"He Touched Somebody's Life"

*He touched somebody's life with his goodness
He touched somebody's life with love
He touched somebody's life with understanding
Because that was his way of showing the Master's Love.*

*He touched somebody's life with his mercy
He touched somebody's life with peace
He touched somebody's life with his directions
For that's the only way his whole life increased.*

*He touched somebody's life as he passed them by
because he knew he might never pass them by again
He just reached out and touched somebody and
God's love came back not in vain.*
