READ THIS, YOUNG MAN!

At the age of sixty, 95 per cent. of men are dependent upon their daily earnings or on their children for support—a distressful situation; for there is nothing sweeter to old age than independence.

If you do not save while young and strong, you may suffer want when you grow old and weak.

Deposits Made in this Bank Earn Four Per Cent.

Interest per annum compounded quarterly, and you are invited to become a regular depositor during your harvest period, so as to be ready for the drought of old age.

PREFACE

Furnished by the
CHAMBER OF COMMERCE.

Wilson is the center and metropolis of a vast territory that is being rapidly developed; in which there are no large cities. In the Wilson territory are located scores of prosperous, rapidly developing small cities and towns.

Location—Wilson is located in the heart of Eastern North Carolina, the garden spot of the world. It is on the mail lines of the Atlantic Coast Line and Norfolk-Southern Railroad Companies with twenty-six passenger trains daily. These railroads travers every part of the State, therefore, Wilson is the home of a great number of traveling men. Wilson, on account of its location, is the logical point for distributing houses and jobbers in this section of the State, and is rapidly forging to the front along those lines.

Population, Size—Wilson city population for 1920 government census was 10,612; including suburban population 15,000. The population of Wilson County is 38,000. The citizenship of Wilson County is practically 100 per cent American, there being only 62 foreign born white persons in the county. The population has increased thirty-five hundred in 1900 to the above figures in 1920.

Climate—Wilson is a delightful place to live in, the winters are mild and the summers pleasant. The climate of Wilson according to statistics for the past five years gave 295 days out of the year which can be used for outside work.

Government—Wilson is governed by a Mayor and Board of Aldermen of five, one from each ward, who hold their office for two years, and are elected by the people.

Educational—Wilson has an excellent system of free pub-

lie schools. In 1922 the erection of the finest high school was started, and will be finished this year. Wilson County has the most modern system of rural consolidated schools in North Carolina and its system has been adopted by the State Board of Education as a model for the other counties, every township, of which there are nine in the county, now has a modern two story brick school-house. Wilson is the home of the Atlantic Christian College, the largest class A college in Eastern North Carolina. Wilson County was the first county in the State that voted a special county school tax.

Valuation—Wilson assessed valuation for 1920 was \$19,500,000.00. The total valuation, real and personal for Wilson County in 1920 was \$48,000,000.00.

Taxes—1922 city tax rate is 58 cents on \$100.00; 1922 county tax rate \$1.19 on \$100.00.

Land Values—Number cleared acres in county, 101,669; valued for tax at \$16,103,945.00; average, \$158.40 per acre. Number acres pasturage, 5,690; valued for tax at \$295,800; average, \$51.98. Number acres woodland 43,763; valued for tax, \$1,909,817; average, \$45.51. Number acres timber land, 87,950; valued for tax at \$4,911,754; average, \$54.80. Total acreage in Wilson County, 236,079; valued for tax at \$23,212,316; average, \$92.38 per acre.

Fire Department—Wilson has a modern and efficient motorized fire department.

Post Office Receipts—Post office receipts, 1921, \$50,000.

Hospitals—Wilson has three white and one colored hospitals.

Public Utilities—Municipal ownership of water, gas, electric lights, power plant and sewerage system.

Banks—Wilson has six banks with a total capital and surplus of \$1,235,455.00. Resources, \$7,200,000.00. Wilson has two Building and Loan Associations and a Morris Plan Bank.

Hotels—Wilson has four hotels with 400 rooms—New Cherry, New Briggs, Imperial and Carolina. Wilson can entertain with ease the largest conventions that are held in the State, and is getting to be known as the Convention City of Eastern Carolina.

Newspapers—Wilson has two large daily papers and one

PREFACE—Continued.

semi-weekly. The Zion Landmark, the official paper of the Primitive Baptist Church, is also published in Wilson.

Public Library—Wilson has a modern Public Library that is under the auspices of the Womans Club.

Churches—Wilson has churches of practically all denominations.

Chamber of Commerce—Wilson Chamber of Commerce is one of the leading commercial organizations of the State and takes a special interest in all traffic and transportation matters that effect the shippers and receivers of freight in North Carolina.

Clubs—Wilson has a modern Country Club with golf course.

Organizations—Wilson has a live Retail Merchants' Association, Woman's Club, Professional and Business Women's Club, Kiwanis Club, Rotary Club, Lion's Club, as well as other various organizations.

Industrial—Wilson offers exceptional opportunities to manufacturers due to railroad facilities splendid labor and living conditions cheap freight rates and contented citizenship. Wilson has more than 300 stores, both wholesale and retail, covering every line of business. We are continually fighting freight rates so as to make Wilson more attractive to distributors and we have succeeded in eliminating the advantage the so-called Virginia cities had over us for the past forty years, there is no advantage for a jobber doing business in Eastern Carolina to be located in Virginia, in fact, he is at a disadvantage. Wilson has largest wagon works in the South. Three fertilizer factories. Two cotton oil mills. Three cotton and knitting mills and various other industries.

Tobacco—Wilson, North Carolina, the logical distributing center for Eastern North Carolina, is now the largest loose leaf tobacco market in the entire world, a fact that every citizen is proud of, and was brought about for the reason that the warehousemen and buyers here have always played fair and honorable with the tobacco growers, every grower ing that sales are going on in four warehouses at the same be given a square deal here, and that his tobacco will bring the highest prices.

The first sale of leaf tobacco, and that at public auction, the method by which we are still selling tobacco and will continue to sell tobacco, it being the fairest way for both seller and buyer, took place on Tuesday, September 10, 1890. From a small start in a building holding 50,000 pounds, Wilson has grown to a market with six immense warehouses with a capacity of over 1,000,000 pounds daily, and this year the tobacco companies have furnished four sets of buyers, meaning that sales are going on in four warehouses at the same time. Wilson is the only market in the world that requires that.

Practically every dealer in leaf tobacco in the world has buyers on the floors of the Wilson market. Immense plants for handling the tobacco have been erected by the Imperial Tobacco Company Ltd., of England, Export Tobacco Company of England, Wilson Tobacco Company, R. P. Watson & Company, R. J. Reynolds Company, J. E. Hughes Company, W. T. Clark & Company, American Tobacco Company, Liggett and Myers and Monk & Company.

Sales record for 10 years:

1918	37,815,278	36.03
1919	42,330,596	53.67
1920	62,204,960	21.61
1921	42,864,162	28.38

Farming—From a geographical standpoint Wilson County is most admirably situated. Being in the extreme upper edge of the Coast Plain District, and just at the edge of the Piedmont section, it has many of the advantages of both. That is to say, it is rolling enough to take care of the drainage very well, and does not have the cumbersom hills, which are a serious handi-

cap to the farming industry. On the other hand, it is a desirable distance from the Tidewater region, thus giving it a healthful medium, dry climate, with abundant rainfall for agricultural crops. Its soils are of the sand loam type with slight desirable variations.

Wilson County is situated in the center of the bright leaf tobacco belt, which gives it prominence throughout the world. It has also the distinction of being in the center of the highest cotton producing section per acre in the world. Wilson county soils are well adapted to the raising of corn, hay, potatoes, legumes of many varieties, peanuts, oats, rye and various and sundry kinds of fruits, vegetables and live stock. The farmers of Wilson County plant on an average of 29,500 acres of cotton, 33,000 acres of corn and 16,500 acres of tobacco yearly.

Wilson and Wilson County offers many opportunities to the manufacturer and home seeker, and specific information will be gladly furnished upon request by
