BACKGROUND

The Class of 1966 was the last class to graduate from North Cooleemee Elementary after desegregation. The Concerned Citizens of North Cooleemee (TCCONC) is a non-profit organization that was incorporated in the State of North Carolina on February 2004. The mission of this organization is to serve as the link between the city and district of North Cooleemee and the surrounding area.

The TCCONC mission is to improve the civic, ethical, economic and cultural conditions of all citizens of North Cooleemee. Over the past ten years, the TCCONC has supported events such as fashion shows, voting act seminars, community clean-up day, annual youth rallies, feeding the elderly, holding Town-Hall Meetings to discuss community issues.

Warren Fleming and the Graduating Class of 1966 want to thank everyone for their participation in this Historical Ceremony. Special thanks go out to Barry Melton and his members of TCCONC, Craig McCoy (All Season Lawncare), William Goodlett, Friendship Church, the City of Cooleemee, the Davie County Public Schools System and the 1966 Graduation Class of North Cooleemee Elementary.
