*resort, for some years past, have
persons suffering from almost every
disease that mankind is subject to. Many
of them have obtained the relief they were
seeking, and many remarkable cures have
been effected.*

*Several eminent physicians have given
it as their opinion that this place is the
most desirable location for invalids in the
United States.*

DR. A. N. BELL, Editor *American Sanitarian*, says: "I find it difficult to conceive of any other place which so eminently comprehends all of the most desirable conditions for the establishment of a WINTER HEALTH RESORT."

DR. W. C. WILE, Editor *New England Medical Monthly* and Past Surgeon General G. A. R., says: "Southern Pines has all the qualifications of a genuine health resort."

DR. WM. F. WAUGH, until recently editor of the *Medical Times and Register*, of Philadelphia, Pa., in advice to consumptives, says: "Go to Southern Pines; inhale the aroma of the turpentine all day and all night; recover your health; stay there and keep it."

How to Reach Southern Pines.

Southern Pines is located on the Seaboard Air Line, in North Carolina. It is comparatively a new place, and should agents of railway lines not be able to give the proper directions, notify Mr. T. J. Anderson, General Passenger Agent Seaboard Air Line, Portsmouth, Va. All coupon ticket offices in the Northern, New England and Northwestern States are directed by their General Agents to sell winter excursion tickets to Southern Pines. If they refuse to sell tickets and check baggage through, notify Mr. Anderson.

NEAR SOUTHERN PINES, N. C.

Eminent Physicians Endorse Southern Pines:

Howard Van Rensselaar, Ph. D., M. D., Editor Medical Annals.—
“Particularly valuable for those persons who are run down in health, and especially for those with consuming tuberculosis.”

W. Blair Stewart, M. D., Instructor in the Philadelphia Medico-Chirurgical College.—“A natural sanitarium; the climate can be highly recommended; malaria is unknown.”

W. C. Wile, A. M., M. D., LL. D., Past Surgeon General G. A. R.—
“Southern Pines has all the qualifications of a genuine health resort.”

Dr. W. F. Waugh, Medical Writer, of Philadelphia.—“Go to Southern Pines, inhale the aroma of the turpentine all day and all night, and recover your health.”

What the Leading Papers say :

New York World, February, 1892.—"The air is very dry and salubrious."

New York Sun, July 6th, 1890.—"The contentment of the people is found in the fact that some member of about two-thirds of the families there have been afflicted, and coming to this place have found health. It is probably the most contented lot of Northern people to be found in the South."

NEAR SOUTHERN PINES. N. C.

Baltimore Sun, February 9th, 1891.—"The enthusiasm with which all these Northern settlers speak of the climate, the country and its possibilities, is very striking. As to the benefits to health, there seems to be no manner of doubt. There is but one expression of opinion on that subject."

Harper's Weekly, February 21st, 1891.—"Sandy soil and shadowing pines that give out health and healing whenever the wind moved their branches. Some one adventurous individual discovered this and came down from the North, and when he found himself better wrote to other sufferers, and brought so many of them to the Pines that there was soon a little colony."

The North Carolina

College of Agriculture

and Mechanic Arts.

This great State School of Technology was founded seven years ago, and the rapidity with which it has grown, and the rank it has taken among the leading institutions of the country (*Harper's Magazine*, *The Forum* and the *Cosmopolitan*, of New York, all bearing unsolicited witness to its merit), furnish indubitable proof of the excellence of its worth, and of its value to the State.

It offers to young men thorough courses in general Academic Studies, Agriculture, Horticulture, Mechanical, Civil and Electrical Engineering, and in Applied Science, and its instruction is of the most practical character, its Lecture Rooms, Laboratories, Shops, Barn and Dairy being well equipped. Its Faculty of Instruction consists of nineteen men, specially trained for their work. Expenses are nominal, and many young men have opportunity to reduce the moderate cost to a still lower figure. This College is doing a great work for young men, and its graduates are all well placed.

THE TOTAL COST PER SESSION, INCLUDING BOARD, IS:

To Students holding County Scholarships,	\$ 91.00
To all other Students,	121.00

The Next Session will open September 3d, 1896.

WHY NOT BE UP-TO-DATE?

THE MODERN TRAVELER requires and demands modern methods of transportation. In the old stage-coach days traveling was oftener a stern duty, to be avoided if possible, than a pleasure.

But the advance of civilization, with its rock-ballasted road-bed, its heavy steel rails and iron and steel bridges, its superb equipment,—comfortable coaches and most luxurious Pullman Palace Sleeping Cars,—all of which are to be found on

THE SEABOARD AIR LINE

Traverses the Beautiful Piedmont Country of the Carolinas and Georgia, and offers the Best Facilities of Transit between the Atlantic Ports and the South, West, Pacific Coast and Mexico.

Pursuing a Wise and Liberal Policy, its Management Seeks the Larger Development of the Territory on its Lines, which means the addition of Incalculable Wealth to the South.

Practical Farmers are Especially Invited to settle along its Lines. Lands here combine with Cheapness, Extraordinary Advantages of Soil, Climate, Water, Timber, Stone and Convenient Markets.

Superadded to the excellent service on its own railway, the SEABOARD AIR LINE commands the superior advantages afforded by a splendid and perfect system of water communications extending in close connection with its trains to and from the principal northern cities. The magnificent harbor of Norfolk-Portsmouth is the converging and departing point for scores of the finest steamers in the world. The vessels of the larger companies are splendid sea-going steamships elegantly furnished for the conveyance of passengers, with superior accommodations for the transfer of large cargoes and consignments. Daily these vessels are moored alongside the numerous wharves of the SEABOARD.

The advantages of such a complete and comprehensive water system working in harmony with so prompt and reliable a land carrier as the SEABOARD AIR LINE, are obvious. Fruits, berries, melons, garden truck and perishable stuff reach their destination in better condition, and will command better prices than if jolted and pounded by railway transport over the same distance.

The Seaboard Air Line Territory.

Dense groves of pine and hardwood trees, heavily clothed with verdure and clinging vines, alternate with fields of tobacco, cotton, corn, peas and oats. The soil, no matter how light or sandy, is notably rich in the elements of luxuriant vegetation, and two-thirds of it still open to cultivation.

The Piedmont section, that high, undulating plateau which separates the lowlands of the coast from the western or mountain section, shares with Italy its characteristic sunny skies and delightful climate. It is watered by several large rivers, many creeks and innumerable living springs, while the average rain-fall (from forty to fifty-two inches) is so seasonable and equally distributed that droughts of serious detriment are unknown.

Cotton, corn, tobacco, fruits and vegetables yield abundant crops in this territory, but certain portions of it are peculiarly adapted to special forms of plant life. The trucking lands around Portsmouth for ten miles out (and it might be made fifty miles) constitute a series of rich vegetable gardens, the sales from which approximate \$8,000,000 annually. The same field here will produce five crops in one season. After kale is shipped, cucumbers and peas are planted in alternate rows. When they are marketed and the vines plowed under, grass springs up and a crop of hay is gathered, after which fall potatoes are dropped. The strawberry crop is also early and profitable.

For sixty miles along the road from Wilmington, truck farmers make two crops of Irish and sweet potatoes, peas, beans, cabbage, tomatoes and peanuts per year from the same land, the season coming in between that of Florida and Norfolk. In the vicinity of Raleigh and Charlotte and other cities, as well as in many flourishing smaller towns, trucking in connection with poultry raising is very profitable, with future possibilities practically unlimited.

Tobacco and Hop Lands.

The SEABOARD AIR LINE passes through the finest tobacco lands in the South, on which the most wonderful results have been attained. The heart of this paradise, producing the famous "golden leaf" (the best and highest

priced grade in the world) is penetrated by the railway lines from Weldon to Raleigh, with the forty-two mile branch from Henderson to Durham and by the branch lines to Warrenton and Louisburg.

The yield of the "golden leaf" and the prices it commands are remarkable. From \$300 to \$450 an acre is an average profit. Improved farms have reimbursed purchasers their entire cost from the profits of the first season's crop.

Hop growing, a new and important industry in North Carolina, has proved a success, and is destined to fill a foremost place among useful products. Subjected to every known test by experienced hop growers, it has been found that in certain Carolina fields adjacent to the SEABOARD AIR LINE the yield is equal to that in the west, while it is richer in lupuline and possesses a much finer aroma than any other American hop. The cost of production is less than one-half that of New York, and not more than half the cost in the most favored localities on the Pacific coast. Hop culture has come south to stay.

This middle section blends the soils of both the eastern and western divisions, and is so diversified that, with its favorable climatic conditions, it offers the widest range of agricultural possibilities. It is here that the culture of cotton is largely extended, and coal, building-stone and minerals are found. Coal abounds, but its mining on a commercial scale has been limited to Egypt, in Chatham county, where the annual output is 350,000 tons of a quality superior to the Pocahontas and many other coals.

Cotton Manufacturing.

In North Carolina 149 cotton mills are now in operation, representing 19,000 looms and 756,000 spindles. But these cotton and wool mills, successful as they have proved, are but the vanguard of what is to follow. The *Manufacturers' Record* (which is good authority on all southern interests) declares that "the largest future possibilities for the profitable development of cotton industries are located in the Piedmont section in the Carolinas and Georgia, which is tributary to the SEABOARD AIR LINE SYSTEM." The territory thus outlined is about 500 miles long by 100 to 150 miles wide, covering an area of 50,000 to 60,000 square miles. Within this circumscribed limit, the *Record* locates the "future situs of the cotton manufacturing of the south, and 'that mean' [it adds] so far as human foresight can predict, the future situs of the cotton manufacturing of the world." Among the reasons adduced in support of this prediction and belief are: Elevation above sea level; abundant and cheap water power and coal; a plentiful supply of native American operatives; cost of labor, because of low cost of living; unsurpassed healthfulness; cotton supply at hand, and cheap and abundant transportation to the markets of the world."

Fruits and Fruit Lands.

Peaches, pears, plums, apricots, figs, grapes and berries grow profusely all over the Carolinas and Georgia. It has been found, by practical experience, that the elevated sand-hill region in the long-leaf pine belt between Sanford and Hamlet, on the SEABOARD AIR LINE, is a most prolific producer of fruits of various kinds. The peaches, pears, plums and grapes of the Niagara and Delaware variety, and blackberries, make large yields, which are distinguished alike for their size, firm texture and delicious flavor. Orchards and vineyards have been planted at Southern Pines, Manly and Pine Bluff, and the fruitage has brought the highest prices from Northern dealers. One farm of 360 acres, within three miles of Southern Pines, mostly planted in peaches, has returned its owner this season a profit of \$8,063.51 over all expenses. Orchards of less size have done as well in proportion. The net profits of the grape yield were also more than satisfactory. The first Delaware shipments this season sold in New York at twenty cents a pound. Blackberries produced 3,000 to 5,000 quarts per acre, on which the profit was four to six cents a quart. The net profit on grapes was five cents per pound. The "scuppernong" grape is indigenous, and, like a banyan, spreads over an immense area. It is not a table grape, but the wine from it can hardly be excelled for body and flavor.

Cereals and Grasses, Sanitary Resorts, Etc.

Though cotton, tobacco, garden truck, and (latterly) fruits are the leading money crops, North Carolina, in proportion to her population, has not lagged in the production of cereals and grasses. In 1894 the harvest of rye from 13,110 acres was 478,017 bushels; of hay, 164,525 acres, 228,561 tons; of potatoes, 17,955 acres, 1,113,210 bushels; of wheat, 695,147 acres, 3,475,725 bushels; of corn, 2,259,663 acres, 22,959,484 bushels, and of oats from 527,892 acres, 5,754,024 bushels. This total will be largely exceeded, in some instances doubled, in the summarized reports for 1895.

Almost the entire State of North Carolina is one vast sanitarium. Scores of places on the SEABOARD AIR LINE are welcome resorts to those in search of rest and recreation. The odors of the pine forests are balsam for sore lungs. Wild game and fish in most localities tempt the sportsman. The summer temperature cooled by ocean breezes blowing inland, is never excessively hot, and the nights are refreshingly cool. Any tendency to extreme cold in the winter season is sensibly modified by the Gulf Stream. The climate is at all seasons exhilarating and soothing, invigorating and mild; a happy medium between the rigorous Northern winters and the enervating summers of the far South. Other sanitary accessories are numerous. Mineral springs abound everywhere, many of them noted far and near for their medicinal efficacy. Southern Pines, by reason of its altitude, perfect drainage, sandy soil, pure water and curative ozone, exhaled from long leaf pines, is especially favored, both as a resort and permanent abiding place. Numerous summer visitors go to localities in the western section and find health in its mountain air, forests and streams.

All communications in regard to lands, or the investment of capital in the South should be addressed to

TESTIMONIALS

ABOUT

Branson's North Carolina Business Directory.

I find Branson's Directory very valuable as a book of reference in this office, in fact almost indispensable, and am pleased to know a revised and enlarged edition will soon be issued.

April 1, 1895.

ELIAS CARR, *Governor.*

I have found Branson's Directory a very useful book to me as a public officer. My opinion is that it is a good book for any family or for any business man, in many directions.

Raleigh, N. C., April 6, 1895.

JOHN C. SCARBOROUGH,
State Supt. Public Instruction.

MR. LEVI BRANSON.

Dear Sir:—It gives me great pleasure to say that I consider your Directory as almost indispensable to a public officer of this State.

Raleigh, April 6, 1895.

F. I. OSBORNE, *Attorney General.*

I am pleased to say I consider Mr. Levi Branson's Directory a splendid reference book for all public officers.

Raleigh, N. C., April 6, 1895.

W. H. WORTH,
State Treasurer.

I have always found Branson's N. C. Directory an exceedingly accurate and useful reference book—a necessity in my office.

Raleigh, N. C., April 8, 1895.

C. M. BUSBEE,
Postmaster.

I know, from experience, that Branson's Directory of North Carolina is of great benefit to any man in official position, or conducting any business in which general correspondence is required. For newspapers it is an indispensable publication in this State.

Raleigh, N. C., April 8, 1895.

H. W. AYER,
Sec. Raleigh Cham. of Commerce.

LEVI BRANSON.

Dear Sir:—It gives me great pleasure to say that I consider your Directory almost indispensable to me as Sheriff, and cannot see how any public officer can do without one of them.

Raleigh, N. C., April 8, 1895.

M. W. PAGE,
Sheriff.

DR. LEVI BRANSON.

Dear Sir:—Permit me to say that we have used your Directory for years, and cannot get along without it. I cannot see how any public officer or business man can do without one.

April 9, 1895.

THOMAS BADGER,
Mayor of City of Raleigh.

DR. BRANSON:—I am glad to learn that it is your intention to issue a revised edition of your N. C. Business Directory, as I have found it of great use in this office.

Raleigh, N. C., April 9, 1895.

C. D. HEARTT,
Chief of Police.

Dear Sir:—Branson's Directory has been of much use to me in the past, and I am glad to know you are to issue a revised edition of it.

April 9, 1895.

Very truly,

S. A. ASHE,
Attorney at Law.

We have subscribed in the past to Branson's Directories, and have considered them valuable for purposes of reference.

Raleigh, N. C., April 11, 1895.

W. S. PRIMROSE,
President N. C. Home Ins. Co.

We have, for many years, considered Branson's Directory an indispensable aid in conducting our business.

Raleigh, N. C., April 11, 1895.

N. C. BOOK CO.,
E. G. HARRELL, *Manager.*

We have used Branson's N. C. Business Directory since it was first published, and found it of much practical use, as it contains much condensed information.

Raleigh, N. C., April 15, 1895.

JONES & POWELL.

I am pleased to say that, for a number of years, I used Branson's Directory of North Carolina to great advantage, and have subscribed for a copy of the eighth edition.

Raleigh, N. C., April 15, 1895.

GEORGE ALLEN,
Real Estate Dealer.

The work of Dr. Branson in exhibiting the department of labor in towns, as well as in the State, has been well done for a number of years. His late work is equally meritorious as any preceding one, if not better. The State cannot afford to lose any opportunity to recognize that which advertises its attractions. I so recognize the work of Dr. Branson.

Raleigh, N. C., April 5, 1895.

ROBT. M. FURMAN,
State Auditor.

I have known and used Branson's N. C. Business Directory for years, and do not know anything equal to it for office use in this State. I am glad to know Mr. Branson will soon issue a revised and enlarged edition. It is one of the very best books of its kind.

April 6, 1895.

D. H. YOUNG,
Clerk Superior Court of Wake County.

The Yarboro House has used Mr. Branson's Directories for many years, and considers them very valuable to any business man.

Raleigh, N. C., April 8, 1895.

L. T. BROWN,
Proprietor Yarboro House.

I feel the need every day of a first class, reliable, new directory of North Carolina, and am glad to know that Rev. L. Branson, D. D., is going to issue such a Directory soon. Every citizen ought to give assistance in order to make it represent the growth and progress of the State.

Raleigh, N. C., April 15, 1895.

JOSEPHUS DANIELS,
Editor News and Observer.

Branson's Directory fills a place that no other publication in North Carolina attempts, and the information given in the Directory is of great value to our professional and business men, and to public officers. We shall be glad to receive the coming edition.

Raleigh, N. C., April 16, 1895.

EDWARDS & BROUGHTON,
Publishers and Printers.

I believe this Directory will prove a very useful book, and have subscribed for same.

April 16, 1895.

JNO. T. PULLEN,
Cashier Raleigh Savings Bank.

We have used Branson's Business Directory continuously since its first publication, and find it of great value and use in our business. We are very glad to know it is to be revised and enlarged.

April 16, 1895.

W. H. & R. S. TUCKER & Co.

I believe Branson's Directory will be very useful to any man in official or business position, where his duties require of him a knowledge of persons in the various businesses, professions and callings throughout the State of North Carolina.

Wilmington, N. C., April 19, 1895.

W. L. CUNNINGHAM,
Pastor 5th St. Meth. E. Ch., South.

We have found Branson's Directory reliable as a reference book and useful as such. It contains much important information connected with the business interests of North Carolina.

Wilmington, N. C., April 23, 1895.

WORTH & WORTH,
Commission Merchants.

Often in my correspondence has Branson's State Directory been a friend indeed in time of need, giving me the names or post-offices or location of some man in business. I really appreciate it as a reference book.

April 29, 1895.

D. H. TUTTLE,
Pastor Central M. E. Church, Raleigh, N. C.

We consider Branson's Directory a fine advertising medium, and a book of useful reference.

Raleigh, N. C., April 29, 1895.

WHITING BROS.,
Clothing Merchants.

I have used the Directories gotten up by Dr. Branson for years past; am glad to hear that he is going to get out a new edition. It is a work almost indispensable to every business man.

April 30, 1895.

J. J. THOMAS,
Pres. Com. and Farmers' Bank, Raleigh, N. C.

I have known Branson's Directory of North Carolina for many years, and have always found it trustworthy and useful to all classes of business men. It gives me pleasure to recommend it.
ALEX. Q. HOLLADAY,
April 30, 1895. *Pres. of N. C. A. and M. College, West Raleigh, N. C.*

I feel that Branson's Directory can be made very useful in the life insurance business, and therefore ordered the forthcoming edition.
J. D. BOUSHALL, *Gen. Agt. Aetna Life, Raleigh, N. C.*

I consider Branson's Directory almost indispensable to a business man doing a general business. It contains a great deal of valuable information well condensed.
JOHN C. DREWRY,
May 14, 1895. *State Agent for Mutual Benefit Life Ins. Co.*

I have been using Branson's State Directory for twenty years or more, and find it of great value for office reference in my office.
Pomona, N. C., May 14, 1895. J. VAN LINDLEY.

Dr. Branson's large experience in preparing directories enables him to furnish a very comprehensive and useful book, which is of great service and is trustworthy as a book of reference.
JOS. G. BROWN,
May 27, 1895. *President Citizens National Bank.*

I have used Branson's North Carolina Business Directory for the last eight or ten years and find it very useful in my practice. I have this day renewed my subscription.
B. C. BECKWITH,
Raleigh, N. C., May 29, 1895. *Attorney at Law.*

I do not hesitate to give Branson's North Carolina Business Directory my unqualified recommendation.
JOHN W. HINSDALE,
Raleigh, N. C., June 10, 1895. *Attorney at Law.*

I have used Dr. Branson's Directory for many years, and have found it a very accurate and useful book.
W. J. YOUNG,
Raleigh, N. C., June 10, 1895. *Principal of Inst. for D. D. and Blind.*

I have used two editions of Dr. Branson's North Carolina Directory, and I have found it so useful and convenient that I would not be without it. I am glad he is revising and will soon publish a new edition. I regard it as a valuable book for anyone who cares to keep posted on the interests of the State.
June 29, 1895. E. E. HILLIARD, *Ed. Scotland Neck Commonwealth.*

Dr. Branson's North Carolina Directory has become a necessity to business men. It is accurate and valuable. I am glad that a new edition is soon to be published.
JAS. C. MACRAE,
July 27, 1895. *Ex-Justice Supreme Court.*

A business directory of the State is useful in various ways to physicians as to others, and I am glad to know that a new edition of "Branson's" is to appear.
Raleigh, August 8, 1895. K. P. BATTLE, JR., M. D.

Every business man, every professional man, and every one who is interested in the history and progress of North Carolina, ought to have Branson's Directory. I am satisfied that great pains will be taken to make the next edition accurate and interesting.
A. C. AVERY,
Morganton, N. C., August 21, 1895. *Justice Supreme Court.*

I take great pleasure in recommending Dr. Branson's North Carolina Business Directory. It has been a great aid to me in my editorial work.
Elizabeth City, December 17, 1895. R. B. CREECY, *Ed. Economist.*

I take pleasure in recommending Branson's Directory to the public as a most useful book of reference, and I think business men will find it very convenient to have a copy at hand in their office.
THOS. J. JARVIS,
Greenville, N. C., January 20, 1896. *Ex-Gov. of North Carolina.*

I have found Branson's Directory an exceedingly useful book and very serviceable to me in the practice of my profession.
CHAS. W. TILLET,
Charlotte, N. C., February 2, 1896. *Attorney at Law.*

To Physicians. . . .

Arrangements were made to carry a Committee of Medical Experts through the South to report on the healthfulness of its climate. The Committee was composed of Dr. W. C. Wile, A. M., M. D., LL. D., Editor *New England Medical Monthly*, Danbury, Conn., Chairman of the delegation; Dr. Ferdinand King, Editor of the *New York Polyclinic*, Secretary; Dr. E. C. Angell, representing *The Sanitarian*, of Brooklyn, N. Y.; Hon. Clark Bell, Editor *New York Medico-Legal Journal*; Dr. Howard Van Rensselaar, A. M., M. D., Ph. D., Editor *Medical*

NEAR SOUTHERN PINES, N. C.

Annals, Albany, N. Y.; Dr. W. Blair Stewart, A. M., M. D., Professor in the Philadelphia Medico-Chirurgical College; Dr. Geo. Taylor Stewart, of the *New York Medical Times*, and Superintendent of Ward's Island Hospital.

Their report as to health resorts gives Southern Pines, N. C., the lead. Following is an extract from their report:

“For persons whose health requires a mild winter climate, Southern Pines, because of the dryness of its soil, its elevation above sea-level, the invigorating quality of its atmosphere and its accessibility, presents natural advantages that highly commend it to the favorable attention of the medical profession.”

Prominent Medical Journals Commend Southern Pines.

Homeopathic Physician, of Philadelphia, Pa.—"Prominent physicians have visited the place for investigation, and without a single exception say it is the best."

Cincinnati Medical Journal, April, 1894.—"Thousands of Northern invalids have visited the place, and many remarkable cures have been effected."

The Prescription, April, 1894.—"Its bound to prove a Mecca for people suffering from pulmonary complaints."

Southern Medical World, November, 1893.—"A new winter health resort; * * * the best in the United States."

The Sanitarian, March, 1894.—"In soil and climate, Nature seems to have made it an ideal place. The air is dry, balmy, balsamic and ozonic."

SOUTHERN PINES—HOME PARLOR.

The Medical Times and Register, March, 1894—"As soon as the place becomes better known, it will prove the most popular health resort in the country."

New York Polyclinic, March, 1894.—"Situated in the centre of the renowned long-leaf pine belt, famous alike for its elevation, its health-giving balsamic odors, and its absolute freedom from malaria. There is absolutely no moisture in the atmosphere. The hotels are first-class and reasonable in their charges."

Philadelphia Times and Register, September, 1892.—"Whatever may be the dangers of infection in the older resorts, there is none at Southern Pines."

New England Medical Monthly.—"One point impressed me at once—the desire to sleep. It was said by the people who were there for their health, that the desire for sleep for the first two or three weeks is almost irresistible. Rest, blessed rest, gives Nature a chance to get in her fine work."

JOHN MYERS SONS, Agents.

BEAUFORT COUNTY.

AREA, 720 SQUARE MILES.

POPULATION, 2,892; White 11,689, Colored 9,203.

BEAUFORT COUNTY was formed in 1741 from Bath county, and takes its name from Henry, Duke of Beaufort, one of the Lords Proprietors, who surrendered their rights to the English Crown in 1729.

WASHINGTON, the county-seat, on Pamlico river, is situated 127 miles east of Raleigh, and has a population of 5,300.

Surface—Much of the land in this county is low and swampy, but generally rich and very productive when well drained. The Pamlico river runs directly through the county. Navigation good.

Staples—Cotton, corn, rice, trucking, fish, naval stores, shingles and lumber. Large quantities of corn and cotton are produced on the South creek and other swamp lands along the Pamlico river.

Fruits—Apples, peaches, grapes, melons, etc.

Timber—Cypress, pine, oak, gum, juniper, etc.

BERTIE COUNTY.

AREA, 720 SQUARE MILES.

POPULATION, 19,176; White 7,885, Colored 11,291.

BERTIE COUNTY was formed in 1722, from Albemarle county (since abolished), and derives its name from James and John Bertie, who surrendered their proprietary rights to the English in 1729. The county is situated at the head of Albemarle Sound, and on the north of Roanoke river.

WINDSOR is the county-seat. It is 100 miles east of Raleigh, and has a population of 805.

Surface—Low and level; the soil is generally good, and quite productive when well drained.

Staples—Bertie is eminently adapted to the growth of cotton and corn—the great staples of the county. Sweet potatoes are also profitable. Shingles and staves are also exported in quantities.

Fruits—Apples, peaches, grapes, melons, etc.

Timbers—Pine, cypress, oak, juniper, gum, etc.

BLADEN COUNTY.

AREA 900 SQUARE MILES.

POPULATION, 16,763; White 8,646, Colored 8,117.

BLADEN COUNTY was formed in 1734, from New Hanover county, and comprised at that time the whole western portion of the State. It was named in honor of Martin Bladen, one of the Lords Commissioners of Trade and Plantations.

ELIZABETHTOWN is the county-seat, and is situated on Cape Fear river, about 100 miles south of Raleigh. Population 576.

Surface—The land is level. The Cape Fear river runs directly through the county. Much of the land is marshy. The piney ridges are poor, but valuable for naval stores. The swamps are rich, when well drained. Navigation is convenient.

Staples—Cotton and naval stores are the leading staples. Sweet potatoes are cultivated to advantage. Corn grows well on drained lands. Lumber is an item of considerable importance.

Fruits—Apples, peaches, melons, grapes, etc.

Timbers—Long-leaf pine, oak, ash, cypress, gum, etc.

SOUTHPORT, N. C.

BRUNSWICK COUNTY.

AREA, 950 SQUARE MILES.

POPULATION, 10,900; White 6,139, Colored 4,761.

BRUNSWICK COUNTY was formed in 1764, from the counties of Bladen and New Hanover. It derives its name from the Prince of Brunswick, who, the same year, married the King's oldest sister. The county is situated on the west side of Cape Fear river, and is the extreme southern point of the State.

SOUTHPORT is the county-seat, and is situated at the mouth of the Cape Fear, 173 miles south of Raleigh. Population 1,600, white 1,000, colored 600.

Surface—Brunswick is generally level and sandy, much of the land is in swamps, and requires draining before cultivation.

Staples—Cotton, corn, ground peas, sweet potatoes, rice, turpentine and lumber. The soil next to the sound produces abundant crops of peanuts. Some farmers are growing grapes successfully.

Fruits—Apples, peaches, grapes, pears, melons, etc.

Timbers—Long-leaf pine, juniper, live oak, cypress, ash, etc.

U. S. FORTIFICATIONS.

Fort Caswell is 2 ms. below Southport. Fort Johnston, at Southport, is not garrisoned.

Fort Anderson is 10 miles north of Southport.

Fort Fisher is near Southport, but is in New Hanover county, and is celebrated for the battles of 1864-'65.

BINGHAM SCHOOL

ESTABLISHED IN 1793.

ASHEVILLE, N. C.

BUNCOMBE COUNTY.

AREA, 520 SQUARE MILES.

POPULATION, 25,048, WHITE, 18,422; COLORED, 6,626.

BUNCOMBE COUNTY was formed in 1791, from Burke and Rutherford counties, and derives its name from Col. Edward Buncombe, of Tyrrell county, who was Colonel of the Fifth North Carolina Regiment in the Continental Army.

Colonel Buncombe raised a regiment, fed, clothed and drilled them at his own expense. He was killed in the first battle in which he was engaged. He nor his heirs ever received any pay. Gen. Vance offered a bill in Congress to appropriate \$2,500 for a monument, which was refused.

It lies immediately west of the Blue Ridge, and is the centre of the Transmontane section.

ASHEVILLE, the county seat, is on the French Broad river. It was named in honor of Gov. Samuel Ashe, of New Hanover, and was originally called Morris' town. Its elevation is 2,250 feet above sea-level.

The population is about 18,000, including suburbs, and it is one of the most noted summer and winter resorts in the South.

Asheville is the metropolis of "The Land of the Sky."

Surface—Buncombe county is situated on the west side of the Blue Ridge, and occupies a beautiful rolling country down the Swannanoa and French Broad rivers, which streams water it finely, and along the valleys of which are found thousands of acres of very rich lands. Nearly all the land in this county is susceptible of cultivation, as the fine growth of timber, even on the sides of the mountains, indicates. The scenery is enchanting—the air invigorating.

Staples—Corn, wheat, rye, oats and live stock. Tobacco is now being grown successfully, and of fine quality.

Fruits—Peaches, apples, pears, grapes, chestnuts, and nearly every kind of fruit grown to great perfection.

Timber—Walnut, white pine, oak, poplar, hickory, ash, maple, cherry, chestnut and many other kinds of wood noted in the fine arts.

Minerals—Mica and other valuable minerals are found in this county. Mineral and iron springs abound. The water-power is unsurpassed.

CABARRUS COUNTY.

AREA, 488 SQUARE MILES.

POPULATION, 18,142; White, 12,683, Colored 5,459.

CABARRUS COUNTY was formed in 1792, from Mecklenburg county, and was so named in compliment of Stephen Cabarrus, a member of the Legislature from Chowan county and Speaker of the House of Representatives.

CONCORD, the county-seat, is on the North Carolina Railroad, and is 150 miles west of Raleigh; population 6,300.

A marble monument stands in the Court House yard, erected in the honor of the Confederate dead of the county.

Surface—This county has a pleasantly undulating surface. It is situated on Rocky river and its tributaries. The soil is generally good and much of it rich. The North Carolina Railroad passes directly through it. It is a thrifty county and a desirable place to live. Water-power fine.

Staples—Cotton, corn and wheat are the leading staples, and fine crops are produced.

Fruits—Apples, peaches, pears, cherries, plums, grapes, berries, melons, etc.

Timbers—Walnut, poplar, ash, hickory, oak, maple, etc.

Minerals—Cabarrus county is very rich in minerals, having many rich gold and other mines. See list of mines further on.

CALDWELL COUNTY.

AREA, 450 SQUARE MILES.

POPULATION, 12,291; White 10,737, Colored 1,554.

CALDWELL COUNTY was laid off in 1841, from the counties of Burke and Wilkes, and was named in honor of Dr Joseph Caldwell, the first President of the North Carolina University.

LENOIR, the county-seat, is 200 miles west of Raleigh, and is beautifully situated among valleys at the foot of the Blue Ridge. It is a noted summer resort, and has a population of 965.

Surface—Hilly, and in places mountainous, lying under the eaves of the Blue Ridge; well watered, plenty of very fine water-power; land generally good and valleys rich. The scenery is very fine.

Staples—Wheat, corn, buckwheat, rye, oats, tobacco, grass and live stock. Large quantities of medicinal herbs and roots are gathered in this county and shipped to Northern markets.

Fruits—Peaches, apples, pears, apricots, grapes, melons and a great variety of small fruits.

Timbers—Walnut, white pine, oak, hickory, birch, ash and chestnut.

Minerals—Gold is found in a number of places.

CAMDEN COUNTY.

AREA, 280 SQUARE MILES.

POPULATION, 5,667; White 3,347, Colored 2,320,

CAMDEN COUNTY was formed in 1777, from Pasquotank county, and derives its name from the Earl of Camden.

CAMDEN COURT HOUSE, the county-seat, is on the Pasquotank river, and is 220 miles northeast of Raleigh; population 350.

Surface—This county is situated along the east bank of the Pasquotank river, and extends from the Virginia line to the Albemarle Sound. The land is level, sandy loam, easily cultivated when drained, and very productive.

Staples—Corn, cotton, naval stores, fish and wild fowl. Sweet potatoes yield largely. Grapes are grown successfully, especially Scuppernong.

Truck farming is now extensive.

Fruits—Peaches, pears, apples, berries, grapes, melons, etc.

Timbers—Pine, cypress, juniper, gum, etc.

CARTERET COUNTY.

AREA, 520 SQUARE MILES.

POPULATION, 10,825; White, 8,528; Colored 2,297.

CARTERET COUNTY was one of the original precincts of the Lords Proprietors, and was called in honor of one of the Lords, Sir George Cartaret. It borders on the Atlantic Ocean for a distance of 75 miles, and is so near to the Gulf Stream as to make the climate quite equable all the year round.

BEAUFORT, the county-seat, is on Beaufort harbor, and is a town of growing importance. It is a delightful summer resort, 144 miles east of Raleigh, and has a population of 2,500.

MOREHEAD CITY, the terminus of the Atlantic & North Carolina Railroad, is a beautiful new city. It has a population of 1,365, and is a charming seaside home.

Surface—The land is low and level, much of it in swamps and marshes. It extends up and down the sound for seventy miles. A portion of the county in narrow strips, called The Banks, lies between the sound and the ocean. Much of the swamp is very rich, and very productive when well drained.

Staples—There are some very fine cotton lands in this county. The moisture of the climate has a tendency to produce a fine, soft fabric. Corn grows well, and in the western portion, along the sound, ground-peas are produced to perfection. Sweet potatoes are raised in large quantities of superior quality. The fisheries are extensive and often very valuable.

The last battle fought in the State with the Indians was fought in 1712, within one mile of the present town of Beaufort. Col. James Moore, of South Carolina, was in charge of the Colonial forces. The battle was with the Core Indians, who inhabited this county.

Fruits—Figs, apples, peaches, pears, grapes and melons to great perfection.

Timbers—Live oak, long-leaf pine, cedar, cypress, ash, gum and juniper.

MARY POTTER MEMORIAL SCHOOL,
 OXFORD, N. C.

The object of the School is to prepare colored young men and women for the practical duties of life by training the hands, heart and head—the hands to do with might and skill what they find to do, the heart to obey God's law, and the head to think.

The School is named in honor of the late Mrs. B. F. Potter, of Schenectady, N. Y., through whose influence the work was started.

The School is under the direct control of the Freedmen's Board, through whose hands come all donations, or who will be informed of all donations that come direct to us. It is also under the control of a local Board of Directors and Advisers.

It is supported by the Freedmen's Board, by personal friends through the Freedmen's Board, by the students, and by the people of both races here on the field.

REV. G. C. SHAW, A. M., PRINCIPAL.

CASWELL COUNTY.

AREA, 400 SQUARE MILES.

POPULATION, 13,028; White 6,639, Colored 6,389.

CASWELL COUNTY was created in 1777, out of Orange county, and takes its name from Richard Caswell, the first Governor of the State under the Constitution.

YANCEYVILLE, its capital (named in compliment of Hon Bartlett Yancey), is 69 miles northwest from Raleigh, and contains a population of 965.

Surface—Caswell county lies on the south bank of Dan river, and on small tributary streams. The surface is moderately uneven, and the soil generally good, especially for tobacco. There are probably no finer tobacco lands in America.

Staples—Tobacco is the great staple in this county. The leaf grown here is celebrated far and near. Wheat, corn and oats grow finely, but are not considered so profitable as tobacco.

Fruits—Apples, peaches, pears, and all the small fruits, melons.

Timbers—Oak, hickory, walnut, poplar, pine and various other kinds common to the middle part of the State.

CLAREMONT FEMALE COLLEGE,

HICKORY, NORTH CAROLINA.

Three Courses are offered: Classical, Scientific and Literary. The advantages offered in Music and Art are superior.

Students board in the College, under the immediate care of the President. The buildings are large and commodious; the location is ideal. The health record of the school is remarkable. An effort is made to make the school home-like. For any information, address

Rev. JOSEPH L. MURPHY, A. M., President.

PUBLISHERS OF

PRESS AND CAROLINIAN.

M. E. THORNTON, Editor.

Company,

GENERAL PRINTERS,

HICKORY, N. C.

THE PRESS AND CAROLINIAN is bright, crisp, breezy and pungent. Is a thoroughbred Democratic newspaper, published every Thursday. It is read by the people—also by the other side.

Hickory is a looming—not booming—young city, and is a competitive point, and the nucleus of nine counties. Think of it! Pretty good for a weekly newspaper of any sort of “git up and git.”

Advertising Rates Very Reasonable for the Service!

This newspaper has a vein, or streak of humor permeating its interior, which has to be appreciated to be acknowledged. It always trusts to the public to see the point. They know as much about it as we do. Try a sample copy. Write for it.

CATAWBA COUNTY.

AREA 440 SQUARE MILES.

POPULATION, 18,689; White 16,073, Colored 2,616.

CATAWBA COUNTY was cut off from Lincoln county in 1842, and takes its name from the beautiful river which forms its northern boundary.

NEWTON, the county-seat, is directly on the Western North Carolina Railroad, and is 178 miles west of Raleigh. Population 1,656.

Surface—This county is situated in the bend of the Catawba river, which makes a curve around the north and east sides. The land is moderately uneven, and most of it quite productive; it is well watered, and plenty of water-power for immense machinery. Catawba is a prosperous county, out of debt, taxes low, and money in the treasury—a desirable place to settle. The celebrated Sparkling Catawba Springs are in this county.

Staples—Corn, cotton and wheat are the great staples, and large quantities are shipped to other counties. Irish potatoes and grass are grown with success. Live stock is profitable. This is among the best wheat growing counties in the State.

Fruits—Peaches, apples, pears, berries, grapes, plums.

Timbers—Black walnut, poplar, ash, gum, hickory, chestnut, wild cherry, elm and all the oaks.

Minerals—Iron, gold and alum are found in this county.

LOANING AND DISCOUNTING A SPECIATY.

CHATHAM COUNTY.

AREA, 800 SQUARE MILES.

POPULATION, 25,413, WHITE, 17,214; COLORED, 8,799.

CHATHAM COUNTY was organized in the year 1770, and named after the celebrated English statesman, William Pitt, Earl of Chatham.

PITTSBORO, the county seat, is 33 miles southwest of Raleigh. Population, 588.

Surface—This county is undulating, some parts almost approaching mountainous. The uplands are susceptible of a high state of cultivation. The valleys along the streams are rich.

Staples—Corn, cotton, wheat, oats, rye, tobacco, potatoes, peas, grasses and nearly every kind of vegetable, and large quantities of butter, chickens and eggs.

Fruits—Apples, peaches, pears, plums, apricots, melons and berries.

Timbers—Oak, hickory, pine, gum and ash.

Water-power—There is an abundant water-power. Haw river enters the county at its northwestern boundary, and passes diagonally across, affording at almost every mile the finest water-power in the State. Deep river, running through the western and southern portions of the county, and Rocky river through the centre, afford a series of water-powers unsurpassed. In fact, it is believed that the water-power of Chatham county is superior to that of the whole State of Connecticut.

CHOWAN COUNTY.

AREA 240 SQUARE MILES.

POPULATION 9,166 ; White 4,010, Colored 5,156.

CHOWAN COUNTY was one of the original precincts granted by Charles II. to the Lords Proprietors, and derives its name from a tribe of Indians that once inhabited the territory.

EDENTON, the county seat, is situated on the Albemarle Sound, 150 miles east of Raleigh. It was called in honor of Charles Eden, the Royal Governor of the Province in the year 1720. It was settled in the year 1716, and was first called Queen Anne's Creek. Population 2,010. Edenton is connected by railroad with Norfolk, Va.

Surface—Chowan county lies on the east side of Chowan river and extends south to Albemarle sound. Navigation very fine. Soil low, level and rich.

Staples—Cotton, corn, lumber and fish. In proportion to size this is one of the most productive counties of the State.

Fruits—Peaches, grapes, apples, figs, peanuts, etc.

Timbers—Cypress, juniper, ash, gum, long-leaf and rosemary pine, and some others.

CLEVELAND COUNTY.

AREA, 420 SQUARE MILES.

POPULATION, 20,394; White 17,301, Colored 3,093.

CLEVELAND COUNTY was formed in 1841, from Rutherford and Lincoln counties, and derives its name from Col. Benjamin Cleveland, of Wilkes county, who acted an important part in the battle of King's Mountain on the 7th of October, 1780.

SHELBY, the county-seat, is situated 215 miles west of Raleigh, on the Carolina Central Railway and C C R R, and O R & C R R, and has a population estimated at 2,500.

Surface—Hilly, and in places mountainous; well watered by the French Broad river and its tributaries; along these are many rich lowlands. The climate is very pleasant and salubrious; a great summer resort for health.

Staples—Cotton, wheat, corn, oats, grass and live stock. Tobacco grows finely.

Fruits—Apples, peaches, pears, plums, grapes, berries, melons, etc.

Timbers—All the hard woods indigenous to the Piedmont region, with pine and cedar in considerable quantities.

Minerals—Gold, mica and monozite are found in this county.

COLUMBUS COUNTY.

AREA, 750 SQUARE MILES.

POPULATION, 17,856; White, 11,804; Colored 6,052.

COLUMBUS COUNTY was formed in the year 1808, from Bladen and Brunswick counties, and is named for the great discoverer, Christopher Columbus.

WHITEVILLE, the county-seat, is named after James B. White, one of the first members of the General Assembly. It is 126 miles south of Raleigh, and contains a population of 950.

Surface—Level and much of it in swamps. Soil good when well drained. The Wilmington, Columbia and Augusta Railroad passes directly through the county.

Staples—Naval stores are produced largely and profitably. Shingles and lumber are worked largely. Cotton, corn and sweet potatoes are grown extensively.

Timbers—Pine of different varieties, cypress, gum, water oak, white oak and several other species.

Fruits—Berries, apples, peaches, cherries, plums, apricots, nectarines, grapes, melons, etc.

 Practice in the State and Federal Courts.

CRAVEN COUNTY.

AREA, 900 SQUARE MILES.

POPULATION, 20,533; White 7,175, Colored 13,358.

CRAVEN COUNTY was one of the original precincts of the Lord's Proprietors, and derives its name from William, Earl of Craven, to whom, with others, the charter was granted by Charles II.

NEWBERN, the county-seat, is named after Bern, in Switzerland, and is one of the oldest towns in the State; located at the junction of Neuse and Trent rivers, 110 miles east of Raleigh. Population, estimated, 9,000.

Surface.—This county is level. It is traversed by the Neuse river, running from northwest to southeast. On both sides of the river there is much bottom land that produces heavy crops when well drained. The advantages of water transportation are very fine.

Staples.—Cotton and corn are the great staples. Shingles and lumber are manufactured profitably. Naval stores and fish are items of very considerable profit. Newbern is one of the finest fish markets in the State. Truck-farming, of late years, has become extensive and profitable.

Fruits.—Apples, peaches, pears, apricots, nectarines, figs, melons, and nearly every species of small fruit.

Timbers.—Pine, cypress, poplar, gum, live oak, white oak, etc.

CUMBERLAND COUNTY.

AREA, 900 SQUARE MILES.

POPULATION, 27,293, WHITE, 14,952; COLORED, 12,341.

CUMBERLAND COUNTY was formed in the year 1754 from the upper part of Bladen. It derives its name from the Duke of Cumberland, a popular and brave officer, at that time, in England.

FAYETTEVILLE, the county-seat, was settled in 1762, and was at first called Campbelltown, afterwards Cross Creek, and in 1784 its name was changed to Fayetteville, in honor of General Lafayette. Fayetteville is located on the Cape Fear river; it is sixty miles west of south from Raleigh, and contains a population of 8,000.

Surface—Cumberland is situated on the Cape Fear river and tributaries; land generally level, and much of it quite productive when well drained—especially so along the streams.

Staples—Cotton and corn are the leading staples. Naval stores are still produced, but not as extensively as formerly, though still a source of considerable income to the county.

Fruits—Pears, apples, peaches, apricots, grapes (the Tokay vineyards are in this county), all the small fruits and melons equal to any, perhaps, grown in the State.

Timbers—Pine in abundance, oak, gum, hickory, cypress, etc.

CURRITUCK COUNTY.

AREA, 200 SQUARE MILES.

POPULATION, 6,747; White 4,731, Colored 2,016.

CURRITUCK COUNTY was one of the early precincts of the State, in 1729, when the Lords Proprietors surrendered their rights to the English Crown. It derives its name from a tribe of Indians who once inhabited and owned the county. It is situated in the extreme northeastern portion of the State, and is bounded on the north by the Virginia line, east by the Atlantic Ocean, south by the Albemarle Sound, and west by Camden county. The county, especially on Currituck Sound, is well adapted for truck-raising. Melons can be successfully grown from four miles above the court house to Powell's Point—a distance of thirty-four miles. The fishing and ducking interests, from November until March, is a source of considerable revenue to the thirty four miles of territory above named, including the islands and beach. With the Albemarle and Chesapeake Canal and the N. S. Railroad, her shipping facilities are good; on the road her trucks, etc., can leave this evening and be in New York to-morrow morning. Moyock is quite a thriving little village on the N. S. Railroad.

CURRITUCK COURT HOUSE, the county seat, is beautifully located on Currituck Sound, and is 242 miles northeast from Raleigh. Population, including township, 2,000.

Surface.—Low and level, soil rich. The navigation advantages are very good.

Staples.—Cotton, corn, and fish. Trucking for the northern markets is extensively engaged in. Large quantities of live fowl are killed during the winter months, and find a ready sale at Norfolk and points farther north.

Fruits.—Apples, peaches, pears, berries, melons and grapes in great profusion.

Timbers.—Pine, cypress, juniper and gum.

DARE COUNTY.

AREA 160 SQUARE MILES.

POPULATION: 3,768; White 3,362; Colored 406.

DARE COUNTY was organized in 1870 from Tyrrell, Hyde and Currituck, and was named in honor of Virginia Dare, the first white child born on the American Continent after its discovery by Columbus.

MANTEO, the county-seat, is 250 miles northeast from Raleigh, and derives its name from the chief of an Indian tribe that formerly occupied that portion of the State. Population of the town, 175.

Surface.—Dare county embraces a small area of high land, and large bodies of swamp and marsh. The surface is cut up by extensive collections of water, hence the principal occupation of the people is that of fishing.

Nag's Head on the east shore is a noted summer resort. Education and enterprise would make this one of the finest counties in the State. It is noted for its sea breezes and healthfulness. The first English settlement was made here in 1584. Virginia Dare, the first white child born on this Continent, first saw the light of day in this county, hence the name; and the first religious services of this country were performed on the banks of Roanoke Sound.

Staples.—Fish form the great staple of this county. The product of this item is estimated at over two hundred thousand dollars per annum. Rogers & Etheridge alone did a business of some seventy-five thousand dollars in one year. Corn, sweet potatoes and scuppernong grapes grow finely. This is the native home of the scuppernong.

Timbers.—Cypress, juniper, gum, water oak, live oak and others.

Fruits.—Figs, apples, peaches, cranberries and other small fruits.

DAVIDSON COUNTY.

AREA 600 SQUARE MILES.‡

POPULATION, 21,702; White 18,174, Colored 3,528.

DAVIDSON COUNTY was formed in 1822, from Rowan county, and named in compliment of Gen William Davidson, who fell at the passage of the Catawba river at Cowan's Ford, during the Revolutionary war. It is situated in the Piedmont section of the State, and is intersected by the North Carolina Railroad. Its water-power is scarcely surpassed by any county in the State, the Yadkin river forming its southern and western boundary.

LEXINGTON, the county-seat, is situated on the North Carolina Railroad, 117 miles west of Raleigh. Population 2,500.

Surface—Undulating, well watered by the Yadkin river and its tributaries; much of the soil along the streams good, the hills susceptible of a high state of cultivation.

Staples—Tobacco, corn, wheat, grass and fruits in great variety.

Fruits—Peaches, apples, pears, berries, melons, grapes, and all the small fruits.

Timbers—Hickory, oak, black walnut, pine, wild cherry, poplar, maple, and others.

Minerals—Gold, silver and copper.

DAVIE COUNTY.

AREA 300 SQUARE MILES.

POPULATION 11,621; White 8,769, Colored 2,852.

DAVIE COUNTY was formed in 1836, from Rowan, and named in honor of Gen. Wm. R. Davie, a resident of Halifax county, who acted a prominent part in the Revolutionary War.

MOCKSVILLE, the county seat, is 120 miles west of Raleigh, and contains a population of 525. It takes its name from the Mock family, who were prominent citizens of that portion of Rowan before the reparation.

Surface.—Moderately uneven; well watered by the Yadkin river and its tributaries. Soil rich; a fine farming country.

Staples.—This is one of the finest wheat-growing counties in the State. Corn is grown largely. Grass is profitable. Of late years tobacco is grown with great success. Some cotton is raised, and the amount is increased yearly.

Fruits are those common to the middle section of the State—apples, pears, peaches, plums, cherries, etc. The melons of the Yadkin Valley are noted for their flavor.

Timbers—Oak, hickory, elm, poplar, maple, and some walnut and pine.

DUPLIN COUNTY.

AREA, 670 SQUARE MILES.

POPULATION, 19,488; White 11,588; Colored 7,900.

DUPLIN COUNTY was formed in 1749, from the upper part of New Hanover county. Its early settlers were Irish, and the name reminded them of Dublin.

KENANSVILLE, the county-seat, was named for the Hon James Kenan, and is situated 75 miles southeast of Raleigh. Population, 528.

Surface—Duplin county is situated mostly on the east side of the Wilmington and Weldon Railroad, and on the head waters of the Northeast Cape Fear river; it is level and much of the land good. The location and surface are such as to make it susceptible of a high state of cultivation.

Staples—Cotton is the great staple, and is cultivated with intelligence and marked success. Corn and sweet potatoes are profitable crops. Naval stores are still produced in considerable quantities, and some years bring in large amounts of money. The scuppernong grape is perfectly at home here, is grown extensively, and of the finest kind. Of late years trucking is attracting considerable attention.

Fruits—Grapes, melons, apples, peaches, pears, and almost all the smaller fruits common to this latitude.

Timbers—Long leaf pine, oak, gum, cypress, dogwood, maple, etc.

DURHAM COUNTY.

AREA, 364 SQUARE MILES.

POPULATION, 18,000; White 10,671, Colored 7,329.

DURHAM COUNTY was formed in 1881 from parts of Orange and Wake counties, and takes its name from the principal town and county-seat, formerly known as "Durham's Depot," on the North Carolina Railroad, and which took its name from the Durham family residing at that place.

DURHAM, the county-seat, is known as one of the most flourishing and enterprising towns in the State, having risen, since the war, from a mere hamlet of half a dozen houses to its present dimensions of some 9,000 inhabitants, and is the headquarters of the world-renowned "Durham Smoking Tobacco," besides many other important enterprises. It is twenty-six miles northwest of Raleigh.

Surface.—Moderately undulating; water-power good; climate healthy.

Staples.—Corn, wheat, cotton, oats, rye, tobacco and vegetables.

Fruits.—Apples, peaches, pears, plums, damsons, berries, etc.

Timbers.—All the hard woods, pine and cedar, poplar, etc.

EDGECOMBE COUNTY.

AREA, 500 SQUARE MILES.

POPULATION, 24,075; White 8,475, Colored 15,600.

EDGECOMBE COUNTY was formed from Craven in 1733, by the then Governor Burrington and his Council, and was confirmed by the Legislature, which met in Edenton in 1741. The name is Saxon, and according to Bailey's Dictionary, means "a valley surrounded by hills."

TARBORO, the county seat, is situated on the Tar river, from which it takes its name, and is 76 miles east from Raleigh. Population, 2,500—white, 1,300; colored, 1,200. Tar or Taw is the Indian name for "health."

Surface—This county is situated on both sides of Tar river; lies well; soil good, much of it rich—plenty of marl convenient for use on almost every farm. Edgecombe is in a higher state of cultivation than almost any other county in the State. Railroad and navigation facilities are fine.

Staples—Cotton is the great staple of this county. Corn, grapes and sweet potatoes are produced to a considerable extent; also, peas, rice and chufas.

Timbers—Pine and cypress, oak, hickory, gum, etc.

Fruits—Peaches, apples, pears, cherries, plums and the small fruits.

FORSYTH COUNTY.

AREA, 340 SQUARE MILES.

POPULATION, 28,434; White 19,333 Colored 9,101.

FORSYTH COUNTY was formed in 1848, from Stokes county, and was named in honor of Colonel Benjamin Forsyth, of Germantown, Stokes Co.

WINSTON is the county-seat. Population (estimated) 13,500.

Salem, settled by the Moravians over one hundred years ago, and adjoining Winston contains a population estimated at 5,500.

Surface—Moderately hilly, and watered by many small streams. Much of the soil is good and susceptible of a high state of cultivation.

Staples—Corn, wheat, oats and dried fruit. Tobacco has recently become one of the leading crops, and the large number of tobacco factories and ware houses in Winston has given an impetus to the culture of tobacco in the county almost unprecedented. Forsyth is one of the finest fruit-growing counties in the State.

The Fruits of this county are apples, peaches, pears, apricots, nectarines, cherries, plums and the small fruits. The export of dried blackberries from this county is immense.

Timbers of this county consist of oak, hickory, poplar, walnut, pine, chestnut, and other kinds common to the Piedmont counties of the State.

FRANKLIN COUNTY.

AREA 420 SQUARE MILES.

POPULATION 21,072; White 10,737, Colored 10,335.

FRANKLIN COUNTY was formed in 1779, from what was, prior to that time, Bute county. In that year the General Assembly obliterated the name of Bute and formed from it territory which now constitutes Franklin and Warren counties. Franklin was named in honor of the philosopher and sage, Benjamin Franklin, who rendered his country important services in a civil capacity during the Revolution.

LOUISBURG, the county seat, is situated on Tar river, 35 miles northeast from Raleigh, and has a population of 1,200.

It was a common saying of this part of the State, during the Revolution, "There are no Tories in Bute."

Surface—Franklin county is situated on Tar river and tributaries; is moderately undulating, well watered and soil generally good. It is nearly on the dividing line between the cotton and tobacco sections; is a pleasant country and has a thrifty population.

Staples—Both cotton and tobacco are produced successfully, and may be called the leading staples. Corn, wheat, oats, clover, grasses, and sweet potatoes are profitable crops.

Fruits—Apples, peaches, pears and the small fruits, melons, etc.

Timbers—Oak, hickory, pine, gum, beech, walnut, etc.

RALEIGH, N. C.

GASTON COUNTY.

AREA, 340 SQUARE MILES.

POPULATION, 17,676; White 12,839, Colored 4,837.

GASTON COUNTY was formed in 1846, from Lincoln county, and was named for William Gaston, of Craven county, who was formerly one of the Judges of the Supreme Court.

DALLAS, the county-seat, was named for Vice-President George M. Dallas, of Philadelphia. It is 200 miles southwest of Raleigh, and has a population of 1,000.

Surface—Moderately uneven; land generally good; water-power very fine. Manufacturing obtains, and especially in cotton and iron.

Staples—Corn and wheat are the leading staples. Tobacco grows well. Cotton can be raised profitably. Stock-raising is remunerative.

Fruits—Peaches, apples, grapes, pears and melons of fine quality. The grasses are profitable, and nearly all the small fruits are abundant.

Timbers—Hickory, dogwood, oak, pine, maple and walnut.

Minerals—Gold, iron and manganese.

GATES COUNTY.

AREA, 360 SQUARE MILES.

POPULATION, 10,246; White, 5,533 Colored 4,713.

GATES COUNTY was formed in 1779, from Hertford, Chowan and Perquimans counties. It was named after General Horatio Gates, the victorious commander at Saratoga in 1777.

GATESVILLE, the county-seat, is situated 180 miles northeast from Raleigh, and has a population of 300.

Surface.—Low, level, and soil rich; lies north and east of the Chowan river. This is really a desirable county, and its proximity to the Norfolk and Baltimore markets will always insure abundant reward to the agriculturist.

Staples.—Corn and cotton are great staples of Gates county. Sweet potatoes, fish and naval stores are items of pecuniary profit.

Fruits.—Grapes, melons, peaches, pears, apples, plums and the small fruits generally. Scuppernong grapes are here at home.

Timbers.—Juniper, cypress, sweet and black gums, pine, oak and a variety of the shrubs.

GRANVILLE COUNTY was formed in 1746, from Edgecombe county, and was named in honor of the British nobleman who was created Earl of Granville and held the land under a grant from Charles II.

OXFORD, the county-seat, is 36 miles north from Raleigh, and has a population estimated at 4,000. It is situated on the Oxford and Clarksville and the Oxford and Henderson railroads.

Surface—Pleasantly undulating; well watered by the head branches of the Tar river; and generally remunerative. This is altogether a fine county, and contains a thrifty population.

Staples—Tobacco is the great staple. The weed is produced to perfection and manufactured largely. Wheat, corn, oats, sweet potatoes, etc., are grown extensively and profitably.

Fruits—Peaches, apples, grapes, berries, pears, melons and a variety of other small fruits.

Timbers—Hickory, oak, pine, ash and poplar.

GREENE COUNTY.

AREA 300 SQUARE MILES.

POPULATION, 10,039; White 5,281, Colored 4,758.

GREENE COUNTY was formed in 1799, from what was, prior to that time, Glasgow county. It was named in compliment of Gen Nathaniel Greene, who was one of the bravest, most sagacious and most successful officers of the Revolution, and the saviour of the South from the invasions of the British. He was a native of Rhode Island, where he was born in 1741. Glasgow (now Greene county) and Lenoir originally formed Dobbs county, extinct since 1791.

SNOW HILL, the county seat, is situated 76 miles east of Raleigh, and has a population of 510.

Surface—Greene county is situated on Contentnea creek, and is level; lands rich and very productive when well drained. The population is a thrifty one, and the section is a good one for agriculture.

Staples—corn, cotton, tobacco sweet potatoes and naval stores. Cotton is grown systematically, and with great success; also wheat, oats and rye are being grown successfully.

Fruits—Apples, peaches, pears, grapes, melons, plums, and other small fruits.

Timbers—Pine, oak, cypress, hickory, ash and poplar.

GUILFORD COUNTY.

AREA, 680 SQUARE MILES.

POPULATION, 27,868; White 19,645, Colored 8,223.

GUILFORD COUNTY was formed in 1770, from Rowan and Orange counties. It was called in compliment of Lord North, who, in 1770, succeeded the Duke of Grafton as First Lord of the Treasury and Prime Minister. He was heir to the title of Guilford and eventually succeeded to it as Earl of Guilford.

GREENSBORO, the county-seat, is 82 miles northwest of Raleigh, at the junction of the Richmond & Danville and Cape Fear & Yadkin Valley Railroads, and was named in honor of General Nathaniel Green. Population (estimated) 9,000.

Surface—Pleasantly undulating—hilly, but not mountainous; soil good, water-power very fine. Deep river and other smaller streams supply abundant water, and the central location makes it a desirable county for residence. It contains a thrifty population.

Staples—Tobacco, corn, wheat and fruits in abundance and in great perfection. Several nurseries have been in operation for many years and have accomplished much for the interest of fruit-growing. Grass-growing is also profitable.

Fruits—Apples, pears, peaches, cherries, grapes, quinces, melons, plums, and other small fruits.

Timbers—Pine, oak, hickory and poplar.

THOS. N. HILL,
Attorney at Law,
HALIFAX, N. C.

HALIFAX COUNTY.

AREA 680 SQUARE MILES.

POPULATION: 24,868; White 19,645; Colored 5,223.

HALIFAX COUNTY was formed in 1758, from Edgecombe county, and in this year the court house for the counties of Edgecombe, Granville and Northampton was moved from Enfield to the town of Halifax. It derives its name from the Earl of Halifax, who in 1758 was the first Lord of the Board of Trades.

HALIFAX, the county-seat, is 83 miles northeast from Raleigh, on the west bank of the Roanoke river, and also on the Wilmington and Weldon Railroad. Population 500.

Scotland Neck, 21 miles southeast of Halifax, has a population of 1,400.

Surface—This county is located on the west side of the Roanoke river; generally level and soil rich. Convenient railroad and river transportation make it very desirable for farmers. This is doubtless one of the finest counties in the State.

Staples—Cotton is the great staple. Corn and sweet potatoes are profitable crops, and tobacco is grown successfully in the northern part of the county. Plenty of water-power and timber.

Fruits—Apples, peaches, pears, cherries, grapes, plums, melons and a great variety of small fruits.

Timbers—Pine, oak, hickory, poplar, maple, cypress and juniper.

HARNETT COUNTY.

AREA, 540 SQUARE MILES.

POPULATION, 13,657; White 9,437, Colored 4,220.

HARNETT COUNTY was set off from Cumberland county in the year 1855, and was named in honor of Cornelius Harnett, a distinguished patriot during the Revolutionary war.

LILLINGTON, the county-seat, is situated 28 miles southwest from Raleigh, and has a population of 150.

Surface.—Level, sandy, much of it thin and not productive—good land along the streams. The Cape Fear river runs directly through the county, affording some fine water-power.

Staples.—Cotton, corn, wheat, chufas, rye, oats, peas, &c. Sweet potatoes are produced in large quantities and of fine quality.

Fruits.—Grapes, melons, apples, pears, peaches and most of the small fruits.

Timbers.—Long leaf and other pine, poplar, oak, hickory, ash, maple, &c.

Minerals.—Iron; sulphur and iron springs have been discovered of valuable quality.

HAYWOOD COUNTY.

AREA 740 SQUARE MILES.

POPULATION 13,331; White 12,814, Colored 517.

HAYWOOD COUNTY was formed in 1808 from Buncombe county, and was named in honor of John Haywood, who was, from 1787 to 1827, Treasurer of North Carolina.

WAYNESVILLE, the county-seat, is 292 miles west of Raleigh, and on the line of the Western North Carolina division of the Southern Railway, and is situated at the base of the great Balsam Mountains, the highest rail-town east of the Rocky Mountains, and one of the finest summer resorts in the world, on the projected line of the Carolina, Knoxville and Western Railroad. Population, 1,000.

Surface.—Out-edges, mountainous; finely watered by the Big Pigeon river and branches, running north and north-west through the centre of the county, and forming a beautiful, rich valley. Scenery enchanting.

Staples.—Wheat, corn, tobacco, oats, potatoes, grass, medicinal herbs and live-stock. This is particularly a fine wheat, tobacco and grass county. The finest apples in America are grown in this county.

Fruits.—Apples, peaches, pears, grapes and small fruits.

Timbers.—Oak, chestnut, ash, hickory, gum, birch, buckeye, balsam, hemlock or spruce, walnut, locust, wild cherry and poplar.

Minerals.—Mica, copper and iron magnetic ores are found in this county.

HENDERSON COUNTY.

AREA, 360 SQUARE MILES.

POPULATION 12,507; White 11,129, Colored 1,378.

HENDERSON COUNTY was formed in 1838, from Buncombe, and named in compliment to Leonard Henderson, late Chief Justice of the Supreme Court of the State.

HENDERSONVILLE, the county-seat, is 250 miles west of Raleigh. It is a beautiful and thrifty town, with a population estimated at 2,000. It is directly on the Spartanburg and Asheville Railroad.

Surface—Henderson county is situated on the head branches of the French Broad river, and embraces a beautiful valley on the west side of the Blue Ridge. The location could hardly be surpassed for elegant scenery and good land.

Staples—Corn, wheat, cabbage, the grasses, rye, oats and live-stock. Hendersonville ships from two to three million pounds of cabbage annually. A good farming county and a desirable place to live.

Fruits—Apples, grapes, peaches, cherries, pears, melons, and almost every variety of the small fruits.

Timbers—Oak, pine, black walnut, wild cherry, poplar, ash, linden, hickory, etc.

HERTFORD COUNTY.

AREA, 340 SQUARE MILES.

POPULATION, 13,851; White 5,897, Colored 7,944.

HERTFORD COUNTY was formed in 1759, from Chowan, Bertie and Northampton counties. It was named in compliment to the Marquis of Hertford, an English nobleman, a friend of liberty, an elder brother of Lord Conway, who, in 1766, moved in the House of Lords the repeal of the Stamp Act. Hertford is a name of Saxon origin and signifies the "Red Ford."

WINTON, the county-seat, was named after the Wynn family; it is situated 155 miles northeast from Raleigh, on the Chowan river, and has a population of 800.

Surface—Level and sandy, soil good; watered by the Meherrin and Chowan rivers.

Staples—Cotton, corn, peanuts and fish. Being near the Norfolk market, trucking might be profitable.

Fruits—Apples, peaches, scuppernon grapes, pears, melons, and the small fruits.

Timbers—Juniper, cypress, pine, oak, ash, the gums and the usual eastern growth.

HYDE COUNTY.

AREA, 430 SQUARE MILES.

POPULATION, 8,899; White 4,958, Colored 3,941.

HYDE COUNTY was one of the original precincts of North Carolina, and existed previous to 1729, when the Lords Proprietors (except Lord Granville) surrendered their rights to the Crown. It was called in honor of Edward Hyde, who was Governor of the Colony. His commission is dated January 24, 1711.

SWAN QUARTER, the county-seat is situated at the head of Swan Quarter Bay, 160 miles east of Raleigh, and has a population of 253.

Surface.—Level, and in places is swampy; soil very rich, especially around Lake Matamuskeet.

Staples.—Corn, cotton, wheat, sweet potatoes and fish.

Fruits.—Apples, peaches, pears, grapes, plums and other small fruits. The celebrated Matamuskeet apple grows to perfection around the lake, from which it derives its name.

Timbers.—Cypress, gum, maple, holly, juniper, pine, cedar and oak.

IREDELL COUNTY.

AREA, 600 SQUARE MILES.

POPULATION, 25,413; White 19,474, Colored 5,939.

IREDELL COUNTY was formed from Rowan in 1788, and called in honor of James Iredell, Sr, late Associate Justice of the Supreme Court of the U. S.

STATESVILLE, the county-seat, is 145 miles west of Raleigh, and immediately on the Western North Carolina Railroad at the junction of the Atlantic, Tennessee and Ohio Railroad. Population, 3,000. It is a growing mountain town, in the centre of a fine farming section.

Surface — Moderately uneven; soil generally good; well watered by the South Yadkin river and tributaries. Water power abundant and very fine. This county contains a thrifty population.

Staples—Corn, cotton, rye, tobacco, oats, wheat, grass, butter and live stock. This is one of the best wheat sections in the State. Large quantities of medicinal herbs are shipped to Northern markets from Statesville.

Fruits—Apples, pears, grapes, cherries, peaches, melons, and a great variety of small fruits.

Timbers—Oak, poplar, hickory, dogwood, black walnut, cherry, maple, etc.

Minerals—Iron, corundum and gold.

JOHNSTON COUNTY was formed in 1746, from Craven county, and named in honor of Gabriel Johnston, who was Royal Governor at that time.

SMITHFIELD, the county-seat, is situated on Neuse river, at the terminus of the Midland N C R R, twenty-five miles southeast of Raleigh, and has a population of 950.

Surface—Level, sandy loam, generally good, and much of it very productive when well drained.

Staples—Cotton, corn, sweet potatoes, chufas, wheat, rye, oats and peanuts. This is a fine cotton county. Naval stores are yet produced, but not so largely as formerly.

Fruits—Apples, peaches, scuppernong and other grapes, melons, pears and nearly all the small fruits common to this climate.

Timbers—Oak, long-leaf pine, hickory, maple and gum and ash.

JONES COUNTY.

AREA, 450 SQUARE MILES.

POPULATION, 6,899; White 3,381; Colored 3,518.

JONES COUNTY was formed in 1779, from Craven county, and was named in honor of Willie Jones, who was so distinguished a patriot and useful citizen.

TRENTON, the county-seat, is 129 miles southeast from Raleigh, and has a population estimated at 500.

Surface—Jones county lies on both sides of Trent river, which leads into the Neuse at Newbern. The land is level, and much of it quite rich. Owing to the fine soil and beautiful location of the land, farming is the great business of this county.

Staples—Cotton is the great staple. Corn and sweet potatoes are produced in large quantities. Rice is grown largely on some of the lowlands. The piney lands produce abundant naval stores.

Fruits—Apples, peaches, pears, plums, grapes, strawberries and the small fruits.

Timbers—Pine, oak, ash, birch, gum, cypress, juniper, hickory and poplar.

LENOIR COUNTY.

AREA, 420 SQUARE MILES.

POPULATION, 14,859; White 8,497, Colored 6,362.

LENOIR COUNTY was formed in 1791, from what was Dobbs county at that time. It was named in honor of Gen. William Lenoir, who was distinguished for his Revolutionary and civil service.

KINSTON, the county seat, is 80 miles east of Raleigh. It is located on the Neuse river and Atlantic & N. C. Railroad. Population, 3,500.

Surface—Level, sandy loam, generally rich—very productive when well drained. Lenoir is naturally a rich section and many farms are under a high state of cultivation.

Staples—Cotton, tobacco, rice and corn are the great staples of this county. Sweet potatoes are produced largely and to perfection. The scuppernong grape grows luxuriantly. Rice is now an important crop. This is a fine trucking section.

Fruits—Apples, peaches, strawberries, cherries, grapes, plums and the other small fruits common to this section.

Timbers—Pine, oak, hickory, gum, ash, cypress and maple.

LINCOLN COUNTY.

AREA, 270 SQUARE MILES.

POPULATION 12,579; White 10,021, Colored 2,558.

LINCOLN COUNTY was formerly called Tryon, but in 1779 the name was changed to Lincoln in honor of Benjamin Lincoln, who, at the time, was fighting the battles of his country against the British at Charleston.

LINCOLNTON, the county seat, is 182 miles west of Raleigh. Population, 1,500.

Surface.—Moderately uneven; soil good, valleys rich, scenery fine; well watered by the Catawba river and branches, furnishing abundant water-power.

Staples.—Wheat, corn, oats and minerals. Iron ore is abundant; mica is mined profitably in the western part of the county.

Fruits.—Apples, grapes, peaches, pears, and a variety of other fruits.

Timbers.—Oak, pine, hickory, chestnut, poplar, ash, walnut and maple.

Minerals.—Gold, iron, copper, mica, oil stone, asbestos, with lime and sulphur springs; Monozite (abundant), plumbago and garnet.

MADISON COUNTY.

AREA 450 SQUARE MILES.

POPULATION 17,080 ; White 9,080, Colored 8,000.

MADISON COUNTY was formed in 1850, from Buncombe and Yancey counties, and was named in honor of James Madison, the fourth President of the United States.

MARSHALL, the county-seat, is situated on the French Broad river and the Western North Carolina railroad. Population estimated at 325.

Surface—Mountainous, with rich valleys interspersed, watered by the French Broad; scenery unsurpassed for beauty and grandeur.

Staples—Tobacco, wheat, corn, butter, medicinal herbs, grass, clover, oats, etc, and live stock. No tobacco was produced in this county prior to 1872, the adaptability of the soil to its growth being unknown. It is now an important staple.

Fruits—Apples, peaches, pears, cherries, grapes, plums, berries and other small fruits.

Timbers—Oak, pine, ash, poplar, hickory, birch, walnut, chestnut, bynn, buckeye, sycamore, buck blackgum, dogwood and sourwood.

Minerals—Iron, mica and several valuable mineral springs.

MECKLENBURG COUNTY.

AREA 680 SQUARE MILES.

POPULATION: 42,424; White 22,898, Colored 19,526.

MECKLENBURG COUNTY was formed in 1762, from Anson county, and named in honor of the new Queen, Princess Charlotte, of Mecklenburg.

CHARLOTTE, the county-seat, is at the junction of five railroads, and is 180 miles southwest from Raleigh. Population (estimated) 16,500, or 19,000 including suburbs. At Charlotte, May 20, 1775, the Mecklenburg Declaration of Independence was promulgated—hence it is called the birth-place of liberty.

Surface—Moderately uneven; lies on the eastern shore of the Catawba river; is well watered, plenty of water-power, and soil generally remunerative.

Staples—Corn, wheat, oats, cotton, tobacco, fruit and live-stock.

Fruits—Apples, peaches, pears, cherries, plums, melons, berries, and other small fruits.

Timbers—Oak, pine, hickory, walnut, ash, poplar and locust.

Minerals—Gold, silver, and other ores.

PIANOS AND ORGANS.

MITCHELL COUNTY.

AREA, 240 SQUARE MILES.

POPULATION, 12,784; White 12,231, Colored 553.

MITCHELL COUNTY was formed in 1861, from the counties of Burke, McDowell, Caldwell, Watauga and Yancey, and was named in honor of Rev Elisha Mitchell, D D, who for a number of years was a Professor in our State University, and who was accidentally killed in making a scientific exploration of the highest peak of the Black Mountain. His body was finally interred on the summit of Mount Mitchell, the highest peak east of the Rocky Mountains.

BAKERSVILLE is the county-seat, and is situated 250 miles west of Raleigh. Population 850.

Surface—This county is situated on the north side of the Nollichucky river, and between the Blue Ridge on the east and the Iron Mountain on the west, forming a valley rich and beautiful beyond description.

Staples—Wheat, corn, rye, oats, medicinal herbs, butter and live stock. Mitchell is one of the finest wheat counties in the State.

Fruits—Apples, pears, grapes, peaches, etc.

Timbers—Poplar, wild cherry, hickory, white pine, oak, chestnut, walnut and ash.

Minerals—Iron, mica, manganese, asbestos, plumbago, corundum, samarite, gummite, pitchblende, mineral springs.

MOORE COUNTY.

AREA, 800 SQUARE MILES.

POPULATION 20,464; White 13,985, Colored 6,479.

MOORE COUNTY was formed in 1784 from Cumberland county, and named in honor of Hon. Alfred Moore, one of the Associate Justices of the Supreme Court of the United States.

CARTHAGE, the county-seat, is situated 65 miles southwest of Raleigh. Population, 1,200

Surface—Moderately uneven; in the northern part of the county clay foundation, land good; southern part of the county sandy, with heavy pine forests; western portion hilly, consisting of minerals, gold mines, millstones, etc.; water-power in the county very good, with never-failing streams; timber in abundance. Facilities for reaching markets good, the Cape Fear and Yadkin Valley Railroad and the Raleigh and Augusta Air Line Railroad together crossing the county. These roads connect with the Carolina Central Railway. Branch road from Cameron to Carthage.

Staples—Corn, cotton, wheat, oats, rye, minerals and naval stores.

Fruits—Apples, peaches, pears, cherries, melons, and a variety of small fruits.

Timbers—Pine, oak, hickory, maple, dogwood, persimmon, etc.

Minerals—Gold, copper and very superior millstone and soapstone.

NASH COUNTY.

AREA, 520 SQUARE MILES.

POPULATION, 17,731: White 9,418; Colored 8,313.

NASH COUNTY was formed from Edgecombe in 1777, and named in honor of General Francis Nash, of Orange county, who fell that year at the battle of Germantown, bravely fighting for the liberties of his country.

NASHVILLE, the county-seat, is 45 miles east of Raleigh, on the Nashville branch of the Wilmington and Weldon Railroad, ten miles west of Rocky Mount. It was laid out in 1820, and after many years of slow growth, has recently taken on a new growth, stimulated by the opening of a good tobacco market.

Surface—Moderately uneven; much of the soil good and remunerative when well cultivated.

Staples—Corn, cotton, tobacco, wheat, oats, peas, sweet and Irish potatoes, peanuts and sugar cane.

Fruits—Apples, peaches, pears, grapes, melons and the small fruits

Timbers—Pine, oak, cypress, gum, hickory and dogwood.

Minerals—Gold and building stone.

NEW HANOVER COUNTY.

AREA, 80 SQUARE MILES.

POPULATION, 25,586; White 11,649, Colored 13,937.

NEW HANOVER COUNTY was formed in 1728, and named in honor of the House of Hanover, then on the English throne.

WILMINGTON, the county-seat, was named in honor of the Earl of Wilmington, the nobleman to whose patronage Governor Johnson (in 1739) was indebted for his office. It was originally called Newton, and is situated at the head of ocean navigation, on the Cape Fear river, 148 miles south of Raleigh. Population, 24,968.

Surface—New Hanover county is situated between Cape Fear river and Onslow Bay, and lies in the shape of a cone with the apex extending south to New Inlet. The county of Pender took the greater portion of the former territory of New Hanover. The land is level and much of it swampy—quite rich, and very productive when well drained. The advantages of navigation are very fine.

Staples—Cotton, corn, rice, ground-peas, vegetables, naval stores and fish.

The climate and soil of New Hanover make it very valuable for trucking, vegetables being at least twenty-five days earlier than at Norfolk and points further north.

This is the banner county of the State in the production of ground-peas, a very profitable crop to the planter.

Fruits—Peaches, grapes, berries and other small fruits.

Timbers—Pine, cypress, gum and live-oak.

ORANGE COUNTY.

AREA 670 SQUARE MILES.

POPULATION: 14,948; White 9,705, Colored 5,243.

ORANGE COUNTY was formed in 1751, from Granville, Johnston and Bladen counties, and was named in honor of the House of Orange, which, in the persons of William and Mary in 1692, filled the English throne.

HILLSBORO, the county-seat, is situated on the North Carolina Railroad, 40 miles west of Raleigh. It was originally called Childsburg, but was changed to the present name in honor of the Earl of Hillsboro. Population 1,050.

Surface—Hilly, but not mountainous; water-power very fine; good lands along the streams.

Staples—Tobacco, wheat, grass, corn and fruits in great variety. Tobacco, of late years, has become an important staple of this county.

Fruits—Apples, peaches, pears, cherries, plums and the small fruits.

Timbers—Oak, hickory, pine, walnut, poplar, maple and gum.

Minerals—Iron, with traces of coal, mica and copper, with eight chalybeate and sulphur springs.

PAMLICO COUNTY.

AREA, 360 SQUARE MILES.

POPULATION, 7,146; White 4,767, Colored 2,379.

PAMLICO COUNTY was formed in 1872 from Beaufort and Craven counties, and bears the name of the sound on its eastern and southern borders.

BAYBORO, the county-seat, is 140 miles from Raleigh, located on the Bay river, and takes its name from that stream. Population 500.

Surface—This county is low and level. It is traversed by Bay river. On both sides of the river there is much swamp land that produces heavy crops when well drained. The advantages of water transportation are fine. It is sufficient to say that this county makes the well-known "Bay River" section.

Staples—Cotton, rice, sweet and Irish potatoes and corn are the great staples. Fish is an item of very considerable profit. Newbern, one of the finest fish markets in the State, is soon reached, by land or by water, from any part of this county.

Fruits—Apples, grapes, melons and the small fruits.

Timbers—Pine, poplar, ash, gum, oak, holly and beech. Large quantities of pine timber are produced and shipped to the Northern markets.

ELIZABETH CITY, N. C.

PASQUOTANK COUNTY.

AREA, 240 SQUARE MILES.

POPULATION, 10,748: White 5,201, Colored 5,547.

PASQUOTANK COUNTY was formed in 1729 from one of the original precincts of Albemarle. It derives its name from the tribe of Indians who once owned the soil.

ELIZABETH CITY, the county-seat, is 215 miles northeast from Raleigh, and is located on the Pasquotank river and on the N. S. R. R. Population (estimated), 6,000.

Surface—Low, level, portions of it swampy, but a part in a high state of cultivation. Very rich and very productive. The county lies on the west bank of the Pasquotank river, and has very fine advantages for navigation. A daily line of steamers runs from the county-seat to Norfolk, and steam transportation lines from Norfolk to all points on the Pamlico and Albemarle sounds, and on the Chowan, Roanoke and Neuse rivers and other streams tributary to these sounds, touch at Elizabeth City. Besides the canal commerce, there is considerable coasting trade, while the railroad does an immense business. A hospitable population.

Staples—Cotton, corn, sweet potatoes, wheat, oats, rice and general trucking, shingles, lumber and fish.

Fruits—Apples, pears, peaches, grapes and the small fruits.

Timbers—Pine, oak, cypress, poplar, juniper, ash and gum.

AREA, 800 SQUARE MILES.

POPULATION 12,514; White 5,967, Colored 6,547.

PENDER COUNTY was formed in 1875 from New Hanover county, and was named in honor of Major-General W. D. Pender, of Edgecombe, who was a distinguished officer in the Confederate army.

BURGAW, the county seat, is 112 miles from Raleigh. Population, 600.

Surface—Level, quite rich and very productive.

Staples—Cotton, corn, ground-peas, vegetables and naval stores.

The climate and soil make it very valuable for trucking, vegetables being at least twenty-five days earlier than at Norfolk and at points further north.

Fruits.—Apples, pears, grapes, etc.

Timbers—Pine, oak, hickory, cypress, ash and gum.

PITT COUNTY.

AREA 820 SQUARE MILES.

POPULATION 25,519; White 13,192, Colored 12,327.

PITT COUNTY was formed in 1760 from Beaufort county, and named in honor of William Pitt, Earl of Chatham, who was so distinguished and devoted a friend to America in the English Parliament.

GREENVILLE, the county-seat is situated on Tar River, 89 miles east of Raleigh. Population, 3,500.

Bethel, on the A. & R. R. R., is a thriving town of 800 inhabitants.

Surface—Generally level and in parts swampy, lying on both sides of Tar river; soil usually rich and very productive when well drained; convenient to river navigation.

Staples—Tobacco, cotton, corn, sweet potatoes, rice, lumber and naval stores.

This is a fine tobacco county, and many of the farms are in a high state of cultivation.

Fruits—Apples, peaches, pears, plums, grapes, berries and other small fruits.

Timbers—Pine, oak, hickory, poplar, cypress and gum.

 LUMBERTON, N. C.

Hotel Richmond,
 ROCKINGHAM, N. C.

I have re-rented, for several years, and taken charge of this nice and popular hotel. I will spare no pains, trouble or money to make it a comfortable home for the traveling public. All I ask is a fair trial. My porter will meet all trains with my new omnibus. Look-out for it when you arrive.

Very respectfully, **L. WEILL.**

LIVERY connected with hotel. The attention of traveling men is called to this fact on account of the five large cotton mills near Rockingham, and a new one just going up, with an authorized capital of \$500,000.

RICHLAND COUNTY, N. C.

RANDOLPH COUNTY.

AREA, 720 SQUARE MILES.

POPULATION, 25,195; White 21,848, Colored 3,347.

RANDOLPH COUNTY was formed in 1779, from Guilford and Rowan counties, and named in honor of the Randolph family of Virginia, distinguished for patriotism and talents.

ASHEBORO, the county seat, is 72 miles west from Raleigh, at the terminus of the High Point, Randleman, Asheboro and Southern Railroad. It was named in honor of Governor Ashe. Population (estimated), 1,500.

Surface—Undulating, hilly, and some small mountains—much of it rocky. It is well watered by Deep river, Uwharrie, and various small tributary streams. There are many small plots of land lying along the streams, known as bottom lands; these are generally rich. The county altogether is finely timbered, and abounds in good water powers.

Staples—Corn, wheat, oats, rye, flax and fruits in great variety.

Fruits—Apples, peaches, pears, grapes, berries and other small fruits.

Timbers—Oak, pine, hickory, poplar and walnut.

Minerals—Gold, silver, copper, iron, with several mineral springs.

ROCKINGHAM COUNTY.

AREA 550 SQUARE MILES.

POPULATION 25,373 ; White 15,197, Colored 10,176.

ROCKINGHAM COUNTY was formed in 1785, from Guilford county, and was named in honor of Charles W. Wentworth, Marquis of Rockingham, who was a distinguished friend of America in the English Parliament.

WENTWORTH, the county seat, was named in honor of the family of the House of Rockingham, and is 110 miles northwest of Raleigh. Population (estimated) 500.

Surface—Moderately hilly; contains many beautiful farms and fine country seats, particularly along the banks of the Dan river, where the scenery is very fine and the lands rich.

Staples—Tobacco, corn, wheat, oats and fruits in great variety. This is one of the finest tobacco counties in the State.

Fruits—Apples, peaches, pears, cherries, plums, berries and other small fruits.

Timbers—Pine, oak and hickory.

Minerals—Coal, with a large number of iron springs.

ROWAN COUNTY.

AREA 450 SQUARE MILES.

POPULATION, 24,123; White 17,142, Colored 6,981.

ROWAN COUNTY was formed in 1753, from Anson county. Until Surry (in 1770) and Burke (in 1777) were taken off, this county comprised most of the western part of the State of North Carolina and Tennessee.

SALISBURY, the county seat, derives its name from a town in England. It is a word of Saxon origin, meaning a dry town. It is situated on the Piedmont Air-Line and Western North Carolina railroad, 118 miles from Raleigh. Population 7,000.

Surface—Rowan lies on the south side of the Yadkin river; moderately uneven, water-power plenty, soil very fine.

Staples—Corn, wheat, tobacco, oats, potatoes and live-stock. Rowan is a fine wheat county, and many of the farms are under a good state of cultivation. This is the largest hay-producing county in the State.

Fruits—Apples, peaches, pears, cherries, berries and other small fruits.

Timbers—Oak, hickory, ash, walnut, maple, poplar and pine.

Minerals—Gold, silver, copper, with sulphur springs.

RUTHERFORD COUNTY.

AREA, 470 SQUARE MILES.

POPULATION, 18,770; White 15,073, Colored 3,697.

RUTHERFORD COUNTY was formed in 1779 from Tryon county (which was in this year abolished and divided between Rutherford and Lincoln), and Lincoln), and was named in honor of Griffith Rutherford, who was a Brigadier General in the Revolutionary war.

RUTHERFORDTON, the county-seat, is situated 225 miles west from Raleigh. Population 800.

Surface—A beautiful, undulating country; soil good, scenery fine, and water-power excellent.

Staples—Wheat, cotton, corn, rice, oats, tobacco, butter, fruit and live-stock.

Fruits—Apples, pears, peaches, cherries, plums, berries and other small fruits.

Timbers—Oak, walnut, poplar, maple, hickory, ash, pine and wild cherry.

Minerals—Iron, gold, copper, mica, plumbago, corundum, and several mineral springs.

SAMPSON COUNTY.

AREA, 840 SQUARE MILES.

POPULATION, 25,096; White 15,960, Colored 9,136.

SAMPSON COUNTY was formed in 1784, from Duplin county, and was named in honor of Colonel John Sampson.

CLINTON, the county seat, is 65 miles south from Raleigh. Population 1,600.

Surface—Sampson is situated on the head branches of Black river; has a level, sandy soil, in places swampy. Much of the land is good. Timber is plentiful, and water-power sufficient for all ordinary purposes.

Staples—Cotton, corn, lumber and naval stores. This is a fine cotton county, and many of the farms are well cultivated. Naval stores are produced extensively and are often quite profitable.

Fruits—Apples, peaches, pears, bergamotes, melons and other small fruits.

Timbers—Pine, oak, poplar, hickory, ash, walnut, cypress and juniper.

STANLY COUNTY.

AREA, 380 SQUARE MILES.

POPULATION, 12,136: White 10,629, Colored 1,507.

STANLY COUNTY was formed in 1841, from the western portion of Montgomery county, as divided by the Pee Dee river, and was named in honor of Hon. John Stanly, of Newbern.

ALBEMARLE, the county seat, is 100 miles west from Raleigh, and preserves the name of one of the Lords Proprietors. Population 500.

Surface—Broken, hilly and rocky, but well watered, and good lands on the margins of the streams. Stanly is located on the west bank of the Yadkin river and north of Rocky river, and has plenty of excellent water-power.

Staples—Corn, cotton, wheat and minerals. A great deal of gold has been taken from the mines in this county.

Fruits—Apples, peaches, pears, berries, plums, melons and other small fruits.

Timbers—Oak, hickory and pine.

Minerals—Gold and zinc, with a large number of mineral springs.

SWAIN COUNTY.

AREA 550 SQUARE MILES.

POPULATION, 7,877; White 5,652, Negroes 925, Indians 1,300.

SWAIN COUNTY was formed in 1871 from Mason and Jackson counties, and was named in honor of D. L. Swain, formerly Governor of North Carolina and President of the University.

The atmosphere is salubrious and the climate mild.

The Western North Carolina Railroad runs a distance of forty miles in, and very nearly through the centre, of the county.

Water-power is abundant and scenery fine. This county has 250,000 acres of the finest grazing land in the world.

BRYSON CITY, the county-seat, romantically situated on both sides of the Tuckaseegee river, about thirteen miles above its junction with the Tennessee, is 325 miles from Raleigh. Population, 450.

It was formerly called "Charleston;" was changed to Bryson City by an act of the Legislature, session 1889, in honor of Col. P. D. Bryson, a citizen of Swain county, and for a long time a member of the Legislature.

Surface—Mountainous, and watered by the Tennessee, Tuckaseegee, Nantahala and Ocona Luffy rivers.

Staples—Corn, wheat, oats, rye, buckwheat, tobacco, potatoes, and a variety of vegetables.

Fruits—Apples, peaches, grapes, pears.

Timbers—Walnut, cherry, oak, poplar, pine, birch, beech and ash.

Minerals—Gold, silver, lead, copper, marble, talc, kaolin, iron.

WAKE COUNTY.

AREA, 950 SQUARE MILES.

POPULATION, 49,202; White 26,093, Colored 23,109.

WAKE COUNTY was formed in 1770 from Orange, Johnston and Cumberland counties, and was named in honor to the maiden name of Governor Tryon's wife.

RALEIGH, the county-seat, and also the Capital of the State, bears the name of the illustrious Sir Walter Raleigh, under whose auspices the first colony was planted on our soil. Population (estimated) 20,000, 5,000 being of the suburban villages. Raleigh was adopted as capital of the State in 1792.

Surface—Moderately uneven; soil varied, from light sandy in the eastern part to red clay in the western part; well watered by the Neuse river and branches; plenty of water-power. Good land along the streams.

Staples—Cotton, tobacco, corn, wheat, oats, sweet potatoes and fruits in great variety. Trucking is attracting attention and is profitable. Vineyards are already profitable, and are increasing in number and size.

Fruits—Apples, peaches, pears, grapes, melons, apricots, berries and other small fruits.

Timbers—Pine, hickory, oak, poplar, maple and ash.

Minerals—Plumbago in great abundance.

WARREN COUNTY.

AREA, 450 SQUARE MILES.

POPULATION, 19,360; White 5,880, Colored 13,480.

WARREN COUNTY was formed in 1779 from a portion of Bute county (which was that year divided into Warren and Franklin counties), and was named in honor of Dr. Joseph Warren, of Massachusetts.

WARRENTON, the county-seat, is 60 miles northeast from Raleigh. Population (estimated), 1,500.

Surface—Pleasantly undulating; a beautiful rolling country, mostly watered by small streams: climate pleasant, soil kind and susceptible of a high state of cultivation.

Staples—Tobacco, wheat, corn, cotton, oats, potatoes and fruits. The lands along the railroad are very desirable for trucking.

Fruits—Apples, peaches, pears, grapes, melons, berries and other small fruits.

Timbers—Oak, pine, poplar, walnut, hickory, ash and maple.

Minerals—Gold, with several mineral springs.

AREA, 460 SQUARE MILES.

POPULATION, 8,160; White 7,751, Colored 409

WATAUGA COUNTY was formed in 1849, from Ashe, Caldwell and Yancey counties, and derives its name from the river that runs through it, which is an Indian name, and signifies "the River of Islands."

BOONE, the county seat, is 200 miles northwest of Raleigh, and was called in honor of the celebrated Daniel Boone, who once lived near Holeman's Ford on the Yadkin river. Population estimated at 425.

Surface—Mountainous; interspersed with beautiful streams; splendid water-power; soil rich; scenery rarely surpassed for beauty and grandeur.

Staples—Wheat, corn, rye, oats, Irish potatoes, fruits in great abundance, and medicinal herbs.

Fruits—Apples, peaches, pears, berries, cherries and a variety of small fruits.

Timbers—Oak, chesnut, poplar, white and yellow pine, sugar-maple, wild cherry and walnut.

Minerals—Iron, gold, mica, plumbago, silver, copper, with several mineral springs.

AREA, 700 SQUARE MILES.

POPULATION, 22,675; White 20,633, Colored 2,042.

WILKES COUNTY was formed in 1777, from Surry county, and was named in honor of John Wilkes, an English statesman and a member of Parliament.

WILKESBORO, the county seat, is 175 miles northwest from Raleigh. Population (estimated) 1,500.

Surface—A beautiful and rich valley, watered by the Yadkin river and its tributaries; on the north and south are mountains. The lands are generally rich, finely watered, and abounding in romantic scenery.

Staples—Wheat, corn, tobacco, rye, oats, butter, live-stock and medicinal herbs.

Fruits—Apples, peaches, pears, berries, grapes and cherries

Timbers—Oak, pine, chestnut, hickory, walnut, poplar, cherry and dogwood.

Minerals—Gold, copper, mica, manganese, with several mineral springs.

WILSON COUNTY.

AREA 350 SQUARE MILES.

POPULATION, 18,644; White 10,884, Colored 7,760,

WILSON COUNTY was formed in 1855, from Edgecombe, Nash, Wayne and Johnston counties, and was named in honor of Louis D. Wilson, who died in Mexico serving his country.

WILSON, the county-seat, is 50 miles east from Raleigh, and located on the Wilmington and Weldon railroad, which extends through the county from north to south. Population (estimated) about 5,000.

Surface—Level, sandy and generally rich; very productive when well cultivated; well adapted to trucking.

Staples—Tobacco, cotton, corn, sweet potatoes, wheat and oats.

Fruits—Apples, peaches, pears, grapes, cherries, melons, berries and a variety of small fruits.

Timbers—Pine, oak, hickory, ash, cypress, gum, dogwood and persimmon.

Minerals—Iron, and one sulphur, with fourteen iron and magnesia springs.

YANCEY COUNTY.

AREA, 400 SQUARE MILES.

POPULATION 9,490 ; White 9,197, Colored 293.

YANCEY COUNTY was formed in 1833, from Burke and Buncombe counties, and was named in honor of Hon Bartlett Yancey, of Caswell county.

BURNSVILLE, the county seat, is 245 west miles of Raleigh, and was named in honor of Captain Otway Burns, of Carteret county. Population 450.

Surface—Yancey county is bounded almost entirely by mountain ranges, and the Black mountains run through the centre. The Toe river and branches give abundant water-power. The climate is enchanting in summer; the soil is rich, and the scenery enrapturing.

Staples—Corn, wheat, butter, live stock, medicinal herbs, and fruits in great variety and richness.

Fruits—Apples, peaches, pears and berries.

Timbers—Poplar, ash, chestnut, hickory, sugar-maple and buckeye.

Minerals—Iron and mica, with several mineral springs.

POST-GRADUATE COURSES.

Post-graduate courses have been established, leading to the degrees of Master of Science (M. S.), Mechanical Engineer (M. E.) and Civil Engineer (C. E.)

Candidates for the Master's degree may take their major subject in the departments of Agriculture, Horticulture, Chemistry or Physics. Minor courses are offered in Agricultural Analysis, Organic Synthesis, Theoretical Chemistry, Vertebrate Zoology, Veterinary Science, Cryptogamic Botany, Invertebrate Zoology, and Electrical Engineering, two of which must be taken.

For the degrees of M. E. and C. E., the courses are laid down, and may be found with other information in regular College Catalogue, which will be promptly forwarded on application.

A thesis embodying the results of some original investigation must be submitted and accepted before the final examinations are taken.

The studies will be carefully adapted to the expansion and development of the special lines of work selected by graduate students for a professional calling.

IRREGULAR WORK.

Students, otherwise qualified, may be allowed to elect certain studies from the regular courses already provided in the College, if no inconvenience results to the members of the regular classes.

SUB-FRESHMAN CLASS.

A Sub-Freshman Class has been organized, to give special preparation to such young men as are unable to enter the Freshman Class, and who nevertheless desire a technical education. No county will be allowed to have more representatives in this class than it has in the House of Representatives of the General Assembly.

Broad, • Practical, • Scientific.

AND CONNECTIONS

A Winter Health Resort.

• • •

SOUTHERN PINES

is a Winter Health Resort, offering to invalids and others who wish to escape the severe cold of the North, advantages superior to any other section in the United States. This resort has received the endorsement of many eminent physicians; and a large number of other persons who have visited the place, and those who have made it their permanent residence are prepared to furnish testimony as to improved health and relief from their ailments.

• • •

Words in Favor of Southern Pines by Men of Prominence :

The Governor of North Carolina.—"It is well and widely known as North Carolina's health-resort section, and is being largely patronized by persons from the Northern States, who invariably express themselves as *thoroughly satisfied with the result.*"

The late State Geologist of North Carolina, Prof. W. C. Kerr, one of the most eminent men in his profession.—"It has the most perfect drainage possible, being a huge sand-bank, covered with pines, which is *never wet except while the rain falls.*"

Dr. A. N. Bell, Sanitary Expert of New York City.—"I find it difficult to conceive of any other place which so eminently comprehends all the conditions for a *winter health resort.*"

The Hotel Park

Covers a twenty-acre plot, and is covered with a heavy growth of the long-leaved pines, the trees growing to height of sixty to seventy feet. Numerous springs the purest water flow from this hillside, issuing forth as clear as crystal, the great depth of the sand through which they pass acting as a great filter, removing all deleterious matter. The Park is being made a place of beauty, rustic arbors, bridges, settees, etc. being erected with skill and taste—that the refined and intelligent people who come to dwell in this paradise of nature, may the better enjoy its balmy atmosphere and the full benefit of outdoor air.

The Hotel.

In the construction of THE INN, which will accommodate two hundred and fifty guests, the greatest possible care has been exercised that everything should conserve to the comfort and convenience of guests. The house has all modern conveniences—good toilet rooms on every floor, electric lights, electric call bells, spacious parlors, reading rooms, wide verandas, sun parlors, steam heat, etc.; in fact, THE INN has been fitted up with all the conveniences of city life, that its guests who desire to winter in this delightful health-giving climate may do so, and not be denied the comforts of every-day life at home. The best of medical skill is within easy reach.

KEY WOODS INN,

Southern Pines, N. C.

DURING the past five years thousands of people have visited Southern Pines. Some came in search of an atmosphere that means restored health; others came for pleasure and to escape the *rigore* of severe northern climates, while others, attracted by the thrift and enterprise which has characterized the residents of this locality, have found profitable business openings in many lines.

The great need has been a hotel that would reflect credit upon the place, a hotel with all the modern improvements where health and pleasure seekers could be assured of the conveniences of every-day life at home. To meet the wants of this class, Piney Woods Inn was constructed, and it is now open for the accommodation of the public.

The Manager announces "a winter home for the cultivated and refined in the heart of the long-leaf pine belt."

The hotel has good toilet-rooms on every floor, private bathrooms, electric lights, call bells, spacious parlors, reading-rooms, wide verandas, sun parlors, steam heat, etc. The sanitary conditions are absolutely perfect; the water supply comes from a spring that is wonderfully pure; the best of medical skill is within easy reach.

Possessing all the advantages of resorts farther South, its accessibility (it being within a day's ride of New York), with the best of railway service—vestibuled limited trains on the Seaboard Air Line; no changes, no irksome delays—all these are advantages the tourist will appreciate.

Rates at Piney Woods Inn are very reasonable. Special discounts during the early months, and to those making long stays. For rates, address
