorized or required to list as agent for another; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the Supervisor or his assistant as to the entire quantity, quality or value of the property; that I have, to the best of myknowledge and judgment, valued the said property at its true and actual value on the first day of May, one thousand nine hundred and nineteen, by which I mean the price that could be obtained for said property at private or voluntary sale for cash, and not the price which might be realized at a forced or auction sale; that I have made full and true answer to all questions with respect to the value and condition of such property that I have been required to answer; so help me, God.

Hattie M Flowers.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

374 FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

QUESTIONS NOT APPLICABLE TO TAXPAYER NEED NOT BE ANSWERED

"True Value in Money—Low Tax Rates"

FORM 13

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

STATE OF NORTH CAROLINA—COUNTY OF Cumberland

I, Clarence Williams, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced or auction sale; and that I have made a true report of my income as required by law; so help me, God.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

FORM 13

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

BLANK FOR LISTING LAND ACREAGE

The purpose of this blank is to disclose the fair, actual cash value of the tract of land listed. It carries the guarantee of the State that the purpose is not to increase the total amount of taxes paid, but to find the value of each separate piece of property equally, and by the same standard rule, so that equal justice may be done to each taxpayer. The total increase in taxes cannot exceed ten per cent for the State, for the county, for any special tax district. A separate blank must be filled out for each separate piece of real property. The Supervisor must require that full answer be made to every question. If you cannot answer any question with absolute accurracy, give the answer that represents your best judgment as an estimate. The Board of Appraisers will not be bound by your answer as to the actual value of the property. Your answer should represent your best judgment of the value. The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted fro their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

STATE OF NORTH CAROLINA—COUNTY OF Lenoir

I, C. V. Williams, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all personal property owned by me on the first day of January, 1920; that I have not directly or indirectly, converted any class of property for the purpose of evasion; that such property has been fully and fairly described and its true condition represented; that I have in no case sought to mislead the county supervisor or his assistant as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the first day of January next preceding and liable for taxation; that since the first day of the assessment year I have not directly or indirectly converted or exchanged any of my property, temporarily for the purpose of evading the assessment thereof for taxes, into nontaxable property or securities of any kind; that I have to the best of my knowledge and judgment, valued the said property at its true and actual value on the first day of January, 1920, by which I mean the price that could be obtained for said property at private or voluntary sale for cash and not the price which might be realized at a forced or auction sale; and that I have made a true report of my income as required by law; so help me, God.

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market, or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.

The assessment will represent the best judgment of the County Board of Appraisers, which may be higher or lower than yours. You will in any case be notified in writing by mail of assessment made, and will be given opportunity to be heard if in your judgment it is assessed for more than its actual cash value.

"True Value in Money—Low Tax Rates"

BLANK FOR LISTING

TANGIBLE AND INTANGIBLE PERSONAL PROPERTY

The discrimination against personal property, tangible and intangible, has been removed by the valuation of real property at its full cash value, and the tax rates to be paid this year, on real and personal property, under this revaluation, will be but a small fraction of the rates heretofore paid. A specific exemption of $300.00 has been provided upon the certain items of personal property of most general ownership, set out in Questions 19 to 40 in this questionnaire. Cotton, tobacco, and other farm products held temporarily for market or in the hands of original producers, may be listed under head of solvent credits, and any debts owing deducted from their value, so that the State has provided every reason why the taxpayer should make a full and free disclosure of all his personal property, including solvent credits of all kinds, and has placed in the hands of the Supervisors adequate machinery to require that this shall be done, and to acquire the information if he has reason to believe that a full disclosure has not been made. In filling out questionnaire for real property, the citizenship of the State has shown that it can be relied upon to furnish honest information with respect to their property when given a fair assurance that they will be dealt with fairly by the State. The State gives the same assurance as to personal property. You are assured that every reasonable means will be used to require full disclosures from any other taxpayer who undertakes to conceal his real worth, and that your tax rates will be reduced in proportion to the total increase in tax values, so that not more than a total increase of 10% in revenue will be collected than was collected last year.
