HILL'S

FAYETTEVILLE

STREET and AVENUE GUIDE
INCLUDING

TELEPHONE NUMBERS and HOME OWNER SYMBOLS

1964

Including Bonnie Doone, Drake Park, East Fayetteville, Lafayette Village, Lakedale, Massey Hill and Myrtle Hill

Copyright, 1964, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; and occupation of others refer to Alphabetical List of Names.

Figures following names denote number of persons living at that number.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes nor responsibility for errors to be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parentheses denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions at some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.
