INTRODUCTION

HILL DIRECTORY CO., INC., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1949 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, the second major department, printed on golden-rod paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the name of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

North Carolina State Capitol

GENERAL VIEW

Raleigh is conveniently located on the main highways between the North and South, in the east-central portion of the state, in rolling country, on the fringe of that section of the Carolinas often referred to as the Piedmont.

Raleigh offers many attractions to the person interested in sports. There are four golf courses, a country club, swimming pools, riding trails. The streams and ponds surrounding Raleigh offer a variety of fishing material. The city is conveniently located to the famous fishing and hunting centers of the coastal section.

Raleigh has fifteen hotels serving upwards of 60,000 guests yearly. The rates are reasonable.

Whether one is looking for a central point for distribution, for headquarters or branch-office location, or for some quiet and peaceful place to spend his declining years, Raleigh will have something about it that will please. The town is one of the beauty spots of the state. In Raleigh's business section one will find Colonial architecture surrounded by modern office buildings. Throughout the city are quaint remnants of the old South, interspersed with the modern design of the new South. The people are friendly, courteous and hospitable. Regardless of what one expects of a home town, he will find that everything in Raleigh will fascinate him.

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capital. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This Colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County, in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

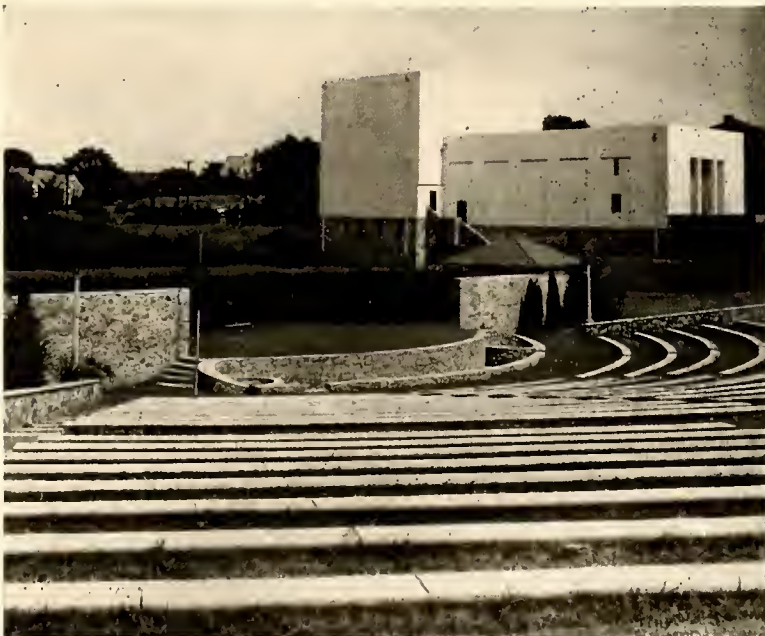

Many visitors in Raleigh are likewise interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

Three points of special beauty in Raleigh are Dix Hill, Country Club, and the Federal Cemetery.

A CENTER OF EDUCATION

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 45 major buildings in the plant. It had an enrollment—constantly growing—of 3,229 in 1945-46. It embraces three schools—Agriculture and Forestry, Engineering and Textile. Also Division of Teacher Education and Basic Division of the College.

Raleigh Little Theatre

Meredith College, a Baptist college for women, was opened in 1897. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music. The enrollment in 1945-46 was 665.

St. Mary's School and Junior College, operated by the Episcopal Church of the Carolinas, was founded in 1842. The highest standards are maintained, with all academic courses fully accredited by the Southern Association. The annual sessions offer the students 35 weeks of classroom work. An average of twenty states are represented in annual enrollment, which, in 1945-46 was 302 resident, day and special students.

Peace, a junior college for women, owned by the Presbyterians of North Carolina, was opened in 1872. It offers standard and general junior college courses, college preparatory course, and special courses in art, music, home economics and commercial subjects. A number of modern buildings have been added recently, and the enrollment has grown rapidly. In 1945-46 it was 310.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

The well-equipped and modern public school system of Raleigh has 17 buildings, including two high schools. There are also three parochial schools.

King's Business College, Hardbarger's Secretarial School, Hoyle's Secretarial School, and Raleigh School of Commerce are well-organized colleges here for business training.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It includes the Bishop Tuttle School and the St. Agnes Training School for Nurses. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant erected at a cost of \$250,000, is located on Highway No. 70, three miles southeast of the city.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The university has 11 buildings. Degrees of A. B. and B. S. are conferred.

CHAMBER OF COMMERCE

The Raleigh Chamber of Commerce is a substantial well-organized and well-represented body with over 1,500 members. The membership co-operates in a wide variety of activities in commercial development. The Chamber added an industrial department in 1947, and now has under way an industrial development program for Raleigh. The Chamber also has a complete information service, with inquiries given careful and prompt consideration, and visitors are always welcome. The main offices of the Chamber are located in the Sir Walter Hotel Building, 17-19 W. Davie Street, and the Industrial Department has its offices at 6 E. Davie Street.

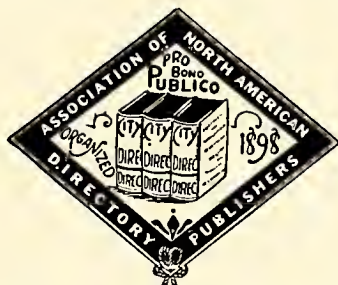

Birthplace of Andrew Johnson, 17th President of the U. S.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

"Home Office, Raleigh, North Carolina"

THOSE words are an integral part of our name . . . and they mean simply that every day, all over the country, people are investing in insurance protection with this growing North Carolina Institution. These people learn that only with Occidental Life can they obtain the exclusive PERFECT PROTECTION feature with their insurance. This feature means that the insured is paid when he is disabled, from the very first day, no matter what the cause of illness or injury may be.

People all over the United States read our advertising, and learn of Raleigh. Of this we are proud, for Raleigh is one of the best places in the country to live and to do business.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Why A *Buyers'* Guide

★It is customary to include a *Buyers' Guide* in the *City Directory* because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The *Buyers' Guide* is a necessary supplement to the regular listings; it is good *City Directory* information...**EXTENDED**

The power of light to sell goods has been demonstrated time and time again in stores throughout the country. People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers attention to certain goods through floodlighting or spotlighting, and its applications to the display of merchandise are almost endless.

The proper use of light is a powerful sales tool . . . a sales tool that you can use with profit in your business.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

● How often you've wished for a Venetian Blind like this . . . *Light* — made of a special aluminum alloy, no heavier than your hand to lift. *Flexible*—bends to fit your brush as you whisk the dust away, then snaps right back to place. *Lovely*—it's satin-smooth plastic finish blends with every color scheme, resists stains and soil. It's the Venetian Blind without a cleaning problem that's proof against the wear and tear of time—rust-proof, wear-proof, warp-proof too, and will not crack, chip or peel.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The Bank Directory

Comprehensively Reported—Conveniently Arranged

Bank data includes officers, directors, latest dated statement, transit number with routing symbol, departments and memberships.

Investment Bankers and Stock Exchanges with memberships are reported at each city location.

Section listing legal reserve Life Insurance Companies with officers, directors and statement.

Sections reporting available information on banks operating outside of the United States.

Each state or section is arranged as a complete Directory, with a tab index to make all data easily accessible.

Publishers

130 Fourth Ave., North, Nashville 3, Tenn.

Largest Directory Publishers in the World

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HILL'S RALEIGH

Directory of Householders, Occupants of
Office Buildings and Other
Business Places

INCLUDING

A Complete Street and Avenue Guide
1949

Copyright, 1949, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Figures following names denote number of persons living at that number.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their perma-
nent homes; readjustment of business to nor-
mal conditions; the great new developments in
civilian life just over the horizon of the future
—these and other things make City Directory
listing a "must" for all business people. Remem-
