Independent and Progressive

Baldwin Directory Company, Inc., publisher of this city directory and the world's largest independent publisher of city directories, is in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, Inc., publisher of your city directory, takes pleasure in presenting the 1936 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory** contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide, Civic Section and Professional Blue Book** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional card of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

INTRODUCTION

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory.

- Number of dependents under 16;
- Designation of home ownership.
- Telephone Numbers on Street Guide.
- Numerical Telephone Directory.
- Nationally Advertised Brands.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke — they established a guaranteed home circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

KINSTON

NORTH CAROLINA

"City Progressive"

By O. L. WILSON, JR.

Secretary, Kinston Chamber of Commerce

In 1740 William Heritage, a well-to-do planter and jurist, located on Neuse River at the site which afterward became Kinston. About 1750 Richard Caswell, a native of Maryland, settled here; he afterward became the first Governor of North Carolina under the constitution. About these two leading spirits this community developed. The establishment of the town was authorized by the Royal Governor, Arthur Dobbs, in 1762, and the town was named "Kingston"; but shortly after the Revolution the obnoxious "g" was dropped and the name became "Kinston". Kinston was incorporated in January, 1849. It is situated in the fertile valley of the navigable river Neuse. It is the county seat of Lenoir County, which is a part of the North Coastal Plain of the State. It is the geographical center of Eastern Carolina and is fast developing as the logical distributing point in this wide section of Carolina.

VIEW OF BUSINESS DISTRICT, KINSTON, N. C.

ACCESSIBILITY

Kinston is served by the Atlantic & North Carolina Railroad and Atlantic Coast Line Railroad. By rail it is thirteen hours from Washington, D. C., four hours from Wilmington, three hours from Raleigh, nine hours from Richmond, Va. The railroad connections and excellent system of nine main paved highways make her easily accessible in all directions. Kinston is served by fourteen busses a day, making connections for all points north, south, east and west. These busses are owned and operated by the Seashore Transportation Company, Southerland Brothers, and the Queen City Coach Company. Departure of busses ranges from 7:20 A. M. to 9:20 P. M. The city is located on U. S. Highway No. 70, and N. C. Highway No. 10, the main highway through North Carolina from east to west, running from the coast to the Tennessee line, and connecting there with the paved highways extending to the Pacific coast.

POPULATION

Ninety-nine per cent American by U. S. Census. City population, 1936, including suburbs, 14,068; U. S. Census, 1930, 11,362; 1920, 9,771; 1910, 6,995; 1900, 4,106; 1890, 1,726.

CLIMATE, ALTITUDE AND HEALTH

The average mean temperature covering a period of twenty-five years is 62.4 degrees, while the average annual rainfall is 43.73 inches. Health conditions are excellent with practically no malaria present, the Rockefeller Foundation, in 1921, having to abandon their laboratory here due to the fact that not enough malaria existed for laboratory study. As to the climate, this section is highly favored and almost any crop grown in the Temperate Zone will prosper here. Cattle may graze practically the year around. The altitude is 47 feet.

STREETS AND ROADS

Kinston was among the first cities in North Carolina to enter into a large program of building improved streets. She has thirteen and one-half miles of concrete-asphalt streets. Kinston has thirty miles of paved sidewalks. Lenoir County has ninety miles of concrete-asphalt roads, all sixteen to twenty feet wide, nine roads, all leading from Kinston to the county lines, costing \$4,000,000.

WATER

Kinston is supplied entirely from artesian wells. Monthly analyses proving the water supply to be as pure as any east of the Rocky Mountains. The water is delightful to the taste, soft, cool, and is used for all purposes. Its temperature is 64 degrees. For factory uses it is unexcelled, and the supply is sufficient for a city three times the size of Kinston. Kinston has never advertised her water on as large a scale as she should have. It is the most wonderful asset that any city could have and Kinston has as pure, as delightful and as health-giving and health-maintaining water as any place in America.

ELECTRICITY

Municipally-owned plant worth three-quarters of a million dollars, provides ample current for the needs of a city three times the size of Kinston. In cooperation with the Rural Electrification Program the city has recently extended its power lines to all parts of the county, 105 miles having been completed in the past year at a cost of \$73,500.

VALUATION AND TAXATION

The total assessed valuation 1935-36, city \$7,974,967; county \$18,089-588; real estate and personal property assessed actual value. County and

School District tax rate 1936-37, \$1.73; City (all specials included) one dollar; total \$2.73 per \$100. The Mutual Building and Loan Association and the Home Building and Loan Association furnish the means of construction of many residences.

BANKING FACILITIES

Kinston is served by the Branch Banking and Trust Company and the First-Citizens Bank and Trust Company. The excellent reputation of these institutions is long standing and well-known. They render all services consistent with sound banking. The combined resources of the two banks total \$32,688,278.43.

TOBACCO AND COTTON MARKET

Kinston is in the center of the new bright leaf belt. It has a larger territory naturally tributary to it as a market, and especially as a tobacco and cotton market, than any city in Eastern Carolina. Look at the great territory on the map reaching from Morehead City to Wilmington, and from Selma to the ocean, in which Kinston has no comparable rival as a market. The total sales on the Kinston tobacco market in 1935 were 48,635,448 pounds, bringing in a total of \$9,668,727.06. Eleven warehouses and six stemming and redrying plants furnish excellent facilities for marketing and handling tobacco and the Kinston market has grown rapidly in the past three years. The excellence of the cotton market is also well-known. As a shopping center, Kinston draws trade from the territory above mentioned because of the progressive character of our merchants, the variety, quality, and size of the stocks of merchandise carried, and the city-like mercantile establishments that line our business district. Lenoir County as a whole is one of the most fertile counties in the State. The equable climate and soil permit the growing of any crop adapted to the Temperate Climate. Tobacco production is followed by cotton,

corn, potatoes, live stock, small grains and hay, which are produced abundantly at low cost. Truck and other crops are well adapted to the soil and climate. Progress in agriculture has been most marked.

HOTELS

Adequate facilities are furnished tourists and the traveling public by Hotel Kinston, The Caswell, and other small hostleries. Hotel Kinston, a modern 12-story fire-proof hotel, costing three hundred fifty thousand

dollars, was opened early in 1928. It is one of the handsomest and best appointed hotels in the State and represents a cooperative undertaking of which Kinston is justly proud. It has won a state-wide reputation, and the Caswell Hotel, with its home-like atmosphere, has a host of friends.

CHURCHES

Nearly all religious denominations are represented with handsome temples of worship. There are fourteen churches for white people and eleven for colored, ministering to the needs of the citizens of Kinston.

HOSPITALS

Kinston is fortunate in having the Memorial General Hospital and Parrott Memorial Hospital; strictly modern in all appointments and amply able to provide for the care of the citizens. Their corps of doctors, assistants and nurses are the best to be secured.

SCHOOLS

Kinston and Lenoir County have always been pioneers in good schools. Today there are no schools in the State in a town the size of Kinston that surpass in equipment, buildings, furnishings, conveniences, and necessities the schools of Kinston; and none has taken more just pride in the personnel of their teaching force and school management in city and

county. Additional advantages are being rapidly advanced. Eighty-nine well-trained teachers instruct 3,725 boys and girls in well-equipped buildings. Additional buildings costing over a half million dollars were completed during 1926, giving the city a most adequate and modern school system. The Lenoir County School System, consisting of seven consolidated school for white pupils and twenty-nine smaller schools for colored, has an enrollment of 7,363. Sixty-five busses are used to transport a large number of the 4,191 white pupils to consolidated schools. The County is justly proud of its modern buildings and equipment which are valued at \$400,000.00. The Caswell Training School, State Institution for Feeble-Minded, is located two miles from Kinston. The buildings are entirely modern in every respect and represent an investment of \$2,000,000. The State Farm Colony, State Correctional Institution for Women, is located near Kinston. The staff comprises outstanding workers in this field, and their results have received much favorable comment in the State press in recent years.

INDUSTRIES

Fifty industries, having combined pay rolls of over one million dollars, are located in Kinston. Among these are 1 cotton mill, 2 lumber plants, 6 tobacco factories, 1 oil mill, 2 ice plants, 2 ice cream plants, 2 fertilizer plants, 3 soft drink bottling plants, 1 brick mill, 2 mantle works, 1 mattress factory, 1 concrete products plant, 1 tile company, 1 marble works, 1 pool table and ice box factory, 2 shirt factories, 1 meat packing plant, 1 iron

foundry, 2 machine shops, 1 tobacco truck and vehicle manufacturing plant, 1 plant for manufacturing oil burner units for curing tobacco, and numerous smaller industries.

CHAMBER OF COMMERCE

Kinston's Civic and Commercial Organization ranks with those of the most progressive cities in the State. Its membership is composed of the most progressive, intelligent and wide-awake citizens. The Chamber is at the command of all desiring worthy assistance or information concerning the welfare of the nation, state, Lenoir County, and Kinston. It will co-operate with any earnest movement for the improvement of citizenship and to promote business. The Chamber has been instrumental in securing 2 shirt factories employing 500 people, and several smaller industries, during the past three years. It is, also, cooperating in every way with the Tobacco Board of Trade in helping to build up the tobacco market, and is highly gratified to have had a part in helping the market break a record, either for pounds sold or money paid out, during each of the last three years. Incidentally, Kinston exceeded all past records by selling forty-eight and a half million pounds during the 1935 season.

WHOLESALE AND JOBBERS

Kinston's wholesale territory covers a radius of fifty miles and is served by eight wholesale grocery and produce, two wholesale meat and

produce establishments, 1 wholesale dry goods dealer, 1 farm machinery distributor, and 8 gasoline distributors. The territory embraces an estimated population of over two hundred thousand people.

RETAIL

The fertile farming section made tributary to Kinston by two rail lines and an excellent system of asphalt roads, and the city itself, have united to make excellent retail facilities. Kinston's retail district covering twenty-five blocks, offers to purchasers high-class and proper priced merchandise. It has more department stores, variety stores and farm supply dealers than any town east of Raleigh. According to U. S. Bureau of Census figures, per capita retail sales in Lenoir County are tied with Forsyth County in ninth place, and in this respect it leads all counties in North Carolina whose chief income is derived from agricultural products.

CLUBS

There are thirty-seven clubs, organizations and fraternal societies in this city. Twenty-five for whites and twelve for colored people. These include the Chamber of Commerce, Country Club, American Legion, Rotary Club, Kiwanis Club, Kinston Baseball Club, Chapters of practically all fraternal organizations and headquarters office of the Eastern Carolina Chamber of Commerce.

AMUSEMENTS AND RECREATIONS

The Country Club, with its 166-acre golf course, Hillcrest, Lakeside, Parrott's Lake, and Municipal Swimming Pool and Tennis Courts, constructed in 1935-36 at a cost of \$50,000.00, furnish amusements for old and young, all within easy reach of the city; the Paramount, Carolina and Oasis Theatres provide high-class motion pictures.

DEDICATION CEREMONIES OF KINSTON MUNICIPAL SWIMMING POOL
June, 1935

The territory from Kinston to the coast is well-known for its abundant supply of many types of game and fish. The territory's inland streams teem with bass, perch and pike and the coast offers excellent opportunities quail and rabbit. The advantages of this country to the sportsman are for salt water angling. The upland game consists of deer, bear, squirrel, known throughout Eastern North America.

Baldwin Directory Service Is Unique

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin Directory Service are unanimous in their acclaim of its many unique features.

America's Finest Directories

Baldwin Directories offer tremendous advertising value through the new Householder's Supplement which is presented to the homes.

BALDWIN DIRECTORY SERVICE is UNIQUE

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin Directory service are unanimous in their acclaim of its many unique features.

AMERICA'S FINEST DIRECTORIES

Baldwin Directories offer tremendous advertising value through the new Householders' Supplement which is presented to the homes of the community at no extra cost

The Greatest Directory Advertising Value

A conspicuous and attractive advertisement can be purchased in any Baldwin Directory at an extremely reasonable price. When making up his budget for publicity the wise advertiser will remember the many special features of Baldwin service. He will take into consideration the large home circulation, the convenient arrangement of the display space, the excellence of the printing and binding and the number of times the directory is actually referred to each day of the year.

The primary purpose of the Baldwin organization is, of course, the supplying of accurate and reliable directory information promptly and regularly at the lowest possible cost consistent with good service. For this reason it is possible to price the advertising space far below the amount which would be charged on the basis of value if the book were primarily an advertising medium. *There is no advertising medium in the South today which offers as much actual advertising value per dollar invested as Baldwin City Directories.*

EVERY BALDWIN DIRECTORY MUST CONFORM
STRICTLY TO THE SPECIFICATIONS PRE-
PARED BY BALDWIN DIRECTORY
COMPANY, INC.

The Baldwin organization is ever on the alert for suggestions and recommendations which may increase the value of its service. At all times it cooperates with the local Chambers of Commerce, Merchants' Associations, newspapers and commercial organizations. Its work is carefully planned and painstakingly executed.

All information supplied is authentic; a double-check system is used to insure accuracy. Trained census managers and enumerators check and re-check all data which appears in the city directory. The information is secured by a house-to-house canvass of the territory covered.

THE HOUSEHOLDERS' SUPPLEMENT

The Householders' Supplement is carefully prepared to meet the requirements of the home. It contains a complete business directory of the city, a civic section with full-page announcements and photographs of the larger churches, clubs, libraries, schools, public buildings and civic institutions and a list of nationally advertised brands of merchandise with the name and address of the local agent or distributor.

Newspapers, Chambers of Commerce, Merchants Associations and others interested in further information concerning Baldwin Directories should write to

ollar - for - Dollar alue in America

Every advertisement appearing in a Baldwin City Directory will be found also in the Householders' Supplement. The distribution plan for the Supplement is thoroughly worked out and each copy is personally presented by a representative of the civic and commercial organizations of the city. The homes receiving copies of the Supplement are carefully selected and there is very little dead circulation; almost every copy is referred to daily. *The live circulation of a Baldwin Directory advertisement is actually from five to ten times that of an advertisement appearing in an average city directory, and the Baldwin distribution is primarily in the home.*

SPECIAL FEATURES

In addition to all of the regular departments usually found in city directories, Baldwin Directory service offers many exclusive features. Some of these are as follows:

1. All home owners are designated in the alphabetical resident directory and also in the street guide.
2. The number of children under 16 is shown after the name of the head of each family.
3. A numerical telephone directory is given.
4. A telephone guide arranged by streets is included.
5. Each nationally-advertised brand of merchandise is listed under the proper business classification, with the name and address of the local agent or distributor.
6. Full-page announcements, with photographs when possible, of all the larger churches, clubs, lodges, schools, libraries and other civic institutions are included in a special civic section.
7. The directory covers not only the city itself, but also the smaller settlements and towns in the territory immediately adjacent.
8. The book is beautifully and durably bound in imitation leather.
9. Directory stands are installed in all public places so that the general public may have access to the directory at all times without cost.
10. An exact census is taken of each community and the directory gives the population.
11. The advertising is conveniently arranged to give the subscriber and the advertiser the best possible service.
12. A Householders' Supplement is issued in each city for the use of individuals in their homes. This gives the Baldwin Directory a circulation five to ten times greater than the average directory.

THE EMBLEM

OF QUALITY

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.
