Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Wilson Directory since 1908), presents to subscribers and the general public, this, the 1963 edition of the Wilson City Directory.

Confidence in the growth of Wilson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilson to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Wilson, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilson, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilson and vicinity.

The Wilson Out-of-Town City Directory Library

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Summary

Wilson was incorporated January 29, 1849, and is known as "The World's Greatest Tobacco Market," and "The City of Beautiful Trees."

The first tobacco warehouse was constructed in Wilson in 1890. It proved very successful as a convenience to the farmers, as well as a profitable business enterprise for the owners. From the beginning, Wilson proved popular as a tobacco market. That this popularity has increased is evidenced by Wilson's phenomenal growth in this respect. Although a tobacco center, Wilson has other industries that contribute materially to its payroll and welfare.

Aerial View of Business Area of Wilson

Wilson is the county seat of Wilson County, and the largest of ten townships. Wilson County was named for the Hon. Louis D. Wilson, long a member of the Senate, from Edgecombe County and a volunteer in the Mexican War. By the U. S. Census of 1960, the county population was 57,716.

Industries

To trace the background of Wilson's industrial program, special reference should be made to its first industry, established in 1854 under the name of Hackney Bros., engaged in the manufacture of buggies. In keeping with this development, Hackney Bros. discontinued the manufacture of buggies in 1919, reorganizing under the name of Hackney Bros. Body Co. Since that time this company has engaged in manufacturing the latest types of commercial bus and refrigerated bodies. Industrial growth over the years has contributed greatly to the economy of the area. There are now 98 manufacturing plants in Wilson and Wilson County employing some 5,500 persons. Principal products are food, textiles, apparel, lumber and wood, fertilizers, concrete, truck and bus bodies, transportation equipment, agricultural implements, livestock feeds and electronic equipment.

Wilson, World's Greatest Tobacco Market

More than anything else, tobacco has given Wilson an international reputation, for it is "The World's Greatest Tobacco Market."

The Wilson tobacco market has 19 auction warehouses, with a combined floor space of 1,799,135 square feet. These huge one-story buildings are lighted with numerous sky-lights, for quality of tobacco is judged by color as well as by texture and aroma. When the farmer brings his tobacco to the warehouse of his choice, it is placed on shallow baskets with a maximum of 300 pounds to the basket. These are then placed in long rows on the warehouse floor. The auctioneer and the buyers then walk along the rows and each basket is sold individually at the rate of 400 baskets per hour, or a sale every nine seconds. During the season, which runs from mid-August until about Thanksgiving, sales are conducted simultaneously at five warehouses, with at least nine buyers taking part in each of the sales. During the 1962 season, the Wilson market sold 75,899,682 pounds for \$46,607,747.96, an average of \$61.41 per hundred pounds.

Wilson has nine tobacco redrying plants and four plants which pack and ship the green tobacco. These redrying plants are capable of processing 3,000,000 pounds daily and handle tobacco from markets throughout the bright-leaf belt which extends from Florida to Virginia. In these plants, the tobacco passes through the redrying machines that remove all of the moisture and then

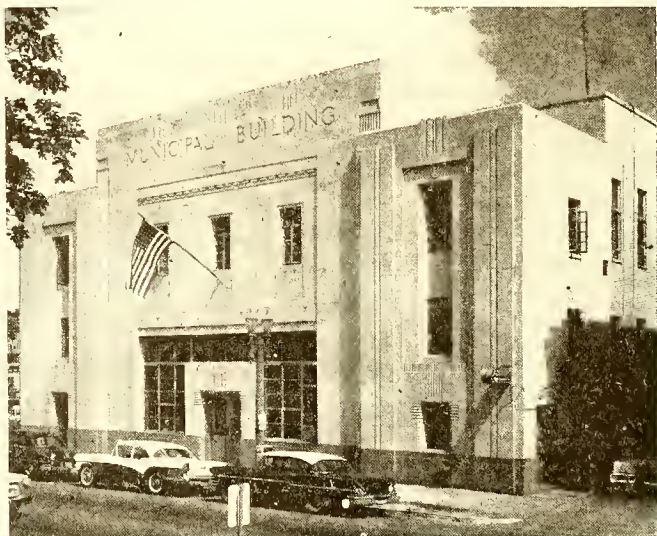

Scene in a Tobacco Warehouse, in America's Largest Bright Leaf Tobacco Market

through a steam bath which raises the moisture content to approximately 11%. It is then packed in large hogsheads holding an average of 950 pounds each. After this processing, tobacco will keep indefinitely. Normally it remains in storage for at least two years before being used in cigarettes.

Agriculture

Wilson is primarily an agricultural county, with about 80% of its income derived directly or indirectly from agriculture. The principal crops are tobacco, cotton and corn. Livestock production is rapidly increasing in importance. In 1959, Swift & Company opened a major meat packing plant, which processes 175,000 hogs, 35,000 cattle, and 35,000 calves annually.

Wilson's Municipal Building

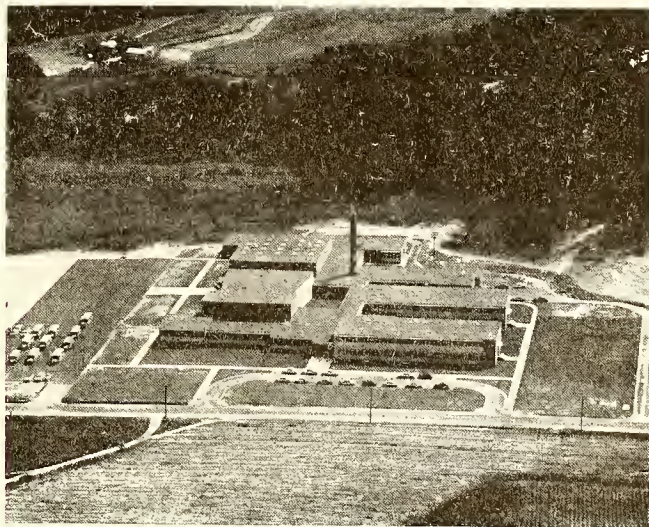

In 1950, Cargill, Inc., world's largest grain merchants, established an elevator in Wilson. It now has a storage capacity of 600,000 bushels. In November, 1954 Ralston Purina Co. established a modern mill capable of producing 100,000 tons of livestock feeds. Nutrena Mills, Inc. recently completed a 100-ton daily plant for the manufacture of complete animal feed formulas.

Location

Wilson is located on the main line of the Atlantic Coast Line Railroad and the Norfolk Southern Railroad. It is served by U. S. Highway 301, the principal tourist route between eastern states and Florida. Other highways serving Wilson include U. S. 264, a major east-west route, and U. S. 117, between Wilson and Wilmington. A network of paved highways connects Wilson with all sections of the country. Due to its geographic location and its accessibility, Wilson is steadily increasing in importance as a distribution center.

Power, Lights, Gas and Water

The electric, gas and water plants and distribution systems in Wilson are municipally owned. The City of Wilson owns approximately 400 miles of electric distribution lines outside the corporate limits. The city electric department serves more than 5,000 rural customers and furnishes electricity wholesale to six other communities. The city utilities, including land, buildings, and distribution systems, are valued at \$15,421,923.67. The electric plant has the latest equipment, with a generator capacity of 27,500 k.w. In addition, the city has a 14,000 k.w. inter-connection with Carolina Power and Light Company, insuring an uninterrupted supply of power. Wilson's water supply is taken from two reservoirs supplied by Contentnea Creek and Toisnot Creek. The 311 square mile watershed has proved adequate to meet the city's needs even in times of severe drought. The filtering plant has a capacity of 10,000,000 gallons a day, to meet present requirements of 4,225,000 gallons daily. A new filtering plant which has a capacity of 4,000,000 gallons per day has just been completed.

Ralph L. Fike High School

Educational Facilities

Wilson and Wilson County have a fine school system, with attractive buildings and an excellent staff. The city system consists of two high schools, one junior high school, and seven elementary schools. Since 1949, over \$2,500,000 has been spent on the construction of new schools in the city system.

Atlantic Christian College, fully accredited, located in Wilson, offers four year college courses to Bachelor of Arts and Bachelor of Science degrees. It

also offers a one-year secretarial course and night school classes in a variety of subjects.

The Wilson Industrial Education Center, an industrial trade school, has been established by the city and county to develop vocations and further the training of craftsmen employed in local industries.

The City of Beautiful Trees

Wilson is known as "The City of Beautiful Trees," and though there are many residential streets in the city with a variety of lovely trees, Nash Street is considered the most beautiful, with Park Avenue deserving special recognition. Over a period of years several geographic and pictorial magazines have written special articles and given particular reference to Nash Street and have designated it as one of the seven most beautiful residential streets in the world. To the students of nature and especially to those who admire beautiful trees, Nash Street is a real attraction. It offers an assortment of trees as follows: pecan, birch, magnolia, walnut, umbrella, liveoak, cypress, hickory, pine, dogwood, and willow oak. On spacious lawns in front of beautiful homes, these trees are found growing amid numerous kinds of shrubbery and many colored flowers.

Howard Chapel; Atlantic Christian College
Center of Advanced Learning

Churches

There are many beautiful churches in Wilson, with the following denominations represented: Baptist, Catholic, Christian, Church of God, Church of Latter-Day Saints, Episcopal, Holiness, Jewish, Lutheran, Methodist, Pentecostal, Presbyterian, Salvation Army, and Seventh-Day Adventist.

Housing

Wilson has one up-to-date hotel with 158 rooms, several boarding houses, numerous good apartment houses, and excellent motels.

Industrial Educational Center

Presbyterian Church; one of Wilson's Many New Churches

Theatres

Wilson has four theatres, each well equipped, and one drive-in theatre.

Radio Stations

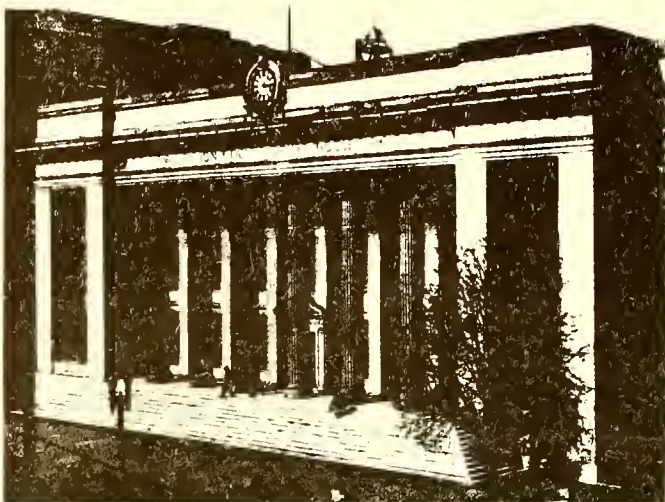

Wilson is the home of Radio Station WGTM (World's Greatest Tobacco Market). This station operates on a frequency of 590 kilocycles. Wilson is also the home of WVOT, which operates on a frequency of 1420 kilocycles, and WLLY, with a frequency of 1350 kilocycles. All three stations have made outstanding contributions to the civic and social welfare of the community.

Television

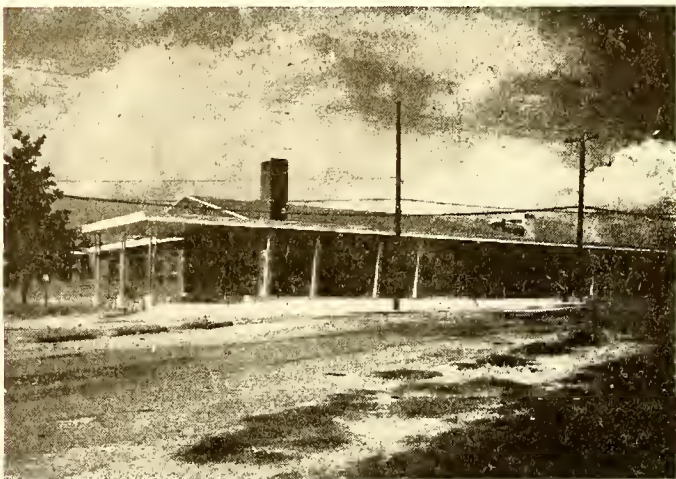

Wilson gets excellent television reception from WNCT, Channel 9, Greenville; WITN, Channel 7, Washington; WRAL, Channel 5, Raleigh; WTVD, Channel 11, Durham; and WUNC, Channel 4, Chapel Hill.

Hospitals

Wilson has three hospitals with a total of 200 beds. The Eastern North Carolina Sanatorium, a state tuberculosis hospital, is located in Wilson. This

Wilson County Courthouse

Wilson's Modern Recreation Center

550-bed hospital serves patients from throughout eastern North Carolina. A mental health clinic is staffed by a full time psychiatrist, a psychologist and two social workers. Due for completion in early 1964 is a county hospital of 250 beds, now under construction.

Recreation

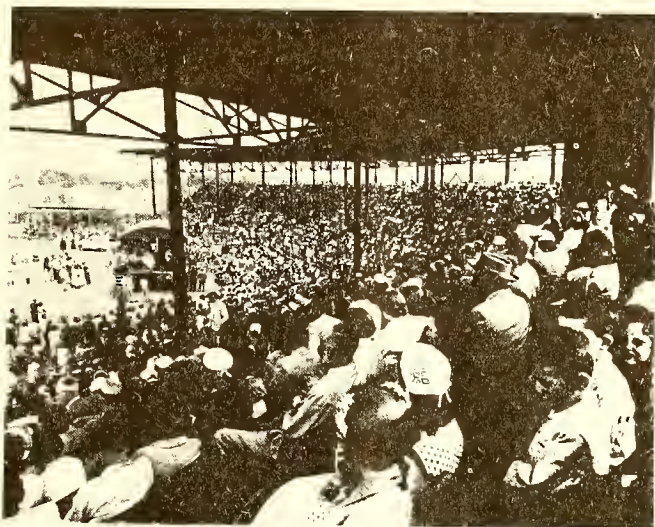

Wilson is well supplied with recreational facilities. These include a modern stadium, with a seating capacity of 3,500, which is used for both baseball and football, as well as other outdoor events. Recreation Park, covering 15 acres, has a large swimming pool, lighted tennis courts, lighted softball diamond, picnic areas, playground equipment and a lighted area for activities such as basketball, volleyball, shuffleboard and other sports. Two well equipped recreational buildings were completed in 1958. There are twelve public parks. The city has a trained staff of full time workers in the recreation department. The Wilson Country Club has an 18-hole golf course, swimming pool and tennis courts.

Library

In 1921, the Department of Literature of the Woman's Club established a free public library in Wilson. Since 1935 the library has been sponsored by the city and county. It is located in a modern building on the edge of the business district and has a collection of approximately 50,000 volumes.

Public Buildings

All executive and administrative offices of the city of Wilson are located in the Municipal Building, constructed in 1940 at a cost of \$127,000. The Wilson County Courthouse, constructed in 1924, is located in the center of the business district.

Scene at Fleming Stadium

Government

Wilson is governed by a mayor and six aldermen who are elected for two-year terms. The administrative head of the city government is a city manager, who is appointed by the board of aldermen.

Retail and Wholesale Trade

Wilson is the retail shopping center for a large agricultural section. In 1962 retail sales in the county totaled \$80,015,000. More than 350 retail establishments are available to serve the needs of the public.

Wilson's Future

It is pointed out by many that Wilson has a bright future, due to its ideal location, transportation facilities, agricultural, and natural resources, all of which are important factors in attracting new industries. It would appear that Wilson is in position for industrial development, and many manufacturers are considering Wilson as a distributing center for their products, as eastern North Carolina can be so well served from this point. Many traveling men make Wilson their headquarters because of the convenience of serving their territory from here. As the "King of Tobacco," Wilson may some day be engaged in the manufacture of many tobacco products. The people of Wilson are thinking in terms of expansion and commercial development and are most optimistic as to their city's future.

Wilson Chamber of Commerce

The Wilson Chamber of Commerce is recognized as one of the outstanding trade associations in eastern North Carolina. During the past dozen years it has been a contributing factor to the progress of Wilson and Wilson County.

The Wilson Chamber of Commerce also serves as a clearing house and general bureau of information. Headquarters for the Chamber are located in its own building at 220 Broad Street.

AUTO LOAN

It's a wonderful feeling to be trading in an old car for a new one. It's a wonderful feeling, too, to know that the new car is being financed as economically as possible. Car buyers who arrange an auto loan at Branch Bank know the feeling of satisfaction that comes with cutting the financing cost to a minimum.

When you buy your new car, ask your friends at Branch Bank to arrange a low-cost auto loan with convenient repayment installments.

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶ Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

- We allow you full trade-in value for all unused mileage in your present tires.
- Pay as you ride on terms so easy there's no point settling for a tire of less quality.

Our Tire Service Facilities
Are As Close As Your Telephone

- Service men who are tire experts.
- Finest service equipment in town.
- Top-Quality workmanship and materials, all with **PROMPTNESS** and **COURTESY**.

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

You Are Paying for Soft Water

WHY NOT HAVE IT?

and enjoy the many benefits **PURE FILTERED SOFT WATER "RUST FREE"** brings to your home?

Plus Commercial and Industrial Accounts . . . No Job too Big or too Small .
SERVICE IS OUR BUSINESS.

HOW CAN IT COST YOU NOTHING?

Here are a few of the answers:

1. **NO INVESTMENT** — You do not pay one cent for equipment.
2. **SOAPS** — You'll save 75% or MORE!
3. **COFFEE** — Tastes better when made with **SERVISOFT** SOFT WATER and you use up to 25% less coffee. Ditto for tea drinkers.
4. **WASHABLES** — Sheets, towels, linens, cottons, nylons — wear up to 33% longer; colors are brighter; whites are whiter. **SERVISOFT** removes iron particles—you'll have no ugly rust stains.
5. **SHAMPOOING** — No special shampoos needed—with **SERVISOFT** soft water you'll get lots of lather and your hair will be soft and shiny. Ask a beautician.
6. **PLUMBING** — **SOFT WATER** eliminates scale, sludge, and mud deposits in pipes, water heaters, cooling jackets, humidifier lines, etc. This means shower heads stay open, faucets don't wear so fast, and drains are always clear. You'll save on costly repairs and replacements.
7. **WATER HEATING** — 1/16 inch of scale in your water heater wastes 10% of your fuel and makes your water heater wear out faster.
8. **FOODS** — Cook quicker in **SOFT WATER** — retain their color and flavor as well as nutritional value.
9. **DISHWASHING** — Cut your soap usage 75%. And the big benefit—glassware, silverware, china—dries without spotting. Soft water is the answer to the spotting problem encountered with automatic dishwashers. Grease and scum do not form in the sink and dishpan—you'll save on cleansing powders.
10. **COSMETICS—SKIN CARE** — Soap curd, calcium salts and other impurities that clog pores are eliminated by **SOFT WATER**. Skin irritations are eliminated too. The saving? Hand creams, astringents, cleansing creams, lotions—won't be needed. Your skin will be soft and clean. For the little folks — **SOFT WATER** helps prevent irritation and infection of the skin.
11. **SHAVING** — You'll need less soap and get more lather. No razor pull. Blades hold their edge longer. Your whiskers will be softer and easier to cut with your electric shaver. No after-shave lotion needed.
12. **TIME** — "Time is money." Everything you do with water, you'll do faster and easier with **SERVISOFT** soft water.

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

"To Serve Your Family Better"

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

Published in Cooperation with United States Secret Service Treasury Dept.

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

- Learning new sources of supply.
- Keeping up with known sources of supply.
- Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

- Locating new markets.
- Maintaining up-to-date mailing lists.
- Analyzing the buying power of a community or street.
- Routing salesmen to avoid lost motion in reaching prospects.
- Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
- Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE (*and Collections*)

- Running down delinquent debtors.
- Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
- Identifying persons of same or similar names.
- Investigating cases in welfare, charitable, social service and legal work.

DELIVERY (*Communication, Mailing, Etc.*)

- Routing deliveries.
- Reducing dead letters and insuring more complete delivery of mail.
- Effecting delivery of messages and parcels erroneously or defectively addressed.
- Correcting names and titles.

LAW ENFORCEMENT (*Criminal Detection and Apprehension*)

- Tripping bad-check passers.
- Deciphering illegible signatures.
- Guarding against habitual bill dodgers.
- Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

CONSULT YOUR DIRECTORY FIRST

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE

4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "©"—Homeowner.

HILL'S WILSON

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1963

Copyright, 1964, by Hill Directory Company

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS, TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL © FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
