# INTRODUCTION AND GENERAL INDEX

---

PIEDMONT DIRECTORY CO., publishers of Miller's Asheville City Directory, present to subscribers and the general public, this, the 1951 edition, which also includes Beverly Hills, Biltmore, Biltmore Forest, Broadview, East Biltmore, Gentry Park, Koon Development, Lake View Park, Lakeview Terrace, Linwood Park, Martel Mill Village, Morningside, Newbridge, Oakley, Oaklyn Park, Sayles Village, South Biltmore, West Asheville and Woodfin.

Confidence in the continued growth of Asheville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Asheville to the world.

The enviable position occupied by the Asheville City Directory in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Asheville Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Asheville and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business professional interests of Asheville and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community and famous resort like Asheville, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their

respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Asheville and vicinity.

### **The Asheville Directory Library**

Through the courtesy of the publishers of the Asheville City Directory, a Directory Library is maintained in the offices of the Asheville Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### Population

Asheville is the county seat of Buncombe County, and one of the principal resort centers of the eastern U. S. The city had a population of 52,208 according to the preliminary report of the U. S. Census of 1950, with a metropolitan area population of 122,557.

### History

Asheville was founded in 1797 by John Burton, and was known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later the tourist traffic increased and other resort hotels were built, including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with the growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture also have developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 20 counties of western North Carolina.

#### Government

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which includes a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome City and County buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department has become highly effective with the aid of radio, cooperation with state and county law-enforcement officers and by means of the police cruiser system. Two police radio stations are located here, one atop the Buncombe County Building and the other, a State police radio station, on the Black Mountain highway.

#### Tourist Attractions

Scenic and other attractions of Asheville and western North Carolina are always of paramount interest to visitors. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by

the late George W. Vanderbilt. The House, built after the architectural pattern of the French chateaux, contains a vast collection of objects of artistic and historic value, gathered at great cost by Mr. Vanderbilt in all parts of the world. Notable among the priceless treasures on display are the chessmen of Napoleon, the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad of other rare and precious objects.

Surrounding the House, the vast expanse of gardens and landscaped park presents a great mass of flowers and superbly-designed vistas to the beholder throughout the spring, summer and autumn seasons.

In Riverside Cemetery are located the tombs of the famous writer, O. Henry, and Zebulon Vance, Civil War Governor of North Carolina, and the now-famous marker erected to the memory of 18 German sailors by members of the Kiffin Rockwell Post of the American Legion. This is the only monument ever erected by American soldiers to the memory of their foreign foes.

Also in Asheville, in the city of his birth, is the tomb of the late Thomas Wolfe, internationally-known author of "Look Homeward, Angel," "Of Time and the River," "The Web and the Rock," and "You Can't Go Home Again." He spent most of his childhood at his mother's boarding house, the "Old Kentucky Home," at 48 Spruce St. This house is known to millions of American readers as "Dixieland," the boarding house operated by Eliza Gant in Wolfe's first novel, "Look Homeward, Angel." It has been purchased and restored by the Thomas Wolfe Memorial Association and is open to the public. It contains the furnishings of the days when the author resided there. His birthplace is located on Woodfin St.

The famous Craggy Rhododendron Gardens, located on the crest of the Great Craggy Mountains near Asheville, are one of the noted scenic attractions of the region near the city. The gardens, which present the massed bloom of millions of purple rhodo-

dendron shrubs in June, are reached by means of a link of the famous Blue Ridge Parkway and a forest motor road via Barnardsville, and are the objective for many visitors in Asheville during the bloom of the flowers, which is generally around the middle of June, depending on the season.

Mount Mitchell, Highest Peak East of the Rockies

In the surrounding highland region, the beauty of the Sapphire Country, Chimney Rock and Lake Lure, the Blowing Rock, Little Switzerland and Linville sections, the Tryon resort region, and the sections near Hendersonville, Waynesville, Brevard and Highlands are of interest to visitors.

A Scene in the Smokies

Mount Mitchell, highest mountain in eastern America (altitude 6,684 feet), and Mount Pisgah in the Pisgah National Forest, may be climbed by the motorist.

### **The Great Smoky Mountains National Park**

Asheville is the eastern gateway city to the Great Smoky Mountains National Park, one of the nation's most popular playgrounds. This great scenic region with its majestic peaks and deep valleys, its vast expanse of virgin forests, its clear trout streams and tumbling waterfalls, is a center of interest for visitors. 1,744,000 visitors entered this park in 1950. Excellent highways connect Asheville with the Great Smokies, and on the eastern approach to the park is located the 60,000-acre reservation of the Eastern Band of Cherokee Indians. Here live 3,000 Indians, occupying their ancient hunting grounds and pursuing their ancient crafts and customs under supervision of the Government.

### **The National Parkway**

Through western North Carolina the "Blue Ridge Parkway" is nearing completion, connecting the Shenandoah National Park in Virginia with the Great Smoky Mountains National Park in Tennessee and North Carolina. This great touring route, when completed along the summits of the highest of the Appalachian peaks, will be the finest motor-way in America, covering a distance of approximately 500 miles, with an average elevation of 3,000 feet above sea level. Between Roanoke, Va., and Asheville, N. C., 250 miles of the Parkway are open to travel.

### **Sports**

Asheville and western North Carolina comprise a region which is a paradise for outdoorsmen. In Asheville, five golf courses, adjudged among the finest in the South, offer grass greens and fairways to the golfer. These are the courses of the Country Club of Asheville, Inc., the Malvern Hills Golf Club, the Biltmore Forest Country Club, the Beaver Lake Golf Club, and the Municipal Golf Links. Over a score of excellent courses are to be found in the resort centers of the highlands.

Polo games are played from early spring through late fall at Fletcher Field, near the city. The Western North Carolina Polo Club, sponsored by the Asheville Junior Chamber of Commerce, brings outstanding teams to the city from all sections of this country and from abroad.

Tennis courts, swimming pools and other recreational facilities are provided in Asheville. The City Recreation Park, with its huge outdoor pool, its lake for boating, its skating rink, and its amusement devices, is a center of attraction.

More than 70 artificial lakes, located in all parts of the "Land of the Sky," provide opportunities for boating, sailing and fishing. Through the mountains many hundreds of miles of trails are open to the hiker and horseman. Streams of the region are well stocked in most cases with brook and rainbow trout, and the five game preserves in the western North Carolina region provide good hunting for deer in the surrounding terrain during the open hunting seasons. Bear, Russian wild boar, grouse, rabbits and other small game also are plentiful in most of the mountain regions, and during the open season, nimrods from practically every state in the Union come to this section. For many years, deer, bear and boar hunts have been held in the Pisgah and Nantahala National Game Preserves.

Horseback-riding along the many enticing mountain trails is one of the favorite recreations among visitors. Horse shows at Asheville, Tryon, Blowing Rock, Hendersonville and Linville each year are events of great interest to followers of equestrian activities.

In the mountain region near Asheville are located nearly 50 camps for boys and girls, which operate during the summer months and provide excellent summer recreational programs for thousands of boys and girls of school age.

In western North Carolina also are located the great religious

assemblies, sites for summer recreation and conferences for the members of a number of denominations. These include the Baptist assembly at Ridgecrest, the Presbyterian assembly at Montreat, the Y.M.C.A. assembly at Blue Ridge, the Methodist assembly at Lake Junaluska, the assembly of the Associate Reformed Presbyterian Church at Bon Clarken near Hendersonville, and the Episcopal assembly at Lake Kanuga.

### Climate and Health

An unsurpassed climate, which combines light, cool, exhilarating summers and mild winters, a large percentage of sunny days, mountain-protection from severe storms and a dry atmosphere, has

View of Lake Lure and the Valley. The Top of Chimney Rock Is in the Foreground

long been a principal attraction of Asheville and the western portion of North Carolina. The health-giving qualities of this climate have been a factor in luring here many health-seekers in search of surcease from many different afflictions. Many well-equipped sanatoria for the treatment of pulmonary and nervous afflictions are located in and near Asheville. Most notable among these sanatoria are the U. S. Veterans Hospital at Oteen, just east of the city limits; the Veterans Hospital Annex, located near Swannanoa, and the North Carolina State Tuberculosis Hospital, near Black Mountain.

### Industries

In addition to the large volume of tourist trade, Asheville is a center for industries. Located near here are the great rayon plant, at Enka; the huge pulp and paper plant, at Canton; bleacheries, blanket factory, tannery, casket factory, and numerous other plants manufacturing mica products, hosiery, dimension lumber, furniture, food products, barrel staves, rayon garments, and other articles.

Near Brevard is located the cigarette paper mill, where fine cigarette papers are made from flax.

The native industries which produce homespun woolens, rugs, native pottery, native ironwork, and numerous other woven and manufactured articles, are noted throughout the country.

The Asheville Industrial Promotion Council is located on the first floor of the City Hall building.

### Mineral Resources

A variety of valuable mineral deposits are present in the Asheville area—mica, vermiculite, feldspar, talc, kaolin, quartz, granite, marble, copper and iron of proven quantity exist in this region. Asheville is a mineral resources center, having a mineral laboratory operated by the N. C. State College of Agriculture and Engineering of the University of N. C., in cooperation with the T. V. A. and the U. S. Bureau of Mines.

### Agriculture

Western North Carolina is noted for its production of apples, Tryon grapes, cattle and burley tobacco. Asheville is a marketing center for these products, the city having eleven sales warehouses for tobacco and an auction center for cattle and other farm animals. The region is a general farming area also, and many crops are produced. Timber also is a noted product of the highlands.

The Asheville Agricultural Development Council is located on the first floor of the City Hall building.

### Shopping Center

Due to its large trade area and the many hundreds of thousands of visitors touring western North Carolina at all seasons of the year, the city has become one of the finest high-class shopping centers in the South.

### Water Supply

Asheville's water supply is the purest to be found. The water, coming from the summits of the high peaks, is noted for its soft quality and its lack of impurities. The city water system is one of the few gravity systems in existence, and Buncombe County is one of the few counties in the U. S. providing water by means of mains along most highways in the county.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

**Out of Sight - Out of Mind - Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.  
 The City Directory is the natural medium for keeping a business or product name in the spotlight

The importance of keeping firm and product names in the public eye is recognized by all business men and women. If your name or product, however meritorious, will slip into the limbo of the forgotten it is not permanently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how many firms, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## USE OUR LIBRARY OF Out-of-Town CITY DIRECTORIES

• We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about other firms and individuals in other cities. This is a part of our service to local City Directory users.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. A name is a brand of product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

USE OUR LIBRARY OF

Out-of-Town CITY DIRECTORIES

• We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all  
 business men. It is astonishing to see how a firm or product, however meritorious, will slip  
 into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is a fact that the name of a product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to find how many firms and products, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## INVESTIGATE THE WESTMORELAND CLUB PLAN

A Trained Sterling Silver Specialist will show you the classic WESTMORELAND PATTERNS in the privacy of your own home.

•

The WESTMORELAND CLUB PLAN brings solid silver within financial reach of everyone. Through the Club you may acquire up to \$50 more in sterling than you actually buy.

•

Owning the finest of sterling is a matter of taste—no of wealth.

•

## WESTMORELAND'S EXCLUSIVES:

- SOLID MAHOGANY SILVER CHEST (Tarnish-proof)
- WESTMORELAND CONSOLE
- SALAD SETS
- CARVING SETS
- COFFEE SERVICE
- SECTIONAL CANDELABRA

**DIAL****9966****Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

INCLUDING

### A Complete Street and Avenue Guide

## 1951

INCLUDING

Beverly Hills, Biltmore, Biltmore Forest (N.C.), Broadview, East Biltmore, Gentry Park, Koon Development, Lake View Park, Lakeview Terrace, Linwood Park, Martel Mill Village, Morningside, Newbridge, Oakley, Oaklyn Park, Sayles Village, South Biltmore, West Asheville, and Woodfin (N.C.)

Copyright, 1951, by Piedmont Directory Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets, arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ∆ preceding names denotes houses and places of business having telephones. (c) denotes colored.

(The numerals that appear at right edge of column, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how many firms and products, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.**
