The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

HILL DIRECTORY CO., INC., Publishers

INTRODUCTION

and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1957 edition of the Chapel Hill City Directory which also includes Carrboro. This is the first Hill Directory of Chapel Hill and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Chapel Hill's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Chapel Hill to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chapel Hill Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Chapel Hill, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Chapel Hill and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the named

streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Chapel Hill and vicinity.

The Chapel Hill Directory Library

Through the courtesy of the publishers of the Chapel Hill City Directory, a Directory Library is maintained in the offices of the Chapel Hill Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

MAINTAINED TO ASSIST YOU . . .

A reference library of late
out-of-town city directories

THE PUBLISHERS of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

CHAMBER OF COMMERCE

CHAPEL HILL

SITE OF THE OLDEST STATE UNIVERSITY

(Courtesy Chapel Hill-Carrboro Chamber of Commerce)

Statistical Review

Population—1950, 9,177; 1957, 18,000 (includes 6,500 University of N. C. students).

Location—On granite plateau, altitude 501 feet, almost in center of North Carolina. Located on US Highways 15, 501, N. C. State Highways 54, 86, 87. 10 miles west of Durham, N. C.; 33 miles west of Raleigh; 34 miles north of Sanford, N. C.; 50 miles east of Greensboro; 54 miles south of Danville, Va.

Transportation—Modern bus station served by Carolina Trailways and Queen City bus lines offering frequent departures to all points. Norfolk & Western & Southern railroad through Durham, N. C. (10 miles distant). Air travel through Raleigh-Durham Airport, 15 miles distant.

Climate—Temperate in winter (average 48.5), pleasant in summer (average 71.7). Lots of sunshine and ample rainfall (47 inches a year) for profusion of trees, flowers and shrubs.

Government—Town is governed by Town Manager under Mayor and Board of Aldermen. Assessed valuation \$23,000,000. City tax rate .95 per \$100 valuation. County governed by Board of Commissioners with tax rate of .84 per \$100 valuation based on 70% appraised value. Bonded debt \$477,103.01. Postal receipts \$273,839.33 for year 1956. Telephones in service 5,809.

Financial Data—2 banks with total deposits of \$11,-016,616 on March 14, 1957. Total resources of \$12,145,805 on March 14, 1957. 1 savings and loan association with total assets of \$4,098,823.16.

Accommodations—The Carolina Inn, over 100 rooms, offering modern hotel facilities, dining room and cafeteria. University Motel, 40 units, restaurant and golf course, adjoining on Raleigh Road.

Entertainment—Unusually well rounded program of entertainment. Sports events unexcelled as we are located in center of a college triangle. Morehead Planetarium offers programs each evening with matinees on weekends. Carolina Playmakers offer frequent dramatic productions. N. C. Symphony Society presentations. 2 golf courses with year round participation. Kerr Reservoir area only 40 miles distant for fishing and swimming. 5 TV channels received well in this area.

Business and Industry—Typical college town. University of N. C., largest employer in the area, payroll of \$20,000,000. North Carolina Hospital Saving Assn., payroll of \$800,000 annually. Branch of Pacific Woolen Mills in Carrboro (adjoining town) with payroll of \$1,000,000. 275 business establishments offering every type of retail and professional services.

Schools—New and modern elementary, junior high and high schools for both white and colored. 3 private kindergartens, private classes in music, dancing, dramatic arts and painting.

Medical Facilities—University of N. C. maintains 4-year medical school in connection with a 400-bed hospital, a 100-bed psychiatry unit, a 4-year dental school, and a 100-bed disease of the chest hospital operated by the Federal Government. U. S. Dept. of Public Health has a research and public health department here. Staff and doctors of above available to residents as well as the 5 practicing physicians and 6 dentists in town.

Churches and Civic Clubs—Churches of all faiths are established here. More than 30 civic clubs and fraternal organizations.

For more information write: Chamber of Commerce, Chapel Hill, N. C.

UNIVERSITY OF NORTH CAROLINA

The University of North Carolina at Chapel Hill is in a very real sense the mother of hundreds of state colleges and universities. These institutions had their humble beginning in the dark days of the American Revolution when the University at Chapel Hill was provided for in the State Constitution at Halifax in 1776.

Chartered in 1789, six years later it became the first state university in America to open its door to students. At that time, its physical plant consisted of a single building, Old East Dormitory, which is still in use today and is the oldest structure on any state university campus in the country.

From its beginning the University enjoyed a steady, healthy growth. In 1860, it stood at the forefront of American universities and had the second largest student body in America. In 1931, the State Legislature directed that the State College at Raleigh, the Woman's College at Greensboro, and the University at Chapel Hill be consolidated, and under unification, all three institutions have continued to make steady progress. While combined enrollment is now approximately 13,000, enrollment at the University at Chapel Hill is now approximately 5,500, and the faculty numbers more than 500. In addition to students in residence, the University has approximately 1,300 students enrolled in correspondence courses, and hundreds in off-campus extension classes and college centers.

The University at Chapel Hill comprises 14 schools and colleges — the General College, the College of Arts and Sciences, the Schools of Education, Business Administration, Law, Medicine, Pharmacy, Dentistry, Public Health, Library Science, Nursing, Journalism, Social Work, and Graduate School. The Division of Health Affairs was established in 1949. Its physical plant embraces almost 1,700 acres and 77 permanent buildings, valued at approximately \$42,000,000. It is the oldest state university in the nation, founded in 1793 near the geographical center of the state. With pride in cultivating the natural beauty of the region, the campus is among the most attractive in the world.

Several years ago the American Council on Education sponsored a survey of departments qualified to give Doctor of Philosophy degrees. It found more such departments at the University than any other south of Baltimore and east of the Mississippi. In two surveys made by the United States Navy incident to the location of one of its Pre-Flight training schools, the University was adjudged the most desirable in the south and east.

Standards

The University is a member of the Association of American Universities, and several of the colleges, schools and departments have attained national distinction in their special academic spheres.

The General College

Most freshmen and sophomores in the University enroll in the General College. For two years they follow the basic and liberal subjects constituting the foundations of that general education which is regarded as essential to balanced development and intelligent citizenship.

A feature of the General College is the extent of guidance and personal counseling available to students. Each student is the special charge of a faculty adviser.

Arts and Sciences

The College of Arts and Sciences is the largest single academic unit of the University, enrolling the majority of

Alumni Building (Housing sociology and anthropology, social work and Institute for Research in Social Science)

the undergraduates. After two years of General College study, most students not following specialized or other professional courses are assigned to the College of Arts and Sciences, admission to which is governed in part by maintenance of at least a "C" average of the previous two years.

Departments of instruction in the Arts and Sciences include Art, the Classics, Dramatic Art, English, General and Comparative Literature, Germanic Languages, History, Journalism, Music, Philosophy, Radio, Religion, Romance Languages, Economics, Education, Physical Education, Political Sciences, Psychology, Sociology and Anthropology, Botany, Chemistry, Geology and Geography, Mathematics, Physics, Zoology.

The College prepares students for bachelor of arts and bachelor of science degrees, or provides preparation for advanced professional and graduate studies.

Business Administration

The School of Business Administration occupies a place in the University organization coordinate with the other professional schools and the College of Arts and Sciences. The School is a member of the American Association of Schools of Business.

Main programs are in accounting, economics, statistics, marketing, and personnel, with courses in insurance, advertising, business law, production, purchasing, traffic problems, wholesaling, retailing sales management, taxation, finance, banking, scientific management, collective bargaining, labor problems and transportation. Besides the graduate and the undergraduate programs is The Executive Program, a project in advanced management for a selected number of leading business and industrial executives.

Law

The School of Law is one of the approved law schools of the American Bar Association and is a member of the Association of American Law Schools. It is housed in Manning Hall, near the center of the campus.

Manning Hall (Law School building)

Undergraduates who have completed at least three years of acceptable work toward a baccalaureate degree at an approved college or university are eligible to enter the School of Law.

Health Complex

A six-in-one Division of Health Affairs is sometimes called a health university within a university. The six-fold health complex includes School of Medicine, School of Pharmacy, School of Public Health, School of Dentistry, School of Nursing and a teaching hospital, the North Carolina Memorial Hospital.

The Division serves as a teaching-research-therapy center for training of professional men and women on the student level, as interns and residents and as experienced professional specialists concerned with further post-graduate development.

Medicine

The School of Medicine was established in 1879 and became a four-year school with a teaching hospital attached in 1952.

The School has the approval of the Association of American Medical Colleges, of the Council on Medical Education and Hospitals of the American Medical Association.

Departments in the School of Medicine are divided into the following parts: medicine, pathology, preventive medicine, anatomy, biochemistry, psychiatry, physiology, obstetrics and gynecology, radiology and pediatrics.

Public Health

The School of Public Health trains students and performs activities for the "body politic" that the School of Medicine does for the individual.

It is one of the few public health schools in the nation and has both a national and international reputation for

Health Center (Comprising schools of medicine, dentistry, public health, nursing and the N. C. Memorial Hospital)

teaching and for research. It trains doctors, nurses, sanitarians, and other technicians and special health educators. There is departmental instruction in biostatistics, epidemiology, experimental medicine, public health administration and education, maternal and child health, mental health, public health nursing, nutrition, parasitology, and sanitary engineering.

Pharmacy

The Pharmacy School was established late in the 19th Century because of the urgent demand of pharmacists in the state, and the demands for more and more pharmacists continues past the mid-twentieth century. The American Council on Pharmaceutical Education accredits the school Class A.

Dentistry

The School of Dentistry operates a superior program of training for dentists, dental technicians, and dental hygienists. Besides producing students, the school conducts post-graduate courses for dentists throughout North Carolina. It is a Class A School, so accredited by the American Dental Association.

Nursing

The School of Nursing offers a four-year curriculum leading to a bachelor of science degree in nursing. The students of nursing take a full part in campus academic, political and social affairs. The School of Nursing is accredited by the National League for Nursing.

Education

Closely connected with the public school system of the state is the School of Education which trains those men and women who wish to follow elementary and high school teaching as a career.

The school is recognized for the high quality of its work in preparing teachers for jobs and for its success in placing students in higher positions in the schools and for special courses, in the summer and in regular semesters, which benefit teachers working for higher degrees and certificate credits.

Communications

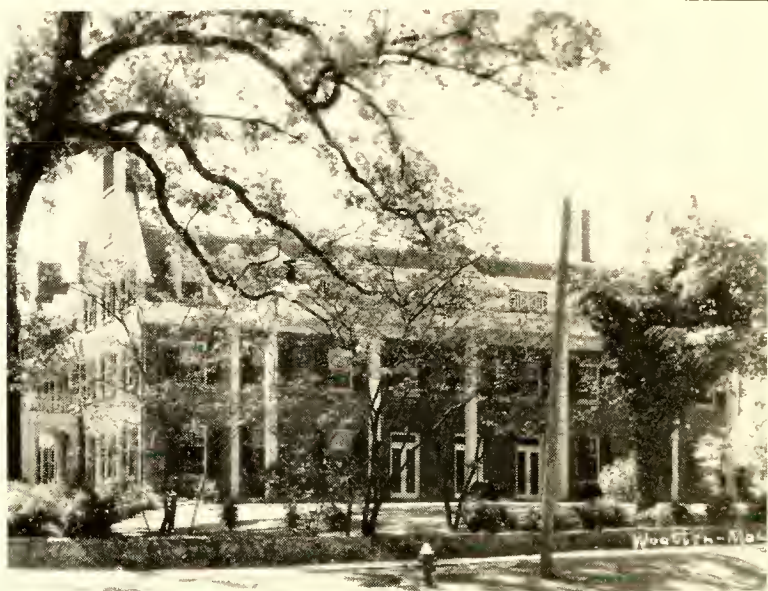

A prominent new feature of higher education is the use of television, together with radio and motion pictures, all three utilized with conjoined efficiency in the Department of Radio, Television, and Motion Pictures, a part of the UNC Communications Center.

All aspects of broadcasting and film production are taught — including announcing, acting, script writing, visual aids, production, commercial phases of the communications and operation of equipment.

Allied with the department is WUNC-TV, an educational television station broadcasting on Channel 4, and a frequency modulation radio station, WUNC.

Journalism

The School of Journalism seeks to give more than practical training to those wanting to become newspapermen. The school also has high standards and insists upon thorough arts and sciences training as a preliminary to training in journalism. The school trains both graduates and undergraduates, and many newspapermen of national standing are among the alumni of UNC's School of Journalism.

Carolina Inn (Hostelry owned by the University)

The 1956-57 UNC Basketball Team—"No. 1 in the Nation"
 First row kneeling, from left to right: Roy Searcy, Gehrman, Danny Lotz, Ken Rosemond, Bob Cunningham, and Tommy Kearns; second row, from left to right: Coach Frank McGuire, Manager Joel Flieshman, Bob Young, Lennie Rosenbluth, Joe Quigg, Pete Brennan, Assistant Coach Buck Freeman, and Trainer John Lacey

Graduate School

Granting that much of the rank of a university rests upon the quality of its teaching on the graduate level as well as for undergraduates and also assuming that respect for an achievement of basic and applied research is one of the hallmarks of a distinction of a university, the University of North Carolina has offered advanced courses beyond the undergraduate level. Degrees under the supervision of the graduate faculty are the Master of Arts (A.M.), Master of Science (S.M.) and Doctor of Philosophy.

Masters degrees are offered in 42 fields. The Ph.D. degree is offered in 27 fields.

Social Work

The School of Social Work has developed from an earlier School of Public Welfare in accordance with a University policy of meeting the varying needs of the state and Southern region. It is accredited by the Council on Social Work Education, and its program for the training of Psychiatric Social Workers is approved by the American Association of Psychiatric Social Workers.

Institute of Government

The Institute of Government is a unique grassroots program of instruction and guidance for officials in North Carolina charged with responsibility for county, city and state government.

Officials of county court houses, city halls, the state capitol and other centers of government come to Chapel Hill for special conferences and clinics taught by trained instructors.

Besides bringing court judges, tax collectors, registers of deeds, jailers, sheriffs and the like to Chapel Hill for specialized instruction, the Institute of Government also

Graham Memorial (The student union building)

conducts special surveys in all parts of the state for local governmental improvement. The Institute bridges the gap between the way law is taught in the classroom and the way it is practiced in the court houses, combining theory with practicality with a harmonious design.

Institute for Research in Social Science

The Institute for Research in Social Science performs a vital service for state and nation in finding facts that are useful for society. This is performed by channeling the tremendous educational resources of the University into practical outlets — in service to the state and federal governments, to separate governmental organizations in the state, to non-profit foundations and agencies.

Extension

Besides instruction of students enrolled in the University there are thousands of other students who take correspondence courses or enroll in special short courses, clinics and institutes. The advantages of the University in teaching and in other ways are made available to the people of the state and region by the University Extension Division.

These services utilize educational television and radio, classes in various parts of the state, lectures, library service, adult education programs, audio-visual education, high school interscholastic activities, the fine arts and publications.

Library Science

The School of Library Science trains graduate students in the profession of librarian. The school has high standards and is a reservoir of talent for libraries in public libraries of the state, in public schools and in college and university libraries over the country.

The School is accredited by the American Library Association.

Memorial Hall (University auditorium)

Playmakers

The Carolina Playmakers are distinguished for their development of folk drama, training both playwrights and actors and fostering the growth of outdoor dramas which has gained international recognition in the world of dramatics. What the little theatre is to a community, the Carolina Playmakers have become in North Carolina and the region. The national attainment of some of its alumni testify to the worth and ferment of the Playmakers who are so integrally a part of the Department of Dramatic Arts.

Library

The University Library is unquestionably the heart of the University's life. It is truly one of the distinguished libraries of the region and contains many fine collections, majoring in the Southern Historical Collection and a collection of North Carolina historical and other volumes. The main library collections are housed in the Louis Round Wilson Library building, a magnificent structure which is a center of campus activity for both students and faculty.

UNC Press

The University of North Carolina Press has published books and periodicals of interest since 1922. The Press issues

Playmakers Theatre

a large number of volumes annually. It is a member of the American Association of University Presses.

Morehead Planetarium

Among the showplaces of Chapel Hill is the Morehead Planetarium which is a gift of John Motley Morehead. The Zeiss Planetarium was made in Germany. It is one of only seven in the United States and the only one in the world that is located on a university or college campus. Nearly a million people, many of them school children, have attended demonstrations in the Planetarium and learned the significant lessons of man's world and God's universe.

Arboretum (Botanical garden in which a multitude of regional plants are cultivated for beauty and for study)

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

AUTOMOBILE TIRES—RECAPPING**CHAPEL HILL TIRE COMPANY****ONE DAY FACTORY METHOD RECAPPING****EASY BUDGET TERMS****502 W. Franklin****Dial 9-2621****PLEASE! Do Not Lend Your CITY DIRECTORY****IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight • Out of Mind *★ Out of Business ★*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

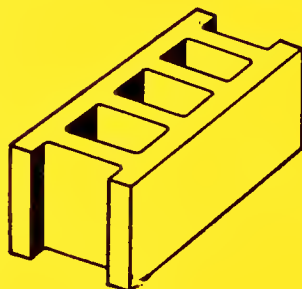

(Your Directory publishers fully subscribe to the principles set forth in this statement)

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CASHIERS! TELLERS! — CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HILL'S CHAPEL HILL

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1957

Including Carrboro

Copyright, 1957, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

**Don't Contribute to
Counterfeiters
KNOW YOUR MONEY!**

**Don't Be Fooled by
Forgers
KNOW YOUR ENDORSERS!**

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS & POSTAL CARDS: 2 cents each with prescribed sizes.

BUSINESS REPLY CARDS: 3 cents each; Air Mail, 4 cents each.

BUSINESS REPLY ENVELOPES: Business reply envelopes 1 cent in addition to regular postage. Apply at Post Office for Permit.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

Bulk Rate

For Details Consult Your Local Postmaster

Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds to weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

Zone	1st lb. (cents)	Additional lbs. (cents)
Local	18	1.45
1 and 2	23	3.95

When requested at time of mailing 7c
When requested after mailing... 15c
(not certified)

Showing address where delivered... 31c
Delivery to addressee only.....20c

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully to heavy paper and the knots securely.

You will often save a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.
