INTRODUCTION AND GENERAL INDEX

C971.16
M832
1963

HILL DIRECTORY COMPANY., publishers of Southeastern Directories, (Publishers of the Morehead City-Beaufort Directory since 1957), present to subscribers and the general public, this, the 1963 edition of the Morehead City-Beaufort City Directory, which also includes Atlantic Beach and Rural Route Residents.

Confidence in the growth of Morehead City-Beaufort's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Morehead City-Beaufort to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Morehead City-Beaufort Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like Morehead City-Beaufort, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Morehead City-Beaufort, and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

804689

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Morehead City-Beaufort and vicinity.

The Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Morehead City-Beaufort City Directory, a Directory Library is maintained in the offices of the Morehead City Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Morehead City is named for John Motley Morehead Governor of North Carolina, 1841-1845, who firmly believed that this location had the potentialities of becoming one of the great Atlantic seaports. Gov. Morehead purchased 600 acres of land at the terminal of the railroad he had been instrumental in establishing in 1855. The town laid off in home sites had its streets named for directors of the original Shepard's Point Land Company. The peninsula was formerly known as Shepard's Point. The town was chartered in 1858.

Morehead City's ocean port has the most complete facilities in the state and lies only 45 minutes from the sea lanes. The terminal is state owned and is one of the few state operated ports showing an individual profit. Morehead is bounded by the Newport River, Calico Creek and Bogue Sound and is 1 mile from the ocean and Atlantic Beach.

The city is stretched out on a three-mile-long peninsula which juts out into the Newport River and the Ocean Port Terminal.

Morehead City Post Office

The Morehead City Municipal Building

On the water front is the finest Charter Fishing Fleet on the Atlantic Coast and world-famous sea-food restaurants. The Inland Water-way separates Morehead City and Atlantic Beach.

The Morehead City County Club offers 18 of the finest holes for the occasional or serious golfer.

Hotels, motels, tourist courts, trailer parks and a shopping center which is open six days a week offer diversification for the vacationist.

Although just one hundred years old Morehead City has developed into one of the most active and progressive towns in the State. Known through the early years as a popular summer resort with its wide expanse of oceanside beach and resort attractions, it has taken on of late years a progress of commercial development.

To a large extent this recent growth has come about as an outgrowth of a Port Terminal, conceived in the mind of the late John M. Morehead over one hundred years ago, offering advantages of ocean and inland water transportation so essential to commercial life.

The close proximity to the sea-lane of ocean commerce and travel, only five miles from sea-lane to port, through a channel of sufficient depth, allow the largest ocean-going craft to enter the harbor. With combined rail, highway and water shipping facilities, the location of Morehead City is ideal for industries served by such facilities.

Morehead City has grown from a small plot of land purchased and opened up by Mr. Morehead as a town in the fall of 1857. Annexation of adjoining sections through the years has more than doubled the original site.

Home building has kept pace with the town's expansion, from the small attractive home of the average family to those of large income. Added to the cost of the business and manufacturing structures, the average cost overall, over a period of eight years covers more than half a million dollars yearly. Development corporations, both within the city as well as nearby sections, announce an extensive program of building new homes to meet the steady demand of home-owners of all financial status.

Its midway location between the extreme north and the extreme south, gives the city and surrounding section a most equitable climate the year around. Ocean winds temper the heat of summer, the waters of the Gulf Stream a few miles off shore help to make the winters mild and of short duration.

Nowhere along the Atlantic coast can the ocean beach, adjoining the city on the south, be excelled for the beauty of its sand dunes and shore vegetation, its safe bathing beach with no undertow.

History is written in the long stretch of Bogue Banks. Blackbeard the pirate is claimed to have visited Banks in his days of privateering. Some persons like to believe he hid much of his loot in the sands. Such is yet to be found, although many a searcher has spent hours digging for "pirate gold."

Upon the shores of the Banks has drifted the wreckage of boats and men of three wars, within a hundred years. The sound and outer ocean has given a livelihood to many through the years, either fishermen or whalers, from the early days of the county's settlement to present day. No better fishing grounds for pleasure or profit can be found along the Atlantic coast than off the shores of Carteret County. There are seven ocean fishing piers.

Those seeking historic lore will be rewarded by a study of county history. Quakers played an important part in the early days of the county's settlement. From the outer world came settlers of various nationalities. Many came by ship through Old Topsail Inlet to land at Beaufort. Others trekked their way along rough Indian trails from the colonies to the north. This mingling of personalities produced a heterogeneous group, out of which came the men and women who helped to establish the early settlements of the county.

Along with the varied commercial and economic life of the community, the christian and educational opportunities have not been overlooked.

Such meet the demands of all faiths, while the educational advantages and social and civic organizations, furnish an opportunity for study and community betterment.

The spirit of that early pioneer, John M. Morehead, still carries on, and his dream of a busy port and a great industrial city is being realized.

Golf Course

The Morehead City Country Club, just a few miles from the City limits, offers outdoor recreation for the Golf enthusiast every month of the year. The beautiful 18-hole course overlooks the tidal Newport River, its greens and rolling fairways wind around tall stands of stately pines which offer shade and also protection from occasional gusty breezes. A new Club House and swimming pool will soon be under construction. New homes are springing up rapidly in the Country Club vicinity, but there are still a few ideal homesites available either on the waterfront or on the highway.

This is truly a golfers' paradise, no snow or ice, few hot days and no long rainy season. Bring your golf clubs along and try it out.

Fort Macon

Located at the eastern end of Bogue Banks, overlooking the Beaufort (Topsail) Inlet, Fort Macon and the forts which preceded it, have guarded the Ports of Morehead City and Beaufort two centuries. The present Fort was built in 1826 and completed in 1834. It is an outstanding example of military architecture and a monument to the craftsmanship of the brick-masons of the 19th Century.

Stone jetties, designed by Robert E. Lee, then a young Lieutenant, can be plainly seen jutting out into the ocean and sound where they have held back erosion since about 1842. Little did Lee dream that thousands of tourists from all over the U. S. would fish from these solid barriers every year.

Taken over by the Confederate States at the beginning of the Civil War, Fort Macon was recaptured by Federal troops under Gen. J. G. Parke in 1862. The battle-scars still show on the masonry, in spite of attempts to hide them with patchwork.

About a mile west is the Fort Macon State Park Beach, a smooth white stretch of gleaming sand, surrounded by majestic dunes. The State provides a large parking area for cars, public bath houses, lifeguard service, also picnic tables and a large shelter for use in case of rain.

ATLANTIC BEACH

(Courtesy of Chamber of Commerce)

Atlantic Beach, an incorporated town, is just across the bridge from Morehead City. This is the most developed spot on the twenty-two miles of matchless, east-west, beach on Bogue Banks. Even though this is one of the safest beaches on the coast ample and efficient lifeguard service is provided. The Marina's, launching ramps, bowling, pool, miniature golf, kiddie rides and just about every kind of amusements line the boardwalk as it approaches. Hotels, motels, lodges, restaurants and snack bars are convenient to the beach and the causeway. Seven ocean fishing piers near the beach make fishing most convenient. On the Causeway there are two fishing piers which extend out over Bogue Sound for those who prefer fishing in the calmer waters. The beaches on the sound offer still water sports to the children, skiing to those who like the thrill and boating or sailing to all who like the water.

A branch bank and supermarket add to the convenience of the modern Beach shopping center.

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

The power of light to sell goods has been demonstrated time and time again in stores throughout the country.

People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers' attention to certain goods through flood lighting or spotlighting, and its applications to the display of merchandise are almost endless.

The proper use of light is a powerful sales tool . . . a sales tool that you can use with profit in your business.

An Up-to-Date City Directory

The Publishers

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy
as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or
street.
Routing salesmen to avoid lost motion in reaching
prospects.
Locating residents of hotels and apartment buildings,
many of whom are listed nowhere else.
Identifying names and titles of officials, for use of
salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving
habits, names of employers, stability of employ-
ment, family status, neighbors, whether owner
or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social ser-
vice and legal work.

DELIVERY (*Communication, Mailing, Etc.*)

Routing deliveries.
Reducing dead letters and insuring more complete
delivery of mail.
Effecting delivery of messages and parcels errone-
ously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT (*Criminal Detection and Apprehension*)

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and
establishing facts as of a certain date.

HILL'S MOREHEAD CITY - BEAUFORT

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1963

Including Atlantic Beach

Copyright, 1963, by Hill Directory Company

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL © FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

- Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

CONSULT YOUR DIRECTORY FIRST

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
