The City of Progress and Prosperity

PREFACE

We take pleasure in presenting the new edition of the Directory of Winston-Salem, the largest city in the state, which we believe will be found up-to-date in every respect.

Winston-Salem is the industrial center of North Carolina. By the United States census it is the metropolis of the state. The number of new firms and changes since the last edition of the directory was published has been equal, if not greater, than at any time before.

We wish to thank the public for their liberal support and now that business conditions are getting back to normal, we expect to issue the directory hereafter annually and on time.

Yours truly,

COMMERCIAL SERVICE CO.

POPULATION

We estimate the population of Winston-Salem to be, with suburbs, 57,221.

HARLEY-DAVIDSONS

Not Well Known at Filling Stations

"The reason is", says old man Economy, "that they don't call often enough to get acquainted with the gas merchants."

"With a gasoline capacity of $2\frac{3}{4}$ gallons, and the average rider getting 40 to 60 miles per gallon (many getting even more) you can see that after a full drink, the Harley-Davidson will tackle a desert 124 to 160 miles long without a stop.

"And oil? It isn't worth talking about when you get 800 to 1000 miles on a gallon, as the Harley-Davidson does. In one mile you use less than two tenths of a cent's worth of oil."

So much for Economy. Then think of the great sport of motorcycling—the exhilarating speed—the COMFORTABLE riding—the pure, fresh air of the country—the sights of the big city—the smooth boulevards. This great, heaping measure of healthful, broadening enjoyment are the premiums you get with a Harley-Davidson.

Visit us one of these days and inspect the newest Harley-Davidson road-negotiators. They're tempting. Harley-Davidsons can be bought on the easy payment plan.

We Do All Kinds of Cycle Repairing and Carry a Full Stock of Parts and Accessories. Terms Can Be Arranged.

**Are You a
Business Man?
If So, Why Not**

Advertise
Your Business In a Judicious Manner?

THE CITY DIRECTORY

Affords you the best medium for reaching all classes of people, and insures you a publicity wide-spread at a cost small in proportion when compared to that of other mediums.

All Legitimate Directories are: Town Builders, Money Savers, Town Advertisers, Prosperity Forecasters.

The City Directory

Is found in the money centers and is in constant touch with the money spenders. It is the Buyers' Guide, and the Sellers' Handy-Book.

It is an essential of every live business house. WHY then not help to build up that which helps to build up you and your business?

**YOUR
CITY DIRECTORY**

YOU

Can say it in a good many ways, including "With Flowers," however, when YOU SAY it in a City Directory "AD" you say it RIGHT.

The City Directory

Reaches the people you want to reach and brings results. We call your attention to the many who repeat their "ads" from year to year.

Local Advertising

There is no advertising medium that reaches the prospective buyer in the same way, time, or place, as does the City Directory. It brings results. Try it.

Out-of-Town Advertising

The City Directory carries your message to a good many places, some far distant. We have numerous libraries throughout the country in which we keep up-to-date directories of all leading cities. It gives you PRESTIGE in a class above the average, when you place your "ad" with us.

Try It and Be Convinced

ADVERTISING

is what nothing was ever sold without. If a loaf of bread is sold to a tramp who managed to glom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told the bo where the bakery was. Or by the window of the bakery itself. There's isn't a human being who doesn't believe in advertising. If he really doesn't, he had better commit suicide. And that will give him a lot of publicity that nobody can cash in on.

The man who claims not to believe in advertising is a—well, you know what Ananias was. This boob is too anxious for everybody to tell other people that his place is a good one to trade. But ain't willing to give the advertiser anything for telling the other folks. He is, to use a modern term, a something-for-nothing tightwad. The man who puts on good clothes advertises his own respectability, and expects results in the shape of the respect of others. The man who dresses poorly because of necessity or purposely, advertises his poverty and expects results in other people's help or contempt. The doctor claims it is unethical to advertise, but he wants the newspapers to mention every time he has a case. The same is true of a lawyer. In fact, every honest person wants the right kind of advertising. Only dishonest persons are afraid of it, and they get it anyway.
