The Grand Master delivered his annual address, which was referred to Bros. M. Bowes, H. E. Colton, and M. F. Arendell, as the committee thereon.

BRETHREN :

Faithful to the principles of our noble Order, and prompted by a disposition to maintain them in the vigorous exercise of their divine mission, we have assembled around our common altar to sum up the results of another year's labor, and, by the experience of the past, to provide, by wise and prudent counsel, the means by which we may correct past errors and be enabled to meet the diversified and increasing responsibilities of the future. And to this end let us look to that "Infinite source of mercy and goodness, to whom gratitude for all that has prospered and blest our Order during the year that has past, as well as trust and hope in the time to come that the feelings of reliance upon Divine Providence may continue to increase in their intensity, commensurate with the increase of our responsibilities."

Brethren, the past year has been an eventful one. Many have been the perplexities and difficulties with which I have had to contend; the total suspension of the mails has given great trouble and inconvenience. Had it not been for faithful carriers throughout the State I would have been completely cut off, even from the city of Raleigh. Many communications, written last Spring, reached me a month ago. I answered every communication promptly, but am fully satisfied that the greater part of them

have not yet reached their destination. All the Lodges in the track of General Sherman's army, except in the towns where guards could be had, have suffered greatly; Lodges broken open, jewels and charters stolen, furniture destroyed, or so much injured as to be valueless. I have granted four special Dispensations to these suffering Lodges, so as to enable them to exercise their chartered privileges until duplicates could be furnished by this Grand Lodge. I have also granted nine Dispensations for the opening of new Lodges. Many applications have been made for Traveling Warrants, but, being deficient in the necessary requirements, I declined to grant them. So far as I have been able to judge harmony pervades our jurisdiction; this I look upon as the best evidence of the prosperity of the craft.

Brethren, we are called upon to mourn the death of our much esteemed Junior Grand Warden, Bro. D. H. Stephenson, which sad event took place last Spring. I recommend that a special committee be raised to take the subject under consideration, so that we may not withhold from his memory that expression which the exemplary life and character of the noble dead demand.

We have assembled at this time, brethren, prompted both by duty and inclination, to surmount all obstacles and be ready to unite most cordially in our "labor of love." Who will not admit that it is ever pleasant to act in the line of duty, especially when that duty harmonises with the promptings of our warmest impulses? Then we are here because we love the Order proposed to be served, and because it is gratifying to commune with kindred spirits on kindred subjects, If there be a place on earth where a member of our art should feel freedom and delight, that spot surely is in an assemblage of brethren, where all unite in harmony to push on the column of our enlightened benevolence, with a determination never to cease until the utmost verge of civilization shall find suffering humanity cheered by the Heaven born principles of brotherly love, relief and truth. We should be careful, however, to pursue the line of an enlightened judgment, which ever teaches us not to sacrifice masonic intelligence to masonic feeling. Most truly has it been remarked that "steam may propel, but cannot guide a vessel in its mystic path across the ocean." Zeal is right and proper in its place, but wisdom is profitable to direct and to equalize, for "knowledge is power" in masonry, no less than in affairs of church and State. Should we pause a moment to contemplate the excellencies and peculiarities, as well as the probable permanency of Free Masonry, it is quite natural to recur to its antiquity and the purity of its unselfish benevolence, and in order to do so, it is manifest that if we desire to advance beyond the porch, we must study

not only the ritual, but the science and literature of the Order. I earnestly recommend to the subordinates in this jurisdiction the establishment of a library in each of the Lodges, and would urge upon each individual brother ever to be on the voyage after *truth* and *knowledge*. The reasoning powers of man are ever active and fitted for generous and enlarged ideas, and it should be, as masons, our great duty to find out our peculiar natural bias, and, having discovered it, give it proper culture. It is undoubtedly the fact that arts and sciences are not, and cannot, in the nature of things, be instantaneously attained, and it is therefore by study, contemplation, diversity of conversation, and an investigation of a variety of objects that our judgments are correctly informed, so as to enlarge our knowledge of things; it is cultivation that enlarges the intellect and fits it as a matrix for the birth of those nobler truths which find in the bosom of ignorance no abiding place. And thus it is with masonry; as we cultivate it as a science its objects become extended; as our knowledge of it increases, new lights burst forth from its inmost recesses, which to the inquisitive mason, burn with bright effulgence, but to the inattentive and unsearching, are but as dim and fitful gleamings, only rendering darkness visible.

Let each brother ask himself the question: have I studied the hidden beauties and excellencies of the Order? Have I explored the history and traced out the origin and erudite meaning of the symbols? Or have I supinely rested, content with the knowledge I received at the pedestal? If so, you are not prepared to find in our royal art those lessons which adorn the path of life, and cheer the bed of death. But, my brother, if you have ever felt a desire to cultivate the internal philosophy of masonry advance in those rarely trodden paths; the *labor* of such a pursuit is itself *refreshment*, and the reward great. Fresh flowers will bloom at every step, and the prospect on every side is so filled with beauty, that, ravished at the sight, you will rush on from fact to fact and from truth to truth, until the whole science of masonry lies before you, invested with a new form and sublimity. "As the eye is not satisfied with seeing, nor the ear filled with hearing; as hunger and thirst, though they are daily gratified, daily return," so the desire of knowledge, though it is delighted with the discovery of every new truth, yet still seems to yearn after somewhat further—after a higher perfection—after a happy hereafter, that we may be perfect in knowledge, that we may be fully enlightened. Then our speculations become more than a pleasing amusement, by being also a mental improvement—a practical benefit to others as well as ourselves. The mason, in working out the problem of his mission, "walks onward, ever onward, to the goal of perfection, is never *off*, but is con-

tinually advancing *from* lower to higher, always travelling out of the sphere in which he is, onward and upward to a better—the “*point within the circle*” being his aim.

J. McCORMICK, G. M.

The Grand Secretary presented the following as his annual report, which was referred to the committee on his books and report.

TO THE M. W. GRAND LODGE OF NORTH CAROLINA:

The wheels of time have brought around another masonic year, and you have been again permitted to assemble in Grand Lodge to deliberate upon, and to transact such business as will doubtless result to the prosperity and well being of the Fraternity of which you have the exclusive management and control.

Not doubting but we are all believers in the truths of an unerring christianity, we should, with grateful hearts, return our warmest thanks to that Almighty Being who rules the destiny of nations, for the return of peace, and the termination of the bloody and disastrous war in which we have been so recently engaged. The rattling of the musketry, the sound of the bellowing cannon, and the trampling of the horseman have ceased to excite and alarm us.

The shock of arms and the shout of battle are no longer heard in our land, “swords have been beaten into ploughshares, spears into pruning hooks,” and peace, good order and tranquillity have been substituted for bloody strifes and conflicts, and we are again permitted to dwell in our homes, undisturbed and free from all harm and danger.

In referring to the business connected with my office, it has been my misfortune to contend with considerable difficulty and disappointment in getting the proceedings of your last annual communication printed for the use of the subordinate Lodges.

At the usual time I placed them in the hands of Bro. A. M. Gorman, but he dying soon after, but a small part of the work was executed by his agent in consequence of the Federal army taking possession of our city. I then made application to the *Record* office, but failing there from unavoidable causes, I applied to, and had the work finished at the *Standard* office, and I supplied the subordinates with as many of the proceedings as the mail facilities and private opportunities would permit me.

I regret exceedingly that obstacles were thrown in my way by which I was prevented from discharging my *whole* duty, but I feel assured that the Grand Lodge will release me from all blame and censure, and join me

in the opinion that frail human nature has neither the power nor ability to accomplish impossibilities.

I have received and paid into the Grand Treasury the sum of \$2,314.50, for which I have the Grand Treasurer's receipt. Nine Lodges were chartered at your last annual communication; their names and location will be found on page 33 of the proceedings.

During the year several Lodges have been organised by dispensations, and they will, I presume, apply for and obtain charters to enable them to work in a regular and constitutional manner.

Others that were compelled to discontinue their regular meetings during the war, and those which had their charters destroyed, will doubtless apply for their renewal to empower them to commence their regular work in the masonic vineyard.

At this point it may not be improper to call your attention to a matter in which some of the Lodges are more or less concerned.

I have charged the Lodges with the full amount of their dues as if they had been regularly at work, but I would respectfully enquire if those that were compelled to close their doors and discontinue their regular meetings, are liable to pay dues for those suspended years? You will doubtless do ample justice to those Lodges, and act in the premises as you may conceive most advisable and proper for their future benefit.

X The door for an interchange of fraternal salutations with our sister Grand Lodges has again been opened, and through the mails which have been re-established, I can present you with the proceedings of the following Grand Lodges: Illinois, Missouri, Maryland, Indiana, Maine, New York, Massachusetts, Wisconsin, Vermont, Kansas, Connecticut, a bound volume of the proceedings of Iowa, from 1859 to 1863 inclusive, also for 1865—and Calendar of the Grand Orient of France, the proceedings of a convention to organise a Grand Lodge in the new State of Nevada, Colorado's autographic letter with some others, giving the election of their Grand officers. †

These proceedings of our sister Grand Lodges contain a large amount of masonic matter which will be placed in the hands of the committee to be appointed to examine and report upon their valuable contents.

I have reciprocated these fraternal courtesies by transmitting a copy of our last proceedings to these Grand Bodies.

I cannot close this report without expressing the pleasure and gratification I feel in again meeting you around our fraternal altar, and again to return you my sincere thanks for the many favors and acts of kindness received from your generous and benevolent hands, for which I shall long remember with profound gratitude; and when we reflect upon the uncer-

tainty of life and the certainty of death, we may with much propriety conclude that *we* who are now assembled in this our *earthly* house shall not all meet again, and under this impression let us so *live* that we may be prepared for our departure from *this* to a happier state of existence; where we shall *live for all time* in the enjoyment of unsullied happiness and bliss.

All of which is respectfully submitted.

WILLIAM T. BAIN, Grand Secretary.

The proceedings of the Grand Lodges of Texas, Florida, and Canada have been received since the close of the Grand Lodge, and Nevada has held its first Grand communication, and has sent us a copy of its proceedings.

The amendment was agreed to and the resolution as thus amended was adopted.

Bros. H. E. Colton and Alfred Martin, P. G. M., were appointed as said committee with the Grand Master.

Bro. J. B. White introduced the following preamble and resolution, which were, after considerable discussion, adopted:

WHEREAS, Doubts have arisen as to the right of the Grand Master to make Masons at sight,

he have the right

Be it therefore Resolved, That the decision of this Grand Lodge, at its communication of 1851, is hereby affirmed.

The Grand Lodge was called from labor to refreshment until 7 o'clock this evening.

TUESDAY EVENING, 7 o'clock, }
December 5th, 1865. }

The Grand Lodge was called from refreshment to labor.

Bro. W. F. Collins, P. G. M., appeared in the Grand Lodge and took his seat.

Bro. W. A. Wood appointed Bro. W. D. Faucett his proxy for Alamance Lodge, No. 133, for the remainder of the present communication.

Bro. E. G. Reade, from the committee appointed to investigate and report upon the alleged organization of a Lodge of Negroes at Newbern, N. C., submitted the following report, which was read and unanimously adopted :

The Most Worshipful Grand Master called the attention of the Grand Lodge to the following article from the *Anglo-African*, published in New York, to wit :

"Past Most Worshipful Paul Drayton, of the National Grand Lodge, is about to resume his labors in the South, under the authority of the Most Worshipful Grand Lodge of the State of New York. He will leave this city in a few days, to dedicate and constitute Union Lodge, in the city of Charleston, S. C., and a King Solomon Lodge in Newbern, N. C., and is also vested with full power to organise lodges throughout the southern portion of this country."

And attention was called also to the following article in the *Newbern N. C., Daily Times*, to wit :

"There is, in this city, an organization called King Solomon's Lodge No. 1, A. F. M., composed entirely and exclusively of negroes. It was established here some weeks ago. If it was done for the purpose of degrading masonry the joke falls harmless ; but if, as the paragraph above given indicates, (the extract from the *Anglo-African*,) there is a determination to confer upon the negroes of the South the rights and benefits of this ancient and honorable Order, we look upon it as a gross insult, which the Grand Lodge of the State of North Carolina should strongly protest against."

And thereupon the undersigned were appointed a committee to inves-

tigate and report upon the subject. And the undersigned, having had the matter under consideration, submit the following report :

The committee have been unable to learn anything more of the facts than appear in the extracts above. If those facts be true, the Grand Lodge of N. Y. has sent an agent into the Southern States, "with full power to organise lodges throughout the southern portion of the country."

Now upon the supposition that such lodges are to be composed of members worthy and well qualified, the inquiry would still be, "what right has the Grand Lodge of N. Y. to organise lodges within the jurisdiction of other Grand Lodges?" The committee are of opinion that there is no such right. And, if insisted upon, this Grand Lodge would consider as clandestine all lodges thus established.

The committee, anxious to find something which would relieve our brethren of N. Y. from what seems to be a breach of that courtesy which so much distinguishes masonic intercourse, have hope, that it may turn out to be true, that there are still remaining in different portions of the South, N. Y. troops, and that the purpose is simply to organise military lodges among such troops. If such be the purpose the committee concede its propriety. And, so far from complaining, would feel gratified that our brethren who are absent from their homes and local lodges, should have the advantage which masons so much desire, of organised communications.

But the committee are constrained to say, with much concern, that the impression made upon them by a careful consideration of the aforesaid articles is, that the purpose is not to organise military lodges, but to "organise lodges throughout the southern portion of the country" generally, and especially *negro lodges*. And this gives to the subject the gravest character.

The committee do not, in the abstract, question the propriety of making masons of negroes. Our anciens landmarks are that he that be made a mason, must be able in all degrees; that is, free-born, worthy, and well qualified. It is not necessary that the candidate should be a white man. We teach that in every clime, and among every people masonry has existed. And to every human being our benevolence extends. But propriety, conformity to government, and, reasonably, to religion, and to manners and customs, have distinguished our Order. Our communications are often breast to breast, mouth to ear. Fellowship, in the sense of the most perfect equality, intimate relationship, and close communion, is the chief characteristic of our intercourse. We have our reasons for excluding females, minors, old age, irreligious libertines, the

mained and disabled, the ignorant, the immoral and the profane. So important is this principle of perfect fellowship, that, although a lodge were composed of a thousand members, one single member may exclude a candidate with whom he cannot have this perfect fellowship.

If masonry exist in Africa, and white men were, for any cause, excluded from the intimate relations which we have described, it would be unwise to thrust white men upon the fraternity in Africa. It would be very proper to inaugurate measures to remove the prejudice, but, without such removal, to set it at defiance, could have no other effect than to destroy masonry. So, here in the South, while there is no prejudice against the negro as such, yet, there is such prejudice against assuming the intimate relations of masons, that, to admit them to our Order, would be, inevitably, to destroy it. Many reasons might be urged why it is so ; but it is sufficient to know that the fact exists. And, while the fact exists, the introduction of negroes into our Lodges would obliterate masonry from the South.

We know that masonry is not only close in fellowship, but it is perfect in morals, and intricate in science. And, we know that the negroes of the South are wholly incompetent to embrace it. They are ignorant, uneducated, immoral, untruthful, and, intellectually, they are more impotent than minority or dotage—both of which we exclude. It would be rare if any locality could furnish the requisite number of sufficient capacity to open a lodge. Therefore, to have lodges exclusively of negroes, would be dangerous to the high character of our Order. And, to associate them in lodges with our white brethren, would be impossible.

It is only as masons that we have considered this subject, and we hope that it is only as masons that our New York brethren will consider it. While masons conform themselves to governments, and, reasonably, to manners and customs, yet they swerve not from the great object of universal good. They are not at all influenced by partisan strife, or sectional jealousies. Yet we fear that our Northern brethren are in gross error, as to their masonic mission to the South. Why should the mission be to the *South*? Why not to the negroes of the North? We fear that they are unconsciously imbued with the spirit of fanaticism ;—that they have unwholesome dreams that they are better than we. And we do allow ourselves to rest in the conviction, that we are more devoted to the best interests of the negroes of the South, than they can possibly be. They were born in our families : we have nursed them in sickness ; labored with them in the field and in the shop. We have rejoiced with them when we had much, and suffered with them when we had little ; we have protected them because they were weak, and advised them be-

cause they were ignorant. We have made them better than Africans, and nearly equal to our northern brethren—themselves being judges—and, but for fanaticism, doubtless many of them would have been worthy of masonic privileges. Our earnest desire now is, still further to improve their condition. We would educate them, improve their habits and manners, and make them industrious and provident. But, under some strange hallucination, our northern brethren suppose that we are enemies of the negro, and that they are his friends. And they spare no pains to make that impression upon the negro, and thereby destroy his confidence in us. When, and how, did their friendship manifest itself? Was it when they caught them in Africa? Was it when they sold them to us as slaves, instead of liberating them in the north? Was it when they refused to allow them emigration to the new and fertile lands, and wholesome climate of our boundless territory? Is it when they exclude the few that remain at the north from every decent and profitable employment, to live in the filth and eat the garbage of the city sewers? For be it known that of the few they have in the State of New York 13,000 are in the city of New York, and how many upon Broadway? And be it further known that in A. D., 1800, there were 40,700 negroes, (of whom 30,000 were slaves,) in the State of New York, and in A. D., 1820, there were but 39,200? What became of the 1500? And why was there no increase? In the same time their white population increased from 500,000 to 1,300,000, in round numbers. Why did not the blacks increase also three for one? Why were there not 100,000 more, instead of 1500 less, of the black population? How many of them were made masons? How many died of scorn and neglect? How many were driven off by oppression? How many sold into slavery? In A. D., 1800, there were 140,000 negroes in North Carolina, of whom 7,000 were free. In A. D., 1820, there were 220,000 negroes, of whom 14,000 were free. How favorable the contrast for North Carolina. And now they are all free. And, if their condition is better than when in Africa or New York, it is because we made them so. Our northern friends did not. They so oppressed them that there was no increase! With us they increase as we increase. They sold them into slavery, we emerge them into liberty. They treated them worse than brutes; we have made them not quite fit for masons. Why will not our Northern brethren let them alone? For what new mischief would they smirk and smile around them? Are not the bayonet and the dollar and the trinket potent enough to enable them to effect their new cotton enterprises with the negro? Must they prostitute the sacred rites and tenets of masonry to sickly fanaticism; or to the illegitimate thrift of the capitalist on the one hand, or of the degra-

dation of the negro on the other ? Is there no hole or corner of the earth where the African can be free from their persecutions, by capture when wild, and by deception and oppression when tame ? If they would *catch* them again let them use the lasso in the jungles of Africa, rather than the masonic cable tow in North Carolina.

Would our Northern brethren go into the wilds of Africa and make masons of savages ? Why not ? Because they are not worthy and well qualified. If they are better qualified here than in Africa, it is because we have made them so. Our New York brethren did not. If they are not yet equal to the requirements of our Order, may not we be entrusted with their further development ? May it not be left to us to determine when they are sufficiently developed ? Do we not know them better, and love them better ? And is not our benevolence towards them, which has been purified by the unrestrained associations of childhood, and by the sorrows and joys of life, greater than the pinched up, stingy, stilty, blatant philanthropy of presumptuous meddlers ?

The committee recommend the adoption of the following resolutions :

Resolved, 1. That the Most Worshipful Grand Master be requested to correspond with the Most Worshipful Grand Master of New York in regard to the reported organization of negro lodges in North Carolina, and earnestly to remonstrate against the same.

Resolved, 2. That this Grand Lodge will, and the fraternity in North Carolina are instructed to regard all such lodges as clandestine, and the members thereof as spurious.

Respectfully submitted.

Bro. H. E. Colton, from the committee on the Grand Master's Address, submitted the following report, which was read and adopted :

The committee to whom was referred the annual communication of the Most Worshipful Grand Master have had the same under consideration and beg leave to submit the following as their report :

Your committee would respectfully recommend that portion of the Address which refers to the death of our worthy Junior Grand Warden, Bro. D. H. Stephenson, and that a committee of three be appointed to draft suitable resolutions on the life and conduct of the noble dead.

We heartily concur with the Most Worshipful Grand Master in his re-

commendation for the establishing of libraries in each of the subordinate lodges in this jurisdiction.

There are many points which are of great moral excellence set forth in the Address, but which do not require any particular notice at our hands.

But we cannot refrain expressing our admiration of that portion of the Address which refers to the study of the hidden beauties and excellencies of the Order, and to which we call the attention of every brother within this jurisdiction.

Your committee feel that they have but discharged the duty assigned them in an imperfect manner, and, in conclusion, beg leave to add their testimony to the high tone and great moral worth of the Address of our Most Worshipful Grand Master as a document every way worthy of the high position in which your confidence has placed him.

All of which is most respectfully submitted.

HENRY E. COLTON,	
M. F. ARENDELL.	

Bro. T. M. Gardner, from the committee on Charters and Dispensations, submitted the following report, which was read and adopted :

TO THE M. W. GRAND LODGE OF NORTH CAROLINA :

The committee on Charters and Dispensations beg leave to report :

That they have examined the Special Dispensation granted to Mingo Lodge, No. 206, whose charter was destroyed by the Federal army, and recommend that a charter be granted that Lodge.

We also recommend that Charters be granted to the following Lodges now working under Dispensation :

Corinthian, Wm. T. Bain, Gunter, Lenoir, Anchor, Cokesbury, Mount Sion, Mystic Tie, McCormick and Henderson.

Atlantic Lodge, now working under Dispensation, has not returned the Dispensation to this Grand Lodge according to law, but has submitted a record of their proceedings, together with a copy of their by-laws, which we have examined, the brother promising to send the Dispensation to the Grand Secretary immediately on his return. We recommend that a Charter be granted said Lodge.

The Charter of Archer Lodge, No. 165, having been destroyed by the Federal army, we recommend that another be granted.

A petition, praying this Grand Lodge for a Charter for the purpose of reviving Germanton Lodge, has been before your committee, but as a new Lodge has been established within five miles of where they propose to

revive said Lodge, we recommend that the prayer of the petitioners be not granted.

They have examined the records and by-laws of Johnson Caswell Lodge, No. 10, now working under Dispensation and recommend that it be revived under its original Charter.

We also recommend that a charter be granted to Wiccacon Lodge.

There is a Lodge working under Dispensation at Pikeville called Corinthian, whose records and by-laws we have examined and find them generally correct. The committee, however, are constrained to say that this Lodge have made too many cases of emergency, yet, as we believe this Lodge to be composed of good and true masons, who wish to observe all the laws of this Grand Lodge, we recommend that a Charter be granted to them by the name of Nahunta Lodge, to be located at Nahunta, Wayne county. We recommend the change in name and location by the unanimous wish of the brethren of this Lodge as represented to us by the Master, and also because the Grand Lodge chartered a Lodge at this communication by the same name that this Lodge now bears.

On examination of the proceedings of these new Lodges we find that most of them have elected and installed officers, and elected members who have demitted from other Lodges and committed other irregularities too numerous to mention.

In conclusion we would remark, for the benefit of Lodges under Dispensation, that they have no rights, except to make masons and adopt a code of by-laws for the government of their Lodge.

All of which is respectfully submitted.

The petition of W. W. DAVID COBB,	

December 5, 1865.

The committee appointed to prepare suitable resolutions on the death of our late brother D. H. Stephenson, Grand Junior Warden, presented the following "tribute of respect," which was unanimously adopted:

WHEREAS, It has pleased the Supreme Grand Master to remove our "Column of Beauty" to adorn the Celestial Temple above, and while we, as a Grand Lodge, bow in humble submission to the Almighty Power which has deprived us of so important a pillar in our earthly temple, we feel that more than a passing tribute is due to the memory of our beloved Junior Warden, brother David H. Stephenson, whose loss we are called on to deplore.

Possessing a good mind, a retentive memory, and a fervent zeal for our institution, he applied himself, with unflagging industry, to the study of our art, and at the time of his death was one of the brightest lights which shone in the masonic galaxy of North Carolina.

He was noted for the virtues which should characterise every member of the fraternity, and was highly esteemed by those who knew him. He felt that "his virtue, honor, and reputation were concerned in supporting with dignity the character of a Master Mason," and it was his constant care to preserve, and see preserved, the ancient landmarks of the Order.

Our departed brother having imitated the example of the celebrated artist, whose place he filled so acceptably in this Grand Lodge, we fain would twine a wreath of acacia around our fallen column, in token of our appreciation of his masonic abilities, and of our hope that on the

resurrection morn our bodies shall be raised, incorruptible as our souls, and bloom in eternal spring.

Resolved, That a copy of this tribute be spread on the minutes of this Grand Lodge, and a copy forwarded, by the Grand Secretary, to the family of our deceased brother, and also to the *Key-Stone*, for publication.

Delk,	171,		

The committee recommend that the proceedings of a called meeting of St. John's Lodge, No. 3, Newbern, be recognised, the same appearing an absolute necessity in reorganisation.

Also recommend that the amended by-laws of Catawba Valley Lodge, No. 217, be approved.

From the above report the returns of forty-three Lodges have date of Charter and Seal of Lodge attached; twenty-four Lodges bear date of Charter but no Seal, and twenty-three Lodges without date of Charter or Seal of Lodge.

The committee recommend that the returns of all the above-mentioned Lodges be received; but that, in future, subordinate lodges be urgently requested to conform to the resolutions of this Grand Lodge in relation to date of charters granted and attaching of seals.

Respectfully submitted.

W. J. STANLY,
Chairman.

Resolved 1st. That the Most Worshipful Grand Lodge of North Carolina endorse and recommend to the favorable action of the subordinate lodges under its jurisdiction, and to all other Grand and subordinate lodges throughout the United States, the following plan for the endowment and organisation of a great central

NATIONAL MASONIC UNIVERSITY:

1. Let contributions to the amount of \$1,000,000, more or less, be made by Masonic lodges, or individual members of the Fraternity. Let these contributions be received in cash, or bonds not payable until at least one-fourth the above sum shall have been secured.

Let this convention be empowered to locate the Institution as nearly in the centre of the United States as expedient, to purchase the land and to take all other steps necessary for the speedy erection of suitable buildings.

3. When a sufficient number of buildings shall have been completed, let a second convention be called, composed as before, who shall elect a Board of Trustees, justly distributed through the several States; and take such other steps as may seem necessary to found and organise an Institution in which facilities shall be afforded for a thorough education, at least equal to those offered in the best European Universities.

4. Allow contributors the privilege of either keeping one student at the University, free of tuition fees for every \$1,000 contributed by them, or of annually receiving their proportional share of the income not otherwise appropriated for the good of the Institution.

Resolved 2d. That the Most Worshipful Grand Master appoint a committee of three to bring this subject directly before such Most Worshipful Grand Lodges in the United States and Subordinate Worshipful lodges as may be practicable, for the purpose of obtaining their aid and coöperation, and to report at the next regular communication of the Most Worshipful Grand Lodge of North Carolina; and that this committee be charged with the further duty of calling the first of the two conventions referred to in the foregoing plan, and of fixing the time and place for its meeting.
