INDEPENDENT AND PROGRESSIVE

Baldwin Directory Company, Inc., publisher of the Salisbury City Directory, is an independent organization, in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future as in the past Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, publisher of the Salisbury City Directory, takes pleasure in presenting the 1935 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have confidence in the continued growth of Salisbury and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. A new edition will be issued promptly every two years in association with the Salisbury Post.

The Salisbury directory is a fine example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization has been the pioneer. The excellent city directory which Salisbury now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal departments of the Salisbury directory are as follows:

1. *The Miscellaneous Directory*, which starts on page 15, contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials, and other valuable data.

2. *The Buyers' Guide, Civic Section and Professional Blue Book*, which starts on page 25, is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

3. *The Resident Directory*, which starts on page 55, contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. *The Householders' Directory and Telephone Guide*, which starts on page 213, gives the names of all householders arranged as they come upon the streets and avenues, and gives the telephone number at each house.

5. *The Business Directory and List of Nationally Advertised Brands*, which starts on page 253, contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. *The Numerical Telephone Directory*, which follows the Business Directory is a valuable reference list in every business office.

7. *The Rural Routes Directory*, which follows the Numerical Telephone Directory, is used constantly in reaching rural residents with advertising matter and other mail.

SPECIAL A B C D FEATURES

The following valuable information is used in the A B C D type of directory, but not in the old-fashioned city directory:

- Number of dependents under 16;
- Designation of home ownership;
- Telephone Numbers on Street Guide;
- Numerical Telephone Directory;
- Nationally Advertised Brands;
- Rural Routes Directory.

In addition to these valuable additions, the A B C D type of directory is more conservatively styled, printed on better paper and more durably bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the A B C D type of directory made one more bold stroke—they established a guaranteed *home* circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community through the local Merchants Association. Every advertisement which appears in a Baldwin city directory also appears in the Householders' Supplement, making the Baldwin directory "the greatest dollar-for-dollar advertising medium in the South" today.

Salisbury, N. C.

By

MRS. G. F. CONRAD

Secretary, Salisbury Chamber of Commerce

Salisbury, N. C., a modern southern city, at the crossroads from the mountains to the sea and in the heart of the great industrial section of the South's most progressive State, a forward looking city with just enough of true Southern courtesy and tradition permeating its ideas and ideals to keep one reminded of the noble history of the past, and to urge one on to greater achievements—that's Salisbury, the capital of Rowan County, North Carolina, and one of the most representative places in the entire district.

This fast growing city is almost midway between Washington and Atlanta, on the double track main line of the Southern railway; it is the seat of the Southern's biggest shops and is the junction point for all traffic east and west in this state. Salisbury is within sixteen hours ride of New York, thirteen hours from Philadelphia, three hours of Pinehurst and the celebrated golf links, five hours of Asheville the Switzerland of America and seven hours from the seacoast with its unexcelled surf bathing.

More than 17,000 people reside within its 5.19 miles of incorporated area, while the towns of Spencer and East Spencer, adjoining, place the urban population at approximately 23,000. The wholesale trading area of 25 mile radius has a population of approximately 163,000.

HISTORY

Salisbury and Rowan County share in the earliest history of this progressive State, and it is a history that the descendants of the earliest settlers and the people of today may well be proud to tell the world about. The County was first settled in 1720 by Protestants from Moravia and a few years later Scotch and Irish migrated here from their mother countries. These were followed in 1745 by a steady flow of Germans.

The County of Rowan was established at

the session of the general assembly of the province of North Carolina on March 27, 1753. The first court—the court of pleas and quarter sessions met in Rowan in 1755, the same year as the organization of the county. The first court house was erected in 1755 and old records dating back as far as 1753 are still on file in the office of the registrar of deeds. The deed for Salisbury township was granted February 11, 1755. The City received its name from Salisbury, England—a little town 70 miles from London.

Salisbury and Rowan County were especially active during the Revolutionary War and in 1871 Lord Cornwallis made temporary headquarters here.

In the Spring of 1791 George Washington visited Salisbury.

Near Salisbury today stands the remains of one of the South's most outstanding relics—"The Old Stone House", a large building constructed of native granite, built somewhat in the style of a fort, and occupied by Michael Braun, the forerunner of many of the Browns in the city today.

A National Cemetery is located in Salisbury in which 11,700 Federal prisoners held by the Confederacy in prison nearby are buried.

"Boone's Cave" where the pioneer Daniel Boone sought refuge from the Indians is located north of the city near the Yadkin River and "Old Trading Ford" on the Yadkin River, established long before the declaration of Independence is also north of the city.

West of Salisbury in the grave yard of the Old Third Creek Presbyterian Church is the modest grave of Marshall Ney, Napoleon's "right hand," who was supposed to have been executed for treason to Louis XVII of France but escaped through con-

Salisbury Country Club and High Rock Lake

nivance with the firing squad and came to this country.

Mrs. Frances Christine Tierman—Christian Reid—a writer of national reputation, was also a native of Salisbury.

Andrew Jackson at one time President of the United States studied law in this city.

GOVERNMENT

The city received its first charter in 1793 and it was one of the last of the historical spots of the state to give away to modern ideas of civic and industrial progress. In 1927, by a vote of the people the city adopted a new charter which provided for a City-Manager Council Form of Government. A City Council of five members is elected every two years and the Mayor is elected by the

Council from its membership. The City Manager is appointed by the Council and he is the administrative head of the city. However, his office is subject to the control of the Council.

Salisbury has a municipal water system ample to supply pure water to care for the city's normal growth for many years; a modern sewer system and motorized fire department; efficient police department and a well organized health department ranking among the best in the South.

The climate is mild with an annual average temperature of 60 degrees. The climate, topography, water supply and altitude of 764 feet above sea level are important factors in making health conditions excellent.

Boyden High School

EDUCATION ADVANTAGES

Salisbury's educational facilities are of the best and most modern.

Located on the outskirts, but within the city limits of Salisbury, Catawba College owns 85 acres of land. On this ample tract are located Catawba's ten new college buildings. The college is co-educational, a standard four year college, holding membership in the Southern Association of Colleges and Secondary Schools in the North Carolina Conference and in the Association of American Colleges. It is conducted under the auspices of Evangelical and Reformed Church but its religious attitude is not in the least sectarian.

Though only ten years old in its present location, it is serving the community educationally in a broad, effective and public spirited way. Its faculty is on of the very strongest in North Carolina. The College confers the degrees of bachelor of arts and bachelor of science, the latter degree being conferred upon graduates in business administration, home economics or music.

Eleven states are represented in its enrollment of 378 students. The College also conducts a summer school, the enrollment of which for 1934 was 260.

Catawba College persistently strives to approach its ideal: "Scholarship with Character and Culture for Service".

Other educational facilities include four elementary white schools and one high school, all in up-to-date buildings and two schools for the colored. At least three-quarters of an acre of ground is provided with each school, while the high school embraces over five acres. The Boyden High School for white is one of the finest in the State, having been constructed at a cost of more than half a million dollars and is modern in every respect.

The Salisbury Business College provides for commercial and secretarial training of the highest type.

Livingstone College, established in 1882; provides excellent educational advantages for the colored population of this section.

DISTRIBUTION POINT

Salisbury occupies a strategic position as a distributing center. The city is located in

the most densely populated section of the State, having within a radius of fifty miles 626,000. In addition to the dense population the largest transfer sheds south of Philadelphia are located at the Southern's Railway plant here where more than 350 employees handle the enormous volume of business coming into this plant.

The capacity of the terminals is 250 cars at one setting and the fixed daily distribution is 225 cars. This transfer offers the shipper the most complete direct package car freight service of any city in the Southeast. Merchandise from the Southeast is brought to Salisbury where it is loaded in package cars for "through" shipment to principal cities in the North and East and West as far as Kansas City. Merchandise coming into the Southeast from the North, East and Middle West is transferred at Salisbury for local distribution to all principal Southern markets.

An insurance value of the contents passing through this terminal is three-quarters of a million dollars per day a policy covering this amount, but it does not represent the actual value of daily freight movement which is much larger. This facility enables a shipper in the Salisbury area to put his goods in metropolitan centers within 12 to 24 hours earlier than can be accomplished at any other point in the State.

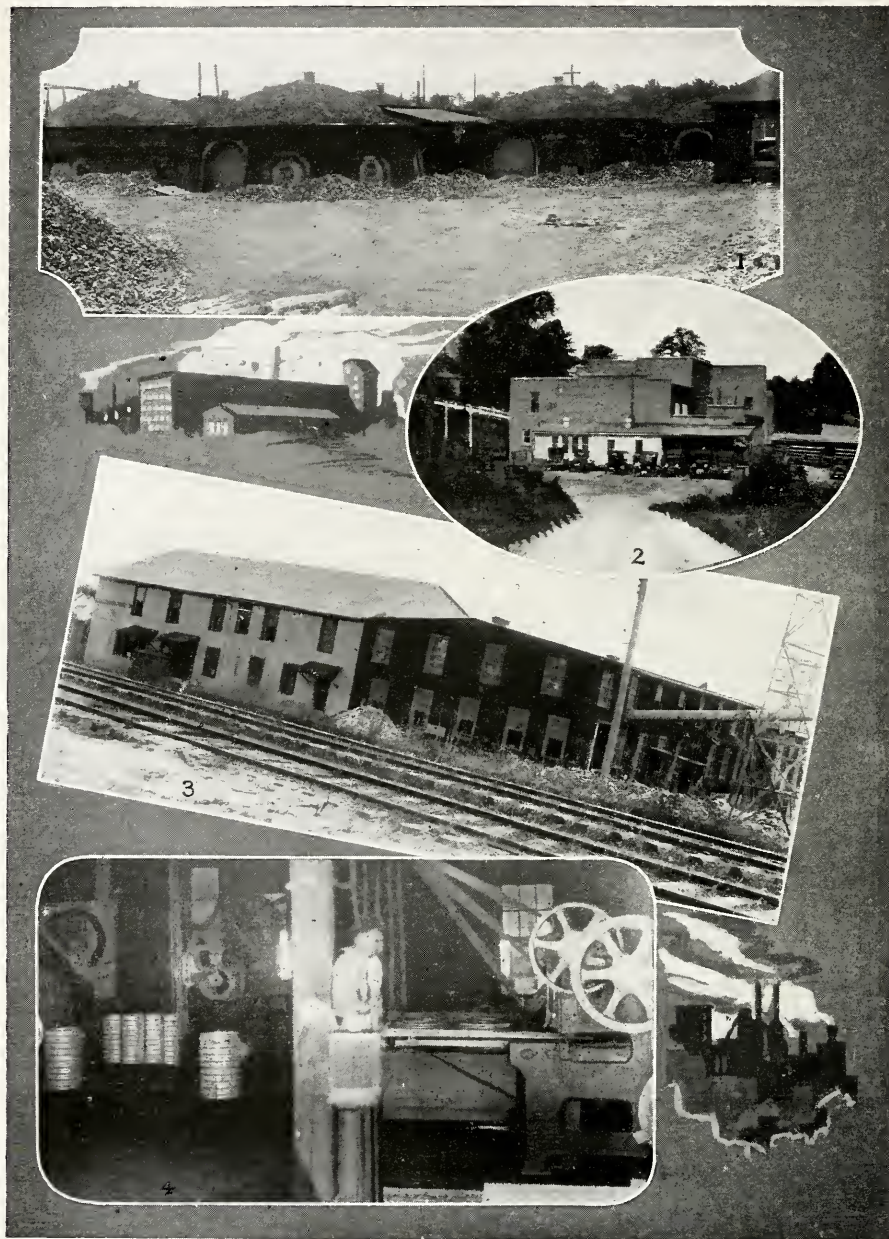

In express service Salisbury offers exceptional facilities. Twenty-two fast trains every day carry express out of Salisbury in all directions. The passenger train service is such that express loaded on early night trains is delivered in such points as Washington, Atlanta and Richmond the next morning.

The Spencer Transfer of the Southern Railway was established 28 years ago and has played an important part in the industrial growth of Salisbury and Piedmont Carolinas.

INDUSTRIAL

That Salisbury is a manufacturing city of importance is evidenced by the fact that there are eight plants located within the city. In addition to the textile plants, miscellaneous industrial enterprises numbering 42 are located in the city. Included in the 50 or

Industrial Activity in Salisbury Is Varied

Pictured above are a brick plant, a meat packing house, a hardwood company and a section of a steel plant

more diversified industries of the city are plants manufacturing yarn, pajama checks, sheeting, shirtings, tapestries, bed spreads, mattresses, finished textiles, bedroom slippers, shirts and wash dresses. Railroad hose, covers for textile rollers, lumber and its products, brick, granite, hosiery, flour, machine shop products, foundries and farm implements.

Salisbury's industries manufacture in excess of 100 different products varying in value from a few cents to mausoleums made of Balfour pink granite quarried within the county with a value of more than \$100,000.

GRANITE INDUSTRY

Near Salisbury is a large bed of native granite, pink and gray in color, of the most durable sort, and practical as a building stone. The granite also takes a high polish and is much used in ornamental work. The supply is easily quarried, gives employment to thousands of workers and finds a ready market. The supply is unlimited in extent.

That some idea may be given of the extent of this industry in the county, glance over these facts and figures: from the southeast section of Rowan, there has been shipped within the past five years, a total of 15,701 cars of dimension stone, 9,577 cars of crushed stone, 3,023 of curbing, 1,193 of paving blocks, 767 of duxex, 277 of monumental stone and 50 cars of rubble stone. The total weight of the above amounts to 707,460 tons and the value at the quarries amounts to \$2,916,720.

The crushed stone will build a standard 18-foot roadway 217.61 miles long; the curbing will curb both sides of a street 217.52 miles in length; duxex will lay 259,627 square yards of pavement; paving blocks will pave an area of 322,635 square yards and the monumental stone will build 111 mausoleums. If the cars required to haul the above products were coupled together, a train 120.11 miles long would be formed.

TRADE CENTER FOR AGRICULTURAL TERRITORY

Salisbury is the trade center of a rich agricultural territory with important highways

in every direction leading into the city. Sixty-five per cent. of the farms are operated by owners which contributes to the prosperous rural farm life. Every important highway has high tension electric service bringing this convenience to a majority of the farm owners and an active program is under way to extend this service. The County has exceptionally well balanced agriculture divided between cash crops, food and feed crops. Rowan County supplies a large volume of fruit, poultry and dairy products. Market facilities for these products are provided in Salisbury and there is room for expansion in the production of poultry and dairy products.

RELIGIOUS, FRATERNAL AND CIVIC ORGANIZATIONS

The religious inclination of the community is evidenced by the fact that the leading denominations are represented by eighteen churches with a combined membership of more than 7,500.

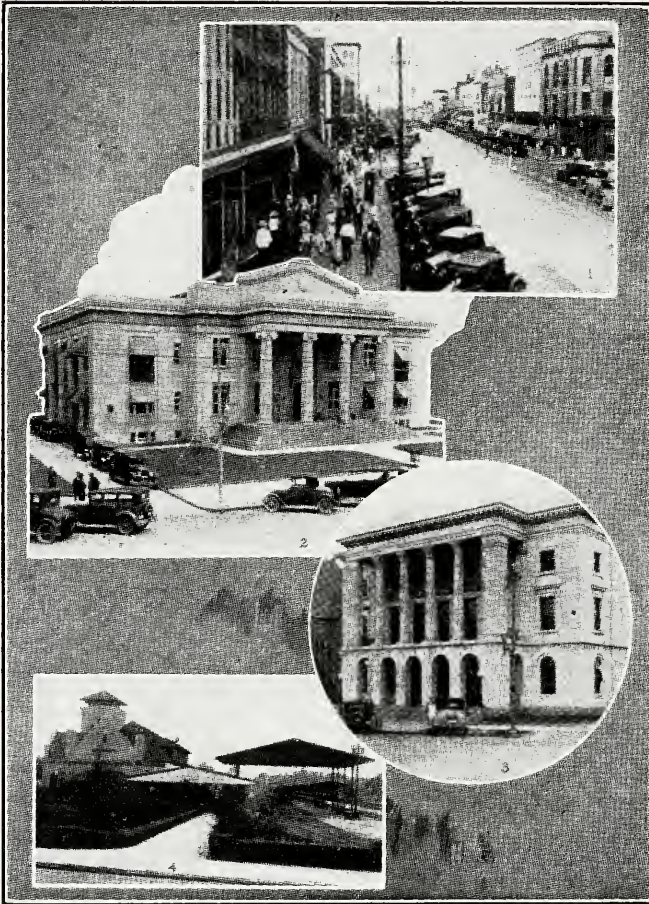

Nearly all of the leading fraternal organizations are represented by strong local chapters.

Civic organizations include, Rotary, Kiwanis, Civitan and Lions Clubs; American Legion and Auxiliary, Y. W. C. A., and a strong Woman's Club all of which are active in the business life of the community.

The commercial, industrial and civic activities of the community center in the Salisbury Chamber of Commerce, and the Salisbury Merchants' Association. The membership of both organizations includes the leaders in the community.

RECREATION

Recreation is available to all, and includes swimming, league baseball, tennis, golf, college and high school basket ball and football, fishing, hunting and boating. Playgrounds for children are operated and supervised by the city. A modern Country Club provides various forms of recreation for its members. High Rock Lake, having a shore line of 360 miles affords recreational facilities not usually common to inland cities.

LUNCHEON MEETINGS FRIDAY 1 P. M., YADKIN HOTEL

Rowan County

Rowan County, named in honor of General Matthew Rowan, was formed in 1753 from Anson County, with Salisbury as her County Seat, and until Surry and Burke were taken off, this county comprised most of the western part of North Carolina and Tennessee. In 1850 the population of Rowan County was 9,901 whites; 115 free negroes; 3,854 slaves, and 12,328 representative population. Today the population of Rowan County, which embraces 489 square miles, is 56,665.

COUNTY OFFICIALS:

BOARD OF COUNTY COMMISSIONERS:

R. L. Bernhardt, *Chairman*; O. L. Linn, T. M. Byrd, C. A. Long
and J. T. Graham

The above Board is in session the first Monday of each month.

Clerk of Superior Court	-----B. D. McCubbins
Auditor and Treasurer	-----J. E. Haynes
Sheriff	-----J. H. Krider

LUNCHEON MEETINGS
TUESDAY, 1:00 P. M.

Presbyterian Hut
INNES AND JACKSON STS.

SALISBURY

THE HUB OF THE PIEDMONT

Because of the unrivalled package car service of the Southern Railway's Spencer Transfer, and because of its nearness to all important eastern markets, Salisbury is an ideal location for that new factory, branch plant, branch warehouse or wholesale organization.

The South is forging ahead and the executive who has the vision and foresight to grasp the possibilities the "NEW SOUTH" offers is planting seed that will bring a rich harvest.

CATAWBA COLLEGE

DR. HOWARD R. OMWAKE, *President*

Salisbury, North Carolina

CATAWBA is a co-educational liberal arts college, with an enrollment of about four hundred students. It is accredited by the Southern Association of Colleges and Secondary Schools and its graduates are welcomed for advanced study in university and professional schools.

Catawba is interested in the development of the individual, and students receive personal attention. Members of the faculty live either on the campus or in adjoining homes, and are always ready to confer with students and assist them in their problems.

The atmosphere of the campus is democratic and friendly. Student government maintains a high standard of student conduct and is a constructive force in developing character and personality.

The physical plant is new and modern with well-equipped Science Laboratories, a Library of 20,000 volumes, a Home Economics Building, Music Building, Gymnasium, and good dormitories for men and women.

Catawba College offers a broad curriculum with courses leading to the A. B. Degree and to the degree of B. S. in Business Administration, Home Economics, or Music. Special attention is given to meet the needs of students preparing for medicine, dentistry, law, teaching, or the ministry. Courses in Physical Education prepare for coaching. There are two six-week summer sessions.

LIVINGSTONE COLLEGE

Salisbury, North Carolina

Livingstone College, the chief school of the A. M. E. Zion Church, is located in Salisbury, in the western part of North Carolina. Its position on the main line of the Southern Railroad makes it easily accessible from any direction.

This College was founded in 1879, opened its doors in Concord, N. C., in 1880, and moved to Salisbury in 1882. The illustrious Joseph Charles Price was the first president of the new College. The aim of the institution has, from the beginning, been to serve humanity and the Negro race by training young men and women for Christian leadership.

During the fifty-three years of its operation as a College, Livingstone has given to the Negro race and to the world some of the outstanding characters of the time. Many of the leaders in American life today are graduates of Livingstone College.

PRINTERS AND PUBLISHERS

Southern Printing and Publishing Company

CHARLESTON, SOUTH CAROLINA

Established 1853

CREATIVE ADVERTISING is OUR BUSINESS

The creation of ideas to sell by direct mail is featured at our establishment.

We have served thousands of satisfied customers during the many years we have been in the printing business. We have created original ideas which have increased the business of our clients to their entire satisfaction.

Write us today and we will be glad to go into your advertising problems with you.

THE EMBLEM

OF QUALITY

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.

(This Directory of Salisbury is a product of our plant)

YOUR BEST AND CHEAPEST SERVANT

Electricity works cheaply—let it serve you through adequate lighting in home, store and office, and through household and other labor-saving, time-saving and money-saving appliances in the home, in the store, the shop, and the industrial plant.

Bruce Barton recently said:

"The home of the future will lay all of its tiresome routine burden on the shoulders of electric machines, freeing mothers for their real work, which is motherhood. The mothers of the future will live to a good old age and keep their youth and good looks to the end."

For the protection and the benefit of its customers the Southern Public Utilities Company sells on liberal terms tested and proven household appliances of all kinds, including electric ranges, electric water heaters, electric refrigerators, as well as the smaller household appliances.

Resident Directory

1935

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age, residing in Salisbury, Spencer and East Spencer. The names of the settlements, suburbs and cities covered in this directory, with the abbreviations used to designate them and the post-office address of each will be found below.

The publishers wish to express their appreciation to the business and professional establishments for the splendid co-operation and valuable assistance given them in the preparation of this volume.

A list of the abbreviations used in this directory will be found on page 56 and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory and checked with material supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

For Population of Greater Salisbury See Page 2

Number of dependents under 16 is indicated after name.

Below are listed special abbreviations for suburbs, settlements, and small cities included in the Salisbury directory. In each case the proper post office address for persons living in each community is shown after the name.

ESpen____East Spencer (East Spencer, N. C.)

RMV_____Rowan Mill Village (Salisbury, N. C.)

Spen _____Spencer (Spencer, N. C.)

ABBREVIATIONS

Below are listed abbreviations used in this volume. In addition to words listed, standard abbreviations are used for proper names.

Baldwin Directories Challenge Comparison.

QUALITY DIRECTORIES

Carefully Planned
Accurately Compiled
Conveniently Arranged
Excellentlly Printed
Beautifully Bound
Conservatively Styled
Successfully Presented
Promptly Delivered
Regularly Issued

CITY DIRECTORIES OF CHARACTER

Published in Selected Cities
Throughout the South in As-
sociation with Daily News-
papers and Local Commercial
Organizations.

BALDWIN DIRECTORY SERVICE IS UNIQUE!

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin directory service are unanimous in their acclaim of its many unique features.

AMERICA'S FINEST DIRECTORIES

BALDWIN DIRECTORIES OFFER TREMENDOUS ADVERTISING VALUE THROUGH THE NEW HOUSEHOLDERS' SUPPLEMENT WHICH IS PRESENTED TO THE HOMES

Baldwin Directory Co.

Incorporated

125 MEETING STREET

CHARLESTON, SOUTH CAROLINA

The Greatest Directory Advertising Value

A conspicuous and attractive advertisement can be purchased in any Baldwin directory at an extremely reasonable price. When making up his budget for publicity the wise advertiser will remember the many special features of Baldwin service. He will take into consideration the large home circulation, the convenient arrangement of the display space, the excellence of the printing and binding and the number of times the directory is actually referred to each day of the year.

The primary purpose of the Baldwin organization is, of course, the supplying of accurate and reliable directory information promptly and regularly at the lowest possible cost consistent with good service. For this reason it is possible to price the advertising space far below the amount which would be charged on the basis of value if the book were primarily an advertising medium. *There is no advertising medium in the South today which offers as much actual advertising value per dollar invested as Baldwin city directories.*

**EVERY BALDWIN DIRECTORY MUST CONFORM
STRICTLY TO THE SPECIFICATIONS PREPARED
BY BALDWIN DIRECTORY CO., INC.**

The Baldwin organization is ever on the alert for suggestions and recommendations which may increase the value of its service. At all times it co-operates with the local Chamber of Commerce, Merchants Association, newspapers and commercial organizations. Its work is carefully planned and painstakingly executed.

All information supplied is authentic; a double-check system is used to insure accuracy. Trained census managers and enumerators check and re-check all data which appears in the city directory. The information is secured by a house-to-house canvass of the territory covered.

THE HOUSEHOLDERS' SUPPLEMENT

The Householders' Supplement is carefully prepared to meet the requirements of the home. It contains a complete business directory of the city, a civic section with full-page announcements and photographs of the larger churches, clubs, libraries, schools, public buildings and civic institutions and a list of nationally advertised brands of merchandise with the name and address of the local agent or distributor.

Newspapers, Chambers of Commerce, Merchants Associations and Others Interested in Further Information Concerning Baldwin Directories Should Write to:

ollar - for - Dollar ue in the South

Every advertisement appearing in a Baldwin City Directory will be found also in the Householders' Supplement. The distribution plan for the supplement is thoroughly worked out and each copy is personally presented by a representative of the civic and commercial organizations of the city. The homes receiving copies of the supplement are carefully selected and there is very little dead circulation; almost every copy is referred to daily. *The live circulation of a Baldwin directory advertisement is actually from five to ten times that of an advertisement appearing in an average city directory, and the Baldwin distribution is primarily in the home.*

SPECIAL FEATURES

In addition to all of the regular departments usually found in city directories, Baldwin directory service offers many exclusive features. Some of these are as follows:

1. All home owners are designated in the alphabetical resident directory and also in the street guide.
2. The number of children under 16 is shown after the name of the head of each family.
3. A numerical telephone directory is given.
4. A telephone guide arranged by streets is included.
5. Each nationally advertised brand of merchandise is listed under the proper business classification, with the name and address of the local agent or distributor.
6. Full page announcements, with photographs when possible, of all the larger churches, clubs, lodges, schools, libraries and other civic institutions are included in a special civic section.
7. The directory covers not only the city itself but also the smaller settlements and towns in the territory immediately adjacent.
8. The book is beautifully and durably bound in imitation leather.
9. Directory stands are installed in all public places so that the general public may have access to the directory at all times without cost.
10. An exact census is taken of each community and the directory gives the population.
11. The advertising is conveniently arranged to give the subscriber and the advertiser the best possible service.
12. A Householders' Supplement is issued in each city for the use of individuals in their homes. This gives the Baldwin directory a circulation five to ten times greater than the average directory.

Baldwin Directory Co., Inc.

BALDWIN DIRECTORIES ARE PUBLISHED IN CO-OPERATION
WITH LOCAL NEWSPAPERS AND CIVIC ORGANIZATIONS BY THE
NATION'S FASTEST GROWING DIRECTORY PUBLISHERS

The Asheville Advocate

ASHEVILLE, N. C.

January 1, 1935

Mr. Robert Morton Baldwin
87 Patton Avenue
Asheville, North Carolina

Dear Mr. Baldwin:

I am more than pleased with the public response to the newspaper announcement that 3000 copies of the Householders' Supplement of the 1935 City Directory will be presented to the homes of Asheville and surrounding trade territory by the Asheville Merchants Association. Already they have received several hundred letters requesting that copies of this useful and attractive volume be reserved.

The Householders' Supplement will serve two purposes: (1) It will furnish to the homes a well-arranged book of miscellaneous information and a complete buyers' guide of the city, which will be cherished in later years as a 1935 souvenir of Asheville. (2) It will supply to the business firms a tremendously valuable medium of advertising at a very low cost. It is my opinion that through the supplement you have solved the difficult problem of raising sufficient money to pay for an accurate and complete city directory regularly. Business men are not reluctant to spend money for something of real worth.

I was glad that the Asheville Chamber of Commerce and the Asheville Merchants Association endorsed the Baldwin directory. You have many unique features which will greatly increase the usefulness of the book. I find that most firms are particularly interested in your designation of home owners in the resident directory and also in the street guide, listing of the number of children under 16 in each family, numerical telephone directory and street telephone guide.

The presentation of the supplement at each home by a personal representative of the Merchants Association will greatly increase the public interest in the directory and I am confident that next year we will have thousands of directory enthusiasts among the householders of Asheville. I am more than pleased to be associated with you in the publication of a directory of this character.

Very truly yours,

Publisher

The Asheville Advocate

HHT-HCL

Southern Printing and Publishing Company

CHARLESTON, SOUTH CAROLINA

Established 1853

CREATIVE ADVERTISING is OUR BUSINESS

The creation of ideas to sell by direct mail is featured at our establishment.

We have served thousands of satisfied customers during the many years we have been in the printing business. We have created original ideas which have increased the business of our clients to their entire satisfaction.

Write us today and we will be glad to go into your advertising problems with you.

THE EMBLEM

OF QUALITY

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.

(This Directory of Salisbury is a product of our plant)

Numerical Telephone Directory

1935

Containing a list of telephone subscribers arranged according to telephone numbers. The information listed below was obtained by a house-to-house canvass and is offered for the convenience of subscribers to the City Directory. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the Southern Bell Telephone Company, in order to verify the information contained herein.
