★ SMITHFIELD

SMITHFIELD IS STRATEGICALLY LOCATED

- ★ Just 35 Minutes from Raleigh, the State Capital
- ★ Within Hour or So of All Units of N. C.'s Industry-Serving "Research Triangle."

IDEAL FOR INDUSTRY—

Progressive town government providing up-to-date water, electric and other public services. Served by A.C.L. mainline railroad. Near Raleigh-Durham Airport. Intersection of major highway arteries. (U. S. 301, U. S. 70 and Interstate 95). Served by leading truck lines. Productive labor supply vouched for by industries already established. Friendly atmosphere for industry and its executive personnel.

IDEAL FOR LIVING—

Excellent schools and churches. Fine civic clubs, excellent libraries and other cultural advantages. Beautiful lake, good fishing, country club and golf course. Community recreation park. Friendly residential neighborhoods. Modern 125-bed hospital. **AND THESE ADDED ADVANTAGES:** Smithfield is close to major centers of government, business, culture and recreation. Near nationally prominent colleges and universities, near state capital, six hours by highway from Washington, D. C., 500 miles from New York, two hours from ocean resorts, five hours from famous Blue Ridge Parkway in western North Carolina mountains.

IDEAL FOR RETAIL BUSINESS—

Smithfield is in exact center of county which produces crops and livestock valued annually in excess of \$40 MILLION. A rich rural market.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1961 edition of the Smithfield and Selma City Directory, which also includes Pine Acres, Sandy Run Section, Sunrise Acres, West Smithfield and the Rural Route Residents.

Confidence in the growth of Smithfield and Selma's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Smithfield and Selma to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Smithfield and Selma Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of Smithfield and Selma, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like Smithfield and Selma, the necessity of having this kind of information up-to-date and always immediately available is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Smithfield, Selma, Pine Acres, Sandy Run Section, Sunrise Acres and West Smithfield, and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper, covering Smithfield followed by a similar section for Selma.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Smithfield and Selma and vicinity.

The Out-of-Town City Directory Library

Through the courtesy of the publishers of the Smithfield and Selma City Directory, a Directory Library is maintained in the offices of the Smithfield and Selma Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Oldest, largest and busiest of Johnston's ten towns, Smithfield is a county seat of 5,613 population. In 1890 it was only 545. Once it was a river town, and the Neuse still flows slowly along the west edge of its business section, but its commercial importance now is the potential it has as a source of industrial water. Smithfield's water facilities are adequate for an anticipated growth of 20 years.

Downtown Smithfield spreads east of the courthouse lawn, and is a mixture of retail stores, farm equipment places and tobacco warehouses. Often in early summer it is a tranquil place, but beginning in August it is a beehive. Tobacco is still the biggest thing in the life of the average Smithfield citizen. When the nine auction warehouses sell some 30,000,000 pounds, they turn loose \$12 to \$15 million, and a good part of it goes to Smithfield—either directly into the pockets of absentee farmers living in town, or indirectly via farm trade.

Tobacco is, however, an old story to Smithfield. In 1770 the legislature established a public "Inspection of Tobacco" in Johnston at the ferry on the lands of John Smith. Here tobacco was inspected, and put in stamped hogsheads. It was floated down to New Bern in flatboats. Consequently Smithfield is the oldest tobacco market in North Carolina, still in business, allowing, of course, for interims of inactivity.

The modern auction market opened in 1898 via a warehouse operated by Skinner and Barham.

The redrying houses, also operating seasonally, provide the largest single source of employment in the county, aside from agricultural pursuits.

The cotton market, though overshadowed, is one of the largest in the state, with three gins and facilities for storing 18,000 bales. There is a large livestock market.

But recent industrial additions, such as Burlington Mills, the now-expanding Jerold Company (sportswear for women and children), and Carolina Packers are broadening the base of the town's economy.

Conscious effort by the citizens to accomplish just such a broadening has recently been stepped up by a rejuvenated Chamber of Commerce and formation of the Smithfield Industries, Inc., to provide quarters (if needed) for interested industries. It was instrumental in locating the garment factory.

The town was fortunate to have one distinction. In all of its long career, and through every turn in business, it never suffered a bank failure. It is one of the financial centers of North Carolina, through the presence of main offices of the First-Citizens Bank & Trust Company.

The town was founded on land which John Smith, the first settler, donated. He had moved in from Virginia and obtained a license to operate a tavern at the site in 1765. Later he moved to Tennessee, where he died.

Smithfield was incorporated in 1775, and must have had some facilities and prestige during the Revolution. The General Assembly was to have convened in New Bern in April, 1779, but a smallpox epidemic forced them to meet elsewhere, and they chose Smithfield.

It was at this session that the representatives made the first attempt to halt the nomadic wandering which had the assembly meeting first in one place and then another. A resolution was introduced naming a commission to "view and fix upon some place in each of the counties of Johnston, Wake and Chatham for holding the General Assembly."

Nothing came of this, and the resolution may not even have passed, for the Senate Journal of that session is lost.

However, when a capital site finally was picked, Smithfield was in the running. We frequently hear the town lost by only one vote, but the statement is always prefixed by the warning that it is only a "tradition."

Also according to tradition, a Smithfield man cast the deciding vote against location of the Southern Railway, fearing that the smoke and noise would be injurious to the quiet of the village. It later obtained the Atlantic Coastline. It is situated on U. S. Highways 70 and 301, with three bus lines and four truck lines.

Beyond the commercial center lie the residential sections, mostly composed of comfortable but moderate homes.

They are built along old tree-lined streets, and even though close to town have an air of leisure and well-being. Smithfield, for all its concern over the replacement of farm labor and the need for new enterprises, is a town of quiet poise. And it has, over its 200 years, gradually equipped itself adequately.

It has a small but good and well-used library; a handsome, relatively new hospital; a county-wide country club nearby; a community center; a volunteer fire department; and a school system so thorough it is said to send 80 per cent of its graduates to college.

The civic life is well balanced by organizations—civic, fraternal, cultural, literary, dramatic, professional. It has a city library and also is headquarters for a nine-branch county library system with bookmobile. A Historical Society is busy compiling a county history. There are 15 churches and an 8-acre recreation center, operated by a summer-time city recreation department.

Smithfield's growth in size and responsibility has not robbed it of a social life which is as friendly and neighborly as that of the smallest rural community in the county.

Smithfield has a tax rate of \$1; \$8,500,000 valuation and \$450,000 debt.

Community Attitude

Business and professional leaders and the people of Selma and Johnston County are vitally interested in industrial development toward the welfare of the area. Facing the importance of further industrialization, leading citizens of Selma and the area formed the Selma-Smithfield Industrial Development Corporation.

City, County and State governments have demonstrated a wholesome and cooperative attitude toward old and new industry and business organizations. New industries that have come to our town and area in the past few years have found splendid community attitude and able, industrious labor. The community has several desirable sites available for industry and will meet reasonable requirements to serve new industry and provide new floor space on a sound business basis.

Within a radius of 20 air miles there is a labor pool in excess of 3,600. Approximately 1,000 high school graduates enter this labor force annually. Selma is served by the Atlantic Coast Line Railroad and Southern Railway and by 6 Trucking Lines. Raleigh-Durham Airport, one of the South's leading, is only 40 miles away. Valuations and tax rates are reasonable and city utilities are available.

The Chamber of Commerce, with the cooperation of town government and civic clubs, has stated a concerted effort to get downtown business organizations to improve their properties, both inside and out. The Branch Banking and Trust Company has taken the lead in this effort and has a large part of its complete modernization done. Also one of our smallest businesses is now undergoing modernization. This is, of course, a long range program, however, it is being met with enthusiasm.

## *Out of Sight • Out of Mind*

### *★ Out of Business ★*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

# THE SMITHFIELD HERALD

*An Advertising Medium That's*  
**A NATIONAL LEADER**  
*in its field*

THE SMITHFIELD HERALD (Published twice a week) not only is the No. 1 advertising medium in Johnston County; it ranks in circulation among America's TOP TEN community papers published in towns under 10,000 population.

## Member of Audit Bureau of Circulations

Herald net paid circulation for 6-month period ending September 30, 1960 was 7,615 (Publisher's statement subject to audit by ABC).

NO OTHER newspaper in the world, daily or non-daily, has as much circulation in Johnston County as THE SMITHFIELD HERALD.

## "r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

# Know Your Endorser

● The United States Secret Service has launched a "KNOW YOUR ENDORSER" Campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for froged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in your presence. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

# Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

A D V E R T I S I N G is the foundation upon which successful businesses are built. You must apply this to your own particular business.

A D V E R T I S I N G is the power of an idea multiplied.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in its Pages

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

### Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## **WHY A YELLOW PAGE SECTION?**

**\*It is customary to include  
a Yellow Page Section in  
the City Directory because:**

It gives business firms the  
opportunity to elaborate upon  
a description of their products  
and services impossible in  
the limited space of regular  
Alphabetical and Classified  
listings.

**\***

**The Yellow Page Section is a necessary supplement  
to the regular listings; it is good City Directory in-  
formation . . . EXTENDED.**

# HILL'S SMITHFIELD AND SELMA

Directory of Householders. Accupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

## 1961

Including Pine Acres, Sandy Run Section, Sunrise Acres and  
West Smithfield

Copyright, 1961, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

~ The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1**

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2**

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3**

A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4**

A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5**

A *Statistical and Historical Story* of your city, plus miscellaneous other information.
